## **CHANGE IN NATURE OF BUSINESS**

During the financial year under review, there has been no change in nature of business of the Company.

## **OPERATIONAL REVIEW**

Our technology platform connects customers, restaurant partners and delivery partners, serving their multiple needs. Customers use our platform to search and discover restaurants, read and write customer generated reviews and view and upload photos, order food delivery, book a table and make payments while dining-out at restaurants. On the other hand, we provide restaurant partners with industry-specific marketing tools which enable them to engage and acquire customers to grow their business while also providing a reliable and efficient last mile delivery service.

Our business is built around the core idea that over time, people in India are going out to eat at restaurants more than they cook at home. To capture value out of this shift in customer behavior, we have two core business-to-customer (B2C) offerings – (i) Food delivery and (ii) Dining-out, in addition to our business-to-business (B2B) offering. Another important part of our business is (iv) Zomato Pro, our customer loyalty program which encompasses both food delivery and dining-out.

## **DIVIDEND**

In view of the losses during the financial year, the Board of Directors of your Company has not recommended any dividend for the year under review.

---

#### **(a) Conservation of energy -**

Company is part of the e-commerce industry, and does not operate industrial machinery, production facilities, or other such energy intensive operations. However, as a responsible corporate citizen, it continues to pursue and adopt appropriate energy conservation measures. Adequate measures have been taken to conserve energy by using energy efficient computers and equipment with latest technologies, which would help in conservation of energy. Some of the steps and practices followed by the Company in its major office premises are as below:

- Optimum usage of Air Conditioners throughout its premises by ensuring that there is no cool air leakage,
- Usage of LCD monitors (energy efficient) in place of normal CRT monitors
- Turning off monitors, when not in use.
- Turning off lights in all floors when employees are not working
- Turning off the air conditioners during non-peak hours and on weekends.
- Usage of LED lights for all its lighting solution

As the cost of energy consumed form a small portion of the total cost, the Company has not utilized alternate sources of energy and has not made any recognizable capital investment on energy conservation equipment.

## **INDEPENDENT AUDITOR'S REPORT**

### **To the Members of Zomato Limited** (formerly known as Zomato Private Limited / Zomato Media Private Limited) **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the accompanying standalone financial statements of Zomato Limited (formerly known as "Zomato Private Limited" / "Zomato Media Private Limited") ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of the other auditor on separate financial statement / financial information of the trust referred to in the Other Matters section below, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### **Emphasis of Matter**

We draw attention to Note 40 to the Standalone Financial Statements, which describes the possible effects of uncertainties relating to COVID-19 on operations and results of the Company as assessed by the management.

Our opinion is not modified in respect of these matters.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with Indian Accounting Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company and the trust to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of the such entities included in the Standalone financial statements of which we are the independent auditors. For the other entities included in the standalone financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with

them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Other Matter**

We did not audit the financial information of 1 Trust, whose financial information reflects total assets of Rs. 0.68 million as at March 31, 2021, total revenues of Rs. 3.11 million, net cash inflows amounting to Rs.0.61 million for the year ended March 31, 2021 as considered in the Standalone Financial Statement. These financial statements / financial information have been audited by other auditor, whose reports have been furnished to us by the Management and our conclusion on Standalone Financial Statements, in so far as it relates to the amounts and disclosures included respect of trust is based solely on the audit report of the other auditor.

Our opinion on the Standalone Financial Statement is not modified in respect of above matter with respect to our reliance on the reports of the other auditors

### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditor on the separate financial statement/ financial information of the trust referred to in the Other Matters section above, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company till March 31, 2021, section 197 of the Act related to the managerial remuneration is not applicable.
  - h) With respect to the other matters to be included in the Auditor's Report in

accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There has no amount required to be transferred, to the Investor Education and Protection Fund by the Company during the year March 31, 2021.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT  
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Zomato Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT**

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.  
  
(b) The Company has a program of verification of Property, plant and equipment to cover all items once in a three year which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no property, plant and equipment were physically verified during the year by the management.  
  
(c) The Company does not have any immovable properties of freehold or leasehold land and building and hence reporting under clause (i)(c) of the CARO 2016 is not applicable.
- (ii) The Company's does not have any inventory and hence reporting under clause (ii) of the CARO 2016 is not applicable.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 186 of the Companies Act, 2013 in respect of grant of loans and making investments. The Company has not granted any loans, made investments or provide guarantees under Section 185 of the Companies Act 2013.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year. The Company does not have any unclaimed deposits and accordingly the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 are not applicable to the Company.
- (vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013, hence reporting under clause (vi) of the Companies (Auditor's Report) Order, 2016 is not applicable.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
  - (a) The Company has been regular in depositing undisputed statutory dues including Provident fund, Income Tax (TDS), Employees' State Insurance, Customs duty cess and other material statutory dues applicable to it to the appropriate authorities and has generally been regular in depositing Goods and Service tax, Professional tax to the appropriate authorities.
  - (b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Customs duty, Employees' State Insurance, Cess and other material statutory dues, applicable to the Company, in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Sales Tax, Income tax, Goods and Services Tax, Customs Duty, Excise Duty and Value Added Tax as on March 31, 2021 on account of disputes. Details of dues of Service Tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (Rs. million)	Amount net of paid under protest (Rs. million)
Finance act 1994	Service Tax	Directorate general of GST Intelligence	October 2014 to June 2017	Rs. 920.99 million	Rs. 920.99 million

- (viii) The Company has not taken any loans or borrowings from financial institutions, banks and government or has not issued any debentures. Hence reporting under clause (viii) of CARO 2016 is not applicable to the Company.
- (ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the CARO 2016 is not applicable.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) Till March 31, 2021, the Company is a private limited company and hence provisions of section 197 of the Companies Act, 2013 do not apply to the Company.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. Till March 31, 2021, the Company is a private company and hence provisions of section 177 are not applicable to the Company.
- (xiv) According to the information and explanations given to us, the Company has made private placement of shares during the year under review.

In respect of the above issue, we further report that:

- (a) The requirement of Section 42 of the Companies Act, 2013, as applicable, have been complied with; and
- (b) Some part of the amount raised have been applied by the Company during the year for the purposes for which the funds were raised and some portion of the amount raised, which remain unutilized during the year, have been invested in mutual funds / bank deposits as on March 31, 2021.

Further, the Company has not made any preferential allotment of shares and preferential / private placement of fully or partly convertible debentures during the year.

- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## **1. Corporate Information**

Zomato Limited (formerly known as Zomato Private Limited / Zomato Media Private Limited) is domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the company is located at GF – 12A, 94, Meghdoot, Nehru Place, New Delhi - 110019.

On 22 April 2020 the Registrar of Companies, Delhi has accorded their approval to change the name of the Company from Zomato Media Private Limited to Zomato Private Limited.

The Company has converted from Private Limited Company to Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company held on 05 April 2021 and consequently the name of the Company has changed to Zomato Limited pursuant to a fresh certificate of incorporation by the Registrar of Companies on 09 April 2021.

The Company (including branches), which primarily operates as an internet portal providing multitude of information, including but not limited to details of menus, contacts, discount offers, quality of service and food w.r.t restaurants and caterers and other service providers, online ordering of food from select restaurants, to be availed by users of the website in making informed decisions about their dining options and related facilities and by restaurants, hotels and other caterers to advertise themselves to the target audience in India and abroad.

The standalone financial statements were authorized for issue in accordance with a resolution of the directors on June 04, 2021.

## **2. Basis of preparation of standalone financial statements and significant accounting policies**

### **2.1 Basis of preparation**

These standalone financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) prescribed under Section 133 of Companies Act, 2013 (the "Act"), read with rule 3 of the companies (Indian Accounting Standards) Rules, 2015 and relevant amendments rules issued thereunder.

The standalone financial statements have been prepared on the historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefits plan - plan assets measured at fair value;
- Contingent consideration is measured at fair value;
- Share based payments

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. To provide more reliable and relevant information about the effect of certain items in the balance sheet and statement of profit and loss, the Company has changed the classification of certain items and previous year figures have been regrouped or reclassified, to confirm to such current year's grouping / classifications. There is no impact on equity or net loss due to these regrouping / reclassifications.

The standalone financial statements are presented in Indian Rupees "INR" or "Rs." and all amounts disclosed in the standalone financial statements have been rounded off to the nearest Million (as per requirement of Schedule III), unless otherwise stated.

## **2.2 Summary of significant accounting policies**

### **i. Use of estimates**

The preparation of standalone financial statements in conformity with principles of Ind AS requires the management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements are disclosed in note no 28.

### **ii. Business combinations and goodwill**

Business combinations are accounted for using the acquisition method or pooling of interest method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- ▶ Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- ▶ Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Company entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.
- ▶ Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.
- ▶ Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in the statement of profit or loss account. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. For the business which are similar in nature for the purpose of impairment testing of goodwill, the Company considers such businesses as one cash generating unit.

If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

For the purpose of impairment testing of Goodwill in relation to Uber Eats Business acquisition, the Company has considered the business of Uber Eats acquisition and Zomato business as one Cash generating unit as nature of both business is same.

Any impairment loss for goodwill is recognised in the standalone financial statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the

goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

### **iii. Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a. Expected to be realised or intended to be sold or consumed in normal operating cycle
- b. Held primarily for the purpose of trading
- c. Expected to be realised within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle
- b. It is held primarily for the purpose of trading
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

### **iv. Foreign currencies**

The Company's standalone financial statements are presented in Indian Rupees. For each foreign branch the Company determines the functional currency and items included in the standalone financial statements of each entity are measured using that functional currency.

Functional currency is the currency of the primary economic environment in which the entities forming part of Company operates and is normally the currency in which the entities forming part of Company primarily generates and expends cash.

*Transactions and balances*

Transactions in foreign currencies are initially recorded in the functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss with the exception of the following:

- a. In the standalone financial statements that include the foreign operation and the reporting entity (e.g., financial statements when the foreign operation is a branch), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit or loss on disposal of investment.
- b. Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

*Foreign branches*

On consolidation, the assets and liabilities of foreign operations are translated into Indian Rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the company uses an average rate to translate income and expense items. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

**v. Fair value measurement**

The Company measures financial instruments (recorded at fair value through P&L or OCI) at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- a. Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities
- b. Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- c. Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided on the basis of nature of transaction and complexity involved. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

At each reporting date, the finance team analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the team verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. A change in fair value of assets and liabilities is also compared with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

#### **vi. Property, Plant and Equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment loss, if any

Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is

recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation on all property plant and equipment are provided on a straight line method based on the estimated useful life of the asset, which is as follows:

<b>Property, plant and equipment</b>	<b>Useful lives as per Schedule II</b>	<b>Useful lives estimated by management</b>
Air Conditioner	5 years	3 years
Electrical Equipment's	5 years	3 years
Furniture & Fittings	10 years	3 years
Computers	3 years	2 years
Motor Vehicles	8 years	8 years
Telephone Instruments	5 years	2 years

Based on the expected useful lives of these assets, the Company has considered below mentioned useful lives for different classes of assets:

- The useful life of electrical equipment's, furniture and fittings, computers, air conditioners telephone instruments and plant & equipment are estimated as 3,3,2,3, 2 and 10 years respectively. These lives are lower than those indicated in schedule II to Companies Act 2013.
- Improvements to leasehold buildings not owned by the Company are amortized over the lease period or estimated useful life of such improvements, whichever is lower.

The management has estimated the useful lives and residual values of all property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on the assets purchased during the year is provided on pro-rata basis from the date of purchase of the assets. Individual assets costing less than INR 5,000 are fully depreciated in the year of purchase.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

#### **vii. Intangible assets**

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than the carrying amount.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets (other than those acquired in business combination) with finite lives are amortised on a straight line basis over the estimated useful economic life being 1-2 years. All Intangible assets (other than goodwill) are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets acquired in business combination, include brand, technology platform, trademarks and non compete which are amortized on a straight line basis over their estimated useful life which is as follows:

<b>Nature of Assets</b>	<b>Life</b>
Brand	2 -3 years
Technology platform	5 years
Trademarks	5 years
Non Compete	3 years

The amortisation period and method are reviewed at least at each financial year –end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

**viii. Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### **Company as a lessee**

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### **i) Right-of-use assets**

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The Company has lease contracts for office premises having a lease term ranging from 1-9 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (xvi) Impairment of non-financial assets.

#### **ii) Lease Liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

#### **iii) Short-term leases and leases of low-value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**ix. Revenue recognition**

The Company generates revenue from online food delivery transactions, advertisements, subscriptions, sale of traded goods and other platform services.

Revenue is recognized to depict the transfer of control of promised goods or services to customers upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Consideration includes goods or services contributed by the customer, as non-cash consideration, over which Company has control.

Where performance obligation is satisfied over time, Company recognizes revenue over the contract period. Where performance obligation is satisfied at a point in time, Company recognizes revenue when customer obtains control of promised goods and services in the contract.

Revenue is recognized net of any taxes collected from customers, which are remitted to governmental authorities.

**Revenue from Platform services and transactions**

The Company through its platform allows transactions between the consumers and restaurants partners enlisted with the platform. These could be for food orders placed online on the platform by the consumer or through consumer availing offers from restaurant partners upon visit to the restaurant. The Company earns commission income on such transactions from the restaurant partners upon completion of the transaction.

The Company is merely a technology platform provider where delivery partners are able to provide their delivery services to the Restaurant partners and the consumers. For the platform provided by the Company to the delivery partners, the Company may charge a platform fee from the delivery partners. Upto 28 October 2019, for orders where Company were responsible for delivery, the delivery charges were recognised on the completion of order's delivery.

In cases where the Company undertakes to run the business for an independent third party, income is recognised on completion of service in accordance with the terms of the contract.

**Advertisement revenue**

Advertisement revenue is derived principally from the sale of online advertisements which is usually run over a contracted period of time. The revenue from advertisements is thus recognised over this contract period as the performance obligation is met over the contract period. There are some contracts where in addition to the contract period, the Company assures certain "clicks" (which are generated each time viewers on our platform clicks through the advertiser's advertisement on the platform) to the advertisers. In these cases, the revenue is recognised when both the conditions of time period and number of clicks assured are met.

**Subscription revenue**

Revenues from subscription contracts are recognized over the subscription period on systematic basis in accordance with terms of agreement entered into with customer.

### **Sign-up revenue**

The Company receives a sign-up amount from its restaurant partners and delivery partners. These are recognised on receipt or over a period of time in accordance with terms of agreement entered into with such relevant partner.

### **Delivery facilitation services**

The Company is merely a technology platform provider for delivery partners to provide their delivery services to the Restaurant partners/consumers and not providing or taking responsibility of the said services. For the service provided by the Company to the delivery partners, the Company may charge a platform fee from the delivery partners.

### **Incentives**

The Company provides various types of incentives to transacting consumers to promote the transactions on our platform.

Since the Company identified the transacting consumers as one of our customers for delivery services when the Company is responsible for the delivery services, the incentives offered to transacting consumers are considered as payment to customers and recorded as reduction of revenue on a transaction by transaction basis. The amount of incentive in excess of the delivery fee collected from the transacting consumers is recorded as Advertisement and sales promotion expenses.

When incentives are provided to transacting consumers where the Company is not responsible for delivery, the transacting consumers are not considered customers of the Company, and such incentives are recorded as Advertisement and sales promotion expenses.

### **Interest**

Interest income is recognized using the effective interest method. Interest income is included under the head “other income” in the statement of profit and loss.

### **Contract balances**

**The Policy for Contract balances i.e contract assets trade receivables and contract liabilities is as follows:**

#### **Contract assets**

A contract asset is the right to consideration in exchange for services transferred to the customer (which consist of unbilled revenue). If the Company performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is unconditional.

#### **Trade receivables**

A receivable represents the Company’s right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

### **Contract liabilities**

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

### **x. Retirement and other employee benefits**

Retirement benefit in the form of provident fund and social security is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund/social security. The Company recognizes contribution payable to the provident fund scheme/ social security scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

In case of other foreign branches, contributions are made as per the respective country laws and regulations. The same is charged to statement of profit and loss on accrual basis. There is no obligation beyond the Company's contribution.

The Company operates a defined benefit gratuity plan in India and United Arab Emirates.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- a. The date of the plan amendment or curtailment, and
- b. The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- a. Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- b. Net interest expense

### **Compensated Absences**

#### **Short term Obligations**

For entities (except UAE), liabilities for leave which is expected to be settled wholly by December 31 are measured at the amounts expected to be paid when the liabilities are settled.

#### **Compensated absences policy for UAE**

For UAE, the liabilities for leave which are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period by actuaries using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

## **xi. Taxes**

### ***Current income tax***

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

### **Deferred taxes**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- a. When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss,
- b. In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- a. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss,
- b. In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

## **xii. Share based payment**

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

**xiii. Segment reporting**

The Company's operating businesses are organized and managed separately according to the geographical locations of the customers, with each segment representing a strategic business unit that serves different markets.

Operating segments are defined as components of an enterprise for which discrete standalone financial statements is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Chief Executive Officer.

The Chief Operating Decision Maker of the Company, primarily uses a measure of revenue, loss, assets deployed and liabilities assumed to assess the performance of the operating segments.

The Company has identified geographical segments as reportable segments. The geographical segments comprise:

- 1) India
- 2) United Arab Emirates (UAE)
- 3) Rest of the world (ROW)

**xiv. Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares, compulsorily convertible cumulative preference shares and compulsorily convertible preference share outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**xv. Provisions and Contingent liabilities**

i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii) Contingent Liability

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or is a present obligation that arises from past event but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised.

**xvi. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through statement of profit and loss are recognised immediately in statement of profit and loss.

**Financial assets**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

### **Classification and Subsequent measurement**

Debt instruments that meet the following conditions are subsequently measured at amortised cost less impairment loss (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Trade receivables, cash and cash equivalents, other bank balances, loans and other financial assets are classified for measurement at amortised cost.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The effective interest method is a method of calculating the amortised cost of an instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

### **Equity instruments**

The Company subsequently measures all equity investments in scope of Ind AS 109 at fair value, with net changes in fair value recognised in the statement of profit and loss.

### **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's summary statements of assets and liabilities) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### **Impairment of financial assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- i) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance
- ii) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115"

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

"Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:"

- "i) All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms."

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The statement of assets and liabilities presentation for various financial instruments is described below:

i. Financial assets measured as at amortised cost, contractual revenue receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the statements of assets and liabilities. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

"For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

### **Financial liabilities**

#### **Initial recognition and measurement**

"Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and liability component of convertible instruments."

#### ***Subsequent measurement***

The measurement of financial liabilities depends on their classification, as described below:

#### **Financial liabilities at amortised cost (Loans and borrowings)**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

#### **Financial liabilities at fair value through profit and loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading or financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss

Financial liabilities designated upon initial recognition at fair value through profit and loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss.

### **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **xvii. Impairment of non-financial assets**

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the

asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed

the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually as at 31 December and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

**xviii. Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

**xix. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts (if any) as they are considered an integral part of the company's cash management.

**xx. Cash Flow Statement**

Cash flows are reported using the indirect method, whereby loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

**xxi. Treasury shares**

The Company has created an Employee Benefit Trust (EBT). The Company uses EBT as a vehicle for distributing shares to employees under the employee stock option schemes. The Company treats EBT as its extension and shares held by EBT are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the

Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in the share premium.

**xxii. Events occurring after the balance sheet date**

Based on the nature of the event, the company identifies the events occurring between the balance sheet date and the date on which the standalone financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the company may provide a disclosure in the standalone financial statements considering the nature of the transaction.

\*Adjustment represent amount of foreign exchange fluctuation on conversion of Non-integral foreign branch.

\*\*The Company entered into an agreement dated 21 January 2020 to purchase 'Uber Eats Asset' in India, which is the core asset for 'Uber Eats Business' along with Non-Compete and Brand License arrangement for India from Uber India Systems Private Limited ("UISPL"), for a consideration payable through issuance of the Company's Series Non-Voting 0.00000010% Class I-2 CCCPS amounting to INR 13,759.52 Millions and recorded the assets i.e. brand license of INR 1,234.37 Millions, Non compete of INR 1,354.44 Millions and Uber Eats Assets of INR 11,170.71 Millions in books.

During the year ended 31 March 2020, the Company has entered into an agreement with Uber India System for Non - Compete and Brand License Agreement resulting into a goodwill of INR 11,170.71 Millions as excess of consideration over the net asset acquired (refer note 35 b)

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the cash generating unit (CGU), which benefit from the synergies of the acquisition.

#### Impairment of Goodwill -

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the cash generating unit (CGU), which benefit from the synergies of the acquisition. Goodwill is tested for impairment at least annually. Impairment is recognised, when the carrying amount of cash generating units (CGU) including goodwill, exceeds the estimated recoverable amount of CGU.

The recoverable amount of CGUs is determined based on higher of value-in-use and fair value. The fair value of a CGU is determined based on the recent round of funding or value-in-use is determined based on discounted future cash flows. For calculation of discounted future cash flows, the key assumptions used by the Company is discount rate, long term growth rate, capital outflow and working capital requirements etc. The assumptions are taken on the basis of past trends and management estimates and judgement. The discount rate is based on the Weighted Average Cost of Capital (WACC) of the Company.

As at 31 March 2021, the estimated recoverable amount of CGU exceeded its carrying amount and accordingly, no impairment was recognized. An analysis of the sensitivity of the computation to a change in key assumptions based on reasonable probability did not identify any probable scenario in which the recoverable amount of the CGU would decrease below its carrying amount.

b) Terms/rights attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 1 per share. Each holder of equity is entitled to one vote per share. Dividends (including proposed dividends), if any, are declared and paid or proposed in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholder.

Below mentioned terms of conversion / redemption of CCCPS as per the Article of association effective March 31, 2021.

c) Terms of conversion/redemption of CCCPS- Class A

(i) During the year ended 31 March 2014, the Company issued 78,791 CCCPS-Class A, of ₹10 each fully paid-up at a premium of ₹26,970 per share. CCCPS carry cumulative dividend @ 0.0001% p.a. The CCCPS are issued at a preferential dividend rate of 0.0001% (Zero point Zero Zero Zero One percent) per annum (the "Class A CCCPS Preferential Dividend"). The Class A CCCPS Preferential Dividend is cumulative and shall accrue from year to year and shall be paid in full (together with dividends accrued from prior years) pair passu with the preferential dividend on the CCCPS and the CCPS but prior and in preference to any dividend or distribution payable upon Shares of any other class or series in the same fiscal year. In addition to and after payment of the Class A CCCPS Preferential Dividend, each Class A CCCPS would be entitled to participate pair passu in any cash or non-cash dividends paid to the holders of shares of any other class (including Ordinary Shares) or series on a pro rata, as-if-converted basis.

(ii) Each holder of CCCPS are entitled to convert the CCCPS into ordinary shares at any time at the option of the holder of the CCCPS or subject to the compliance of applicable laws each CCCPS automatically be converted into ordinary share, in the manner provided in Clause 75 of Articles of Association of the Company, upon the earlier of (i) one day prior to the expiry of 20 years from the allotment or (ii) in connection with a listing (or any listing of shares), prior to the filing of prospectus (or equivalent document by whatever name called) by the Company to the competent authority or such later date as may be applicable under applicable laws.

(iii) The assets available for distribution pursuant to a Liquidation Event or Deemed Liquidation shall be distributed in the manner provided in the Articles of association of the Company. The Company will make the payments of the Preference Amounts to the holders of these Class A CCCPS in the manner provided in the Articles of Association of the Company and to do all such things as may be reasonably necessary.

(iv) The company will issue ordinary share pursuant to the conversion of Class A CCCPS shall be that number obtained by dividing the total amount actually paid by the holder of Class A CCCPS by the applicable Class A CCCPS shall be the price specified in the shareholders agreement dated November 14, 2013, in the manner provided in Clause 75 of Articles of Association of the Company. No fractional share shall be issued upon conversion of Class A CCCPS and number of ordinary share to be issued shall be rounded to the nearest whole share.

d) Terms of conversion/redemption of CCCPS- Class B

(i) During the year ended 31 March 2015, the Company issued 32,791 CCCPS- Class B, of ₹10 each fully paid-up at a premium of ₹97,703 per share. CCCPS carry cumulative dividend @ 0.0001% p.a. No fractional shares shall be issued upon conversion of the Class J7 CCCPS, and the number of Ordinary Shares to be issued shall be rounded to the nearest whole Share.

**14 Share capital (Contd.)**

**u) Terms of conversion / redemption of issue of class K CCCPS**

- (i) During the period ended 31 March 2021, the Company issued 47,116 Class K CCCPS of face value of ₹6700 each fully paid-up at a premium of 3,83,700 per share. Class K CCCPS are issued at a preferential dividend rate of 0.00000015% and the dividend is cumulative and shall accrue from year to year whether or not paid, and accrued dividends shall be paid in full (together with dividends accrued from prior years) pair passu with the preferential dividend on the CCCPS and the CCPS but prior and in preference to any dividend or distribution payable upon shares of any other class or series in the same fiscal year. In addition to and after payment of the Preferential Dividend, each Class K CCCPS would be entitled to participate pair passu in any cash or non-cash dividends paid to the holders of Shares of any other class (including Ordinary Shares) or series on a pro rata, on a Fully Diluted Basis.
- (ii) The holders of the Class K shall be entitled to receive notice of and vote on all matters that are submitted to the vote of the Shareholders of the Company (including the holders of Ordinary Shares). Each Class J7 shall entitle the holder to the number of votes equal to the number of whole or fractional Ordinary Shares into which such Class K could then be converted.
- (iii) Each Class K may be converted into Ordinary Shares at any time at the option of the holder of the Class K or subject to the compliance with applicable Laws, each Class K shall automatically be converted into Ordinary Shares, at the Conversion Ratio then in effect, upon the earlier of: (i) 1 (One) day prior to the expiry of 20 (Twenty) years from the date of allotment; or (ii) in connection with a Listing (or any listing of Shares), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.
- (iv) The assets available for distribution pursuant to a Liquidation Event or Deemed Liquidation shall be distributed in the manner provided in the Articles of Association of the Company and the Shareholders Agreement, as the case may be. The Company will make the payments of the Preference Amounts to the holders of these Class K CCCPS in the manner provided in the Articles of Association of the Company and the Shareholders Agreement and to do all such things as may be reasonably necessary.
- (v) The Company will issue ordinary share pursuant to the conversion of any CCCPS, shall be that number, obtained by multiplying the total number of Class K CCCPS held by the respective holder, with the applicable Conversion Ratio as determined, in the manner provided in Clause 92 of Articles of Association of the Company. No fractional shares shall be issued upon conversion of the Class K CCCPS, and the number of Ordinary Shares to be issued shall be rounded to the nearest whole Share.

15(b) Nature and purpose of reserves :

**Capital Reserve**

The Company recognizes profit or loss on purchase, sale, issue or cancellation of the Company's own equity instruments to capital reserve.

**Securities premium**

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

**Foreign currency translation reserve**

Exchange differences arising on translation of the foreign operations are recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

**Share-based payment reserve**

The share options based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

**Retained Earnings**

Retained earnings represents the losses that the Company has incurred till date less any transfer to general reserve, less any dividend, or other distributions paid to share holders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to statement of profit and loss. Retained earnings is a free reserve available to the Company and eligible for distribution to shareholders, in case where it is having positive balance representing net earnings till date.

**Business transfer adjustment reserve**

The Company has accounted for the business transfer of Carthero Technologies Private Limited ("CTPL") to the Company under 'pooling of interest' method. Consequently, investment of the company in CTPL, share capital of CTPL has been cancelled. The difference between the net assets acquired and the value of shares and investment so cancelled has been recognized in Business Transfer Adjustment Reserve. From utilisation perspective, this is akin to debit balance in retained earnings.

**Contract Balances**

The following table provides information about receivables, contracts assets, and contract liabilities from contracts with customers.

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
Trade Receivables (Unconditional right to consideration)*	754.12	1,081.83
Contract assets (Refer note 1 below)	483.02	245.33
Contract liabilities (Refer note 2 below)	344.05	430.52

\* The amounts is net of contract assets INR 483.02 Millions (31 March 2020: INR 245.33 Millions).

Notes:

- The contract assets primarily relate to the Company's rights to consideration for work completed but not billed at the reporting date. The contract assets are transferred to the receivables when the rights become unconditional.
- Contract liability relates to payments received in advance of performance and unearned revenue against which amount has been received from customer but services are yet to be rendered on the reporting date either in full or in parts. Contract liabilities are recognized evenly over the period of service, being performance obligation of the Company.

Contract liabilities consist of unearned revenue, which is recorded when the company has received consideration in advance of transferring the performance obligations under the contract to the customer.

a) Changes in unearned revenue during the year ended is as follows

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
Opening Balance	1,224.63	1,280.41
Add: Unearned revenue	173.33	689.91
Less: Revenue recognized	(852.76)	(701.59)
Less: Cumulative catch-up adjustments to revenue due to a contract modification or foreign exchange difference	(38.18)	(44.10)
<b>Closing Balance</b>	<u><b>507.02</b></u>	<u><b>1,224.63</b></u>

The transaction price allocated to the remaining performance obligations as at 31 March 2021 and 31 March 2020 are as follows:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
To be recognised within one year	374.29	967.31
To be recognised in more than one year	132.73	257.32
<b>Closing Balance</b>	<u><b>507.02</b></u>	<u><b>1,224.63</b></u>

The remaining performance obligations expected to be recognised in more than one year relate to the subscription revenue that is to be satisfied within two years. All the other remaining performance obligations are expected to be recognised within one year.

Fair value loss on financial instruments at fair value through profit or loss (refer note 45)	(2,329.69)	257.02
	<b>(5,467.90)</b>	<b>(3,091.78)</b>

**27 Earning per Equity Share**

Basic Earnings Per Share (EPS) and Diluted Earnings Per Share (EPS) amounts are calculated by dividing the loss for the year attributable to equity shareholders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations.

	For the year ended 31 March 2021 (₹ Mn.)	For the year ended 31 March 2020 (₹ Mn.)
Loss attributable to equity holders of the company	(8,860.09)	(24,511.77)
Weighted average number of equity shares in calculating basic and diluted EPS	5,366,399,415	4,367,688,683
Face value of equity shares (₹)	1	1
Basic and diluted earnings per share (₹)	<b>(1.65)</b>	<b>(5.61)</b>

Subsequent to March 31, 2021, on April 6, 2021, the Company issued the bonus share in the ratio of 1:6699 to the existing equity shareholder and to the ESOP holders. Further, the Company has also converted the CCCPS of Class A to C and CCPS of Class E to the equity shares in to ratio 1:1, CCCPS of Class D and CCPS of Class F in the ratio of 1:1.125. For other class of CCCPS, the Company has converted the CCCPS in the ratio of 1:6700. The impact of the same has been considered in the calculation of Basic and Diluted EPS.

During the year ended March 31, 2020, while calculating the basic and diluted earnings per share, the Company had not considered the Compulsory Convertible Cumulative Preference Shares (CCCPS) and the same has been considered in the EPS reported for the year ended March 31, 2020 above.

(This space has been intentionally left blank)

## 28 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

### Judgements

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the financial year, are described below:

- a. The Company based its assumptions and estimates on parameters available when the standalone financial statement were prepared.
- b. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

### Share-based payments

Employees of the Company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions). In accordance with the Ind AS 102 Share Based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Further details about Share-based payments are given in note 30.

### Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality table. The mortality table tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in note 29.

### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques and inputs to be used. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

### Lease

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company may adopt the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

### Compulsorily Convertible Cumulative Preference Shares (CCCPS)

The Company has classified the CCCPS instruments as an equity since it is a non-derivative instrument and at present have no contractual obligation for the Company to deliver a variable number of its equity instruments. The issuance of new Shares which may trigger the anti-dilution protection, is within the control of the Company and also the Company has no contractual obligation for the same, hence, the anti-dilution provision does not trigger liability classification.

**Loss allowance on trade receivables**

An impairment analysis of trade receivables is performed based on the Company's history of collections existing market conditions as well as forward looking estimates. In calculating expected credit loss, the Company has also considered the likelihood of consequential default considering emerging situations due to COVID-19 and has taken into account estimate of possible effects from the pandemic resulting due to COVID-19. Basis this assessment, the allowance for doubtful trade receivables as at 31 March 2021 and 31 March 2020 is considered adequate.

**Impairment of Goodwill**

Goodwill recognised on business combination is tested for impairment on annual basis or whenever there is an indication that the recoverable amount of the cash generating unit (CGU) is less than the carrying amount. The calculation of value in use of a CGU involves use of significant assumptions including future economic and market conditions.

**Business combinations**

As disclosed in Note 2.2 (ii), Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. In cases, where the Company holds less than half of the voting rights of an investee, significant judgement is required by management to determine whether the Company has control over the investee, which is established if and only if the Company has:

- a. Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- b. Exposure, or rights, to variable returns from its involvement with the investee, and
- c. The ability to use its power over the investee to affect its returns

Further details about business combinations are given in note 35 (a) and (b)

**Incentives**

As disclosed in Note 2.2 (ix), the Company provides incentives to its transacting users in various forms including credits and direct payment discounts to promote traffic on its platform. All incentives given to the users where the Company is responsible for delivery are recorded as a reduction of revenue to the extent of the revenue earned from that user on a transaction by transaction basis. The amount of incentive in excess of the revenue earned from the transacting users is recorded as advertisement and sales promotion expense. In other cases, where Company is not responsible for delivery, management is required to determine whether the incentives are in substance a payment on behalf of the restaurant merchants and should therefore be recorded as a reduction of revenue or advertisement and sales promotion expenses. Some of the factors considered in management's evaluation of such incentives being payments on behalf of restaurant merchants include whether the incentives are given at the Company's discretion, contractual agreements with the restaurant merchants, business strategy and objectives and design of the incentive program(s), etc.

**Impairment of Investment in subsidiaries and joint venture**

The Company assesses the carrying amounts of investment in subsidiaries and joint venture to determine whether there is any indication that those investments have suffered an impairment loss. Where the carrying amount of investments exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. An impairment loss (if any) is recognised in statement of profit and loss.

(All amount in INR Millions unless otherwise stated)

**29 Gratuity plan**

The Company has a defined benefit gratuity plan. The gratuity plan of India is governed by the Payment of Gratuity Act, 1972 and the gratuity plan of Middle East locations are governed by United Arab Emirates Labour Law. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

Changes in the defined benefit obligation as at 31 March 2021:

Description	1 April 2020	Gratuity cost charged to statement of profit and loss			Remeasurement (gains)/losses in other comprehensive income				Benefits paid	Adjustment of acquisitions / (disposals)	31 March 2021

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**

Notes to Standalone Financial Statements for the year ended 31 March 2021

CIN : U93030DL2010PTC198141

(All amount in INR Millions unless otherwise stated)

**A quantitative sensitivity analysis for significant assumption is as shown below:**

Particulars	Sensitivity level	As at	As at
		31 March 2021	31 March 2020
Discount rate	1% increase	(9.84)	(6.63)
	1% decrease	10.76	7.25
Future salary increase	1% increase	9.68	6.63
	1% decrease	(9.17)	(6.26)
Attrition rates	10% increase	(11.45)	(8.40)
	10% decrease	13.06	9.66

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting date.

The average age of the membership data supplied at the end of the reporting year is 28.14 - 29.53 years (31 March 2020: 27.51- 28.54 years).

The weighted average duration of defined benefit obligation, at the end of the reporting year is 5.51 - 6.10 years (31 March 2020: 4.91- 8.11 years).

**Maturity analysis**

	31 March 2021	31 March 2020
Less than one year	28.63	25.93
Year 1-2	29.69	24.46
Year 2-5	100.06	49.47
Over 5 year	132.37	166.54

**B Defined Contribution Plan**

During the year, the Company has recognised the following amounts in the statement of profit and loss:

	31 March 2021	31 March 2020
Employee contribution to Employee State Insurance:	0.20	0.50
Employee contribution towards provident fund and other funds	73.80	88.56

**C Compensated absence : The amount of the provision INR 29.02 Millions (31 March 2020: INR 28.58 Millions)**

The principal assumptions used in determining compensated absences obligations for the Company's plan is shown below:

Particulars	As at		As at	
	31 March 2021		31 March 2020	
	India	UAE	India	UAE
Discount rate	3.10%	0.60% - 0.90%	4.30%-4.70%	0.40%
Future salary increases	10.00%	10.00%	10.00%	10.00%
Retirement age (years)	58	58	58	58
Mortality rates inclusive of provision for disability	100% of IALM (2012 - 14)	1AL2k68MU	100% of IALM (2012 - 14)	
Leave availment over the next year	5.00%	5.00%	5.00%	5.00%
Employee turnover (age)				
Up to 30 Years	30.00%	30.00%	30.00%	30.00%
Above 30 Years	25.00%	25.00%	25.00%	25.00%

A quantitative sensitivity analysis for significant assumption as at 31 March 2021 & 31 March 2020 is as shown below:

<b>Particulars</b>		<b>As at 31 March 2021</b>	<b>As at 31 March 2020</b>
	<b>Sensitivity level</b>		
Discount rate	1% increase	(0.55)	(0.25)

### 30 Share-based payments

General Employee Share-option Plan (GESP): Employee Stock Option Plan –ESOP-2014

The Company instituted the Employee Stock Option Plan(s) to grant equity based incentives to eligible employees of Company and its subsidiaries. The ESOP plan- FOODIEBAY Employee Stock Option Plan 2014 (“The Scheme”) has been approved by the Board of Directors of the Company at their meeting held on 22 April 2014 (further amended at their meeting held on 30 March 2017) and by the shareholders of the Company by way of special resolution passed at their Annual General Meeting held on June 27, 2014 (further amended at their meeting held on 31 March 2017) for grant aggregating 27,089 options of the Company. The Scheme covers grant of options to the specified permanent employees of the Company and its subsidiaries including any Director whether whole-time or otherwise but excluding the Independent Director and promoter of the Company. The Company further granted 5,364 options under the ESOP scheme at the extra ordinary general meeting held on September 07, 2015 and 9,313 options under the ESOP scheme at the extra ordinary general meeting held on March 04, 2016.

The Zomato Employee Stock Option Plan 2018 (“The 2018 Scheme”) has been approved by the Board of Directors of the Company at their meeting held on 20 July 2018 and by the shareholders of the Company by way of ordinary resolution passed at their Extraordinary General Meeting held on October 22, 2018 for granting aggregate 30,150 options which were reduced to 18,135 options vide Extraordinary General Meeting held on 04 September 2020. The Scheme covers grant of options to the specified permanent employees of the Company including any Director whether whole-time or otherwise but excluding the promoters, Independent Director and directors who either himself or through his relative or through any body corporate, directly or indirectly holds more than 10% of the outstanding equity shares of the Company.

The options granted under the Scheme shall vest not less than one year and not more than 5 years from the date of grant of such Options. Option can be exercised at the time of liquidity event or as decided by the Board.

The options granted under the 2018 Scheme would vest within the minimum period of one (1) year and maximum period of ten (10) years from the date of grant of such Options. Option can be exercised at the time of liquidity event as per the provision outlined in the 2018 Scheme and the equity shares arising on exercise of such options shall not be subject to any lock-in period.

Movements during the year

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year:

	31 March 2021		31 March 2020	
	Number	WAEP	Number	WAEP
<b>2014 Scheme</b>				
<b>Outstanding at 1 April</b>	35,766	INR 9,030	36,857	INR 8,762
Granted during the year	12,008	INR 20,783	5,835	INR 1
Forfeited during the year	-	-	49	INR 1
Cancelled during the year *	11,053	INR 8,828	-	-
Pool adjustment during the year	4,766	INR 1	-	-
Expired during the year	3,528	INR 19,333	6,877	INR 1
<b>Outstanding at the end of the year</b>	37,959	INR 11,751	35,766	INR 9,030
Exercisable at the end of the year	16,210	INR 12,887	25,061	INR 12,700
<b>2018 Scheme</b>				
<b>Outstanding at 1 April</b>	23,122	INR 1	15,354	INR 1
Granted during the year	1,200	INR 1	10,287	INR 1
Forfeited during the year	-	-	-	-
Cancelled during the year *	977	INR 1	-	-
Pool adjustment during the year	-4,766	INR 1	-	-
Expired during the year	3,193	INR 1	2,519	INR 1
<b>Outstanding at the end of the year</b>	15,386	INR 1	23,122	INR 1
Exercisable at the end of the year	6,148	INR 1	2,727	INR 1

\* During the current year, the parent and subsidiary companies has paid INR 1,756.65 Mn (INR 1,139.67 by parent company) against cancellation of vested options for past employees. Out of this, INR 2.93 Mn has been charged to Statement of profit and loss, INR 578.95 Mn (INR 333.19 by parent company) has been reversed from Share-based payment reserve and INR 1,174.78 Mn (INR 806.47 by parent company) has been adjusted from Retained earnings.

*(This space has been intentionally left blank)*

Total expense arising from share based payment transaction for the year is INR 1,226.21 Mn (31 March 2020: INR 964.98 Mn) has been charged to statement of profit and loss.

The weighted average remaining contractual life for the share options outstanding as at 31 March 2021 was 7.4 years (31 Mar 2020 : 7.45 years)

The weighted average fair value of options granted during the year was INR 147,723 (31 Mar 2020 : INR 144,864)

The range of exercise prices for options outstanding at the end of the year was INR 1 to INR 250,000 (31 Mar 2020 : INR 1 to 142,585)

The following tables list the inputs to the models used for the GESP plans for the year ended 31 March 2021 and 31 March 2020:

	<b>31 March 2021</b>	<b>31 March 2020</b>
	<b>GESP</b>	<b>GESP</b>
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	55.76% - 57.79%	50.00%
Risk-free interest rate (%)	3.97% - 5.48%	5% - 7.1%
Expected life of share options	1.3 to 4 years	5 to 6 years
Model used	Black Scholes valuation model	

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

There are no non market performance conditions existing as at 31 March 2021 and and 31 March 2020.

### 31. Leases

#### a) First time adoption of Ind AS 116- Leases

Effective 01 April 2019 the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on 01 April 2019 using the modified retrospective method. ROU are measured at cost comprising the amount of the initial measurement of lease liability, any lease payments made at or before the commencement date and any initial direct costs less any lease incentives received. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The following is the summary of practical expedients elected on initial application:

1. Applying a single discount rate to a portfolio of leases with reasonably similar characteristics
2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
4. The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Company relied on its assessment made applying Ind AS 17 and Appendix C to Ind AS 17, determining whether an arrangement contains a lease.

The weighted average incremental borrowing rate applied to lease liabilities is 11%.

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year:

	<b>Amount</b>
<b>As at 01 April, 2019</b>	<b>900.14</b>
Additions	293.93
Deletions	(334.45)
Depreciation expense	(238.92)
<b>As at 31 March, 2020</b>	<b>620.70</b>
Additions	1.74
Deletions	(89.39)
Depreciation expense	(134.80)
<b>As at 31 March, 2021</b>	<b>398.25</b>

Set out below are the carrying amounts of lease liabilities and the movements during the year:

	<b>Amount</b>
<b>As at 01 April, 2019</b>	<b>900.14</b>
Additions	293.93
Deletions	(356.50)
Accretion of interest	104.26
Payments	(275.75)
<b>As at 31 March, 2020</b>	<b>666.08</b>
Additions	1.74
Deletions	(101.04)
Accretion of interest	53.99
Payments (includes INR 15.86 Million rent waiver) *	(158.45)
<b>As at 31 March, 2021</b>	<b>462.31</b>

The following is the break-up of current and non-current lease liabilities:

<b>Particulars</b>	<b>As at</b>	<b>As at</b>
	<b>31 March, 2021</b>	<b>31 March 2020</b>
Current lease liabilities	128.18	122.15
Non-current lease liabilities	334.13	543.93
<b>Closing balance</b>	<b>462.31</b>	<b>666.08</b>

The following are the amounts recognised in the statement of profit and loss

<b>Particulars</b>	<b>As at</b>	<b>As at</b>
	<b>31 March, 2021</b>	<b>31 March 2020</b>
Depreciation expense of right-of-use assets	134.80	238.92
Interest on lease liabilities	53.99	104.26
Gain on termination of lease contracts	(11.64)	(22.07)
Rent waiver *	(15.86)	-
<b>Total</b>	<b>161.29</b>	<b>321.11</b>

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**  
**Notes to Standalone Financial Statements for the year ended 31 March 2021**  
**CIN: U93030DL2010PTC198141**  
*(All amount in INR Millions unless otherwise stated)*

---

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

<b>Particulars</b>	<b>As at</b>	<b>As at</b>
	<b>31 March, 2021</b>	<b>31 March, 2020</b>
Less than one year	169.29	184.56
One to five years	330.22	534.20
More than five years	67.76	149.20
<b>Closing balance</b>	<b>567.27</b>	<b>867.96</b>

The Company does not face a liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Rental expense recorded for short-term leases are INR 438.86 Millions (31 March 2020: INR 269.34 Millions) and for low value assets are INR 44.15 Million (31 March 2020: INR 42.34).

The aggregate depreciation on ROU assets has been included under depreciation and amortisation expense in the statement of profit and loss.

\* The Company has applied practical expedient in Indian Accounting Standard (Ind AS 116) notified vide Companies (Indian Accounting Standards) Amendment Rules, 2020 by Ministry of Corporate Affairs ('MCA') on 24 July 2020 to all rent concessions received as a direct consequence of COVID-19 pandemic. Accordingly, the Company recognized an amount of INR 15.86 Millions as other income (refer note 21) during the period ended 31 March, 2021.

### 33.1 Fair values

#### Financial instrument by category

The carrying value and fair value of financial instruments by categories as of 31 March 2021 were as follows:

Particulars	Amortised cost	Financial assets/ liabilities at fair value through profit or loss		Total carrying value	Total fair value
		Designated upon initial recognition	Mandatory		
<b>Assets:</b>					
Cash and cash equivalents (refer note 8)	1,685.95	-	-	1,685.95	1,685.95
Other bank balances (refer note 9)	5,965.86	-	-	5,965.86	5,965.86
Investments (current) (refer note 6)	-	-	21,941.07	21,941.07	21,941.07
Investments (non-current) (refer note 5)	3,117.35	-	-	3,117.35	3,117.35
Trade receivables (refer note 7)	1,237.14	-	-	1,237.14	1,237.14
Loans (refer note 10)	400.00	-	-	400.00	400.00
Other financial assets (refer note 11)	36,265.92	-	-	36,265.92	36,265.92
<b>Total</b>	<b>48,672.22</b>	<b>-</b>	<b>21,941.07</b>	<b>70,613.29</b>	<b>70,613.29</b>
<b>Liabilities:</b>					
Trade payables (refer note 16)	2,740.73	-	-	2,740.73	2,740.73
Lease liabilities (refer note 31)	462.31	-	-	462.31	462.31
Other financial liabilities (Non current) (refer note 18)	-	-	-	-	-
Other financial liabilities (Current) (refer note 18)	817.94	-	-	817.94	817.94
<b>Total</b>	<b>4,020.98</b>	<b>-</b>	<b>-</b>	<b>4,020.98</b>	<b>4,020.98</b>

The carrying value and fair value of financial instruments by categories as of 31 March 2020 were as follows:

Particulars	Amortised cost	Financial assets/ liabilities at fair value through profit or loss		Total carrying value	Total fair value
		Designated upon initial recognition	Mandatory		
<b>Assets:</b>					
Cash and cash equivalents (refer note 8)	900.49	-	-	900.49	900.49
Other bank balances (refer note 9)	1,893.26	-	-	1,893.26	1,893.26
Investments (current) (refer note 6)	-	-	3,239.21	3,239.21	3,239.21
Investments (non-current) (refer note 5)	2,003.07	-	-	2,003.07	2,003.07
Trade receivables (refer note 7)	1,327.16	-	-	1,327.16	1,327.16
Loans (refer note 10)	310.17	-	-	310.17	310.17
Other financial assets (refer note 11)	235.88	-	917.45	1,153.33	1,153.33
<b>Total</b>	<b>6,670.03</b>	<b>-</b>	<b>4,156.66</b>	<b>10,826.69</b>	<b>10,826.69</b>
<b>Liabilities:</b>					
Trade payables (refer note 16)	2,568.02	-	-	2,568.02	2,568.02
Lease liabilities (refer note 31)	666.08	-	-	666.08	666.08
Other financial liabilities (Non current) (refer note 18)	-	13,759.37	-	13,759.37	13,759.37
Other financial liabilities (Current) (refer note 18)	2,530.14	-	-	2,530.14	2,530.14
<b>Total</b>	<b>5,764.24</b>	<b>13,759.37</b>	<b>-</b>	<b>19,523.61</b>	<b>19,523.61</b>

The following methods / assumptions were used to estimate the fair values:

- The carrying value of bank deposits, trade receivables, cash and cash equivalents, trade payables and other financial assets and financial liabilities measured at amortised cost approximate their fair value, due to their short term nature.
- Fair value of quoted mutual funds is based on quoted market prices at the reporting date.
- Lease liabilities are measured at amortised cost, the carrying amounts approximate to fair values, as lease liabilities are recognised based on the present value of the remaining lease payments.
- Fair value of amount receivable on assignment of contract is estimated based on the valuation methodology defined below (refer note 33b). They are classified as level 3 fair values in the fair value hierarchy due to use of unobservable inputs.
- Fair value of other financial liabilities (non-current) is estimated based on the valuation methodology defined below (refer note 33b). They are classified as level 3 fair values in the fair value hierarchy due to use of unobservable inputs.

### 33 b Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at 31 March 2021:

Particulars	As at 31 March 2021	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
<b>Assets</b>				
Investments in liquid mutual fund units (refer note 6)	21,941.07	21,941.07	-	-

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at 31 March 2020:

Particulars	As at 31 March 2020	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
<b>Assets</b>				
Investments in liquid mutual fund units (refer note 6)	3,239.21	3,239.21	-	-
Amount receivable on assignment of contract	917.45	-	-	917.45
<b>Liabilities</b>				
Compulsorily Convertible Cumulative Preference Shares - non-voting Class I-2 (refer note 18)	13,759.37	-	-	13,759.37

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**

(All amount in INR Millions unless otherwise stated)

Description of significant unobservable inputs to valuation: <sup>1</sup>

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 31 March 2021 and 31 March 2020 are as shown below:

Particulars	Valuation technique	Significant unobservable inputs	Sensitivity to the input to fair value
<b>Liabilities</b>			
Compulsorily Convertible Cumulative Preference Shares - non-voting Class 1-2 (refer note 18)	Back Solves method (Option pricing model)	i) Time to maturity ii) Volatility	Refer note below **
<b>Assets</b>			
Amount receivable on assignment of contract	Open-ended Option pricing method (Monte Carlo Simulation)	N/A	N/A

\*\* A quantitative sensitivity analysis for back solves method (option pricing model) is shown below:

Particulars	Sensitivity level	As at 31 March 2021	As at 31 March 2020
Time to maturity	0.5 year increase	-	41.62
	0.5 year decrease	-	(78.97)
Volatility	10 basis point increase	-	208.58
	10 basis point decrease	-	(321.70)

**Reconciliation of level 3 fair value measurements**

Particulars	As at 31 March 2021	As at 31 March 2020
Opening balance of other financial liabilities (non-current)	13,759.37	-
Gains or loss recognised in profit or loss	2,329.69	-
Additions	-	13,759.37
Disposal/ Extinguishment	(16,089.06)	-
<b>Closing balance of other financial liabilities (non-current)</b>	<b>-</b>	<b>13,759.37</b>

Particulars	As at 31 March 2021	As at 31 March, 2020
Opening balance of amount receivable on assignment of contracts	917.45	1,210.67
Gains or loss recognised in profit or loss	(917.97)	(359.40)
Exchange difference	0.52	66.18
<b>Closing balance of amount receivable on assignment of contracts</b>	<b>-</b>	<b>917.45</b>

<sup>1</sup> Disclosure added in current financial year.

**Financial risk management**

**Financial risk factors**

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer.

Risk management is carried out by senior management for cash and cash equivalent, trade receivable, deposits with banks, foreign currency risk exposure and liquidity risk.

**Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. The Company ensures optimization of cash through fund planning and robust cash management practices.

**i) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As majority of the financial assets and liabilities of the Company are either non-interest bearing or fixed interest bearing instruments, the Company's net exposure to interest risk is negligible.

**ii) Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The Company operates internationally and some portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in the Middle East and elsewhere, and purchases from overseas suppliers in various foreign currencies

The following table analyses foreign currency risk from financial instruments as at 31 March 2021:

Particulars	USD	AED	Other currencies	Total
Cash and cash equivalents	-	838.20	6.13	844.33
Trade receivables	64.90	325.72	3.06	393.68
Other financial assets (including loans)	-	5.25	-	5.25
Trade payables	-	46.51	0.12	46.62
Other financial liabilities	-	231.14	-	231.14

**Sensitivity analysis**

The following tables demonstrate the sensitivity to a reasonably possible change in USD and AED exchange rates, with all other variables held constant.

**Impact on Profit - Sensitivity Analysis**

	USD	AED
Increase by 0.93%	0.60	-
Decrease by 0.93%	(0.60)	-
Increase by 0.65%	-	5.84
Decrease by 0.65%	-	(5.84)

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**

Notes to Standalone Financial Statements for the year ended 31 March 2021

CIN: U93030DL2010PTC198141

(All amount in INR Millions unless otherwise stated)

The following table analyses foreign currency risk from financial instruments as at 31 March 2020:

Particulars	USD	AED	Other currencies	Total
Cash and cash equivalents	-	477.62	6.80	484.42
Trade receivables	40.81	605.35	79.83	725.99
Other financial assets ( including loans)	-	924.94	-	924.95
Trade payables	-	123.45	0.04	123.48

**Sensitivity analysis**

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR and AED exchange rates, with all other variables held constant.

**Impact on Profit - Sensitivity Analysis**

	USD	AED
Increase by 2.39%	0.98	-
Decrease by 2.39%	(0.98)	-
Increase by 2.43%	-	45.77
Decrease by 2.43%	-	(45.77)

**Credit risk**

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to INR 1,237.14 Millions (31 March 2020: INR 1,327.16 Millions). Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and Middle East. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors such as the Company's historical experience for customers and adjusted for forward-looking information.

The Company has established an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables and 12 months expected credit loss for other receivables. An impairment analysis is performed at each reporting date on an individual basis for major parties. In addition, a large number of minor receivables are combined into homogenous categories and assessed for impairment collectively.

Outstanding customer receivables are regularly and closely monitored. Basis historical trend, the Company provides for any outstanding beyond 180 days. The trade receivables on the respective reporting dates are net off the allowance which is sufficient to cover the entire lifetime loss of sales recognised including those that are currently less than 180 days outstanding.

**Liquidity risk**

Ultimate responsibility for liquidity risk management rests with the Board, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company has no outstanding bank borrowings. The Company manages liquidity risk by maintaining adequate cash reserves, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. Accordingly, no liquidity risk is perceived.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2021:

Particulars	INR Millions			
	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	2,740.73	-	-	2,740.73
Other financial liabilities	817.94	-	-	817.94

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2020:

Particulars	INR Millions			
	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	2,568.02	-	-	2,568.02
Other financial liabilities	2,530.14	13,759.37	-	16,289.51

**Capital management**

For the purpose of the Company capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity shareholders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions to safeguard and continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders to maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. As of 31 March 2021 and 31 March 2020 the Company has no significant debt, therefore, there are no externally imposed capital requirements.

#### 34. Segment information

The Company's operating businesses are organized and managed separately according to the geographical locations of the customers, with each segment representing a strategic business unit that serves different markets.

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Chief Executive Officer and Managing Director.

The Company has identified geographical segments as reportable segments. The geographical segments comprise:

- 1) India
- 2) United Arab Emirates (UAE)
- 3) Others such as South Africa, Philippines.

Revenue and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.

Summarised segment information for the year ended 31st March 2021 and 31st March 2020 is as follows:

Particulars	Year ended 31st March 2021			Total segments	Adjustments and Eliminations	Consolidated
	India	UAE	ROW

**35 a. Business combinations and acquisition of non- controlling interests**

**Acquisition during the year ended 31 March 2021**

**Acquisition of Jogo Technologies Private Limited**

On 16 January 2021, the Company entered into a Share purchase agreement for acquiring 64.56% interest in Jogo Technologies Private Limited ("Jogo") at a total consideration of INR 468.42 Million. Jogo is a non-listed Company based in India and engages in the operation and maintenance of sports and fitness facilities.

**Assets acquired and liabilities assumed**

The fair values of the identifiable assets and liabilities of Jogo Technologies Private Limited as at the date of acquisition were:

	<b>Balances recognised on acquisition</b>
<b>Assets</b>	
Property, plant and equipment	27.12
Loans	5.33
Prepayments and other assets	5.29
Right to use asset	148.79
Trade receivables	1.82
Cash and cash equivalents	6.01
Other bank balances	0.60
Current tax assets	0.23
Other financial assets	0.33
<b>Total Assets</b>	<b>195.52</b>
<b>Liabilities</b>	
Borrowings	30.15
Trade payables	12.35
Provisions	5.20
Other financial liabilities	15.73
Lease Liabilities	187.19
Other current liabilities	61.17
<b>Total Liabilities</b>	<b>311.79</b>
Identifiable net assets at fair value	(116.27)
Fair value of intangible assets	
- Trade mark	70.35
- Customer Contract & Relationship	55.97
- Distribution Network	3.54
- Technology platform	115.63
<b>Total</b>	<b>129.22</b>
Share in opening loss of the subsidiary	83.21
Share in equity	0.22
Goodwill arising on acquisition	384.99
<b>Total Purchase consideration</b>	<b>468.42</b>
Non Controlling interests	<b>45.80</b>

The fair value of the trade receivables amounts to INR 2.30 Millions is equivalent to the gross amount of trade receivables. However, INR 0.48 Millions of the trade receivables is credit impaired and it is expected that the remaining contractual amounts can be collected.

The goodwill of INR 384.99 Millions comprises the value of expected synergies arising from the acquisition. None of the goodwill recognised is expected to be deductible for income tax purposes.

If the acquisition had taken place at the beginning of the year, revenue from continuing operations would have been higher by INR 11.71 Millions and the loss before tax from continuing operations for the Group from Jogo would have been higher by INR 109.08 Millions.

From the date of acquisition, Jogo Technologies Private Limited has contributed INR 14.75 Millions of revenue\* and INR 104.37 Millions of loss\* to the loss before tax from operations of the Group.

\* Before inter-company eliminations

**Purchase consideration**

Shares to be issued, at fair value*	0.00
Share premium	264.70
Cash consideration paid	203.71
<b>Total purchase consideration</b>	<b>468.41</b>

\* Value less than ₹ 10,000

**Analysis of cash flows on acquisition:**

Transaction costs of the acquisition of subsidiary (included in cash flows from investing activities)	0.01
Net cash acquired with the subsidiary (included in cash flows from investing activities)	6.61
<b>Net cash flow on acquisition</b>	<b>6.62</b>

**35 b. Business combinations and acquisition of non- controlling interests**

**Acquisition during the year ended 31 March 2020**

**1. Acquisition of Uber Eats Assets**

The Company entered into an agreement dated 21 January 2020 to purchase 'Uber Eats Asset' in India, which is the core asset for 'Uber Eats Business' along with Non-Compete and Brand License arrangement for India from Uber India Systems Private Limited ("UISPL"), for a consideration payable through issuance of the Company's Series Non-Voting 0.00000010% Class I-2 CCCPS amounting to INR 13,759.52 Millions. The management has assessed and accounted for this transaction as business combination based on the followings facts:

- Uber Eats Assets acquired can be integrated with Company's available inputs/processes i.e. tech platform, salesforce etc. to generate outputs in the form of Food Delivery Orders.
- UISPL was desirous of exiting the India market for food delivery services and through this transaction has ceased the business for the next 3 years.

**Assets acquired and liabilities assumed**

The fair values of the identifiable assets of UISPL as at the date of acquisition (21 January 2020) were:

	<b>Balances recognised on acquisition</b>
<b>Identifiable net assets at fair value</b>	
Brand license	1,234.37
Non compete obligations	1,354.44
Goodwill (Uber eats assets)	11,170.71
<b>Total Purchase consideration</b>	<b>13,759.52</b>
<b>Purchase consideration</b>	
Shares to be issued, at fair value	687.39
Share premium	13,071.98
Cash consideration paid	0.15
<b>Total purchase consideration</b>	<b>13,759.52</b>

The Uber Eats Assets valued and invoiced at INR 11,170.71 Millions comprise of various items such as Uber Eats Data, Uber Eats Contracts and the Transition services provided by UISPL. The rights, title and interest in the Uber Eats Assets were transferred to the Company on the closing date as per the agreement. Since these assets are composite, they could not be identified and recognised distinctly and thus have been recognised in the accounts as goodwill.

**Analysis of cash flows on acquisition:**

Transaction cost on acquisition of business (included in cash flows from investing activities)	0.15
<b>Net cash flow on acquisition</b>	<b>0.15</b>

The Company has issued 76,376 no of CCCPS which has been classified as financial liability (refer note 18) and paid cash of INR 0.15 Millions as consideration for the acquisition of business. The fair value of the shares is calculated with reference to the valuation of the shares of UISPL at the date of acquisition, which was INR 1,80,153 each. The fair value of the share consideration given is therefore INR 13,759.37 Millions.

**2. Business Transfer Agreement with Carthero Technologies Private Limited**

During year ended 31 March 2020, business transfer agreement has been executed on 16 August 2019 ('the BTA') between Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited) ("ZPL") and Carthero Technologies Private Limited ("CTPL"), pursuant to provisions of the Companies Act, 2013 ("the Act") and rules framed thereunder.

CTPL agreed to sell, transfer, convey and deliver to Zomato, the Delivery Business (as defined hereinafter) as a going concern on a slump sale basis (as defined in Section 2(42C) of the Income Tax Act, 1961) for a lump sum consideration of INR 10 Millions without values being assigned to individual assets and liabilities.

The BTA was approved by respective board of directors of both the companies. The BTA became effective from 16 August 2019.

"Delivery Business" includes business of providing food delivery services through the help of technology platform and related assets and liabilities.

**36. Details of dues to micro and small enterprises as defined under MSMED Act 2006**

Particulars	31 March 2021	31 March 2020
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year (A+B+C)	21.12	3.47
A) Principal amount due to micro and small enterprises	18.82	1.17
B) Interest due on above	-	0.01
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
C) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	2.30	2.29
The amount of interest accrued and remaining unpaid at the end of each accounting year	2.30	2.30
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management.

**37. Capital and other commitments**

(a) The Company has commitments for purchase/sale orders which are issued after considering requirements per operating cycle for purchase/sale of goods and services, employee benefits. The Company does not have any long term commitment or material non-cancellable contractual commitments/contracts which might have a material impact on the financial statements.

(b) The Company has estimated amount of contract remaining to be executed on capital account not provided for, net of advances as at 31 March 2021 is Nil (31 March 2020: Nil).

(c) The Company has made long term strategic investments in certain subsidiary companies, which are in their initial/developing stage of operation and would generate growth and returns over a period of time. These subsidiaries/associates have incurred significant expenses for building the brand and market share which have added to the losses of these entities. The parent has committed to provide support to each of its subsidiaries in the event they are unable to meet their individual liabilities.

Investment in subsidiaries are made as per approval of the Board of the Company. Further due to the losses incurred by ZIPL and ZEPL (accumulated losses as of 31 March 2021 being INR 1,374.50 Mn and INR 168.17 Mn for ZIPL and ZEPL respectively). ("Subsidiary Company"), the Company has carried out an evaluation of these Subsidiary Company's financial performance after taking into account the past performance, future projections and expected future cash flows and concluded that no impairment in the value of investments in these Subsidiary Company is required as on March 31, 2021. The Audit Committee has noted the details of the investments in subsidiaries, impairments, if any and net investments as on March 31, 2021.

**38. Contingent Liability not provided for:**

1. As at 31 March 2021 INR 0.01 Millions (31 March 2020: INR 0.01 Millions) dividend in respect of 0.0001% and 0.00000015% compulsorily convertible cumulative preference share not provided for INR 0.01 Millions.

2. Claims against the Company not acknowledged as debts\*

a. The complainant has commenced an action in respect of use of his copyrighted work. The estimated pay-out is INR 20.00 Millions ( 31 March 2020: INR 20.00 Millions) should the action be successful. A trial date has not yet been set and therefore it is not practicable to state the timing of the payment, if any.

b. Disputed Excise / Service tax Demands INR 920.99 Millions ( 31 March 2020: Nil) -A Show Cause Cum Demand Notice received from Office of Directorate General of GST Intelligence, Mumbai Zonal Unit by Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited) in respect of period from Oct 2014 to Jun 2017 demanding payment of service tax on sales by foreign branches and subsidiaries.

c. The Company has certain pending litigations pertains to consumer cases and other legal cases amounting to INR 8.39 Millions ( 31 March 2020: 6.61 Millions)

\*The Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition. Disclosed value are exclusive of interest and penalty.

3. During the year ended 31 March 2021, the Company has been served with a notice by Competition Commission of India under Regulation 48 of the Competition Commission of India (General) Regulation, 2009 read with section 43A of the Competition Act, 2002 (Act) in relation to the acquisition of Uber Eats and acquisition of shares in Zomato by Uber India. The management believes that this transaction is not covered in the regulation 48 of the Competition Commission of India (General) Regulation, 2009 and believes that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition.

39. As at the year ended on 31 March 2021 and year ended 31 March 2020 the Company is having net deferred tax assets comprising of deductible temporary differences, brought forward losses and unabsorbed depreciation under tax laws. However in the absence of reasonable certainty as to its realization of Deferred Tax Assets (DTA), DTA has not been created. The unused tax losses expire upto 8 years and may not be used to offset taxable income of the Company.

Particulars	As at 31 March 2021	As at 31 March 2020
<b>Deferred tax liability</b>	-	-
<b>Deferred tax assets</b>		
Deductible temporary difference	2,120.28	2,830.48
Brought forward losses	7,082.80	6,907.26
Unabsorbed depreciation	1,686.22	896.38
	<b>10,889.30</b>	<b>10,634.12</b>
Recognised in books	Nil	Nil

Government of India has inserted section 115BAA in the Income Tax Act 1961 (Act) vide the Taxation Laws (Amendment) Ordinance 2019 dated 20 September 2019 which provides a non-reversible option to domestic companies to pay corporate tax at reduced rate (i.e. 25.168%) effective from 01 April 2019 subject to certain conditions. The Company has assessed the applicability of the said provisions on its Indian Companies and elected to exercise the option provided under section 115BAA of the Act for financial year 2020-21 and onwards. As a result, the relevant deferred tax balances have been remeasured as on 31 March 2021.

**40.** On 01 March 2019, the Company assigned certain restaurant contracts pertaining to its delivery business in the United Arab Emirates (UAE) to Talabat Middle East Internet Services Company LLC ('Talabat') for a consideration amounting to USD 172 Millions (INR 11,919.61 Millions) to be paid either as upfront, deferred or upon rendering of services (ranging from 2-4 years, based upon management's estimate), as per terms of the agreement. Zomato will continue to render certain services to Talabat in UAE as part of this agreement. Further, the agreement also involves a contingent consideration amounting to USD 11 Millions (INR 762.30 Millions), to be paid to the Company at each anniversary, subject to compliance with certain performance conditions. As on 31 March 2020 the Company had recorded the contingent consideration of amounting to USD 12.28 Millions (INR 917.97 Millions) on the basis of fair valuation carried out by an independent valuer. During the year ended 31 March 2021, the Company has revisited their estimates and concluded that they will not be able to meet the performance conditions. Accordingly, the Company has reversed the contingent consideration during the period and disclosed the same as exceptional items.

**41. Non deposit of statutory dues:**

1. The Company has collected amount of INR 45.01 Millions from October 2018 to March 2020 as GST-TCS for orders processed on the platform for the merchants registered under the Composition scheme, but was unable to deposit due to defect on the "Goods & Service Tax Network (GSTN)" portal. The issue was lodged on the GSTN portal through grievance redressal window, but no resolution was provided. Due to non-resolution, a representation was filed by the Company with GST Council, Commissioner of GST and GSTN in 01 April 2019 to address the issue. This representation was followed up by various discussions and meetings in person. Subsequently, the above mentioned amount has been deposited / adjusted with GST department upto 31 March 2021.

2. The Company has deducted an amount of INR 0.13 Millions for Professional Tax from the employees upto year ended 31 March 2020. The Company has been unable to deposit the same since registration is unavailable. Key reasons for the same being technical issues due to which registration could not be completed. Subsequently the amount has been deposited upto March 2021.

**42.** The Group's management has decided that operations in PT Zomato Media Indonesia, Zomato Media Portugal Unipessoal LDA, Zomato NZ Media Private Limited, Zomato Australia Pty Limited, Zomato Philippines Inc., Zomato Internet Hizmetleri Ticaret Anonim Sirketi, Turkey and Tonguestun Food Network Private Limited will be suspended and entities will be liquidated/dissolved/sold in the foreseeable future. The Group has recognized loss of INR 337.05 Millions as on 31 March 2021.

**43. Estimation uncertainty relating to the global health pandemic on COVID-19:**

Owing to the outbreak of the global pandemic Covid-19 in quarter four for the year ended 31 March 2020, the governments across the globe deployed varied degrees of measures including lockdowns and restrictions on movement which had a negative impact on the food and entertainment sector. This in turn impacted the Company's operations since dining out in restaurants was suspended which led to demand for advertisements across dining out restaurants as well as demand for Zomato Gold subscriptions slowing down. The food delivery GOV is back to pre-COVID-19 levels and we have seen healthy recovery signs in revenue from dine out products in quarter three and four of year ended 31 March 2021.

Considering above, the Company has assessed the carrying value of Assets including Goodwill and Intangible assets by considering internal and external information up to the date of approval of these Financial statement. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic condition.

**44.** The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

**45.** The Company entered into an agreement dated 21 January 2020 to purchase Uber Eats assets in India for a consideration of INR 13,759 Millions against the consideration, the Company issued 76,376 number of CCCPS at a value of INR 180,153 each which was classified as financial liability. As per terms of the agreement, the Seller was entitled to convert all, but not less than all the seller CCCPS instrument into Ordinary Shares upon the earlier of:

1. expiry of 2 (two) years from the date of allotment of the Seller CCCPS; or
2. the Buyer receiving Investment from one or more bona fide financing transactions of an aggregate amount of USD 550 Millions in cash

As at 18 December 2020, the Company has raised the subsequent funding of USD 550 Millions after CCCPS issued to Uber Eats due to which one of condition mentioned above is triggered, accordingly the Company has calculated 91,373 equity shares to be issued to Uber Eats on conversion and reclassified the same as equity in the books of account. The Company has done the fair valuation of CCCPS issued to Uber Eats as on 18 December 2020 and calculated the fair value of INR 16,089.06 Millions and loss of INR 2,329.69 Millions has been accounted for in the statement of profit and loss as an exceptional item.

**46.** Subsequent to March 31, 2021, on April 06, 2021, the Company issued the bonus share in the ratio of 1:6699 to the existing equity shareholder and to the ESOP holders. Further, the Company has also converted the CCCPS of Class A to C and CCPS of Class E to the equity shares in to ratio 1:1, CCCPS of Class D and CCPS of Class F in the ratio of 1:1.125. For other class of CCCPS, the Company has converted the CCCPS in the ratio of 1:6700. The impact of the same has been considered in the calculation of Basic and Diluted EPS.

## **INDEPENDENT AUDITOR'S REPORT**

### **To The Members of Zomato Limited (formerly known as Zomato Private Limited / Zomato Media Private Limited) Report on the Audit of the Consolidated Financial Statements**

#### **Opinion**

We have audited the accompanying consolidated financial statements of Zomato Limited (formerly known as Zomato Private Limited / Zomato Media Private Limited) ("the Parent"/ "the Company") and its subsidiaries, (the Parent and its subsidiaries together referred to as the "Group") and the Group's share of loss in its joint venture which comprise the Consolidated Balance Sheet as at March 31, 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive loss), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements / financial information of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2021, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### **Emphasis of Matter**

We draw attention to Note 49 to the Consolidated Financial Statements, which describes the possible effects of uncertainties relating to COVID-19 on operations and results of the Group and its joint venture as assessed by the management.

Our opinion is not modified in respect of these matters.

## **Information Other than the Financial Statements and Auditor's Report Thereon**

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Management's Responsibility for the Consolidated Financial Statements**

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Company's financial reporting process of the Group and of its Joint Venture.

## **Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in

accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the group and of its Joint Venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and of its Joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the parent company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Other Matters**

- i. We did not audit the financial statements / financial information of certain subsidiaries and trust, whose financial statements / financial information reflect total assets of Rs. 1,866.77 million as at March 31, 2021, and total revenues of Rs.2,199.61 million and net cash inflows of Rs. 381.76 million for the year ended March 31, 2021, as considered in the Consolidated Financial Statements. These financial statements / financial information have been audited by other auditors, whose reports have been furnished to us by the Management and our conclusion on Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included respect of these subsidiaries and trust is based solely on the audit reports of the other auditors.

The interim financial information of one of these subsidiaries, which is located outside India, have been prepared in accordance with accounting principles generally accepted in that country and which have been audited by other auditor under generally accepted auditing standards applicable in that country. The Parent's management has converted the financial information of such subsidiary located outside India from accounting principles generally accepted in that country to accounting principles generally accepted in India. We have reviewed these conversion adjustments made by the Parent's management. Our conclusion in so far as it relates to the financial information of such subsidiary located outside India is solely based on the report of other auditor and the conversion adjustments prepared by the management of the Parent and reviewed by us.

- ii. We did not audit the interim financial statements / financial information of certain subsidiaries whose interim financial statements / financial information reflects total assets of Rs. 872.49 million as at March 31, 2021, total revenues of Rs. 617.05 million and net cash inflows amounting to Rs 275.75 million for the year ended March 31, 2021 as considered in the Consolidated Financial Statement. The Consolidated Financial Statements also include the Group's share of net loss of Rs. Nil for year ended March 31, 2021, as considered in the Consolidated Financial Statements, in respect of a joint venture, whose financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the Consolidated Financial Statements in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the Consolidated Financial Statement is not modified in respect of above matters with respect to our reliance on the work done and the reports of the other auditors and on the financial statements / financial information certified by the Management.

### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements/ financial information of the subsidiaries referred to in the Other Matters section above, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the report of other auditors.
  - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated statement of Cash Flow and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors of the Parent Company as on March 31, 2021 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporate in India audited by other auditors referred to in the above Other Matters section , none of the directors of the Group Companies incorporated in India is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent company and two subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company till March 31 2021, section 197 of the Act related to the managerial remuneration is not applicable.
  - h) With respect to the other matters to be included in the Auditor's Report in

accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigation on the consolidated financial position of the Group and its Joint Ventures.
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has no amount required to be transferred, to the Investor Education and Protection Fund by the Parent company and its subsidiary companies and joint venture incorporated in India.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT  
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021 we have audited the internal financial controls over financial reporting of Zomato Limited (hereinafter referred to as "Parent") and its two subsidiary companies, which is incorporated in India, as of that date.

**Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Parent and its two subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its one subsidiary company, incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, incorporated in India, in terms of their

reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its two subsidiary company, incorporated in India.

## **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors referred to in the other matters paragraph below, the Parent and its two subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **Other Matters**

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two subsidiary companies which is a company incorporated in India, is based solely on the corresponding report of the auditors of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

**1. Corporate Information**

Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited) ("Zomato" or "the Company" or "the Parent Company") together with its subsidiaries (including branches), (collectively referred to as "the Group") and a joint venture primarily operates as an internet portal providing multitude of information, including but not limited to details of menus, contacts, discount offers, quality of service and food w.r.t restaurants and caterers and other service providers, online ordering of food from select restaurants, to be availed by viewers or consumers of the website in making informed decisions about their dining options and related facilities and by restaurants, hotels and other caterers ("Restaurant Partners") to advertise themselves to the target audience in India and abroad and supply of high quality ingredients to Restaurant Partners.

The Company is incorporated and domiciled in India under the provisions of the Companies Act applicable in India. The registered office of the Company is located at GF – 12A, 94, Meghdoot, Nehru Place, New Delhi - 110019. On 22 April 2020 the Registrar of Companies, Delhi has accorded their approval to change the name of the Company from Zomato Media Private Limited to Zomato Private Limited

The Company has converted from Private Limited Company to Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company held on 05 April 2021 and consequently the name of the Company has changed to Zomato Limited pursuant to a fresh certificate of incorporation by the Registrar of Companies on 09 April 2021.

The Group's consolidated financial statements for the year ended 31 March 2021 were approved by the Board of Directors and authorized for issue on 04 June 2021.

**2. Basis of Preparation of consolidated financial statements**

**2.1 Basis of preparation**

These consolidated financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) prescribed under Section 133 of Companies Act, 2013 (the "Act"), read with rule 3 of the companies (Indian Accounting Standards) Rules, 2015 and relevant amendments rules issued thereunder.

The consolidated financial statements have been prepared on the historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefits plan - plan assets measured at fair value;
- Contingent consideration is measured at fair value;
- Share based payments

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements.

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries (including branches) and its share of profit and loss of joint venture and associate for the year ended 31 March 2021 and 31 March 2020. To provide more reliable and relevant information about the effect of certain items in the balance sheet and statement of profit and loss, the Group has changed the classification of certain items and previous year figures have been regrouped or reclassified, to confirm to such current year's grouping / classifications. There is no impact on equity or net loss due to these regrouping / reclassifications.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

The consolidated financial statements are presented in Indian Rupees "INR" or "Rs." and all amounts disclosed in the consolidated financial statement have been rounded off to the nearest Million (as per requirement of Schedule III), unless otherwise stated.

## **2.2 Basis of consolidation**

### **Subsidiaries:**

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Group has:

- i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- iii) The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the years are included in the consolidated financial state from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The consolidated financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Company, i.e., year ended on 31 March 2021 and 31 March 2020

### **Consolidation procedure:**

- i. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- ii. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill/ reserve.
- iii. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group profits or losses resulting from intragroup transactions that are recognised in assets (if any), such as inventory, are eliminated in full]. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Consolidated Statement of profit and loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

made to the statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- i. Derecognises the assets (including goodwill) and liabilities of the subsidiary
- ii. Derecognises the carrying amount of any non-controlling interests
- iii. Derecognises the cumulative translation differences recorded in equity
- iv. Recognises the fair value of the consideration received
- v. Recognises the fair value of any investment retained
- vi. Recognises any surplus or deficit in profit and loss
- vii. Reclassifies the parent's share of components previously recognised in OCI to profit and loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

### **2.3 Summary of significant accounting policies**

#### **a) Use of estimates**

The preparation of the consolidated financial statements in conformity with the principles of Ind AS requires the management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements.

#### **b) Business combination and goodwill**

Business combinations are accounted for using the acquisition method or pooling of interest method.

##### **Acquisition Method**

The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- i) Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

ii) Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.

iii) Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.

iv) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

**Pooling of interest method**

Ind AS 103, Business Combinations, prescribes significantly different accounting for business combinations which are not under common control and those under common control.

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interest method.

The pooling of interest method is considered to involve the following:

- (a) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (b) No adjustments are made to reflect fair values or recognize any new assets or liabilities. The only adjustments that are made are to harmonies accounting policies.
- (c) The financial information in respect of prior periods should be restated as if the business combination had occurred from the beginning of the preceding period in the consolidated financial statements, irrespective of the actual date of the business combination.
- (d) The identity of the reserves has been preserved and appear in the financial information of the transferee in the same form in which they appeared in the financial information of the transferor.
- (e) The difference, if any, between the consideration and the amount of share capital of the acquired entity is transferred to capital reserve.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in consolidated statement of profit and loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in the consolidated statement of profit and loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS and shall be recognised in the consolidated financial statements. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequently its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. For the business which are similar in nature for the purpose of impairment testing of goodwill, the group considers such businesses as one cash generating unit.

If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

For the purpose of impairment testing of goodwill, the group considers business forecast of similar businesses together.

Any impairment loss for goodwill is recognised in the consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete.

Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

### **Investment in associates and joint ventures**

#### **Associate**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

#### **Joint Venture**

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

The Group's investments in its associates or joint venture are accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associates or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The consolidated statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit and loss of an associate and a joint venture is shown on the face of the consolidated statement of profit and loss.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate or joint venture' in the consolidated statement of profit and loss.

Upon loss of significant influence over associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in the consolidated statement of profit and loss.

**c) Current versus non-current classification**

The Group presents assets and liabilities in the consolidated statement of assets and liabilities based on current/ non-current classification. An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) It is expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The group has identified twelve months as its operating cycle.

**d) Foreign currencies**

The Group's consolidated financial statements are presented in INR, which is also the Parent Company's functional currency. For each entity, the Group determines the functional currency and items included in the statements of each entity are measured using that functional currency. Functional currency is the currency of the primary economic environment in which the entities forming part of Group operates and is normally the currency in which the entities forming part of Group primarily generates and expends cash. The Group uses the direct method of Consolidation and on disposal of foreign operations the Gain or Loss that is reclassified to consolidated statement of profit or loss reflect the amount that arises from using this method.

**Transactions and balances**

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the exchange rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in consolidated statement of profit and loss with the exception of the following:

- i) In the consolidated financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit and loss on disposal of the net investment.
- ii) Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

**Group Companies**

On consolidation, the assets and liabilities of foreign operations are translated into Indian Rupees at the rate of exchange prevailing at the reporting date and their consolidated financial statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in the consolidated statement of profit and loss.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

Any goodwill arising in the acquisition/ business combination of a foreign operation on or after 01 April 2015 and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

**e) Fair value measurement**

The Group measures financial instruments such as derivatives at fair value at each balance sheet date

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability, or
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided on the basis of nature of transaction and complexity involved. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

At each reporting date, the finance team analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the team verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. A change in fair value of assets

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

and liabilities is also compared with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

**f) Property, plant and equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment loss, if any

Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in consolidated statement of profit and loss as incurred

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation on all property plant and equipment are provided on a straight-line method based on the estimated useful life of the asset, which is as follows:

<b>Property, plant and equipment</b>	<b>Useful lives as per Schedule II</b>	<b>Useful lives estimated by management</b>
Air Conditioner	5 years	3 years
Electrical Equipment's	5 years	3-5 years
Furniture & Fittings	10 years	3 years
Computers	3 years	2-3 years
Plant and Machinery	15 years`	10 years
Motor Vehicles	8 years	8 years
Telephone Instruments	5 years	2 years

Based on the expected useful lives of these assets, the group has considered below mentioned useful lives for different classes of assets:

i) The useful life of electrical equipment's, furniture and fittings, computers, air conditioners, plant and machinery and telephone instruments are estimated as 3,3,2,3,10 and 2 years respectively. These lives are lower than those indicated in schedule II to Companies Act 2013.

ii) Improvements to leasehold buildings not owned by the Group are amortized over the lease period or estimated useful life of such improvements, whichever is lower.

The management has estimated the useful lives and residual values of all property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on the assets purchased during the year is provided on pro-rata basis from the date of purchase of the assets. Individual assets costing less than INR 5,000 are fully depreciated in the year of purchase.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is derecognised.

**g) Goodwill and intangible assets**

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than the carrying amount.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in consolidated statement of profit and loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets (other than those acquired in business combination) with finite lives are amortised on a straight-line basis over the estimated useful economic life being 1-2 years. All intangible assets (other than goodwill) are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the consolidated statement of profit and loss when the asset is derecognised.

Intangible assets acquired in business combination, include brand, consumer contracts and relationship, technology platform, content review, trademarks and non-compete which are amortized on a straight-line basis over their estimated useful life which is as follows:

<b>Nature of assets</b>	<b>Life</b>
Brand	2-3 years
Consumer contracts and relationship	5-10 years
Distribution network	5 years
Technology platform	5 years
Content review	5 years
Trademarks	5 years
Restaurant listing platform	6 years
Non-Compete	3 years

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

The amortisation period and method are reviewed at least at each financial year-end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

**h) Leases**

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Group as a lessee**

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

**i) Right of use assets**

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The company has lease contracts for office premises having a lease term ranging from 1 to 9 years.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (s) Impairment of non-financial assets.

**ii) Lease liabilities**

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**iii) Short term leases and lease of low value assets**

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**i) Inventories**

Traded goods are valued at lower of cost and net realisable value. Cost is determined on first in first out basis. Inventory cost includes purchase price and other directly attributable costs (such as taxes other than those subsequently recovered from the tax authorities), freight inward and other related incidental expenses incurred in bringing the inventory to its present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale.

**j) Revenue recognition**

The Group generates revenue from online food delivery transactions, advertisements, subscriptions, sale of traded goods and other platform services.

Revenue is recognized to depict the transfer of control of promised goods or services to customers upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Consideration includes goods or services contributed by the customer, as non-cash consideration, over which Group has control.

Where performance obligation is satisfied over time, Group recognizes revenue over the contract period. Where performance obligation is satisfied at a point in time, Group recognizes revenue when customer obtains control of promised goods and services in the contract.

Revenue is recognized net of any taxes collected from customers, which are remitted to governmental authorities.

**Revenue from Platform services and transactions**

The Group through its platform allows transactions between the consumers and restaurant partners enlisted with the platform. These could be for food orders placed online on the platform by the consumer or through consumer availing offers from restaurant partners upon visit to the restaurant. The Group earns commission income on such transactions from the restaurant partners upon completion of the transaction.

The Group is merely a technology platform provider where delivery partners are able to provide their delivery services to the restaurant partners and the consumers. For the platform provided by the Group to the delivery partners, the Group may charge a platform fee from the delivery partners. Upto 28 October 2019, for orders where Group were responsible for delivery, the delivery charges were recognised on the completion of order's delivery.

In cases where the Group undertakes to run the business for an independent third party, income is recognised on completion of service in accordance with the terms of the contract.

**Advertisement revenue**

Advertisement revenue is derived principally from the sale of online advertisements which is usually run over a contracted period of time. The revenue from advertisements is thus recognised over this contract period as the performance obligation is met over the contract period. There are some contracts where in addition to the contract period, the Group assures certain "clicks" (which are generated each time viewers on our platform clicks through the advertiser's advertisement on the platform) to the advertisers. In these cases, the revenue is recognised when both the conditions of time period and number of clicks assured are met.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

**Subscription revenue**

Revenues from subscription contracts are recognized over the subscription period on systematic basis in accordance with terms of agreement entered into with customer.

**Sign-up revenue**

The Group receives a sign-up amount from its restaurant partners and delivery partners. These are recognised on receipt or over a period of time in accordance with terms of agreement entered into with such relevant partner.

**Delivery facilitation services**

The Group is merely a technology platform provider for delivery partners to provide their delivery services to the Restaurant partners/consumers and not providing or taking responsibility of the said services. For the service provided by the Group to the delivery partners, the Group may charge a platform fee from the delivery partners.

**Sale of traded goods**

Revenue is recognized to depict the transfer of control of promised goods to merchants upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods. Consideration includes goods contributed by the customer, as non-cash consideration, over which Group has control.

The amount of consideration disclosed as revenue is net of variable considerations like incentives or other items offered to the customers.

**Incentives**

The Group provides various types of incentives to transacting consumers to promote the transactions on our platform.

Since the Group identified the transacting consumers as one of our customers for delivery services when the Group is responsible for the delivery services, the incentives offered to transacting consumers are considered as payment to customers and recorded as reduction of revenue on a transaction by transaction basis. The amount of incentive in excess of the delivery fee collected from the transacting consumers is recorded as Advertisement and sales promotion expenses.

When incentives are provided to transacting consumers where the Group is not responsible for delivery, the transacting consumers are not considered customers of the Group, and such incentives are recorded as Advertisement and sales promotion expenses.

**Interest**

Interest income is recognized using the effective interest method. Interest income is included under the head "other income" in the consolidated statement of profit and loss.

**Contract balances**

The Policy for Contract balances i.e. contract assets, trade receivables and contract liabilities is as follows:

**Contract assets**

A contract asset is the right to receive consideration in exchange for services already transferred to the customer (which consist of unbilled revenue). By transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is unconditional.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

**Trade receivables**

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

**Contract liabilities**

A contract liability is the obligation to deliver services to a customer for which the Group has received consideration or part thereof (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group deliver services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

**k) Retirement and other employee benefits**

Retirement benefit in the form of provident fund and social security is a defined contribution scheme. The group has no obligation, other than the contribution payable to the provident fund/social security. The group recognizes contribution payable to the provident fund scheme/ social security scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

In case of other foreign subsidiary companies and foreign branches, contributions are made as per the respective country laws and regulations. The same is charged to consolidated statement of profit and loss. There is no obligation beyond the Group's contribution.

The group operates a defined benefit gratuity plan in India and United Arab Emirates.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the consolidated statement of assets and liabilities with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to consolidated statement of profit and loss in subsequent periods.

Past service costs are recognised in the consolidated profit and loss on the earlier of:

- i) The date of the plan amendment or curtailment, and
- ii) The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability. The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ii) Net interest expense

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

**Compensated Absences**

**Short term Obligations**

For entities (except UAE), liabilities for leave which is expected to be settled wholly by December 31 are measured at the amounts expected to be paid when the liabilities are settled.

**Compensated absences policy for UAE**

For UAE, the liabilities for leave which are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period by actuaries using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumption are recognised in consolidated financial statement of profit and loss.

**l) Taxes**

**Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside consolidated profit and loss is recognised outside consolidated profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Advance taxes and provisions for current income taxes are presented in the consolidated statement of assets and liabilities after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

**Deferred taxes**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss,
- ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

i) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss,

ii) In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside consolidated statement of profit and loss is recognised outside consolidated statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**m) Share based payments**

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the consolidated statement of profit and loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through consolidated statement of profit and loss.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

**n) Segment reporting**

The Group's operating businesses are organized and managed separately according to the geographical locations of the customers, with each segment representing a strategic business unit that serves different markets.

Operating segments are defined as components of an enterprise for which discrete financial statement is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Group's chief operating decision maker is the Chief Executive Officer.

The Chief Operating Decision Maker of the Group primarily uses a measure of revenue, loss, assets deployed, and liabilities assumed to assess the performance of the operating segments.

The Group has identified geographical segments as reportable segments. The geographical segments comprise:

- 1) India
- 2) United Arab Emirates (UAE)
- 3) Rest of the world (ROW)

**o) Earning per share**

Basic earnings per share are calculated by dividing the net profit and loss for the period attributable to equity shareholders of the Parent Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares, compulsorily convertible cumulative preference shares and compulsorily convertible preference shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit and loss for the period attributable to equity shareholders of the Parent Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

**p) Treasury shares**

The group has created an Employee Benefit Trust (EBT). The group uses EBT as a vehicle for distributing shares to employees under the employee stock option schemes. The group treats EBT as its extension and shares held by EBT are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in consolidated statement of profit and loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in share premium.

**q) Provisions and contingent liabilities**

**i) Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the consolidated statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

**ii) Contingent liabilities**

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or is a present obligation that arises from past event but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised.

**r) Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through consolidated statement of profit and loss are recognised immediately in consolidated statement of profit and loss.

**Financial assets**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through consolidated statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

**Classification and Subsequent measurement**

Debt instruments that meet the following conditions are subsequently measured at amortised cost less impairment loss (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Trade receivables, cash and cash equivalents, other bank balances, loans and other financial assets are classified for measurement at amortised cost.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The effective interest method is a method of calculating the amortised cost of an instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

#### **Equity instruments**

The Group subsequently measures all equity investments in scope of Ind AS 109 at fair value, with net changes in fair value recognised in the consolidated statement of profit and loss.

#### **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated financial statements of assets and liabilities) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

**Impairment of financial assets**

In accordance with Ind AS 109, the group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- i) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance
- ii) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115"

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:"

- i) All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the consolidated statement of profit and loss. This amount is reflected under the head 'other expenses' in the consolidated statement of profit and loss. The consolidated statement of assets and liabilities presentation for various financial instruments is described below:

- i. Financial assets measured as at amortised cost, contractual revenue receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the consolidated financial statement of assets and liabilities. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

**Financial liabilities**

**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and liability component of convertible instruments.

***Subsequent measurement***

The measurement of financial liabilities depends on their classification, as described below:

**Financial liabilities at amortised cost (Loans and borrowings)**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

**Financial liabilities at fair value through profit and loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading or financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit and loss

Financial liabilities designated upon initial recognition at fair value through profit and loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the consolidated statement of profit and loss.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit and loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**s) Impairment of non-financial assets**

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the consolidated statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the consolidated statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually as at 31 December and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

**t) Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

**u) Cash and cash equivalents**

Cash and cash equivalent in the consolidated statement of assets and liabilities comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)  
Significant Accounting Policies to the Consolidated Financial Statements for the year ended 31 March  
2021**

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts (if any) as they are considered an integral part of the Group's cash management.

**v) Cash Flow Statement**

Cash flows are reported using the indirect method, whereby loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the group are segregated.

**w) Events occurring after the balance sheet date**

Based on the nature of the event, the group identifies the events occurring between the balance sheet date and the date on which the consolidated financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the group may provide a disclosure in the consolidated financial statements considering the nature of the transaction.

\* Adjustments represent amount of foreign exchange fluctuation on conversion of foreign operations.

\*\*The Company entered into an agreement dated 21 January 2020 to purchase 'Uber Eats Asset' in India, which is the core asset for 'Uber Eats Business' along with Non-Compete and Brand License arrangement for India from Uber India Systems Private Limited ("UISPL"), for a consideration payable through issuance of the Company's Series Non-Voting 0.00000010% Class L-2 CCCPS amounting to INR 13,759.52 Millions and recorded the assets i.e. brand license of INR 1,234.37 Millions, Non compete of INR 1,354.44 Millions and Uber Eats Assets of INR 11,170.71 Millions in books.

During the year ended 31 March 2020, the Company has entered into an agreement with Uber India System for Non - Compete and Brand License Agreement resulting into a goodwill of INR 11,170.71 Millions as excess of consideration over the net asset acquired (refer note 32 b)

The Company entered into a share purchase agreement dated 16 January 2021 for acquiring 64.56% interest in Jogo Technologies Private Limited ("JTPI") for a consideration payable amounting to INR 468.42 Millions. The Company recorded the net assets of INR (116.27) Millions and intangible assets of INR 254.49 Millions in books which is resulting into a goodwill of INR 384.99 Millions as excess of consideration over the net asset acquired (refer note 32 a). Further, non-controlling interest of INR 45.80 Millions is recognised in the books

#### Impairment of Goodwill -

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the cash generating unit (CGU), which benefit from the synergies of the acquisition.

Goodwill is tested for impairment at least annually. Impairment is recognised, when the carrying amount of cash generating units (CGU) including goodwill, exceeds the estimated recoverable amount of CGU.

The recoverable amount of CGUs is determined based on higher of value-in-use and fair value. The fair value of a CGU is determined based on the recent round of funding or value-in-use is determined based on discounted future cash flows. For calculation of discounted future cash flows, the key assumptions used by the Company is discount rate, long term growth rate, capital outflow and working capital requirements etc. The assumptions are taken on the basis of past trends and management estimates and judgement. The discount rate is based on the Weighted Average Cost of Capital (WACC) of the Company

As at 31 March 2021, the estimated recoverable amount of CGU exceeded its carrying amount and accordingly, no impairment was recognized.

An analysis of the sensitivity of the computation to a change in key assumptions based on reasonable probability did not identify any probable scenario in which the recoverable amount of the CGU would decrease below its carrying amount.

# The Group had acquired the business of Tonguestun Food Networks Private Limited and Nextable Inc. resulting into certain intangible assets and goodwill as excess of consideration over net asset acquired, during year ended 31 March 2019 and 31 March 2015 respectively. During the year ended 31 March 2020, due to certain changes in business and economic conditions, management believes that the expected benefits will take much longer to accrue than anticipated as on 31 March 2019. Therefore, due to uncertainties involved in the market environment the Group is not able to determine value of expected benefits with reasonable certainty over the foreseeable future as on 31 March 2020. Accordingly, the Group has fully impaired the carrying amount of goodwill and net block of intangible assets amounting to INR 962.71 Millions and INR 155.20 Millions respectively. This loss has been disclosed as a separate line in the restated consolidated statement of profit and loss as exceptional item.

b) Terms/rights attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 1 per share. Each holder of equity is entitled to one vote per share. Dividends (including proposed dividends), if any, are declared and paid or proposed in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Below mentioned terms of conversion / redemption of CCCPS as per the Article of association effective

c) Terms of conversion/redemption of CCCPS- Class A

(i) During the year ended 31 March 2014, the Company issued 78,791 CCCPS-Class A, of ₹10 each fully paid-up at a premium of ₹26,970 per share. CCCPS carry cumulative dividend @ 0.0001% p.a. The CCCPS are issued at a preferential dividend rate of 0.0001% (Zero point Zero Zero Zero One percent) per annum (the "Class A CCCPS Preferential Dividend"). The Class A CCCPS Preferential Dividend is cumulative and shall accrue from year to year and shall be paid in full (together with dividends accrued from prior years) pair passu with the preferential dividend on the CCCPS and the CCPS but prior and in preference to any dividend or distribution payable upon Shares of any other class or series in the same fiscal year. The Company will make the payments of the Preference Amounts to the holders of these Class I CCCPS in the manner provided in the Articles of Association of the Company and to do all such things as may be reasonably necessary.
- (iv) The company will issue ordinary share pursuant to the conversion of any Class I CCCPS shall be that number obtained by multiplying the total number of Class I CCCPS held by the holder of Class I CCCPS with the applicable conversion ratio as determined in the manner provided in Clause 83 of Articles of Association of the Company. No fractional share shall be issued upon conversion of Class I CCCPS and number of ordinary share to be issued shall be rounded to the nearest whole share.

**l) Terms of conversion / redemption of non-voting Class I-2**

- (i) During the year ended 31 March 2020, the Company issued 76,376 Non-Voting Class I-2 shares having a face value of ₹9000 each fully paid-up at a premium of 1,71,153 (rounded off) per share for a consideration other than cash to purchase certain specified assets and receive the benefit of certain covenants amounting to INR 13,75,93,65,528. Non-Voting Class I-2 are issued at a preferential dividend rate of 0.00000010% and will not carry a preferential right vis-à-vis equity shares with respect to the payment of dividend.
- (ii) Until conversion, Non-Voting Class I-2 shall not at any point in time carry any voting rights, even if dividend has not been paid by the Company for 2 (two) years. The Ordinary Shares arising from the Conversion of all of the Class I-2 ("Holder Equity Shares") shall constitute no more than 9.99% of the total paid up voting share capital of the Company immediately subsequent to the issuance of the Holder Equity Shares.
- (iii) Non-Voting Class I-2 holder shall be entitled to convert all, but not less than all the Class I-2 into Ordinary Shares upon the earlier of: (a) expiry of 2 (two) years from the date of allotment of the Non-Voting Class I-2; or (b) the Company receiving investment from one or more bona fide financing transactions of an aggregate amount of USD 550 million in cash.
- (iv) Non-Voting Class I-2 shall automatically be converted into Ordinary Shares upon the earlier of: (i) 1 (One) day prior to the expiry of 20 (Twenty) years from the date of allotment; or (ii) in connection with a Listing or any listing of Shares (as defined under the Articles of Association), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the relevant competent authority or such later date as may be permitted under applicable Laws.
- (v) Non-Voting Class I-2 shall be entitled to liquidation preference only to the extent provided under the Companies Act, 2013.

**14 (a) Share capital(contd.)**

**m) Terms of conversion / redemption of issue of class J CCCPS**

- (i) During the year ended 31 March 2020, the Company issued 11,777 Class J of face value of ₹6700 each fully paid-up at a premium of 293535.204 (rounded off) per share. The Class J CCCPS are issued at a preferential dividend rate of 0.00000015% (Zero point Zero Zero Zero Zero Zero One Five per cent.) on the face value of Rs. 6,700 (Rupees Six Thousand Seven Hundred only) per annum (the "Class J Preferential Dividend"). The Class J Preferential Dividend is cumulative and shall accrue from year to year whether or not paid, and accrued dividends shall be paid in full (together with dividends accrued from prior years) pair passu with the preferential dividend on the CCCPS and the CCPS but prior and in preference to any dividend or distribution payable upon Shares of any other class or series in the same fiscal year. In addition to and after payment of the Class J Preferential Dividend, each Class J CCCPS would be entitled to participate pair passu in any cash or non-cash dividends paid to the holders of Shares of any other class (including Ordinary Shares) or series on a pro rata, on a Fully Diluted Basis.
- (ii) The holders of the Class J shall be entitled to receive notice of and vote on all matters that are submitted to the vote of the Shareholders of the Company (including the holders of Ordinary Shares). Each Class J shall entitle the holder to the number of votes equal to the number of whole or fractional Ordinary Shares into which such Class J could then be converted.
- (iii) Each Class J may be converted into Ordinary Shares at any time at the option of the holder of the Class J or subject to the compliance with applicable Laws, each Class J shall automatically be converted into Ordinary Shares, in the manner provided in Clause 84 of Articles of Association of the Company, upon the earlier of: (i) 1 (One) day prior to the expiry of 20 (Twenty) years from the date of allotment; or (ii) in connection with a Listing (or any listing of Shares), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.
- (iv) The assets available for distribution pursuant to a Liquidation Event or Deemed Liquidation shall be distributed in the manner provided in the Articles of Association of the Company. The Company will make the payments of the Preference Amounts to the holders of these Class J CCCPS in the manner provided in the Articles of Association of the Company and to do all such things as may be reasonably necessary.
- (v) The Company will issue ordinary share pursuant to the conversion of any Class J CCCPS, shall be that number, obtained by multiplying the total number of Class J CCCPS held by the respective holder, with the applicable Conversion Ratio as determined, in the manner provided in Clause 84 of Articles of Association of the Company. No fractional shares shall be issued upon conversion of the Class J CCCPS, and the number of Ordinary Shares to be issued shall be rounded to the nearest whole Share.

**n) Terms of conversion / redemption of issue of class J-2 CCCPS**

- (i) During the year ended 31 March 2020, the Company issued 1,177 Class J2 of face value of ₹6700 each fully paid-up at a premium of 3,16,344.717 (rounded off) per share. Class J2 CCCPS are issued at a preferential dividend rate of 0.00000015% (Zero point Zero Zero Zero Zero Zero One Five per cent.) on the face value of Rs. 6,700 (Rupees Six Thousand Seven Hundred only) per annum (the "Class J2 Preferential Dividend"). The Class J2 Preferential Dividend is cumulative and shall accrue from year to year whether or not paid, and accrued dividends shall be paid in full (together with dividends accrued from prior years) pair passu with the preferential dividend on the CCCPS and the CCPS but prior and in preference to any dividend or distribution payable upon Shares of any other class or series in the same fiscal year. In addition to and after payment of the Class J2 Preferential Dividend, each Class J2 CCCPS would be entitled to participate pair passu in any cash or non-cash dividends paid to the holders of Shares of any other class (including Ordinary Shares) or series on a pro rata, on a Fully Diluted Basis.
- (ii) The holders of the Class J2 shall be entitled to receive notice of and vote on all matters that are submitted to the vote of the Shareholders of the Company (including the holders of Ordinary Shares). Each Class J2 shall entitle the holder to the number of votes equal to the number of whole or fractional Ordinary Shares into which such Class J2 could then be converted.
- (iii) Each Class J2 may be converted into Ordinary Shares at any time at the option of the holder of the Class J2. Each Class J2 shall automatically be converted into Ordinary Shares, in the manner provided in Clause 86 of Articles of Association of the Company, upon the earlier of: (i) 1 (One) day prior to the expiry of 20 (Twenty) years from the date of allotment; or (ii) in connection with a Listing, prior to the filing of a prospectus by the Company with the competent authority or such later date as may be permitted under applicable Laws.
- (iv) The assets available for distribution pursuant to a Liquidation Event or Deemed Liquidation shall be distributed in the manner provided in the Articles of Association of the Company and the Shareholders Agreement, as the case may be. The Company will make the payments of the Preference Amounts to the holders of these Class J2 CCCPS in the manner provided in the Articles of Association of the Company and to do all such things as may be reasonably necessary.
- (v) The Company will issue ordinary share pursuant to the conversion of any Class J2 CCCPS, shall be that number, obtained by multiplying the total number of Class J2 CCCPS held by the respective holder, with the applicable Conversion Ratio as determined, in the manner provided in Clause 86 of Articles of Association of the Company. No fractional shares shall be issued upon conversion of the Class J2 CCCPS, and the number of Ordinary Shares to be issued shall be rounded to the nearest whole Share.

**o) Terms of conversion / redemption of issue of class J-3 CCCPS**

- (i) During the year ended 31 March 2021, the Company issued 15,188 Class J3 of face value of ₹6700 each fully paid-up at a premium of 293535 per share. Class J3 are issued at a preferential dividend rate of 0.00000015% and the dividend is cumulative and shall accrue from year to year whether or not paid, and accrued dividends shall be paid in full (together with dividends accrued from prior years) pair passu with the preferential dividend on the CCCPS and the CCPS but prior and in preference to any dividend or distribution payable upon shares of any other class or series in the same fiscal year. In addition to and after payment of the Preferential Dividend, each Class J3 would be entitled to participate pair passu in any cash or non-cash dividends paid to the holders of Shares of any other class (including Ordinary Shares) or series on a pro rata, on a Fully Diluted Basis.
- (ii) The holders of the Class J3 shall be entitled to receive notice of and vote on all matters that are submitted to the vote of the Shareholders of the Company (including the holders of Ordinary Shares). Each Class J3 shall entitle the holder to the number of votes equal to the number of whole or fractional Ordinary Shares into which such Class J3 could then be converted.
- (iii) Each Class J3 may be converted into Ordinary Shares at any time at the option of the holder of the Class J3 or subject to the compliance with applicable Laws, each Class J3 shall automatically be converted into Ordinary Shares, in the manner provided in Clause 87 of Articles of Association of the Company, upon the earlier of: (i) 1 (One) day prior to the expiry of 20 (Twenty) years from the date of allotment; or (ii) in connection with a Listing (or any listing of Shares), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.
- (iv) The assets available for distribution pursuant to a Liquidation Event or Deemed Liquidation shall be distributed in the manner provided in the Articles of Association of the Company and the Shareholders Agreement. The Company will make the payments of the Preference Amounts to the holders of these Class J3 CCCPS in the manner provided in the Articles of Association of the Company and the Shareholders Agreement and to do all such things as may be reasonably necessary.
- (v) The Company will issue ordinary share pursuant to the conversion of any CCCPS, shall be that number, obtained by multiplying the total number of Class J3 CCCPS held by the respective holder, with the applicable Conversion Ratio as determined in the manner provided in Clause 87 of Articles of Association of the Company. No fractional shares shall be issued upon conversion of the Class J3 CCCPS, and the number of Ordinary Shares to be issued shall be rounded to the nearest whole Share.

\* The acquisition of an additional ownership interest in a subsidiary without a change of control is accounted for as an equity transaction in accordance with Ind AS 110. Any excess or deficit of fair value of consideration paid over the carrying amount of the non-controlling interests is recognised in equity of the parent in transactions where the non-controlling interests are acquired or sold without loss of control. The Group has elected to recognise this effect in the retained earnings.

\*\* The disaggregation of changes in 'Foreign Currency Translation Reserve' is disclosed in consolidated statement of changes in equity

#### 14 (c) Nature and purpose of Reserves

##### Capital reserve

The Group recognizes profit or loss on purchase, sale, issue or cancellation of the Group's own equity instruments to capital reserve

##### Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

##### Foreign currency translation reserve

Exchange differences arising on translation of the foreign operations are recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

##### Share based payment reserve

The share options based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

##### Retained earnings

Retained earnings are the profits/(loss) that the Group has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to consolidated statement of profit and loss. Retained earnings is a free reserve available to the Group and eligible for distribution to shareholders, in case where it is having positive balance representing net earnings till date.

**Contract Balances**

The following table provides information about receivables, contracts assets, and contract liabilities from contracts with customers.

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
Trade Receivables (Unconditional right to consideration)*	993.62	985.84
Contract assets (Refer note 1 below)	305.06	245.33
Contract liabilities (Refer note 2 below)	882.35	1,738.20

\* The amounts is net of contract assets INR 305.06 Millions (31 March 2020: INR 245.33 Millions).

Notes:

- The contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date. The contract assets are transferred to the receivables when the rights become unconditional.
- Contract liabilities relates to payments received in advance of performance and unearned revenue against which amount has been received from customer but services are yet to be rendered on the reporting date either in full or in parts. Contract liabilities are recognized evenly over the period of service, being performance obligation of the Group.

Contract liabilities consist of unearned revenue, which is recorded when the Group has received consideration in advance of transferring the performance obligations under the contract to the customer.

a) Changes in unearned revenue during the year ended were as follows:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
<b>Opening balance</b>	<b>1,438.84</b>	<b>1,497.66</b>
Add: Unearned Revenue	257.07	897.12
Less: Revenue recognized	(1,020.41)	(855.43)
Less: Cumulative catch-up adjustments to revenue due to a contract modification or foreign exchange difference	(81.62)	(100.51)
<b>Closing balance</b>	<b>593.88</b>	<b>1,438.84</b>

The transaction price allocated to the remaining performance obligations as at 31 March 2021 and 31 March 2020 are as follows:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
To be recognised within one year	454.86	1,181.52
To be recognised in more than one year	139.02	257.32
<b>Closing Balance</b>	<b>593.88</b>	<b>1,438.84</b>

The remaining performance obligations expected to be recognised in more than one year relate to the subscription revenue that is to be satisfied within two years. All the other remaining performance obligations are expected to be recognised within one year.

b) Changes in advances from customers during the year ended were as follows:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
<b>Opening balance</b>	<b>299.36</b>	<b>284.68</b>
Less: Revenue recognized	(103.22)	(193.15)
Add: Advances received during the year	92.32	207.83
<b>Closing balance</b>	<b>288.46</b>	<b>299.36</b>

**30 Earning per equity share**

Basic Earnings Per Share (EPS) and Diluted Earnings Per Share (EPS) amounts are calculated by dividing the loss for the year attributable to equity shareholders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations.

	For the year ended 31 March 2021	For the year ended 31 March 2020
Loss attributable to equity holders of the Parent (₹ Mn.)	(8,128.16)	(23,671.58)
Weighted average number of equity shares in calculating basic and diluted EPS (no.'s)	5,366,399,415	4,367,688,683
Face value of equity shares (₹)	1	1
Basic and diluted earnings per share (₹)	(1.51)	(5.42)

Subsequent to March 31, 2021, on April 6, 2021, the Company issued the bonus share in the ratio of 1:6699 to the existing equity shareholder and to the ESOP holders. Further, the Company has also converted the CCCPS of Class A to C and CCPS of Class E to the equity shares in to ratio 1:1, CCCPS of Class D and CCPS of Class F in the ratio of 1:1.125. For other class of CCCPS, the Company has converted the CCCPS in the ratio of 1:6700. The impact of the same has been considered in the calculation of Basic and Diluted EPS.

During the year ended March 31, 2020, while calculating the basic and diluted earnings per share, the Company had not considered the Compulsory Convertible Cumulative Preference Shares (CCCPS) and the same has been considered in the EPS reported for the year ended March 31, 2020 above.

*(This space has been intentionally left blank)*

**31 Significant accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**Judgements**

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the financial year, are described below:

- a. The Group based its assumptions and estimates on parameters available when the consolidated financial statement were prepared.
- b. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

**Share-based payments**

Employees of the Group receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions). In accordance with the Ind AS 102 Share Based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Further details about Share-based payments are given in note 36.

**Defined benefit plans (gratuity benefits)**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality table. The mortality table tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in note 35.

**Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques and inputs to be used. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**Lease**

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group may adopt the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

**Compulsorily Convertible Cumulative Preference Shares (CCCPS)**

The Group has classified the CCCPS instruments as an equity since it is a non-derivative instrument and at present have no contractual obligation for the Group to deliver a variable number of its equity instruments. The issuance of new Shares which may trigger the anti-dilution protection, is within the control of the Group and also the Group has no contractual obligation for the same, hence, the anti-dilution provision does not trigger liability classification.

**Loss allowance on trade receivables**

An impairment analysis of trade receivables is performed based on the Group's history of collections existing market conditions as well as forward looking estimates. In calculating expected credit loss, the Group has also considered the likelihood of consequential default considering emerging situations due to COVID-19 and has taken into account estimate of possible effects from the pandemic resulting due to COVID-19. Basis this assessment, the allowance for doubtful trade receivables as at 31 March 2021 and 31 March 2020 is considered adequate.

**Impairment of Goodwill**

Goodwill recognised on business combination is tested for impairment on annual basis or whenever there is an indication that the recoverable amount of the cash generating unit (CGU) is less than the carrying amount. The calculation of value in use of a CGU involves use of significant assumptions including future economic and market conditions.

**Business combinations**

As disclosed in Note 2.3 (b), Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. In cases, where the Group holds less than half of the voting rights of an investee, significant judgement is required by management to determine whether the Group has control over the investee, which is established if and only if the Group has:

- a. Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- b. Exposure, or rights, to variable returns from its involvement with the investee, and
- c. The ability to use its power over the investee to affect its returns

Further details about business combinations are given in note 32 (a) and (b)

**Incentives**

As disclosed in Note 2.3 (j), the Group provides incentives to its transacting users in various forms including credits and direct payment discounts to promote traffic on its platform. All incentives given to the users where the group is responsible for delivery are recorded as a reduction of revenue to the extent of the revenue earned from that user on a transaction by transaction basis. The amount of incentive in excess of the revenue earned from the transacting users is recorded as advertisement and sales promotion expense. In other cases, where group is not responsible for delivery, management is required to determine whether the incentives are in substance a payment on behalf of the restaurant merchants and should therefore be recorded as a reduction of revenue or advertisement and sales promotion expenses. Some of the factors considered in management's evaluation of such incentives being payments on behalf of restaurant merchants include whether the incentives are given at the Group's discretion, contractual agreements with the restaurant merchants, business strategy and objectives and design of the incentive program(s), etc.

*(This space has been intentionally left blank)*

**32 a. Business combinations and acquisition of non- controlling interests**

**Acquisition during the year ended 31 March 2021**

**Acquisition of Jogo Technologies Private Limited**

On 16 January 2021, the Company entered into a Share purchase agreement for acquiring 64.56% interest in Jogo Technologies Private Limited ("Jogo") at a total consideration of INR 468.42 Million. Jogo is a non-listed Company based in India and engages in the operation and maintenance of sports and fitness facilities.

**Assets acquired and liabilities assumed**

The fair values of the identifiable assets and liabilities of Jogo Technologies Private Limited as at the date of acquisition were:

	<b>Balances recognised on acquisition</b>
<b>Assets</b>	
Property, plant and equipment	27.12
Loans	5.33
Prepayments and other assets	5.29
Right to use asset	148.79
Trade receivables	1.82
Cash and cash equivalents	6.01
Other bank balances	0.60
Current tax assets	0.23
Other financial assets	0.33
<b>Total Assets</b>	<b>195.52</b>
<b>Liabilities</b>	
Borrowings	30.15
Trade payables	12.35
Provisions	5.20
Other financial liabilities	15.73
Lease Liabilities	187.19
Other current liabilities	61.17
<b>Total Liabilities</b>	<b>311.79</b>
Identifiable net assets at fair value	(116.27)
Fair value of intangible assets	
- Trade mark	70.35
- Customer Contract & Relationship	55.97
- Distribution Network	3.54
- Technology platform	115.63
<b>Total</b>	<b>129.22</b>
Share in opening loss of the subsidiary	83.20
Share in equity	0.22
Goodwill arising on acquisition	384.99
<b>Total Purchase consideration</b>	<b>468.41</b>
Non-Controlling interests (refer statement of changes in equity)	<b>45.80</b>

The fair value of the trade receivables amounts to INR 2.30 Millions is equivalent to the gross amount of trade receivables. However, INR 0.48 Millions of the trade receivables is credit impaired and it is expected that the remaining contractual amounts can be collected.

The goodwill of INR 384.99 Millions comprises the value of expected synergies arising from the acquisition. None of the goodwill recognised is expected to be deductible for income tax purposes.

If the acquisition had taken place at the beginning of the year, revenue from continuing operations would have been higher by INR 11.71 Millions and the loss before tax from continuing operations for the Group from Jogo would have been higher by INR 109.08 Millions.

From the date of acquisition, Jogo Technologies Private Limited has contributed INR 14.75 Millions of revenue\* and INR 104.37 Millions of loss\* to the loss before tax from operations of the Group.

\* Before inter-company eliminations

**Purchase consideration**

Shares to be issued, at fair value *	0.00
Share premium	264.70
Cash consideration paid	203.71
<b>Total purchase consideration</b>	<b>468.41</b>

\* Value less than ₹ 10,000

**Analysis of cash flows on acquisition:**

Transaction costs of the acquisition of subsidiary (included in cash flows from investing activities)	0.01
Net cash acquired with the subsidiary (included in cash flows from investing activities)	6.61
<b>Net cash flow on acquisition</b>	<b>6.62</b>

**32 b. Business combinations and acquisition of non- controlling interests**

**Acquisition during the year ended 31 March 2020**

**1. Acquisition of Uber Eats Assets**

The Group entered into an agreement dated 21 January 2020 to purchase 'Uber Eats Asset' in India, which is the core asset for 'Uber Eats Business' along with Non-Compete and Brand License arrangement for India from Uber India Systems Private Limited ("UISPL"), for a consideration payable through issuance of the Group's Series Non-Voting 0.00000010% Class I-2 CCCPS amounting to INR 13,759.52 Millions. The management has assessed and accounted for this transaction as business combination based on the followings facts:

- Uber Eats Assets acquired can be integrated with Group's available inputs/processes i.e. tech platform, salesforce etc. to generate outputs in the form of Food Delivery Orders.
- UISPL was desirous of exiting the India market for food delivery services and through this transaction has ceased the business for the next 3 years.

**Assets acquired and liabilities assumed**

The fair values of the identifiable assets of UISPL as at the date of acquisition (21 January 2020) were:

	<b>Balances recognised on acquisition</b>
<b>Identifiable net assets at fair value</b>	
Brand license	1,234.37
Non compete obligations	1,354.44
Goodwill (Uber eats assets)	11,170.71
<b>Total Purchase consideration</b>	<b>13,759.52</b>
<b>Purchase consideration</b>	
Shares to be issued, at fair value	687.39
Share premium	13,071.98
Cash consideration paid	0.15
<b>Total purchase consideration</b>	<b>13,759.52</b>

The Uber Eats Assets valued and invoiced at INR 11,170.71 Millions comprise of various items such as Uber Eats Data, Uber Eats Contracts and the Transition services provided by UISPL. The rights, title and interest in the Uber Eats Assets were transferred to the Group on the closing date as per the agreement. Since these assets are composite, they could not be identified and recognised distinctly and thus have been recognised in the accounts as goodwill.

**Analysis of cash flows on acquisition:**

Transaction cost on acquisition of business (included in cash flows from investing activities)	0.15
<b>Net cash flow on acquisition</b>	<b>0.15</b>

The Group has issued 76,376 no of CCCPS which has been classified as financial liability (refer note 17) and paid cash of INR 0.15 Millions as consideration for the acquisition of business. The fair value of the shares is calculated with reference to the valuation of the shares of UISPL at the date of acquisition, which was INR 1,80,153 each. The fair value of the share consideration given is therefore INR 13,759.37 Millions.

**2. Business Transfer Agreement with Carthero Technologies Private Limited**

During year ended 31 March 2020, business transfer agreement has been executed on 16 August 2019 ('the BTA') between Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited) ("ZPL") and Carthero Technologies Private Limited ("CTPL"), pursuant to provisions of the Companies Act, 2013 ("the Act") and rules framed thereunder.

CTPL agreed to sell, transfer, convey and deliver to Zomato, the Delivery Business (as defined hereinafter) as a going concern on a slump sale basis (as defined in Section 2(42C) of the Income Tax Act, 1961) for a lump sum consideration of INR 10 Millions without values being assigned to individual assets and liabilities.

The BTA was approved by respective board of directors of both the companies. The BTA became effective from 16 August 2019.

"Delivery Business" includes business of providing food delivery services through the help of technology platform and related assets and liabilities.

There is no impact of the business transfer on the consolidated financial information.

\* The Board of Directors of the Group, at its meeting held on 08 August 2019 approved the acquisition of 12.56% stake from the minority shareholders of Carthero Technologies Private Limited for a purchase consideration of INR 0.1 Millions. Post this acquisition Carthero Technologies Private Limited had become the wholly owned subsidiary of Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited). The Business Transfer Agreement became effective from 16 August 2019.

# Cash flows upto the date of acquisition.

\*\* From the date of acquisition i.e. 16 January 2021 (refer note 32a).

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**

Notes to Consolidated Financial Statements for the year ended 31 March 2021

CIN : U93030DL2010PTC198141

*(All amount in INR Millions unless otherwise stated)***34. Interest in Joint Venture Company (JVC)**

The Group has a 49% interest in Zomato Media WLL, a joint venture involved in the General marketing services.

The Group's interest in Zomato Media WLL is accounted for using the equity method in the consolidated financial information. Summarised financial information of the joint venture, based on its consolidated financial information, and reconciliation with the carrying amount of the investment in consolidated financial information are set out below:

**Summarised balance sheet as at:**

<b>Particulars</b>	<b>As at 31 March 2021</b>	<b>As at 31 March 2020</b>
Current assets, including cash and cash equivalents NIL (31 March 2020: INR 1.99 Millions) and prepayments INR NIL (31 March 2020: INR 0.35 Millions)	-	2.34
Non-current assets	0.55	0.46
Current liabilities	(0.10)	(5.31)
Non - current liabilities	-	-
<b>Equity</b>	<b>0.45</b>	<b>(2.51)</b>
Proportion of the Group's ownership	49%	49%
<b>Group's share in equity</b>	<b>0.22</b>	<b>(1.23)</b>
<b>Carrying amount of investment as at 31 March 2021 and 31 March 2020</b>	<b>-</b>	<b>-</b>

**Summarised statement of profit and loss**

Revenue from operations	-	0.14
Other income	3.02	0.22
Employee benefits expense	0.01	0.02
Finance Costs	0.06	-
Other expenses	-	2.77
Depreciation and amortization expense	-	0.24
<b>Net (loss)/profit</b>	<b>2.95</b>	<b>(2.67)</b>
Proportion of the Group's ownership	49%	49%
<b>Group's share of profit/(loss) for the year</b>	<b>1.45</b>	<b>(1.31)</b>

The Group had no contingent liabilities or capital commitments relating to its interest in Zomato Media WLL as at 31 March 2021 and 31 March 2020.

The carrying value of investment in the joint venture is nil as the share of accumulated losses is higher than the investment in joint venture, hence Group's share of profit/(loss) is not reported in consolidated financial statements.

*(This space has been intentionally left blank)*

Above 30 Years	25.00%	25.00%	25.00%	25.00%

\* For the year ended 31 Mar 2021 employee turnover (age) in Tonguestun Food Networks Private Limited: 35% ( 31 March 2020 : 35%); Zomato Internet Private Limited: 8% ( 31 March 2020 : 8%) and Zomato Food Private Limited : 8% ( 31 March 2020 : NA)

# For the year ended 31 Mar 2021 future salary increases for Zomato Entertainment Private Limited is 11% (31 March 2020 : 10%) and Zomato Internet Private Limited was 10% (31 March 2020 : 15%).

**A quantitative sensitivity analysis for significant assumption is as shown below:**

Particulars	As at 31 March 2021	As at 31 March 2020
	<b>Sensitivity level</b>	
Discount rate	1% increase	(13.25)
	1% decrease	14.63
Future salary increase	1% increase	13.15
	1% decrease	(12.39)
Attrition rates	10% increase	(14.18)
	10% decrease	16.40

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting date. The average age of the membership data supplied at the end of the reporting year is 28.04 - 35.57 years (31 March 2020: 27.51- 31.11 years). The weighted average duration of defined benefit obligation, at the end of the reporting year is 2.02 - 20.28 years (31 March 2020: 4.91- 17.98 years).

**Maturity analysis**

	31 March 2021	31 March 2020
Less than one year	37.11	25.93
Year 1-2	36.97	24.46
Year 2-5	118.68	49.47
Over 5 year	181.60	166.54

**B Defined Contribution Plan**

During the year, the Group has recognised the following amounts in the consolidated statement of profit and loss:

	31 March 2021	31 March 2020
Employee contribution to Employee State Insurance:	1.18	2.77
Employee contribution towards provident fund and other funds	161.12	193.28

**C** Compensated absence : The amount of the provision INR 51.65 Millions (31 March 2020: INR 66.97 Millions)

### 36 Share-based payments

General Employee Share-option Plan (GESP): Employee Stock Option Plan –ESOP-2014

The Group instituted the Employee Stock Option Plan(s) to grant equity based incentives to eligible employees of Group and its subsidiaries. The ESOP plan- FOODIEBAY Employee Stock Option Plan 2014 (“The Scheme”) has been approved by the Board of Directors of the Holding Company at their meeting held on 22 April 2014 (further amended at their meeting held on 30 March 2017) and by the shareholders of the Holding Company by way of special resolution passed at their Annual General Meeting held on June 27, 2014 (further amended at their meeting held on 31 March 2017) for grant aggregating 27,089 options of the Company. The Scheme covers grant of options to the specified permanent employees of the Holding Company and its subsidiaries including any Director whether whole-time or otherwise but excluding the Independent Director and promoter of the Company. The Group further granted 5,364 options under the ESOP scheme at the extra ordinary general meeting held on September 07, 2015 and 9,313 options under the ESOP scheme at the extra ordinary general meeting held on March 04, 2016.

The Zomato Employee Stock Option Plan 2018 (“The 2018 Scheme”) has been approved by the Board of Directors of the Holding Company at their meeting held on 20 July 2018 and by the shareholders of the Holding Company by way of ordinary resolution passed at their Extraordinary General Meeting held on October 22, 2018 for granting aggregate 30,150 options which were reduced to 18,135 options vide Extraordinary General Meeting held on 04 September 2020. The Scheme covers grant of options to the specified permanent employees of the Group including any Director whether whole-time or otherwise but excluding the promoters, Independent Director and directors who either himself or through his relative or through any body corporate, directly or indirectly holds more than 10% of the outstanding equity shares of the Company.

The options granted under the Scheme shall vest not less than one year and not more than 5 years from the date of grant of such Options. Option can be exercised at the time of liquidity event or as decided by the Board.

The options granted under the 2018 Scheme would vest within the minimum period of one (1) year and maximum period of ten (10) years from the date of grant of such Options. Option can be exercised at the time of liquidity event as per the provision outlined in the 2018 Scheme and the equity shares arising on exercise of such options shall not be subject to any lock-in period.

Movements during the year

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year:

2014 Scheme	31 March 2021		31 March 2020	
	Number	WAEP	Number	WAEP
<b>Outstanding at 1 April</b>	35,766	INR 9,030	36,857	INR 8,762
Granted during the year	12,008	INR 20,783	5,835	INR 1
Forfeited during the year	-	-	49	INR 1
Cancelled during the year *	11,053	INR 8,828	-	-
Pool adjustment during the year	4,766	INR 1	-	-
Exercised during the year	-	-	-	-
Expired during the year	3,528	INR 19,333	6,877	INR 1
<b>Outstanding at the end of the year</b>	37,959	INR 11,751	35,766	INR 9,030
Exercisable at the end of the year	16,210	INR 12,887	25,061	INR 12,700

2018 Scheme	31 March 2021		31 March 2020	
	Number	WAEP	Number	WAEP
<b>Outstanding at 1 April</b>	23,122	INR 1	15,354	INR 1
Granted during the year	1,200	INR 1	10,287	INR 1
Forfeited during the year	-	-	-	-
Cancelled during the year *	977	INR 1	-	-
Pool adjustment during the year	-4,766	INR 1	-	-
Exercised during the year	-	-	-	-
Expired during the year	3,193	INR 1	2,519	INR 1
<b>Outstanding at the end of the year</b>	15,386	INR 1	23,122	INR 1
Exercisable at the end of the year	6,148	INR 1	2,727	INR 1

\* During the current year, the parent and subsidiary companies has paid INR 1,756.65 Mn (INR 1,139.67 by parent company) against cancellation of vested options for past employees. Out of this, INR 2.93 Mn has been charged to Statement of profit and loss, INR 578.95 Mn (INR 333.19 by parent company) has been reversed from Share-based payment reserve and INR 1,174.78 Mn (INR 806.47 by parent company) has been adjusted from Retained earnings.

Total expense arising from share based payment transaction for the year is INR 1,420.62 Mn (31 March 2020: INR 985.33 Mn) has been charged to consolidated statement of profit and loss.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**  
**Notes to Consolidated Financial Statements for the year ended 31 March 2021**  
**CIN: U93030DL2010PTC198141**  
*(All amount in INR Millions unless otherwise stated)*

The weighted average remaining contractual life for the share options outstanding as at 31 March 2021 was 7.4 years (31 Mar 2020 : 7.45 years)  
The weighted average fair value of options granted during the year was INR 147,723 (31 Mar 2020 :144,864)  
The range of exercise prices for options outstanding at the end of the year was INR 1 to INR 250,000 (31 Mar 2020 : INR 1 to 142,585)

The following tables list the inputs to the models used for the GESP plans for the year ended 31 March 2021 and 31 March 2020:

	<b>31 March 2021</b>	<b>31 March 2020</b>
	<b>GESP</b>	<b>GESP</b>
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	55.76% - 57.79%	50.00%
Risk-free interest rate (%)	3.97%- 5.48%	5% - 7.1%
Expected life of share options	1.3 to 4 years	5 to 6 years
Model used	Black Scholes valuation model	

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

There are no non market performance conditions existing as at 31 March 2021 and 31 March 2020.

During the current year, Jogo Technologies Private Limited (acquired during the year) has paid INR 15.86 Mn against cancellation of vested options granted to employees under the Jogo Technologies Private Limited employee stock option plan. Out of this INR 3.62 Mn has been reversed from Share-based payment reserve and INR 12.24 Mn has been adjusted from Retained earnings.

*(This space has been intentionally left blank)*

### 37. Leases

#### a) First time adoption of Ind AS 116- Leases

Effective 01 April 2019 the Group adopted Ind AS 116 “Leases” and applied the standard to all lease contracts existing on 01 April 2019 using the modified retrospective method. ROU are measured at cost comprising the amount of the initial measurement of lease liability, any lease payments made at or before the commencement date and any initial direct costs less any lease incentives received. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The following is the summary of practical expedients elected on initial application:

1. Applying a single discount rate to a portfolio of leases with reasonably similar characteristics
2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
4. The Group has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Group relied on its assessment made applying Ind AS 17 and Appendix C to Ind AS 17, determining whether an arrangement contains a lease.

The weighted average incremental borrowing rate applied to lease liabilities is 11%.\*

\*For Jogo Technologies Private Limited the weighted average borrowing rate to lease liabilities is 17%.

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year:

	<b>Amount</b>
<b>As at 01 April, 2019</b>	<b>963.21</b>
Additions	307.29
Deletions	(332.10)
Depreciation expense	(270.18)
<b>As at 31 March, 2020</b>	<b>668.22</b>
Asset acquired on acquisition	148.79
Additions	55.99
Deletions	(101.49)
Depreciation expense	(166.55)
<b>As at 31 March, 2021</b>	<b>604.96</b>

Set out below are the carrying amounts of lease liabilities and the movements during the year:

	<b>Amount</b>
<b>As at 01 April, 2019</b>	<b>963.21</b>
Additions	307.29
Deletions	(354.16)
Accretion of interest	110.20
Payments	(309.42)
<b>As at 31 March, 2020</b>	<b>717.12</b>
Liability acquired on acquisition	187.19
Additions	55.99
Deletions	(107.43)
Accretion of interest	63.95
Payments (includes INR 15.86 Million rent waiver) *	(204.56)
<b>As at 31 March, 2021</b>	<b>712.26</b>

The following is the break-up of current and non-current lease liabilities:

<b>Particulars</b>	<b>As at</b>	<b>As at</b>
	<b>31 March, 2021</b>	<b>31 March 2020</b>
Current lease liabilities	182.40	152.88
Non-current lease liabilities	529.86	564.24
<b>Closing balance</b>	<b>712.26</b>	<b>717.12</b>

The following are the amounts recognised in statement of profit and loss

<b>Particulars</b>	<b>As at</b>	<b>As at</b>
	<b>31 March, 2021</b>	<b>31 March 2020</b>
Depreciation expense of right-of-use assets	166.55	270.18
Interest on lease liabilities	63.95	110.20
Gain on termination of lease contracts	(5.93)	(22.07)
Rent waiver *	(15.86)	-
<b>Total</b>	<b>208.71</b>	<b>358.31</b>

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**

**Notes to Consolidated Financial Statements for the year ended 31 March 2021**

**CIN: U93030DL2010PTC198141**

*(All amount in INR Millions unless otherwise stated)*

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

<b>Particulars</b>	<b>As at</b>	<b>As at</b>
	<b>31 March, 2021</b>	<b>31 March, 2020</b>
Less than one year	222.00	218.76
One to five years	572.56	557.83
More than five years	176.93	149.20
<b>Closing balance</b>	<b>971.49</b>	<b>925.79</b>

The Group does not face a liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Rental expense recorded for short-term leases are INR 494.39 Millions (31 March 2020: INR 344.88 Millions) and for low value assets are INR 58.92 Million (31 March 2020: INR 42.33 Millions).

The aggregate depreciation on ROU assets has been included under depreciation and amortisation expense in the consolidated statement of profit and loss.

\* The Group has applied practical expedient in Indian Accounting Standard (Ind AS 116) notified vide Companies (Indian Accounting Standards) Amendment Rules, 2020 by Ministry of Corporate Affairs ('MCA') on 24 July 2020 to all rent concessions received as a direct consequence of COVID-19 pandemic. Accordingly, the Group recognized an amount of INR 15.86 Millions as other income (refer note 22) during the year ended 31 March, 2021.

*(This space has been intentionally left blank)*

### 38.1 Fair values

#### Financial instrument by category

The carrying value and fair value of financial instruments by categories as of 31 March 2021 were as follows:

Particulars	Amortised cost	Financial assets/ liabilities at fair value through profit or loss		Total carrying value	Total fair value
		Designated upon initial recognition	Mandatory		
<b>Assets:</b>					
Cash and cash equivalents (refer note 8)	3,065.46	-	-	3,065.46	3,065.46
Other bank balances (refer note 9)	5,971.12	-	-	5,971.12	5,971.12
Investments (current) (refer note 6)	-	-	22,052.48	22,052.48	22,052.48
Investments (non-current) (refer note 5)	-	-	-	-	-
Trade receivables (refer note 7)	1,298.68	-	-	1,298.68	1,298.68
Other financial assets (refer note 10)	36,358.12	-	-	36,358.12	36,358.12
<b>Total</b>	<b>46,693.38</b>	<b>-</b>	<b>22,052.48</b>	<b>68,745.86</b>	<b>68,745.86</b>
<b>Liabilities:</b>					
Trade payables (refer note 16)	2,971.63	-	-	2,971.63	2,971.63
Borrowings (refer note 15)	13.61	-	-	13.61	13.61
Lease liabilities (refer note 37)	712.26	-	-	712.26	712.26
Other financial liabilities (Non current) (refer note 17)	-	-	-	-	-
Other financial liabilities (Current) (refer note 17)	745.76	-	-	745.76	745.76
<b>Total</b>	<b>4,443.26</b>	<b>-</b>	<b>-</b>	<b>4,443.26</b>	<b>4,443.26</b>

The carrying value and fair value of financial instruments by categories as of 31 March 2020 were as follows:

Particulars	Amortised cost	Financial assets/ liabilities at fair value through profit or loss		Total carrying value	Total fair value
		Designated upon initial recognition	Mandatory		
<b>Assets:</b>					
Cash and cash equivalents (refer note 8)	1,672.00	-	-	1,672.00	1,672.00
Other bank balances (refer note 9)	1,926.84	-	-	1,926.84	1,926.84
Investments (current) (refer note 6)	-	-	3,239.21	3,239.21	3,239.21
Investments (non-current) (refer note 5)	-	-	-	-	-
Trade receivables (refer note 7)	1,231.17	-	-	1,231.17	1,231.17
Other financial assets (refer note 10)	298.63	-	917.45	1,216.08	1,216.08
<b>Total</b>	<b>5,128.64</b>	<b>-</b>	<b>4,156.66</b>	<b>9,285.30</b>	<b>9,285.30</b>
<b>Liabilities:</b>					
Trade payables (refer note 16)	2,687.34	-	-	2,687.34	2,687.34
Borrowings (refer note 15)	14.68	-	-	14.68	14.68
Lease liabilities (refer note 37)	717.12	-	-	717.12	717.12
Other financial liabilities (Non current) (refer note 17)	-	13,759.37	-	13,759.37	13,759.37
Other financial liabilities (Current) (refer note 17)	2,530.96	-	-	2,530.96	2,530.96
<b>Total</b>	<b>5,950.10</b>	<b>13,759.37</b>	<b>-</b>	<b>19,709.47</b>	<b>19,709.47</b>

The following methods / assumptions were used to estimate the fair values:

- The carrying value of bank deposits, trade receivables, cash and cash equivalents, trade payables and other financial assets and financial liabilities measured at amortised cost approximate their fair value, due to their short term nature.
- Fair value of quoted mutual funds is based on quoted market prices at the reporting date.
- Lease liabilities are measured at amortised cost, the carrying amounts approximate to fair values, as lease liabilities are recognised based on the present value of the remaining lease payments.
- Fair value of amount receivable on assignment of contract is estimated based on the valuation methodology defined below (refer note 38b). They are classified as level 3 fair values in the fair value hierarchy due to use of unobservable inputs.
- Fair value of other financial liabilities (non-current) is estimated based on the valuation methodology defined below (refer note 38b). They are classified as level 3 fair values in the fair value hierarchy due to use of unobservable inputs.

#### 38 b Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at 31 March 2021:

Particulars	As at 31 March 2021	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
<b>Assets</b>				
Investments in liquid mutual fund units (refer note 6)	22,052.48	22,052.48	-	-

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at 31 March 2020:

Particulars	As at 31 March 2020	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
<b>Assets</b>				
Investments in liquid mutual fund units (refer note 6)	3,239.21	3,239.21	-	-
Amount receivable on assignment of contract	917.45	-	-	917.45
<b>Liabilities</b>				
Compulsorily Convertible Cumulative Preference Shares - non-voting Class I-2 (refer note 17)	13,759.37	-	-	13,759.37

Description of significant unobservable inputs to valuation: <sup>1</sup>

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 31 March 2021 and 31 March 2020 are as shown below:

Particulars	Valuation technique	Significant unobservable inputs	Sensitivity to the input to fair value
<b>Liabilities</b>			
Compulsorily Convertible Cumulative Preference Shares - non-voting Class I-2 (refer note 17)	Back Solves method (Option pricing model)	i) Time to maturity ii) Volatility	Refer note below *
<b>Assets</b>			
Amount receivable on assignment of contract	Open-ended Option pricing method (Monte Carlo Simulation)	N/A	N/A

\* A quantitative sensitivity analysis for back solves method (option pricing model) is shown below:

Particulars	Sensitivity level	As at 31 March 2021	As at 31 March 2020
Time to maturity	0.5 year increase	-	41.62
	0.5 year decrease	-	(78.97)
Volatility	10 basis point increase	-	208.58
	10 basis point decrease	-	(321.70)

**Reconciliation of level 3 fair value measurements**

Particulars	As at 31 March 2021	As at 31 March 2020
Opening balance of other financial liabilities (non-current)	13,759.37	-
Gains or loss recognised in profit or loss	2,329.68	-
Additions	-	13,759.37
Disposal/ Extinguishment	(16,089.05)	-
<b>Closing balance of other financial liabilities (non-current)</b>	<b>-</b>	<b>13,759.37</b>

Particulars	As at 31 March 2021	As at 31 March, 2020
Opening balance of amount receivable on assignment of contracts	917.45	1,210.67
Gains or loss recognised in profit or loss	(917.97)	(359.40)
Exchange difference	0.52	66.18
<b>Closing balance of amount receivable on assignment of contracts</b>	<b>-</b>	<b>917.45</b>

<sup>1</sup> Disclosure added in current financial year.

**Financial risk management**

**Financial risk factors**

The Group's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer.

Risk management is carried out by senior management for cash and cash equivalent, trade receivable, deposits with banks, foreign currency risk exposure and liquidity risk.

**Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. The Group ensures optimization of cash through fund planning and robust cash management practices.

**i) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As majority of the financial assets and liabilities of the Group are either non-interest bearing or fixed interest bearing instruments, the Group's net exposure to interest risk is negligible.

**ii) Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The group's exposure to the risk of changes in foreign exchange rates relates primarily to the group's operating activities (when revenue or expense is denominated in a foreign currency). The Group operates internationally and some portion of the business is transacted in several currencies and consequently the Group is exposed to foreign exchange risk through its sales and services in the Middle East and elsewhere, and purchases from overseas suppliers in various foreign currencies

The following table analyses foreign currency risk from financial instruments as at 31 March 2021:

Particulars	USD	EUR	AED	Other currencies	Total
Cash and cash equivalents	421.28	179.58	953.55	231.40	1,785.82

Increase by 2.43%	-	-	53.42
Decrease by 2.43%	-	-	(53.42)

#### Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to INR 1,298.68 Millions (31 March 2020: INR 1,231.17 Millions). Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and Middle East. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account external and internal credit risk factors such as the Group's historical experience for customers and adjusted for forward-looking information.

The Group has established an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables and 12 months expected credit loss for other receivables. An impairment analysis is performed at each reporting date on an individual basis for major parties. In addition, a large number of minor receivables are combined into homogenous categories and assessed for impairment collectively.

Outstanding customer receivables are regularly and closely monitored. Basis historical trend, the Group provides for any outstanding beyond 180 days. The trade receivables on the respective reporting dates are net off the allowance which is sufficient to cover the entire lifetime loss of sales recognised including those that are currently less than 180 days outstanding.

#### Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Board, which has established an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group has no outstanding bank borrowings. The Group manages liquidity risk by maintaining adequate cash reserves, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. Accordingly, no liquidity risk is perceived.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2021:

Particulars	INR Millions			Total
	Less than 1 year	1-5 years	More than 5 years	
Trade payables	2,971.63	-	-	2,971.63
Borrowings	13.61	-	-	13.61
Other financial liabilities	745.76	-	-	745.76

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2020:

Particulars	INR Millions			Total
	Less than 1 year	1-5 years	More than 5 years	
Trade payables	2,687.34	-	-	2,687.34
Borrowings	-	14.68	-	14.68
Other financial liabilities	2,530.96	13,759.37	-	16,290.33

#### Capital management

For the purpose of the group capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity shareholders of the parent. The primary objective of the group's capital management is to maximise the shareholder value.

The group manages its capital structure and makes adjustments in light of changes in economic conditions to safeguard and continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders to maintain or adjust the capital structure, the group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. As of 31 March 2021 and 31 March 2020 the Group has no significant debt, therefore, there are no externally imposed capital requirements.

**41. Segment information**

The Group's operating businesses are organized and managed separately according to the geographical locations of the customers, with each segment representing a strategic business unit that serves different markets.

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Group's chief operating decision maker is the Chief Executive Officer and Directors.

The Group has identified geographical segments as reportable segments. The geographical segments comprise:

- 1) India
- 2) United Arab Emirates (UAE)
- 3) ROW (such as Australia, New Zealand, Philippines, Indonesia, Malaysia, USA, Lebanon, Turkey, Czech, Slovakia, Poland)

Revenue and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as unallowable expenses. Summarised segment information for the year ended 31 March 2021 and 31 March 2020 is as follows:

Year ended 31st March 2021						
Particulars	India	UAE	ROW	Total segments	Adjustments and Eliminations	Consolidated

(This space has intentionally been left blank)

**42. Details of dues to micro and small enterprises as defined under MSMED Act 2006**

<b>Particulars</b>	<b>31 March 2021</b>	<b>31 March 2020</b>
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year (A+B+C)	29.66	10.77
A) Principal amount due to micro and small enterprises	27.36	8.44
B) Interest due on above	-	0.02
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
C) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	2.30	2.31
The amount of interest accrued and remaining unpaid at the end of each accounting year	2.30	2.33
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management.

**43. Capital and other commitments**

(a) The Group has commitments for purchase/sale orders which are issued after considering requirements per operating cycle for purchase/sale of goods and services, employee benefits. The Group does not have any long term commitment or material non-cancellable contractual commitments/contracts which might have a material impact on the financial statements.

(b) The Group has estimated amount of contract remaining to be executed on capital account not provided for, net of advances as at 31 March 2021 is INR 1.46 Millions (31 March 2020: Nil).

(c) The Group has made long term strategic investments in certain subsidiary companies, which are in their initial/developing stage of operation and would generate growth and returns over a period of time. These subsidiaries/associates have incurred significant expenses for building the brand and market share which have added to the losses of these entities. The parent has committed to provide support to each of its subsidiaries in the event they are unable to meet their individual liabilities.

**44. Contingent Liability not provided for:**

1. As at 31 March 2021 INR 0.01 Millions (31 March 2020: INR 0.01 Millions) dividend in respect of 0.0001% and 0.00000015% compulsorily convertible cumulative preference share not provided for INR 0.01 Millions.

2. Claims against the Group not acknowledged as debts\*

a. The complainant has commenced an action in respect of use of his copyrighted work. The estimated pay-out is INR 20.00 Millions ( 31 March 2020: INR 20.00 Millions) should the action be successful. A trial date has not yet been set and therefore it is not practicable to state the timing of the payment, if any.

b. Disputed Excise / Service tax Demands INR 920.99 Millions ( 31 March 2020: Nil) -A Show Cause Cum Demand Notice received from Office of Directorate General of GST Intelligence, Mumbai Zonal Unit by Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited) in respect of period from Oct 2014 to Jun 2017 demanding payment of service tax on sales by foreign branches and subsidiaries.

c. Disputed Income tax Demands INR 7.66 Millions ( 31 March 2020: Nil ) - A demand notice was received for assessment year 2017-18 (Financial Year 2016-17) by Tonguestun Food Network Private Limited from Income tax office demanding taxes on premium received on account of share as being in nature of Special Income.

d. The Group has certain pending litigations pertains to consumer cases and other legal cases amounting to INR 8.74 Millions ( 31 March 2020: 6.61 Millions)

\*The Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Group's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition. Disclosed value are exclusive of interest and penalty.

3. During the year ended 31 March 2021, the Group has been served with a notice by Competition Commission of India under Regulation 48 of the Competition Commission of India (General) Regulation, 2009 read with section 43A of the Competition Act, 2002 (Act) in relation to the acquisition of Uber Eats and acquisition of shares in Zomato by Uber India. The management believes that this transaction is not covered in the regulation 48 of the Competition Commission of India (General) Regulation, 2009 and believes that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition.

**45.** As at the year ended on 31 March 2021 and year ended 31 March 2020 the group is having net deferred tax assets comprising of deductible temporary differences, brought forward losses and unabsorbed depreciation under tax laws. However in the absence of reasonable certainty as to its realization of Deferred Tax Assets (DTA), DTA has not been created. The unused tax losses expire upto 8 years and may not be used to offset taxable income of the Group.

<b>Particulars</b>	<b>As at 31 March 2021</b>	<b>As at 31 March 2020</b>
<b>Deferred tax liability</b>		
Impact of Business combination	59.53	-
	<b>59.53</b>	<b>-</b>
<b>Deferred tax assets</b>		
Deductible temporary difference	3,251.68	3,898.06
Brought forward losses	7,970.62	8,317.34
Unabsorbed depreciation	1,693.66	902.57
	<b>12,915.95</b>	<b>13,117.97</b>
Deferred tax assets recognised in the balance sheet	Nil	Nil

During the period ended 31 March 2021, the Group has closed the operations in the seven entities (refer note 48) due to which as on 31 March 2021, deferred tax assets for these entities has not been disclosed, as there is no benefit available in future due to closure of operation.

Government of India has inserted section 115BAA in the Income Tax Act 1961 (Act) vide the Taxation Laws (Amendment) Ordinance 2019 dated 20 September 2019 which provides a non-reversible option to domestic companies to pay corporate tax at reduced rate (i.e. 25.168%) effective from 01 April 2019 subject to certain conditions. The Company has assessed the applicability of the said provisions on its Indian Companies and elected to exercise the option provided under section 115BAA of the Act for financial year 2020-21 and onwards for all the Indian entities (except for Zomato Foods Private Limited). As a result, the relevant deferred tax balances have been remeasured as on 31 March 2021.

**Zomato Limited (formerly known as Zomato Private Limited and Zomato Media Private Limited)**

**Notes to Consolidated Financial Statements for the year ended 31 March 2021**

**CIN: U93030DL2010PTC198141**

*(All amount in INR Millions unless otherwise stated)*

---

46. On 01 March 2019, the Group assigned certain restaurant contracts pertaining to its delivery business in the United Arab Emirates (UAE) to Talabat Middle East Internet Services Group LLC ('Talabat') for a consideration amounting to USD 172 Millions (INR 11,919.61 Millions) to be paid either as upfront, deferred or upon rendering of services (ranging from 2-4 years, based upon management's estimate), as per terms of the agreement. Zomato will continue to render certain services to Talabat in UAE as part of this agreement. Further, the agreement also involves a contingent consideration amounting to USD 11 Millions (INR 762.30 Millions), to be paid to the Group at each anniversary, subject to compliance with certain performance conditions. As on 31 March 2020 the Group had recorded the contingent consideration of amounting to USD 12.28 Millions (INR 917.97 Millions) on the basis of fair valuation carried out by an independent valuer. During the year ended 31 March 2021, the Group has revisited their estimates and concluded that they will not be able to meet the performance conditions. Accordingly, the Group has reversed the contingent consideration during the year and disclosed the same as exceptional items.

**47. Non deposit of statutory dues:**

1. The Group has collected amount of INR 45.01 Millions from October 2018 to March 2020 as GST-TCS for orders processed on the platform for the merchants registered under the Composition scheme, but was unable to deposit due to defect on the "Goods & Service Tax Network (GSTN)" portal. The issue was lodged on the GSTN portal through grievance redressal window, but no resolution was provided. Due to non-resolution, a representation was filed by the Group with GST Council, Commissioner of GST and GSTN in 01 April 2019 to address the issue. This representation was followed up by various discussions and meetings in person. Subsequently, the above mentioned amount has been deposited / adjusted with GST department upto 31 March 2021

The Group has deducted an amount of INR 0.13 Millions for Professional Tax from the employees upto year ended 31 March 2020. The Group has been unable to deposit the same since registration is unavailable. Key reasons for the same being technical issues due to which registration could not be completed. Subsequently the amount has been deposited upto March 2021.

48. The Group's management has decided that operations in PT Zomato Media Indonesia, Zomato Media Portugal Unipessoal LDA, Zomato NZ Media Private Limited, Zomato Australia Pty Limited, Zomato Philippines Inc., Zomato Internet Hizmetleri Ticaret Anonim Sirketi, Turkey and Tonguestun Food Network Private Limited will be suspended and entities will be liquidated/dissolved/sold in the foreseeable future. The Group has recognized loss of INR 337.05 Millions as on 31 March 2021.

**49. Estimation uncertainty relating to the global health pandemic on COVID-19:**

Owing to the outbreak of the global pandemic Covid-19 in quarter four for the year ended 31 March 2020, the governments across the globe deployed varied degrees of measures including lockdowns and restrictions on movement which had a negative impact on the food and entertainment sector. This in turn impacted the group's operations since dining out in restaurants was suspended which led to demand for advertisements across dining out restaurants as well as demand for Zomato Gold subscriptions slowing down. The food delivery GOV is back to pre-COVID-19 levels and we have seen healthy recovery signs in revenue from dine out products in quarter three and four of year ended 31 March 2021.

Considering above, the Group has assessed the carrying value of Assets including Goodwill and Intangible assets by considering internal and external information up to the date of approval of these Financial Statements. The Group has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Group expects to recover the carrying amount of these assets. The impact of the global health pandemic may be different from that estimated as at the date of approval of these consolidated financial statement and the Group will continue to closely monitor any material changes to future economic condition.

50. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

51. The Company entered into an agreement dated 21 January 2020 to purchase Uber Eats assets in India for a consideration of INR 13,759 Millions against the consideration, the Company issued 76,376 number of CCCPS at a value of INR 180,153 each which was classified as financial liability. As per terms of the agreement, the Seller was entitled to convert all, but not less than all the seller CCCPS instrument into Ordinary Shares upon the earlier of:

1. expiry of 2 (two) years from the date of allotment of the Seller CCCPS; or
2. the Buyer receiving Investment from one or more bona fide financing transactions of an aggregate amount of USD 550 Millions in cash

As at 18 December 2020, the Company has raised the subsequent funding of USD 550 Millions after CCCPS issued to Uber Eats due to which one of condition mentioned above is triggered, accordingly the Company has calculated 91,373 equity shares to be issued to Uber Eats on conversion and reclassified the same as equity in the books of account. The Company has done the fair valuation of CCCPS issued to Uber Eats as on 18 December 2020 and calculated the fair value of INR 16,089.06 Millions and loss of INR 2,329.69 Millions has been accounted for in the consolidated statement of profit and loss as an exceptional item.

52. Subsequent to March 31, 2021, on April 06, 2021, the Company issued the bonus share in the ratio of 1:6699 to the existing equity shareholder and to the ESOP holders. Further, the Company has also converted the CCCPS of Class A to C and CCPS of Class E to the equity shares in to ratio 1:1. CCCPS of Class D and CCPS of Class F in the ratio of 1:1.125. For other class of CCCPS, the Company has converted the CCCPS in the ratio of 1:6700. The impact of the same has been considered in the calculation of Basic and Diluted EPS.

**53. In case of subsidiary companies audited by other auditors, following matter of emphasis was given in their auditors report.**

(a) During the year ended 31 March 2021, the Company Zomato Internet Private Limited, the auditor's have drawn attention to note 39 to the Ind AS Financial Statements, which describes the possible effects of uncertainties relating to COVID-19 on Company's operations and results as assessed by the management.

(b) During the year ended 31 March 2021, the Company Zomato Portugal Media, Unipessoal LDA, the auditor's have drawn attention to the Company's balance sheet, where the Company's shareholder changed its strategy and decided that operations in Portugal would be suspended as of October 2020. Commercial activity since October 2020 corresponds essentially to the maintenance of services previously hired until the activity is definitively closed. The accounts at March 2021 already reflect the consequences of this decision, so it is known to date.

(c) During the year ended 31 March 2021, the Company Tonguestun Food Network Private Limited, the auditor have drawn attention that the Company has prepared its financial statements on the basis that the assumption of Going Concern is no longer appropriate based on the events and circumstances as outlined in the note. Accordingly, all assets of the Company have been valued at net realisable value and liabilities have been reflected at the values at which they are expected to be discharged.

(d) The Company Zomato Portugal Media, Unipessoal LDA, Portugal – "In March 2020, the state of Pandemic was declared by the World Health Organization. This public health crisis is expected to lead to a global economic recession in 2020. As described in note to the Financial Statements, it is expected that the situation described will affect the Entity's activity and profitability during the year 2020, and it is not possible to quantify its effect. However, Management believes that the liquidity situation and capital levels, due to new inflows, will be sufficient to continue the Entity's activity.

As explained, management of holding Company is fully committed towards providing necessary financial and operational support to the above Company on an ongoing basis. The above adjustment do not require adjustments in consolidated financial information.

54. The Ind AS financial results of the Group for the quarter and year ended March 31, 2020, were reviewed / audited by the S.R. Batliboi & Associates LLP Chartered Accountants, the predecessor auditor who have expressed an unqualified review conclusion / audit opinion.
