zomato

A

Food delivery

We operate a technology platform that provides customers with a convenient, on-demand solution to search and discover restaurants, order food, and have it delivered reliably and quickly. Orders placed on our platform are fulfilled by a last mile delivery fleet comprising of independent delivery partners who onboard themselves on our platform. In FY23, 647.0 million orders were delivered to 58 million annual transacting customers on our platform.

1.8 million

Launched in Jan-23

With the objective of serving more use cases and offering more convenience to our customers, we piloted two new initiatives in FY23 within our food delivery business - **(i) Intercity legends** and **(ii) Zomato Everyday**.

(i) Intercity legends

- Intercity Legends lets customers order iconic dishes of legendary restaurants across the country and have them delivered to their doorstep
- **How this works:** Food is freshly prepared by the restaurant which is packed in reusable & tamper-proof containers and then transported to its destination. State-of-the-art mobile refrigeration technology preserves the food without the need to freeze it or add any kind of preservatives
- Currently available across **5 cities in India** with **~150 restaurant partners** onboarded

(ii) Zomato Everyday

- Zomato Everyday offers customers home-style meals at affordable price points starting as low as INR 89
- **How this works:** Our food partners collaborate with home-chefs, who design recipes to serve home-styled, wholesome food at the best prices
- Zomato Everyday can address a large opportunity in a market like India, which is relatively untapped currently

Zomato Gold

We launched a new membership program in January 2023 with a host of benefits including free delivery on orders meeting certain criteria, on-time guarantee, priority access to more restaurants during peak hours and exclusive offers from a number of restaurants on both delivery and dining-out. We have also made our Intercity Legends offering exclusively available to Gold members. Customers can become Zomato Gold members by paying a membership fee.

While we've had membership programs in the past as well (Zomato Pro and Pro Plus), the new Zomato Gold combines our learnings over the last few years, and we expect this program to drive loyalty and higher frequency of ordering going forward. As at the end of FY23, Zomato Gold had 1.8 million active members.

* Subject to terms.

hyperpure
BY ZOMATO

B

B2B supplies

Hyperpure is our B2B supplies offering for restaurants in India. We source fresh, hygienic, quality ingredients and supplies directly from farmers, mills, producers and processors to supply to our restaurant partners, helping them make their supply chains more effective and predictable, while improving the overall quality of the food being served. Hyperpure solves multiple problems for restaurants by acting as a one stop solution for high-quality ingredients at competitive prices along with a reliable delivery service.

FY23 key metrics

Revenue

INR 15.1 billion

YoY growth: 180%

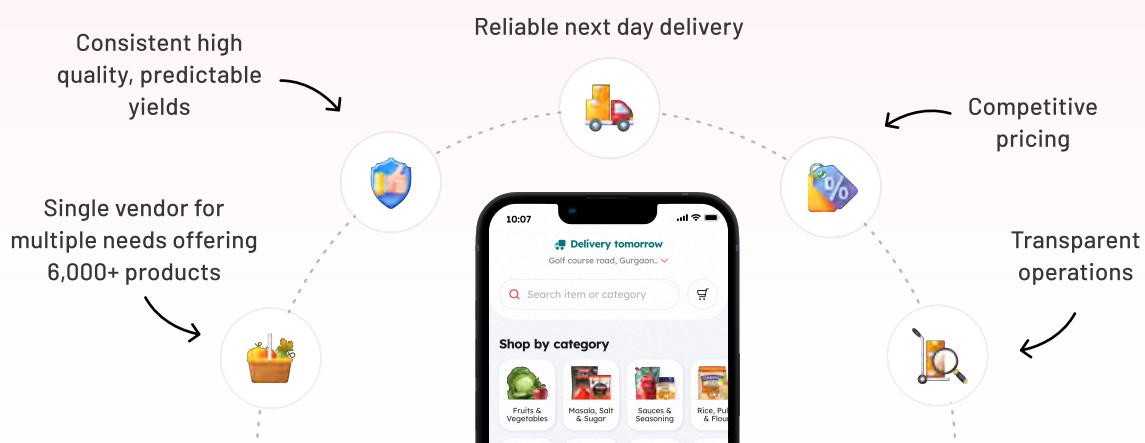

of unique restaurant outlets served

72k

YoY growth: 41%

As restaurants look to scale, Hyperpure helps them maintain consistent quality of raw materials, achieve complete visibility on food costs and increase kitchen utilization through:

- Trusted and verified network of farmers and other vendors
- High and consistent yield of ingredients ensuring lesser wastage of capital and human resources
- Transparent and easy to track spends with minimum cash purchases
- Reliable next day delivery service for orders placed as late as 11PM

Quick commerce is turning out to be another opportunity for Hyperpure. It has begun supplying to the sellers on Blinkit's marketplace post our acquisition of Blinkit. This has the potential to further accelerate revenue growth for Hyperpure going forward.

blinkit

C Quick commerce

Zomato completed its acquisition of Blinkit on August 10, 2022 and since then Blinkit operates as a wholly owned subsidiary of Zomato Limited.

Blinkit is a quick commerce marketplace delivering everyday products to customers within minutes. Blinkit hosts thousands of SKUs across a variety of product categories, in a network of warehouses and distributed dark stores. Customers can view and order these products on the Blinkit marketplace app. Blinkit also facilitates last-mile delivery of products to customers from dark stores. These dark stores are located close to the customer within a radius of 2-3 kms which allows for the quick delivery.

zomato

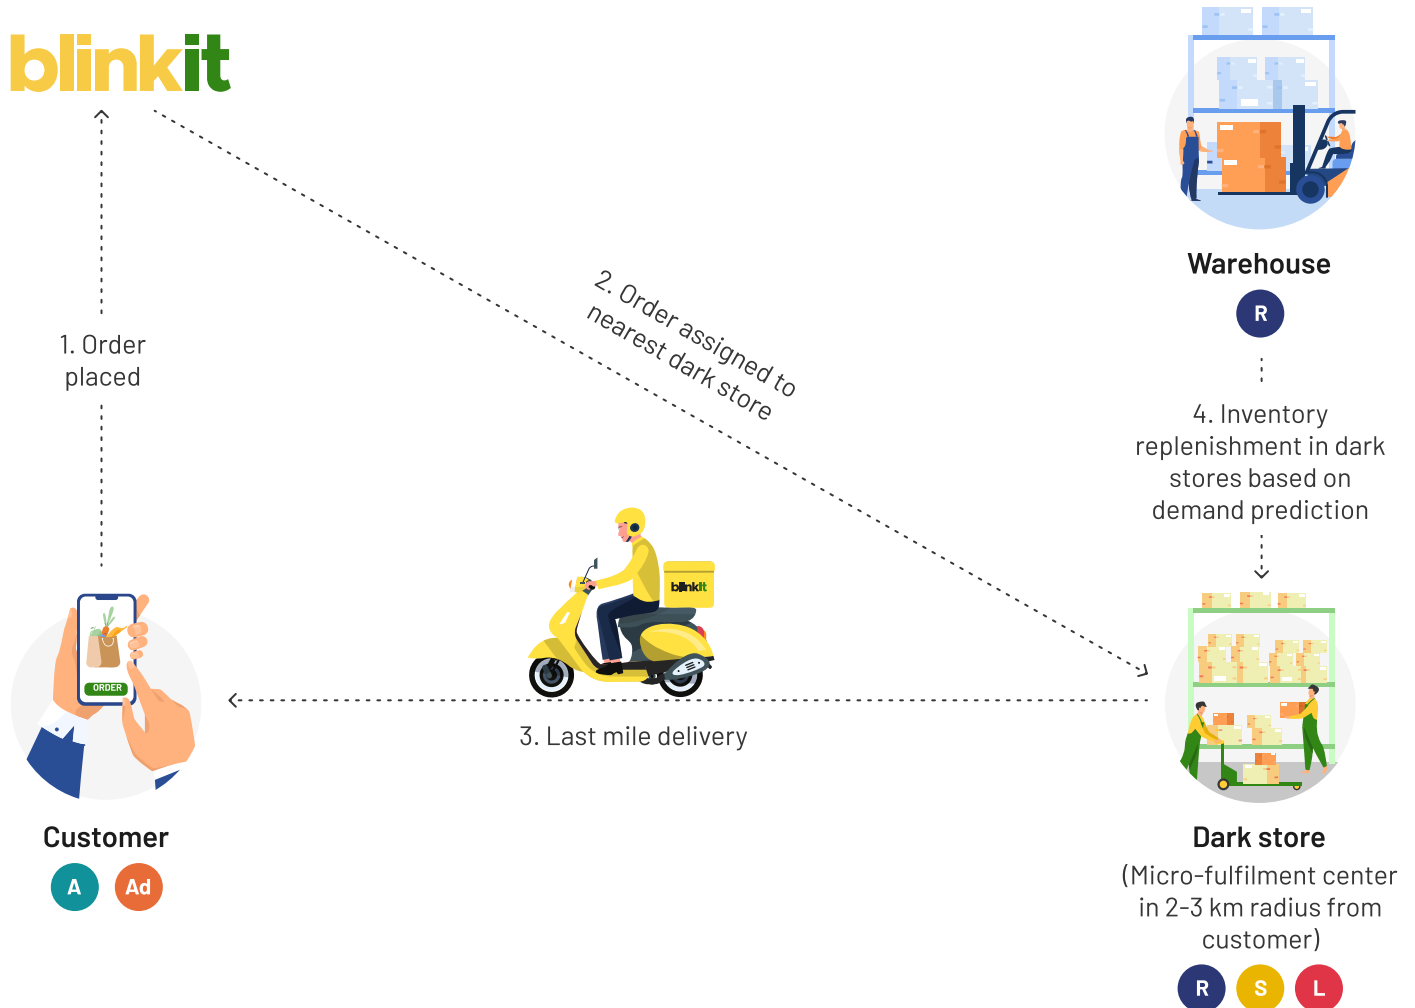

Blinkit caters to a wide variety of customer needs starting from grocery and household essentials to multiple other categories of products. We have curated most frequently ordered SKUs across categories like beauty and personal care, electronic accessories, stationery items, toys, OTC pharma, pet food, amongst others. We also have the ability to customize the assortment based on local preferences of products and brands for each neighbourhood that we serve.

We also offer a host of seasonal merchandize on our platform. We have identified a list of 50+ festivals and occasions across the year and provide easy access to the most relevant merchandize during such occasions to our customers. Some examples below:

Blinkit leverages tech and its hyperlocal delivery capabilities to make ordering and delivery a smooth and reliable experience for customers with the promise of delivery in minutes.

How Blinkit works

Blinkit operations are enabled by proprietary tech

- R Replenishment design:** Assimilate purchase patterns to optimize product stocking quantities and replenishment cycles in dark stores
- S Store tech:** Products packed in under 2 minutes through smart pick-path optimization in dark stores
- L Location intelligence:** Optimizing store locations for shortest delivery times
- A Assortment science:** Neighbourhood level data on product searches and purchase patterns drives relevance and localization of assortment in dark stores
- Ad Ad-tech:** Self-serve platform for brands to access demand patterns to enable highly targeted advertising

zomato

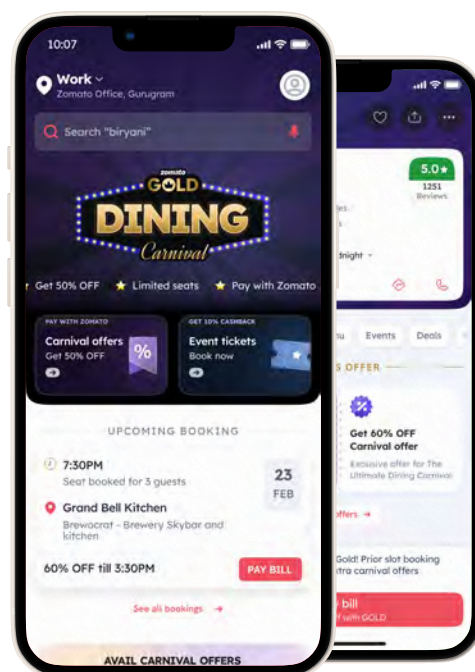

Others

In FY23, Others primarily included (1) our dining-out offering in India and UAE, (2) Zomato Live and (3) other initiatives including food delivery services offered to Talabat in UAE, among others.

(1) Dining-out

Customers use our dining-out offering to search and discover restaurants, read and write customer generated reviews, reserve tables and make payments while dining-out at restaurants. Our key dining-out offerings include:

- **Restaurant discovery:** Customers can search for restaurants for specific cuisines, locations, or browse through curated collections to find dining options that suit their preferences
- **Restaurant reviews:** Customers can read and write reviews on our platform, giving potential diners insights into the quality of food and service experience at different establishments
- **Table reservations:** Zomato offers customers the ability to book a table in advance at select restaurants. This feature helps avoid waiting times and ensures a smooth dining experience
- **Deals and offers:** Zomato collaborates with restaurants to provide exclusive deals and offers to its customers. These promotions can range from discounts on food bills to special set menus or limited time offers

(2) Zomato Live

Our Zomato Live offering is dedicated to curating one-of-a-kind outdoor events that seamlessly blend the worlds of food, music, and entertainment. Through these events, Zomato Live aims to create unique offline experiences that redefine the meaning of going out. These events are organized either by Zomato itself or by restaurant partners / third-party organizers and are then marketed on our platform. Customers can discover these events on the Zomato app and also purchase tickets. In FY23, we sold a total of 190k tickets on our platform.

We also relaunched **Zomaland**, our food and entertainment carnival in FY23, post the pandemic, across 7 cities in India. Zomaland brings together renowned chefs, local & legendary cuisines, vibrant installations & experiences, and a curated lineup of iconic artists, into one single setup for our customers. Zomaland aims to redefine the concept of food festivals, elevating them to a new standard, loved by merchants and customers alike.

(3) Others

In FY23, the Others segment also included (i) revenue from food delivery services that we offered to Talabat in UAE which was a pass-through revenue (EBITDA neutral) and has been discontinued in Nov-22, (ii) revenue from our Zomato Pro and Pro plus membership programs in India, which have been discontinued during the fiscal year.

FY23 operational and financial highlights

Overall Company

1 Consolidated Adjusted Revenue grew to INR 86.9 billion in FY23

Adjusted Revenue grew 57% Year-on-Year ("YoY") to INR 86.9 billion in FY23 from INR 55.4 billion in FY22. Adjusted Revenue growth was driven by growth in the food delivery and Hyperpure business as well as consolidation of quick commerce business from 10-Aug-22 onwards (post closing of the Blinkit acquisition).

Adjusted Revenue (ex-quick commerce) grew 42% YoY to INR 78.9 billion in FY23 from INR 55.4 billion in FY22.

Adjusted Revenue

INR billion

2 Consolidated Adjusted EBITDA margin improved to -9% in FY23

Adjusted EBITDA margin improved to -9% in FY23 from -18% in FY22, largely driven by the improving profitability in the food delivery business. This margin improvement was achieved despite the consolidation of quick commerce business from 10-Aug-22 onwards (post closing of the Blinkit acquisition).

In Q4FY23, the Company reported a positive Adjusted EBITDA for the Zomato business (excluding quick commerce) of INR 0.28 billion as compared to a loss of INR 2.25 billion a year ago in Q4FY22.

Adjusted EBITDA margin

% of Adjusted Revenue

A Food delivery

1 Average monthly transacting customers grew to 17.0 million

Average monthly transacting customer base grew by 16% YoY in FY23 driven by new customer acquisition as well as higher annual ordering frequency per customer. We added 22 million new transacting customers in FY23 taking the total number of annual transacting customers to 58 million during the year.

Average monthly transacting customers million

2 Order volumes grew to 647.0 million in FY23

Customers placed 647.0 million food delivery orders on our platform in FY23, up by 21% over FY22, driven by an increase in annual transacting customers as well as increase in annual ordering frequency.

Food delivery Orders million

3 Growth in number of restaurant partners on our platform

Our average monthly active food delivery restaurant partners increased by 17% YoY to 210k in FY23. We ended this fiscal with 215k average monthly active food delivery restaurant partners in Q4FY23.

Average monthly active food delivery restaurant partners

4 Expansion of our delivery partner network

Our average monthly active delivery partners grew by 14% YoY to 326k in FY23. We ended this fiscal with 316k average monthly active delivery partners on our platform in Q4FY23. Our delivery partner network has been growing consistently as they value the flexible earnings opportunities that we generate on the platform. We also continue to focus on the welfare of our delivery partners through various initiatives such as providing them with free accidental & medical insurance cover along with disability / death coverage, improving on-road safety, supporting differently-abled delivery partners find earning opportunities on our platform as well as providing partners with rest points to take a break during the day.

Average monthly active delivery partners

5 GOV grew 24% YoY in FY23

GOV reached INR 263.1 billion in FY23, driven by a 21% YoY growth in order volumes and a 2% YoY growth in average order value (AOV).

Growth in commission and ad revenue per order led to a higher Adjusted Revenue growth of 29% YoY in FY23.

Food delivery GOV

INR billion

6 Contribution margin increased to 4.5% in FY23

Contribution grew 240% from INR 3.5 billion in FY22 to INR 12.0 billion in FY23 driven by improvement in contribution margin from 1.7% in FY22 to 4.5% in FY23. The increase in contribution margin was driven by multiple factors including expansion in AOV, higher commission take-rates and ad revenue, reduction in discounts and other variable costs on a per order basis. Customer delivery charges and delivery cost per order did not see any significant change.

Food delivery contribution margin

% of GOV

Improvement in contribution per order from FY22 to FY23

INR per order

7 Food delivery business turned Adjusted EBITDA positive in Q2FY23

Food delivery business turned Adjusted EBITDA positive in Q2FY23 and ended the fiscal with Adjusted EBITDA of INR 0.78 billion in Q4FY23. Total Adjusted EBITDA loss for the full year FY23 was INR -0.1 billion compared to INR -7.7 billion in FY22. Improvement in Adjusted EBITDA was driven by the increase in contribution margin and operating leverage due to limited growth in the costs below Contribution.

Food delivery Adjusted EBITDA margin % of GOV

Note: Until FY22, we have been reporting “Unallocated Costs” as a separate cost head not attributable to any of the business segments. These costs included server and tech infrastructure costs, corporate salary costs and other corporate overheads. From FY23 onwards, we have allocated these costs to different business segments (basis logical assumptions) and have also reflected this change in prior years, i.e., FY21 and FY22, to make the FY23 numbers comparable across financial years. Further, up until Q1FY23, Adjusted EBITDA did not include the rental expenses on certain leases that are required to be capitalised as per Indian Accounting Standard 116 (Ind AS 116). From Q2FY23 onwards, we have included the actual rent paid for the period under such leases in the Adjusted EBITDA computation to reflect our cash loss / profit more appropriately. Please refer to page 35 for details regarding actual rent paid during FY23.

B Hyperpure

1 Hyperpure revenues grew 180% YoY in FY23

Hyperpure revenues grew to INR 15.1 billion (180% YoY) in FY23 driven by both addition of new customers as well as increase in spends of existing customers on our platform. Hyperpure has also begun tapping into the quick commerce opportunity. Part of the revenue growth in FY23 was on account of goods supplied to the sellers on Blinkit's marketplace, and we expect this to become a more meaningful opportunity for Hyperpure in the future.

Hyperpure revenue INR billion

2 Adjusted EBITDA margin improved to -13% in FY23

Adjusted EBITDA margin improved to -13% in FY23 as compared to -26% in FY22, primarily driven by the growing scale and high operating leverage in the business. In Q4FY23, we also introduced a delivery charge for orders below a certain minimum value, which will further aid in profitability. In March 2023, our oldest city Bangalore turned profitable (before allocating central corporate overheads).

Hyperpure Adjusted EBITDA margin % of Adjusted Revenue

Note: Until FY22, we have been reporting "Unallocated Costs" as a separate cost head not attributable to any of the business segments. These costs included server and tech infrastructure costs, corporate salary costs and other corporate overheads. From FY23 onwards, we have allocated these costs to different business segments (basis logical assumptions) and have also reflected this change in prior years, i.e., FY21 and FY22, to make the FY23 numbers comparable across financial years. Further, up until Q1FY23, Adjusted EBITDA did not include the rental expenses on certain leases that are required to be capitalised as per Indian Accounting Standard 116 (Ind AS 116). From Q2FY23 onwards, we have included the actual rent paid for the period under such leases in the Adjusted EBITDA computation to reflect our cash loss / profit more appropriately. Please refer to page 35 for details regarding actual rent paid during FY23.

C Quick commerce

Note: Blinkit data shown below is for the full fiscal year FY23 and is based on unaudited MIS numbers as received from Blinkit. Consolidation of Blinkit in the books of Zomato Limited is from 10-Aug-2022 onwards (transaction closing date).

1 Average monthly transacting customers grew 80% from Q1FY23 to Q4FY23

Average monthly transacting customers grew 80% from 2.2 million in Q1FY23 to 3.9 million in Q4FY23, primarily driven by new customer addition in existing cities.

Average monthly transacting customers million

2 Order volumes scaled to 39.2 million in Q4FY23

Order volumes grew by 77% from 22.2 million orders in Q1FY23 to 39.2 million orders in Q4FY23, primarily driven by new customer addition.

Quick commerce orders million

3

GOV grew by 74% from Q1FY23 to Q4FY23

GOV grew by 74% from INR 11.72 billion in Q1FY23 to INR 20.46 billion in Q4FY23, driven primarily by increase in order volumes. Revenue grew faster from INR 1.64 billion in Q1FY23 to INR 3.63 billion in Q4FY23 (121% growth), driven by higher commission income, customer delivery charges and ad revenue per order.

Average GOV per dark store per day more than doubled from INR 309k in Q1FY23 to INR 625k in Q4FY23.

Quick commerce GOV

INR billion

Average GOV per day, per dark store

INR '000

4 Contribution margin improved to -2.7% in Q4FY23

Contribution margin improved from -17.3% in Q1FY23 to -2.7% in Q4FY23, driven by improvement across both revenue and cost levers. On revenue side, there was an increase in commission & other income, customer delivery charges and ad income per order. On the cost side, dark store and replenishment cost per order decreased driven by operating leverage as the throughput per dark store increased. Last mile delivery cost and other variable costs per orders also decreased driven by efficiency gains.

Quick commerce contribution margin

% of GOV

Improvement in contribution per order from Q1FY23 to Q4FY23

INR per order

5 Adjusted EBITDA margin improved to -9.9% in Q4FY23

Adjusted EBITDA margin improved from -27.8% in Q1FY23 to -9.9% in Q4FY23. Improvement in Adjusted EBITDA margin was largely driven by the improvement in contribution margin as well as operating leverage due to limited growth in the costs below Contribution.

Quick commerce Adjusted EBITDA margin

% of GOV

D Others

1 In FY23, this segment primarily comprised of revenue from our dining-out business in India and UAE and the food delivery services that we offered to Talabat in UAE. The food delivery services offered to Talabat have been discontinued since Nov-2022.

Revenue from this segment remained flat at INR 2.3 billion in FY23 as compared to INR 2.4 billion in FY22, as we continued to focus on re-building the dining-out business, which was impacted during COVID.

We also re-launched our flagship offline event Zomaland, which took place in 7 cities across the country in FY23.

Glossary

Consolidated

Term	Description
Adjusted Revenue	Defined as revenue from operations as per financials (+) actual customer delivery charges paid in the food delivery business (net of any discounts, including free delivery discounts on account of Zomato Gold program)
Adjusted EBITDA	Defined as EBITDA (+) share-based payment expense (-) rental paid for the period pertaining to 'Ind AS 116 leases'

Food delivery

Term	Description
Food delivery business	Refers to India food ordering and delivery business
Orders	All food delivery orders placed on our platform in India, including canceled orders
Gross order value (GOV)	Total monetary value of Orders gross of any restaurant or platform funded discounts (excluding tips) (+) actual customer delivery charges paid (net of any discounts, including free delivery discounts on account of Zomato Gold program) (+) packaging charges (+) taxes
Average order value (AOV)	GOV divided by number of Orders
Adjusted Revenue	Defined as commission and other charges (+) ad revenue (+) actual customer delivery charges paid (net of any discounts, including free delivery discounts on account of Zomato Gold program) (+) subscription revenue for Zomato Gold (net of discounts, credits and refunds other than free delivery) (+) restaurant & delivery partner onboarding fee
Contribution	Defined as Adjusted Revenue (-) last mile delivery cost (-) platform funded discounts (-) payment gateway charges (-) customer support and appeasement cost (-) customer & restaurant partner refunds (-) delivery partner recruitment and onboarding cost (-) cash on delivery handling charges (-) other miscellaneous costs
Monthly transacting customers	Number of unique transacting customers identified by customers' mobile number that have placed at least one Order in India in that month
Monthly active delivery partners	Unique delivery partners identified by their national identity proof who successfully delivered at least one Order in India in that month
Monthly active food delivery restaurant partners	Unique restaurant partners that received at least one Order in India in that month
Gold members	Number of unique customers identified by unique subscription ID who have an active Zomato Gold membership
Platform(s)	Unless otherwise provided, refers to our mobile applications and website for all our core food business related service offerings and operations

Hyperpure

Term	Description
Revenue	Total monetary value of goods sold on the Hyperpure platform (net of any returns/ discounts)(+) actual delivery charges paid (net of any discounts) (+) other revenue
Adjusted Revenue	Same as Revenue

Quick commerce

Term	Description
Orders	Defined as all orders placed on the Blinkit marketplace platform in India, including canceled orders
Gross order value (GOV)	Total monetary value of Orders at maximum retail price ("MRP") of goods sold (except for instances where MRP is not applicable such as fruits and vegetables in which case final selling price is used instead of MRP), gross of any seller/ brand/ platform funded subsidies (excluding tips)(+) actual customer delivery charges paid (net of any discounts)(+) other charges such as handling fee, convenience fee, packaging fee (+) taxes
Average order value (AOV)	GOV divided by number of Orders
Revenue	Defined as Blinkit marketplace commission income (+) actual customer delivery charges (net of any discounts)(+) ad revenue (+) warehousing and ancillary services income
Adjusted Revenue	Same as Revenue
Contribution	Defined as Adjusted Revenue (-) dark store operations cost (including actual rent paid prior to any accounting adjustment for Ind AS 116)(-) last mile delivery costs (-) warehouses expenses (including actual rent paid prior to any accounting adjustment for Ind AS 116)(-) middle mile transportation costs (-) customer acquisition subsidies (-) wastage losses (-) customer refund cost (-) packaging cost (-) payment gateway charges (-) support cost (-) delivery partner recruitment and onboarding cost (-) cash on delivery handling (-) other miscellaneous costs
Monthly transacting customers	Defined as the number of unique transacting customers identified by the customers' mobile number that have placed at least one Order in that month
Average GOV per day, per dark store	Calculated as a simple average of total GOV transacted on a particular day divided by total number of dark stores operational for the day, for that period
Platform(s)	Unless otherwise provided, refers to our mobile applications and website for all our quick commerce related service offerings and operations

ESG update

From the very start of our business operations, our approach has been guided by our commitment to responsible and sustainable business growth while creating value for all our stakeholders. In line with this commitment, we continue to push the boundaries and take on new goals that help make our planet greener and our business more sustainable for future generations. Our newest goal is to reach '**Net Zero**' emissions across our food ordering and delivery value chain in the next 10 years, i.e., by 2033.

Zomato will work towards achieving net zero emissions across its value chain by 2033⁽¹⁾

In FY22, we laid out six core themes in alignment with the **United Nations Sustainable Development Goals** ("UN SDGs") to make our business sustainable. In FY23, we have expanded our sustainability themes to make our ESG management approach and disclosures more comprehensive. The section below highlights our progress on each of our sustainability themes during FY23. For more details, please refer to the Business Responsibility and Sustainability Report on page 63 of this report.

Our sustainability themes

Theme	Description	UN SDGs
1 Climate conscious deliveries	Reducing and offsetting our emissions	 
2 Waste free world	Reduction, re-use and recycling of all waste generated by our operations	
3 Zero hunger	Solving chronic hunger and malnutrition in India	  
4 Sustainable livelihoods	Benefitting restaurants and delivery partners through opportunities for growth	 
5 Health, safety and wellbeing for all	Supporting health, safety and wellbeing of stakeholders across our value chain	 
6 Diversity, equity and inclusion	Providing equal opportunities to everyone across our value chain	
7 Customer centricity	Delighting customers through Accessibility, Affordability, Assortment and Quality	 
8 Sustainable governance, security and privacy	Building trust and reducing risk for all stakeholders	

Note:

1. Zomato's Net Zero commitment is applicable to the value chain of its food ordering and delivery business, i.e. services under Zomato Limited (standalone entity).

1 Climate conscious deliveries

Our climate conscious deliveries initiatives is driven by our commitment to address climate risk which is one of the biggest challenges facing humanity today. We have been offering carbon neutral food deliveries since FY22 and have now committed to achieving Net Zero emissions across our food delivery value chain in 10 years.

Towards this goal, we will work to reduce emissions across our key emission sources-

1. Emissions generated from fuel and electricity purchased for our own offices and vehicles (categorized as Scope 1 & 2 emissions) which comprise <1% of our overall emissions
2. Emissions generated from our last-mile food delivery operations (categorized as Scope 3 emissions) which comprise ~92% of our overall emissions
3. Emissions generated from purchase of goods and services (categorized under Scope 3 emissions) which comprise ~5% of our overall emissions

After measurement of our GHG emissions across Scope 1,2 and 3 categories in FY22, we developed the following carbon reduction targets for the food delivery business -

Carbon reduction target

Actions and commitments

i

Maintain net Scope 1 & 2 GHG emissions at zero

- Purchased certified carbon removal offsets and international renewable energy certificates equivalent to the Company's emissions from own operations (Scope 1 and 2) in FY23
- Commitment to explore renewable energy solutions for our facilities by collaborating closely with landlords of our facilities on direct lease
- Commitment to include access to renewable energy in the criteria for selecting new facilities, wherever feasible

ii

Reduce last-mile food delivery emissions per kilometre by 70% by FY30 from a base year of FY22

This target aligns with our commitment to achieving 100% EV-based deliveries by 2030

- As a member of The Climate Group's EV100 initiative, we have committed to 100% EV-based food deliveries by 2030
 - ✓ In Mar-23, we had ~13,500 active EV based delivery partners on our platform (3x YoY growth)
- We have partnered with over 50 companies in the EV ecosystem including Sun Mobility, Zypp, Yulu, amongst others, with the intent of onboarding ~100,000 EV-based delivery partners on our platform within the next 2 years
- We also commit to explore partnerships with renewable energy-based charging solutions for 2W EVs to reduce residual emissions from charging EVs through grid electricity

Note: Our boundary for reporting on environmental indicators, including Scope 1 and Scope 2 emissions, is facilities on direct lease with over 100 employees for Zomato Limited (standalone).

2 Waste free world

Packaging of food for delivery is a necessary by-product of our operations and we recognize its negative impact on the environment, especially, the generation of plastic waste. We are committed to reducing waste, recycling, and promoting sustainable alternatives for use by our restaurant partners and in our own operations. In Apr-22, we announced our **100% plastic neutral deliveries** initiative where we committed to voluntarily **recycle more than 100% of plastic** used in food delivery order packing for orders placed on our platform. Below is the progress we made towards this goal in FY23 –

- ✓ Successfully completed recycling of **20,000 MT of plastic waste** in FY23
- ✓ Plastic recycled was more than **2x¹** the amount of plastic used by restaurants for deliveries through Zomato
- ✓ Launched **re-usable packaging** pilot with select restaurants in Bengaluru

We remain committed to our goal of **100+ million eco-friendly deliveries** (defined as orders without any plastic packaging) and **educating 1 million customers and 100k restaurant partners** on waste reduction and recycling practices by 2025.

Our focus on creating a Waste free world also extends to our quick commerce operations. In FY23, Blinkit moved completely to paper-based packaging and has eliminated plastic packaging from its deliveries.

3 Zero hunger

Our commitment to Zero Hunger is primarily through Feeding India by Zomato (FI). FI is a collaboration with Hunger Heroes, a not-for-profit organization, dedicated towards solving chronic hunger and malnutrition in India. The purpose of FI is to leverage Zomato's relationships with the food industry, and our community of customers to provide food to underprivileged people in India, particularly women and children, who run the risk of extreme hunger and malnutrition.

Note:

1. As per independent external assessment.

In Dec-22, FI hosted its first ever Zomato Feeding India Concert (ZFIC) headlined by American rapper Post Malone. The concert was attended by ~25k people including several eminent personalities, who became familiar with FI's work and the cause of hunger and malnutrition. ZFIC was a concert with a cause aimed to start a global call to action led by citizens of India, corporations, and leaders in a collective pursuit to build a malnutrition-free society.

Feeding India, in collaboration with Unacademy, has also launched a national campaign to support at-risk children who faced the irreplaceable loss of a parent during the pandemic and have lost nutritional security and access to education as a result.

4 Sustainable livelihoods

In our food delivery operations, we help restaurant partners and delivery partners enhance their income by providing them supplemental earnings and growth opportunities. In FY23, we provided 210k restaurant partners¹ access to customers and growth opportunities. During the same period, we provided flexible earning opportunities to 326k delivery partners¹. Since the start of our food delivery operations, ~2.4 million delivery partners have leveraged our platform to generate earning opportunities for themselves. Our delivery partners value the opportunity offered by us to create a source of income for themselves with the added benefits of flexible working hours, ease of onboarding and perpetual accessibility – 24x7, 365 days a year.

We hope to keep doing our bit in helping our delivery partners fulfil their financial needs and responsibilities while also enhancing the quality of their lives.

Note:

1. Average monthly data for active food delivery restaurant partners and active delivery partners for FY23.

5 Health, safety and wellbeing for all

We are committed to the health and safety of all stakeholders in the Indian delivery ecosystem. Delivery partner on-road safety is a top-of-mind concern and we continued to make meaningful progress on this front in FY23. Some of our key initiatives during the year include:

Modifying wearable assets given to delivery partners (bags, t-shirts, jackets) to incorporate reflector strips to aid their visibility at night; Distributed **250k+** such assets in FY23

Setting up emergency response ambulance services in all metros wherein ambulances are placed at strategic locations across cities and can reach delivery partners in ~20 mins in case of emergencies; Helped **380+** delivery partners who needed timely support

Identifying stretches of roads / crossroads with infrastructural deficiencies and actively working with authorities to provide inputs to aid them in building safer roads

Setting a **target of zero on-road delivery partner fatalities**; Pursuing multiple initiatives to make this a reality

We also launched '**The Shelter Project**' in FY23 to provide rest facilities for delivery partners across the industry. These rest points are more than just a place to take a break between deliveries, and provide access to additional facilities such as clean drinking water, phone-charging stations, access to washrooms, high-speed internet, a 24x7 helpdesk, first-aid support, etc. We believe that by providing a space for delivery partners to rest, recharge, and take a moment for themselves, we can create an environment that promotes better physical and mental health for delivery partners.

6 Diversity, equity and inclusion

Zomato is committed to providing equal opportunities to everyone across our value chain, especially delivery partners. With that intent, we target to onboard 300 differently-abled delivery partners by Dec-23. We onboarded 100 such partners by Mar-23, who travelled ~28,000 kms to deliver ~9k orders in FY23. We are glad that we could play a part in generating earning opportunities for these partners in their quest to become self-reliant. In March-23, we also had ~2,000 active female delivery partners on our platform.

Our workplace diversity, equity and inclusion agenda are focused on cognitive diversity, higher women participation and inclusion of the differently-abled and LGBTQIA+ communities. We have multiple initiatives to promote workplace diversity, including:

10 menstrual leaves annually to employees and 2 days of menstrual leave per month to female delivery partners

Six month parental leave available to all employees regardless of gender; Applicable in case of surrogacy / adoption too

Our Board of Directors comprises of 57% female directors (Mar-23). We also have programs in place to support women returning to work after a break.

7 Customer centricity

We focus on serving the evolving needs of our customers with the highest possible standards, in an efficient and sustainable manner. In our food delivery business, our customer centric innovations are guided by the principles of our Accessibility, Affordability, Assortment and Quality (AAAQ) framework.

Assortment

- Customers can access a wide assortment of restaurant food across cuisines as per their preferences (palate, budget, etc.) through our app
- Initiatives such as Intercity Legends and Zomato Everyday further increase the assortment available to our customers on our platform

Affordability

- Restaurants can lower their cost structures by operating delivery-only restaurants (cloud kitchens), in addition to accessing an efficient last mile delivery service. This benefit can be passed on to make restaurant food more affordable for customers

Accessibility

- Customers can access restaurant food from the convenience of their homes at the touch of a button enabled by a widespread last-mile delivery network

Quality

- Customer generated ratings and reviews ensure that good quality restaurants can be easily identified on our platform. Additionally, our Hyperpure offering provides high quality and fresh ingredients to restaurant partners, positively influencing the overall quality of restaurant food in the country

Through our quick commerce business as well, we endeavour to address our customers' need for reliable and quick delivery of products. Customers can access thousands of everyday use items across multiple categories on the Blinkit app and have them delivered to their doorstep within minutes.

8 Sustainable governance, security and privacy

Zomato is proud to have achieved ISO/IEC 27001:2013 certification, a globally recognized standard for information security management. This certification encompasses the management of information security across our corporate functions and business areas. Our Corporate Governance achievements are comprehensively discussed in the Corporate Governance section of this Annual report.

Consolidated audited profit and loss account

(INR million)

Particulars	FY23	FY22
Income		
Revenue from operations	70,794	41,924
Other income	6,815	4,949
Total income	77,609	46,873
Expenses		
Cost of goods sold	13,952	5,246
Employee benefits expense	14,650	16,331
Finance costs	487	120
Depreciation and amortisation expenses	4,369	1,503
Other expenses	54,295	38,855
Total expenses	87,753	62,055
Loss before share of profit / (loss) of an associate, exceptional items and tax	-10,144	-15,182
Share of profit / (loss) of an associate and joint venture	-3	3
Exceptional items	1	2,974
Loss before tax	-10,146	-12,205
Tax expense	-436	20
Loss for the year	-9,710	-12,225

Income

Consolidated revenue from operations increased by INR 28.9 billion (69% YoY) to INR 70.8 billion in FY23 from INR 41.9 billion in FY22. Growth in revenue from operations can be attributed to growth in food delivery and Hyperpure business and due to the addition of quick commerce, a business which was not consolidated in our books, a year ago.

a) **Food delivery** revenue from operations grew by INR 11.2 billion (33% YoY) to INR 45.3 billion in FY23 from INR 34.1 billion in FY22. FY23 commission and other income growth was primarily driven by GOV growth and take-rate expansion. Ad income increased during FY23 as we witnessed restaurants increasing their marketing budgets on our platform post COVID and also on account of ad inventory expansion driven by product upgrades.

(Note: Food delivery revenue as per the financial statements is different from the food delivery Adjusted Revenue that we have presented on page 13 and page 20 as that also includes the customer delivery charges that we collect on behalf of delivery partners from customers. Adjusted Revenue is a metric tracked by the management to analyse the business performance. Refer page 35 for the reconciliation between consolidated Adjusted Revenue and revenue from operations)

b) **Hyperpure** revenue grew by INR 9.7 billion (180% YoY) to INR 15.1 billion in FY23 from INR 5.4 billion in FY22 primarily driven by growth in number of unique restaurants served by Hyperpure from ~51k in FY22 to ~72k in FY23. Many of the new cities that were launched in FY22 have grown in scale in FY23, which contributed to the growth of the business. In addition, Hyperpure also tapped into the quick commerce opportunity and started supplying goods to sellers on Blinkit platform in FY23.

c) **Quick commerce** business has been consolidated in the books of accounts of Zomato Limited post 10-Aug-22 and contributed INR 8.1 billion of revenue in FY23.

d) **Others** revenue contribution decreased marginally in FY23 to INR 2.3 billion from INR 2.4 billion in FY22 primarily on account of discontinuation of the food delivery services that we offered to Talabat in UAE which was a pass-through revenue (EBITDA neutral) from Nov-22 onwards. The impact of this discontinuation was largely offset by revenue generated through Zomato Live business which was re-launched in FY23 post the pandemic. FY22 revenue also included revenue from the Nutraceutical segment and Lebanon business, which were discontinued by the Company in FY22.

Other income increased by INR 1.9 billion (38% YoY) to INR 6.8 billion in FY23 from INR 4.9 billion in FY22 on a consolidated basis. Increase in other income was primarily driven by increase in treasury income on account of increase in interest rates during the year. Also, the company had funds available for a longer duration in FY23 as compared to FY22 as IPO proceeds were available for 8 months in FY22 vs for the full year in FY23. Part of the increase in Other income was also due to increase in the interest income earned on loan given to Blink Commerce Pvt. Ltd. (BCPL) for the period prior to acquisition of BCPL.

Expenses

Cost of goods sold (COGS) increased by INR 8.7 billion to INR 14.0 billion in FY23 from INR 5.2 billion in FY22.

COGS primarily relates to the Hyperpure business and has increased in line with the growth in the Hyperpure business during the year. Gross margin improved in the Hyperpure business YoY on account of economies of scale and due to introduction of delivery charges on certain orders below a minimum order size threshold. FY22 COGS also included inventory purchased for the Nutraceutical business which was discontinued in FY22.

Employee benefits expenses primarily include salaries, wages, bonuses and share-based compensation paid to our on-roll employees across our consolidated operations. These costs, on an aggregate basis, decreased to INR 14.7 billion in FY23 from INR 16.3 billion in FY22 primarily on account of lower share-based payment expenses. Share based payment expense declined by INR 3.7 billion YoY to INR 5.1 billion FY23 from INR 8.8 billion in FY22

Note:

Detailed audited financial statements are provided in Financial Statements section from page 136 of this report.

largely due to reduction in ESOP accounting charge broadly in line with the accounting treatment for ESOPs explained on page 28 of our last year's annual report. Reduction in share-based payment expense was partially offset by increase in salaries and wages. This increase was largely driven by inclusion of Blinkit's employees on the Company's payroll post the closing of the Blinkit acquisition and new hiring done during the year. Zomato, at a consolidated group level, had a total headcount of 6,173 as on March 31, 2023, as compared to 4,204 as on March 31, 2022.

Depreciation and amortization expense increased to INR 4.4 billion in FY23 from INR 1.5 billion in FY22. This increase was primarily on account of amortization of the intangible assets which were created at the time of the Blinkit acquisition (under business combination accounting as per Ind AS 103 Business Combination) and due to depreciation on Right of use assets primarily pertaining to the Blinkit business. Please refer to note 32(a) of consolidated financial statements on page 198 for more details.

Other expenses

	(INR million)	
Particulars	FY23	FY22
Delivery and related charges	25,369	18,141
Advertisement and sales promotion	12,274	12,168
IT support services, server and communication cost	3,867	2,888
Outsourced support cost	2,969	1,724
Payment gateway charges	1,551	1,187
Others	8,265	2,747
Total	54,295	38,855

Delivery and related charges primarily include payouts¹ to delivery partners for last mile deliveries across our food delivery and quick commerce operations. It also includes the delivery partner support cost and cost of consumables issued to delivery partners at the time of onboarding. These costs, on an aggregate basis, increased by INR 7.2 billion to INR 25.4 billion in FY23 from INR 18.1 billion in FY22. Increase in delivery and related charges was primarily due to (i) increase in total availability fees paid to delivery partners in the food delivery business which grew largely in line with order volume growth while availability fee per order remained broadly flat YoY and (ii) inclusion of delivery cost of the quick commerce business in the consolidated books of Zomato Limited, post closing of the Blinkit acquisition. Apart from the above, delivery partner support cost and cost of consumables has also increased during the fiscal on account of higher order volumes and increase in number of delivery partners onboarded on the platform.

Advertisement and sales promotion expenses primarily include platform funded subsidies (to the extent not netted off from revenue), marketing & branding costs, customer appeasement costs and refunds across our

Note:

1. Comprises of (i) availability fees paid by Zomato to the delivery partner over and above the customer delivery charge collected on behalf of delivery partners in the food delivery business and (ii) delivery partner payouts in the quick commerce business.

food delivery and quick commerce operations. These costs, on an aggregate basis, remained broadly flat YoY at INR 12.3 billion in FY23 compared to INR 12.2 billion in FY22 as the increase in marketing and ad spends was largely offset by decrease in customer subsidies and refunds. Marketing and advertisement expenses increased YoY in FY23 primarily due to inclusion of the quick commerce marketing spends in the consolidated books of Zomato Limited post the closing of the Blinkit acquisition, which was partially offset by a slight reduction in marketing spends in the food delivery business. Merchant and customer refunds also decreased during the fiscal driven by improved customer experience leading to lower number of refund claims.

IT support services, server and communication cost primarily include software subscription cost, server hire charges and communication costs incurred for our consolidated operations. These costs, on an aggregate basis, increased to INR 3.9 billion in FY23 from INR 2.9 billion in FY22 on account of increased traffic on the food delivery platform and consolidation of corresponding quick commerce costs in the consolidated books of Zomato Limited post the closing of the Blinkit acquisition.

Outsourced support cost primarily includes cost related to (i) call center support across our food delivery and quick commerce operations and (ii) dark store related off-roll manpower costs in our quick commerce operations. This cost has increased to INR 3.0 billion in FY23 from INR 1.7 billion in FY22 on account of increase in order volumes which required us to deploy more staff in our call centres and consolidation of corresponding quick commerce costs in the consolidated books of Zomato Limited post the closing of the Blinkit acquisition.

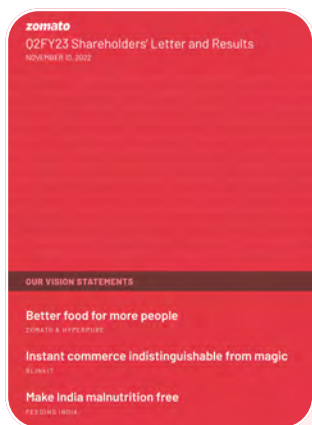

Payment gateway charges increased to INR 1.6 billion in FY23 from INR 1.2 billion in FY22 on a consolidated basis primarily on account of increase in GOV in FY23 and inclusion of quick commerce payment gateway charges in the consolidated books of Zomato Limited post the closing of the Blinkit acquisition.

Others includes legal & professional fee, rental expenses, general & admin expenses, insurance costs amongst others. Post the acquisition of Blinkit, in the consolidated books of Zomato Limited, this cost also includes quick commerce related costs such as warehouse management & associated logistics cost, dark store related expenses, packaging charges, etc. These 'Others' costs, on an aggregate basis, increased by INR 5.5 billion to INR 8.3 billion in FY23 from INR 2.7 billion in FY22. This increase was primarily due to inclusion of costs related to the quick commerce business which were not there a year ago.

For details relating to our FY23 quarterly disclosures, please refer to our shareholders letters published during the fiscal.

Q1FY23

Q2FY23

Q3FY23

Q4FY23

Additional notes: Adjusted Revenue and Adjusted EBITDA reconciliation

	(INR billion)	
Adjusted Revenue	FY23	FY22
Revenue from operations	70.8	41.9
Add: Customer delivery charges	16.1	13.5
Adjusted Revenue	86.9	55.4
Adjusted EBITDA	FY23	FY22
Profit/ (loss) for the year	-9.7	-12.2
Less: Other income	6.8	4.9
Add: Depreciation & amortisation expense	4.4	1.5
Add: Exceptional items	0.0	-3.0
Add: ESOP expense (Share-based payment expense)	5.1	8.8
Less: Rental paid pertaining to 'Ind AS 116 leases' ¹	0.8	-
Add: Tax expenses	-0.4	0.0
Add: Finance cost	0.5	0.1
Adjusted EBITDA	-7.8	-9.7

Notes:

- Up until Q1FY23, Adjusted EBITDA did not include the rental expenses on certain leases that are required to be capitalised as per Indian Accounting Standard 116 (Ind AS 116). From Q2FY23 onwards, we have included the actual rent paid for the period under such leases in the Adjusted EBITDA computation to reflect our cash loss / profit more appropriately.
- We have converted millions into single decimal billions and hence there could be some totaling anomalies in the numbers displayed above.

Board Report

Dear Members,

The Board of Directors ("Board") hereby submits the report on the business and operations of Zomato Limited ("the Company") along with audited financial statements of the Company for the financial year ended on March 31, 2023. The consolidated performance of the Company and its subsidiaries has been referred to wherever required.

1. Financial highlights

The highlights on the Company's financial statements on a standalone and consolidated basis are summarised below:

	(INR million)			
Particulars	Standalone		Consolidated	
	For the financial year ended on March 31			
	2023	2022	2023	2022
Total income	55,069	41,085	77,609	46,873
Less: Total expenses	53,897	53,773	87,753	62,055
Add: Exceptional items	-	1,710	1	2,974
Add: Share of profit of an associate and joint venture	-	-	(3)	3
Profit/(loss) before tax	1,172	(10,978)	(10,146)	(12,205)
Tax expenses	3	2	(436)	20
Profit/(loss) for the year	1,169	(10,980)	(9,710)	(12,225)
Other comprehensive income/(loss):				
1) Items that will not be reclassified to profit or (loss) in subsequent periods:				
a. Remeasurements of the defined benefit plans	16	(85)	39	(96)
b. Equity instruments through other comprehensive income	(1,113)	96	(1,113)	96
2) Items that will be reclassified to profit or (loss) in subsequent periods:				
a. Exchange differences on translation of foreign operations	85	22	88	22
b. Debt instruments through other comprehensive income	1	-	1	-
Total comprehensive income/ (loss) for the year	158	(10,947)	(10,695)	(12,203)

2. State of the Company's affairs

The consolidated financial statements of the Company include the performance of its subsidiaries and associates and depicts the comprehensive performance of the group.

The standalone financial statements of the Company reflect the performance of the Company on a standalone basis. The financial statements for the financial year ended on March 31, 2023 and March 31, 2022 have been prepared in accordance with Indian Accounting Standards (IndAS) as prescribed under

the Companies Act, 2013 read with rules framed thereunder ("**Act**") and other accounting principles generally accepted in India.

During the financial year under review, on a standalone basis, the total income has increased from INR 41,085 Mn to INR 55,069 Mn and the total expenses have increased from INR 53,773 Mn to INR 53,897 Mn as compared to the previous financial year. The Company has made a profit after tax of INR 1,169 Mn as compared to the previous financial year loss after tax of INR 10,980 Mn.

During the financial year under review, on a consolidated basis, the total income has increased from INR 46,873 Mn to INR 77,609 Mn and the total expenses have increased from INR 62,055 Mn to INR 87,753 Mn as compared to the previous financial year. The Company has incurred a loss after tax of INR 9,710 Mn as compared to the previous financial year loss after tax of INR 12,225 Mn.

3. Subsidiary(ies), associate company(ies) and joint venture(s)

During the financial year under review, pursuant to acquisition of 33,018 (thirty three thousand and eighteen) equity shares of Blink Commerce Private Limited ("**BCPL**") by the Company, BCPL became a wholly owned subsidiary of the Company.

Further, Zomato Media WLL, joint venture of the Company located in Qatar was liquidated on October 25, 2022 and Zomato Ireland Limited - Jordan, step down subsidiary of the Company located in Jordan was liquidated on March 12, 2023.

As on March 31, 2023, the Company has 16 (sixteen) direct subsidiaries and 12 (twelve) step down subsidiaries and 1 (one) associate company.

In accordance with Section 129 of the Act, a statement containing the salient features of the financial statements of the subsidiaries and associate company is annexed in Form AOC-1 as **Annexure-I** to this Board Report.

In accordance with Section 136 of the Act, the audited financial statements, including the consolidated financial statements and related information of the Company and accounts of its

subsidiaries, are available on the website of the Company at www.zomato.com

4. Change in nature of business

There has been no change in the nature of business of the Company during the financial under review.

5. Dividend

During the financial year under review, the Board has not recommended any dividend. The dividend distribution policy of the Company can be accessed at https://b.zmtcdn.com/investor-relations/0e4c2a214b341cfff8c0afde09f161815_1685079747.pdf

6. Amounts transferred to reserves

The Company has not transferred any amount to general reserves during the financial year under review.

7. Transfer to investor education and protection fund

The Company was not required to transfer any funds to the investor education and protection fund as per the provisions of Section 125 of the Act during the financial year under review.

8. Capital structure

i. Authorised share capital

The Company has not made any change to the authorised share capital of the Company during the financial year under review. However, the Company is proposing to reclassify the authorised share capital by cancelling the unissued authorised preference share capital of the Company and reallocating the same to authorised equity share capital in the ensuing Annual General Meeting ("**AGM**").

ii. Issued, subscribed and paid up share capital

The issued, subscribed and paid up share capital of the Company as on March 31, 2023 is INR 8,553,509,770/- (Indian rupees eight hundred fifty five crores thirty five lakhs nine thousand seven hundred and seventy only), divided into 8,553,509,770 (eight hundred fifty five crores thirty five lakhs nine thousand seven hundred and seventy) equity shares of INR 1/- (Indian rupee one) each.

Details of equity shares allotted by the Company during the financial year under review are given below:

Sr. No.	Date of allotment	Brief details	No. of equity shares
1	May 16, 2022	Allotment against exercise of options granted under Zomato Employee Stock Option Plan 2018 ("ESOP 2018")	1,721,900 ¹
2	July 25, 2022	Allotment against exercise of options granted under Zomato Employee Stock Option Plan 2021 ("ESOP 2021")	40,200,000
3	July 25, 2022	Allotment against exercise of options granted under ESOP 2018	6,351,600 ¹
4	August 10, 2022	Allotment under preferential issue for acquisition of 33,018 (thirty three thousand and eighteen) equity shares of BCPL	628,530,012
5	November 03, 2022	Allotment against exercise of options granted under ESOP 2018	3,008,300 ¹
6	January 25, 2023	Allotment against exercise of options granted under ESOP 2018	1,762,100 ¹
7	January 25, 2023	Allotment against exercise of options granted under ESOP 2021	3,082

¹ Equity shares allotted against exercise of ESOPs under ESOP 2018 also includes equity shares allotted to the allottees/employees in the ratio of 6699:1, pursuant to the corporate action adjustment made under aforesaid scheme.

iii. Equity shares with differential rights and sweat equity shares

The Company has neither issued equity shares with differential rights as to dividend, voting or otherwise nor issued sweat equity shares during the financial year under review.

iv. Listing on stock exchanges

The Company's equity shares are listed on BSE Limited ("BSE") and the National Stock Exchange of India Limited ("NSE") (collectively referred to as "Stock Exchanges"). Further, trading in the Company's shares was not suspended during the financial year under review.

9. Directors and Key Managerial Personnel ("KMP")

i. Appointment / resignation of director(s)

Mr. Sanjeev Bikhchandani (DIN: 00065640), Non-Executive and Nominee Director, who retired by rotation during the financial year under review was re-appointed by the shareholders in the AGM held on August 30, 2022.

Given that Mr. Douglas Feagin (DIN: 07868696), Non-Executive and Nominee Director, resigned from the Company w.e.f February 9, 2023, Mr. Sanjeev Bikhchandani (DIN: 00065640) will again be liable to retire by rotation in the ensuing AGM. A resolution seeking approval of the shareholders for his re-appointment forms part of the notice of the AGM.

ii. Appointment / resignation of KMP

During the financial year under review, there were no appointments/resignations of the KMP(s).

iii. Declarations from independent director(s)

Independent directors have confirmed that:

- they meet the criteria of independence laid down under the Act and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations");
- they have complied with the code for independent directors prescribed under Schedule IV to the Act;
- they have registered themselves with the independent director's database maintained by the Indian Institute of Corporate Affairs;
- they are not aware of any circumstance or situation, which exists or may be reasonably anticipated, that could impair or impact their ability to discharge their duties.

iv. Company's policy on directors' appointment and remuneration including criteria for determining qualifications, positive attributes, independence of a director and other matters

The Nomination and Remuneration Policy ("NRC Policy") is intended to set out a framework for

nomination, evaluation and remuneration of directors and senior management personnel of the Company. The NRC Policy also reflects the remuneration philosophy and principles of the Company and considers the pay and employment conditions with peers / competitive market to ensure that pay structures are appropriately aligned. The primary objective of NRC Policy is to attract, recruit, retain, and incentivise the most qualified and skilled individuals available in the talent pool.

Throughout the financial year under review, the NRC Policy remained unchanged and no amendments were introduced. The NRC Policy of the Company can be accessed at https://b.zmtcdn.com/data/file_assets/d334ce29b2ed635dbd531d5c92fda1221625837674.pdf

10. Number of Board meetings

During the financial year under review, the Board met 8 (eight) times. The maximum interval between any two meetings of the Board did not exceed 120 days. Details of the meetings of the Board along with the attendance of the directors therein have been disclosed in the corporate governance report forming part of this Annual Report.

11. Board evaluation

In line with the requirements of the Act and SEBI Listing Regulations, NRC and the Board have defined a process and identified the criteria for performance evaluation of the Board, committee, chairman and individual board members including independent directors, through policy for evaluation of the performance of the Board which includes the Board composition and structure, effectiveness of Board processes, information and functioning, contribution of the individual director to the Board and committee meetings etc.

The Board had engaged Nasdaq Corporate Solutions International Limited ("Nasdaq"), to conduct the Board evaluation for the financial year ended on March 31, 2023. The process included various techniques such as questionnaires, one-on-one discussions, etc. The aggregated feedback report followed by composite board evaluation report incorporating SWOT analysis, highlights and action points and other relevant sections has been submitted to the Chairperson of the NRC and also placed before the

Board. The Board considered and took note of the same.

12. Committees of the Board

As on March 31, 2023, the Board had 7 (seven) committees: the Audit Committee, the Nomination and Remuneration Committee, the Risk Management Committee, the Stakeholders Relationship Committee, the Corporate Social Responsibility Committee, the Initial Public Offer (IPO) Committee and the Investment Committee. A detailed note on the composition of the committees and other mandatory details is provided in the corporate governance report forming part of this Annual Report.

13. Corporate Social Responsibility ("CSR") policy

The Company has a CSR policy which has been approved by the Board, outlines the Company's philosophy and responsibility and lays down the guidelines and mechanism for undertaking socially impactful programs towards welfare and sustainable development of the community around the area of its operations. The brief outline of the CSR policy of the Company along with other mandatory details is annexed in **Annexure – II** of this report.

14. Vigil mechanism and whistle blower policy

The Company has in place vigil mechanism and whistle blower policy and has established the necessary procedures for directors and employees in confirmation with Section 177(9) of the Act and Regulation 22 of SEBI Listing Regulations, to report concerns about unethical behavior and also provides for direct access to the Chairperson of the Audit Committee in exceptional cases.

During the financial year under review, 44 (forty four) complaints were reported, all complaints were resolved in a timely manner. These complaints were of the nature of suspicious reimbursements by employees, misuse of access rights and other violations of code of conduct of the Company. Appropriate action such as suspension / warning / termination of employment was done in accordance with the vigil mechanism and whistle blower policy.

15. Risk management

i. Risk management policy:

The Board has formulated a Risk Management Committee (“RMC”) to frame, implement and monitor the risk management procedures for the Company. RMC is responsible for monitoring and reviewing the risk management procedures and ensuring its effectiveness. The Audit Committee has additional oversight in the area of financial risks and controls. Strategic risks impacting the organization are identified through an Enterprise Risk Management exercise, which includes identifying risk owners and their mitigation measures. These risks are closely monitored & tracked and results are reported to the RMC on a periodic basis.

Additionally, risk management procedures are driven by the Governance, Risk & Compliance team within the organisation. These include periodic identification, assessment and prioritisation of key operational, financial, strategic and regulatory risks followed by coordinated efforts to mitigate these. A risk register is being maintained and periodically updated to make sure that risks are tracked and mitigated effectively.

ii. Risk and concerns

Key risks identified for Zomato on a standalone basis –

1. Brand reputation

Zomato may face a loss of brand perception and reputation due to several factors, including negative publicity or feedback on various platforms. This can be a result of dissatisfied customers, incidents that generate unfavourable public attention, due to copyright infringement related matters, intellectual property conflicts, or plagiarism among others and may have an impact on overall brand perception.

Zomato has implemented a set of branding guidelines to ensure accurate and consistent branding and publicity across all channels. To monitor and address negative publicity across platforms, Zomato has a dedicated public relations team which tracks and monitors public sentiment and feedback. Through these measures, Zomato demonstrates its commitment to maintaining the integrity of its brand, proactively managing negative publicity, and protecting its intellectual property.

2. Customer experience

Customer experience on the Zomato platform may be impacted due to multiple factors including non availability or delay of services in certain situations, inadequate quality of service provided by merchant / restaurant partner or delivery partners and inconsistent pricing, amongst others. In order to enhance the customer experience, customer complaints related to the quality of items are conveyed to the merchant / restaurant partner. Customers also have the option to provide reviews and ratings for restaurant partners on the platform which are visible to everyone logging on to the Zomato app. Periodic training is also conducted for delivery partners to improve overall delivery experience for our customers.

3. Technology

Services on the Zomato platform may be disrupted due to various factors, including app downtime, inadequate technology infrastructure to handle high traffic volumes, inability to adapt to changes and cyber security threats. In order to manage these risks, the Company has dedicated teams and defined frameworks in place. Regular testing and maintenance is also conducted to assess the effectiveness and readiness of our app against such risks. The Company has also implemented cyber security tools to further strengthen its technology infrastructure.

4. Stakeholder management

We may not be able to fully manage expectations of some of our stakeholders including grievances of key stakeholders, such as customers, merchants, and delivery partners. Customer preferences are dynamic in nature and failure in keeping up with these emerging trends can result in loss of trust or dissatisfaction which may have a negative impact on the Company. To address grievances effectively, Zomato has dedicated tools and teams in place. These resources track, monitor, and resolve complaints across various communication channels including real-time chat / call support through the Zomato app. For unresolved issues, stakeholders can directly write to us through designated email addresses which are available on the Zomato website. Additionally, Zomato offers an SOS Help Desk service which provides immediate assistance to delivery partners in case of emergencies.

5. People management

Ability to attract, retain top talent and succession challenges may limit our ability to achieve operational targets. In order to mitigate these risks, Zomato has documented a policy on succession planning for the Board and critical management positions. Zomato has also developed an Equal Opportunity, Diversity, and Inclusion policy to promote a culture of diversity, equity and inclusion. This policy aims to foster, nurture, and sustain a diverse and inclusive environment within the organization. As part of these efforts, Zomato has introduced various initiatives, including equal parental leaves and period leaves, among others.

6. Product innovation

Lack of product innovation can result in Zomato's offerings becoming less relevant compared to other market players as customer preferences are dynamic in nature and keep on evolving. This can lead to a negative impact on the Company. We remain committed to enhancing overall stakeholder experience with a focus on driving long-term engagement through innovation. Zomato continuously collects feedback from various stakeholders to improve its offerings. Zomato also has a process in place to ensure testing is done before any feature / product is rolled out to our customers.

16. Auditors and auditors' reports

i. Statutory auditor

M/s. Deloitte Haskins & Sells, Chartered Accountants, (FRN: 015125N), are appointed as the Statutory Auditors of the Company for a term of 5 (five) consecutive years to hold office from the conclusion of the 10th AGM till the conclusion of the 15th AGM.

M/s. Deloitte Haskins & Sells, Chartered Accountants, Statutory Auditors have confirmed that:

- their appointment is within the limit prescribed under the Section 141 of the Act;
- they are not disqualified from continuing as Statutory Auditors under the Section 141 of the Act; and
- they hold a valid certificate issued by the peer review board of the Institute of Chartered Accountants of India.

The Statutory Auditors have given unmodified opinion on the audited financial statements (standalone and consolidated) of the Company for the financial year ended on March 31, 2023, which forms part of this annual report. The Statutory Auditors have not given any qualification or reservation or adverse remark or disclaimer in its report.

ii. Secretarial auditor

M/s. Chandrasekaran Associates, Company Secretaries, (FRN: P1988DE002500) were appointed as Secretarial Auditor of the Company for the financial year ended on March 31, 2023 as per provisions of Section 204 of the Act and Regulation 24A of the SEBI Listing Regulations. The secretarial audit report of the Company annexed as **Annexure - III A** issued by the Secretarial Auditor does not contain any qualification, reservation, observation or adverse remark.

M/s. Chandrasekaran Associates, Company Secretaries, (FRN: P1988DE002500), also acted as Secretarial Auditor for Zomato Hyperpure Private Limited, (Formerly known as Zomato Internet Private Limited), material unlisted subsidiary of the Company ("**ZHPL**") for the financial year ended on March 31, 2023 as per Section 204 of the Act and Regulation 24A of the SEBI Listing Regulations. The secretarial audit report of ZHPL annexed as **Annexure - III B**.

The Company has submitted the secretarial compliance report with BSE and NSE in compliance of Regulation 24A of the SEBI Listing Regulations and the same can be accessed on the website of the Company at https://b.zmtcdn.com/investor-relations/8bb3f492933cc8841241511e5f324f6b_1685618459.pdf

iii. Internal auditor

Mr. Deepak Ahluwalia, Chartered Accountant, head of Governance, Risk & Compliance of the Company is appointed as Internal Auditor of the Company. He has been assigned to provide governance over internal audit and controls, systems and processes within the Company. He is supported in discharge of his duties by firms of chartered accountants.

17. Internal financial controls and their adequacy

Internal financial controls are an integral part of the risk & governance framework of the Company that address financial and operational risks impacting the organisation. The internal financial controls have been documented, automated wherever possible and embedded in the respective business processes. Assurance to the Board on the effectiveness of internal financial controls is obtained through 3 lines of defence which include: a) Management reviews and self-assessment; b) Continuous controls monitoring by the Governance, Risk and Compliance Function and c) Independent design and operational testing by the Statutory Auditor. Based on the framework of internal financial controls for financial reporting and compliance systems established and maintained by the Company, work performed by the internal, statutory and secretarial auditor and the reviews performed by the management and the relevant Board committees, including the Audit Committee, the Company is of the opinion that the internal financial controls were adequate and effective during the financial year under review.

18. Human resources

As on March 31, 2023, the permanent employees on the rolls of the Company were 3,440 (three thousand four hundred and forty). The Company's employees have always been one of the key stakeholders. We are committed to hiring and retaining the best talent. We focus on promoting a collaborative, transparent and participative organization culture and rewarding merit and sustained high performance.

Disclosures with respect to the remuneration of directors and employees as required under Section 197 of the Act and Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is annexed as **"Annexure - IV"** to this report.

In terms of Section 136 of the Act, this Report and financial statements of the Company are being sent to the shareholders excluding information on details of employee remuneration as required under provisions of Section 197 of the Act and Rule 5(2) & 5(3) of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. Any shareholder interested in obtaining the copy

of the aforesaid information, may send an email to the Company Secretary and Compliance Officer at companysecretary@zomato.com.

19. Disclosure regarding employee stock options plans

During the financial year under review, the Company had formulated Zomato Employee Stock Option Plan 2022 ("**ESOP 2022**") pursuant to the resolution passed by the shareholders on July 25, 2022.

As on financial year ended on March 31, 2023, the Company has four Employee's Stock Option Plans namely i) Foodie Bay Employee Stock Option Plan 2014 ("**ESOP 2014**"), ii) Zomato Employee Stock Option Plan 2018, iii) Zomato Employee Stock Option Plan 2021 and iv) Zomato Employee Stock Option Plan 2022.

In accordance with the terms of the aforesaid schemes, options may be granted to employees of the Company and subsidiaries which gives them rights to receive equity shares of the Company having face value of INR 1/- (Indian rupee one) each on vesting. The Company confirms that the ESOP Schemes are in compliance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ("**SEBI ESOP Regulations**").

Further, details for employee stock options plans of the Company also form part of the notes to accounts of the financial statements. The details as required to be disclosed under Regulation 14 of the SEBI ESOP Regulations can be accessed at <https://b.zmtcdn.com/investor-relations/esopdisclosurefy2023.pdf>.

The Company has obtained certificate(s) from Secretarial Auditor confirming that ESOP 2014, ESOP 2018, ESOP 2021 and ESOP 2022 have been implemented in accordance with the SEBI ESOP Regulations. The said certificate(s) will be made available for inspection by the members electronically during business hours till ensuing AGM of the Company.

20. Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Company has adopted zero tolerance for sexual harassment at the workplace and has formulated a policy on prevention, prohibition, & redressal of sexual

harassment ("**POSH**") and complies with all provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and the rules thereunder. The Company has also constituted an Internal Complaints Committee ("**ICC**") for timely and impartial resolution to complaints of sexual harassment in line with the above provisions.

The summary of POSH training and initiatives taken during the financial year under review is given below:

- Annual training of all the ICC members;
- Periodic communication on the POSH policy to employees via messaging, emails and posters; and
- Mandatory session on POSH for all new joiners.

Details of complaints received and resolved during the financial year under review by the ICC is given below:

Number of complaints filed during the financial year	4
Number of complaints disposed of during the financial year	4
Number of complaints pending as at the end of the financial year	0

21. Conservation of energy, technology absorption, foreign exchange earnings and outgo

The particulars relating to conservation of energy, technology absorption, foreign exchange earnings and outgo, as required to be disclosed under Section 134 of Act are as under:

i. Conservation of energy

In view of the nature of activities that are being carried on by the Company, the provisions of the Companies (Accounts) Rules, 2014 concerning conservation of energy are not applicable. However, every effort is made to ensure that energy efficient equipment is used to avoid wastage and conserve energy, as far as possible. The Company is committed towards conservation of energy and climate action which is reaffirmed in its environmental policy which is also available on the website of the Company. The Company continuously strives to reduce the environmental

impact of its operations and lower its carbon footprint. It focuses on improving energy efficiency and improving waste management to reduce the overall environment footprint.

Steps taken to improve energy conservation -

- Usage of LED lights and LED monitors in its Corporate offices;
- Regular monitoring of temperature inside the buildings and controlling the air-conditioning systems; and
- Rationalization of usage of electrical equipment: air-conditioning system, office illumination, beverage dispensers etc.

The Company has converted all its electricity purchases to 100% renewable by purchasing International Renewable Energy Certificates equivalent to its total electricity consumption for financial year ended on March 31, 2023.

ii. Technology absorption

The Company believes in leveraging technology to transform every dimension of its business. Investments in technology infrastructure is an important element of the Company's commitment to delivering a seamless customer experience. The Company is a technology first organisation leveraging artificial intelligence, machine learning and deep data science to continuously drive innovations on our platform for our community of customers, delivery partners and restaurant partners. Our products are highly personalised, intuitive, simple to use, visually appealing and are designed to drive high engagement with our customers. The Company enables restaurant partners with fully automated order management systems. These systems offer dashboards that have features such as, order transmission, order processing, menu synchronisation, payment reconciliation, content promotion, marketing tools and invoice management features.

The Company has automated the process of on boarding of delivery partners via Aadhaar based verification through Digilocker for enhanced quality and impersonation checks. Further, the Company has implemented Application Programming Interface

(API) based checks to validate regulatory licenses (wherever possible). For improving logistics for end consumers during rains the Company has installed automatic weather stations in a few cities

(Delhi NCR, Bangalore and Chennai) for better rain predictability and better visibility to customers on the application.

Sr. No.	Particulars	Category

ANNEXURE - IIIA**FORM NO. MR-3****SECRETARIAL AUDIT REPORT**

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2023

To,
The Members

Zomato Limited

Ground Floor 12A, 94 Meghdoot, Nehru Place,
New Delhi – 110019

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practices by Zomato Limited (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2023 (**'Audit Period'**) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (**'the Act'**) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (**'SCRA'**) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder to the extent of Regulation 76 of SEBI (Depositories and Participants) Regulations, 2018;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings to the extent applicable;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (**'SEBI Act'**):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 to the extent applicable;
 - d) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 to the extent applicable;
 - e) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **Not applicable to the Company during the Audit Period**
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client to the extent of securities issued;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **Not applicable to the Company during the Audit Period**
 - h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; **Not applicable to the Company during the Audit Period**

(vi) The management has identified and confirmed the following laws as being specifically applicable to the Company:

- a) Food Safety & Standards Act, 2006;
- b) The Food Safety & Standards Rules, 2011;
- c) Legal Metrology Act, 2009

We have also examined compliance with the applicable clauses/Regulations of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India and notified by Ministry of Corporate Affairs;
- ii) Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review was carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance except in cases where meetings were convened at a shorter notice. The Company has complied with the

provisions of Act for convening meeting at the shorter notice. A system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, following major events have happened in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.:

(i) During the period under review, the shareholders of the Company through Postal Ballot on July 25, 2022 passed the following special resolutions:

- a. Approval for issuance up to 62,85,30,012 (Sixty Two Crores Eighty Five Lakhs Thirty Thousand and Twelve) equity shares of the Company on preferential basis for consideration other than cash;
- b. Approval for formulation, adoption and implementation of Zomato Employee Stock Option Plan 2022 and grant of employee stock options to the employees of the Company under this plan;
- c. Approval for grant of employee stock options under Zomato Employee Stock Option Plan 2022 to the employees of subsidiary companies.

(ii) The Company's capital structure was changed on various intervals due to allotment of equity shares pursuant to following events:

Date	Particular	Manner of Allotment
May 16, 2022	17,21,900 Equity Shares of face value of INR 1/-	Pursuant to exercise of options by the employees of the Company and its subsidiaries under Zomato Employee Stock Option Plan 2018
August 10, 2022	62,85,30,012 Equity Shares of face value of INR 1/-	Pursuant to allotment for consideration other than cash for the acquisition of up to 33,018 equity shares of Blink Commerce Private Limited (formerly known as Grofers India Private Limited) (" BCPL ") from its shareholders on a preferential issue basis

Date	Particular	Manner of Allotment
July 25, 2022	63,51,600 Equity Shares of face value of INR 1/-	Pursuant to exercise of options by the employees of the Company and its subsidiaries under Zomato Employee Stock Option Plan 2018
July 25, 2022	4,02,00,000 Equity Shares of face value of INR 1/-	Pursuant to exercise of options by the employees of the Company and its subsidiaries under Zomato Employee Stock Option Plan 2021
November 3, 2022	30,08,300 Equity Shares of face value of INR 1/-	Pursuant to exercise of options by the employees of the Company and its subsidiaries under Zomato Employee Stock Option Plan 2018
January 25, 2023	17,62,100 Equity Shares of face value of INR 1/-	Pursuant to exercise of options by the employees of the Company and its subsidiaries under Zomato Employee Stock Option Plan 2018
January 25, 2023	3,082 Equity Shares of face value of INR 1/-	Pursuant to exercise of options by the employees of the Company and its subsidiaries under Zomato Employee Stock Option Plan 2021

Considering the above said allotment of Equity shares, the issued, subscribed and paid up capital of the Company stands increased to 8,553,509,770 Equity Shares of INR 1/- each as at end of period under review.

(iii) During the period under review, the Company has acquired direct stake in following companies on various intervals:

a. Acquired 33,018 Equity Shares of Blink Commerce Private Limited (formerly known as Grofers India Private Limited) ("**BCPL**") for consideration other than cash resulted in BCPL becoming wholly owned subsidiary of the Company and further acquired 13,161 Equity Shares of BCPL for an aggregate cash consideration of INR 16,49,83,33,927.69/-

b. Acquired 97,05,742 Equity Shares of Zomato Hyperpure Private Limited (formerly known as Zomato Internet Private Limited) ("**ZHPL**") for an aggregate cash consideration of INR 5,99,99,98,449.42/-

c. Acquired 1,00,000 Equity Shares of Zomato Local Services Private Limited ("**ZLSPL**") for an aggregate cash consideration of INR 10,00,000/-

d. Acquired 1,90,00,000 Equity Shares of Zomato Payments Private Limited ("**ZPPL**") for an aggregate cash consideration of INR 19,00,00,000/-

e. Acquired 92,50,000 Equity Shares of Zomato Financial Services Limited ("**ZFSL**") for an aggregate cash consideration of INR 9,25,00,000/-

ANNEXURE - IIIB**FORM NO. MR-3****SECRETARIAL AUDIT REPORT**

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2023

To,
The Members

Zomato Hyperpure Private Limited

(Formerly known as Zomato Internet Private Limited)
Ground Floor 12A, 94 Meghdoot, Nehru Place,
New Delhi – 110019

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practices by Zomato Hyperpure Private Limited (formerly Zomato Internet Private Limited) (hereinafter called **"the Company"**). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2023 (**'Audit Period'**) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (**'the Act'**) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (**'SCRA'**) and the rules made thereunder;

Not applicable to the Company during the Audit Period

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder to the extent applicable;

(iv) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings to the extent applicable;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (**'SEBI Act'**): **Not applicable to the Company during the Audit Period**

- i. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- ii. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- iii. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- iv. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 prior to its repealment;
- v. The Securities and Exchange Board of India (Issue and Listing of Non- Convertible Securities) Regulations, 2021 and the Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulation, 2008 prior to its repealment;
- vi. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client to the extent of securities issued;

vii. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;

viii. The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018;

(vi) The management has identified and confirmed the following laws as being specifically applicable to the Company:

- a) Food Safety & Standards Act, 2006;
- b) The Food Safety & Standards Rules, 2011;
- c) Legal Metrology Act, 2009.

We have also examined compliance with the applicable clauses/Regulations of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India and notified by Ministry of Corporate Affairs;

During the Audit Period, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except written as under:

- i. The Board of Directors has appointed Woman Director, Whole Time Director and Chief Financial Officer (KMP) with effect from February 08, 2023 i.e. after a period of 6 months from the date of applicability.
- ii. The Board of Directors comprised of only two directors instead of three directors from November 18, 2022 till February 07, 2023.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Directors and Independent Director except as mentioned above. The changes, in the composition of the Board of Directors that took place during the Audit Period were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance except in cases where meetings were convened at a

shorter notice. The Company has complied with the provisions of Act for convening meeting at the shorter notice. A system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors of the Board, as the case may be.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the Audit Period, following major events have happened in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.:

- (i) During the Audit Period, the Company has allotted 9,705,742 Equity Shares of Rs. 10/- each from time to time and accordingly, the issued, subscribed and paid-up capital of the Company stands increased to 1,74,20,386 Equity shares of INR 10/- each as at end of Audit Period.

Note: This report is to be read with our letter of even date which is annexed as **Annexure-A** to this Report and forms an integral part of this report.

ANNEXURE - V

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

SECTION A – GENERAL DISCLOSURES

I. Details of listed entity

1.	Corporate Identity Number (CIN) of the Listed Entity	: L93030DL2010PLC198141
2.	Name of the Listed Entity	: Zomato Limited
3.	Year of incorporation	: 2010
4.	Registered office address	: Ground Floor 12A, 94 Meghdoot Nehru Place, New Delhi-110019
5.	Corporate address	: Pioneer Square Building, Sector 62, Golf Course Extension Road, Gurugram, Haryana, 122098
6.	E-mail	: companysecretary@zomato.com
7.	Telephone	: 0124-4268565
8.	Website	: www.zomato.com
9.	Financial year for which reporting is being done	: 1st April 2022– 31st March 2023
10.	Name of the Stock Exchange(s) where shares are listed	1. BSE Limited (BSE) 2. National Stock Exchange of India Limited (NSE)
11.	Paid-up capital	: INR 8,553,509,770
12.	Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR Report	Ms. Anjali Ravi Kumar Email: companysecretary@zomato.com Ph: 0124 4268565
13.	Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity for the entity and all the entities which form a part of its consolidated financial statements, taken together	: Standalone basis*

*Zomato Limited (on a standalone basis) includes Zomato Limited India operations, branches in Dubai, Abu Dhabi and Philippines, and ESOP Trust. (ESOP Trust and the Philippines branch do not have any operations or employees.)

II. Products/Services

14. Details of business activities (accounting for 90% of the turnover)

Sr. No.	Description of Main Activity	Description of Business Activity	% of Turnover of the entity
1	Information Service Activities (NIC Code: 63999)	Other information & communication service activities	100%

15. Products/Services sold by the entity (accounting for 90% of the entity's turnover):

Sr. No.	Product/Service	NIC Code	% of total Turnover contributed
1	Zomato - India Food Ordering and Delivery Business	63999	96%

III. Operations**16. Number of locations where plants and/or operations/offices of the entity are situated**

Location	Number of plants	Number of offices*	Total
National	0	3	3
International	0	0	0

*Zomato is a technology platform company and our workforce operates out of 42 locations. However, 32 of these are co-working spaces and 7 are offices on direct lease with less than 100 employees. The above table includes only those 3 offices on direct lease with over 100 employees. The same 3 offices are included in the reporting boundary for environmental indicators while social and governance indicators cover Zomato's entire operations.

17. Markets served by the entity

Zomato Limited operates in India and UAE.

a. Number of locations

Locations	Number
National (No. of States)	34 (31 States and 3 Union Territories)
International (No. of Countries)	1 (UAE)

b. What is the contribution of exports as a percentage of the total turnover of the entity?

There is a limited export for Zomato IP to its overseas group entities and marketing services to a third party. Total export is 0.11% of total revenue from operations of Zomato Limited for FY23.

c. A brief on types of customers

For the purpose of this BRSR disclosure, we have two types of customers as defined below-

- 1. End-users of our platform** - End-users are customers who use our platform to search and discover restaurants, read and write customer generated reviews and view and upload photos, order food delivery, book a table and make payments while dining-out at restaurants.
- 2. Restaurant partners** - We provide restaurant partners with industry-specific marketing tools which enable them to engage and acquire customers to grow their business while also providing a reliable and efficient last mile delivery service.

Note: As per the Indian Accounting Standards, end-users and delivery partners are considered as Zomato's customers only under limited circumstances. For the purpose of this BRSR disclosure, the definition of customers includes end-users while delivery partners have been considered as value chain partners.

IV. Employees

18. Details as at the end of Financial Year

a. Employees and workers (including differently-abled):

Sr. No.	Particulars	Total (A)	Male		Female		Other	
			No. (B)	% (B/A)	No. (C)	% (C/A)	No. (D)	% (D/A)
EMPLOYEES								
1.	Permanent (E)	3,440	2,685	78.05%	754	21.92%	1	0.03%
2.	Other than Permanent (F)	446	360	80.72%	86	19.28%	0	0%
3.	Total employees (E + F)	3,886	3,045	78.36%	840	21.62%	1	0.03%
WORKERS								
4.	Permanent (G)*	0	0	0%	0	0%	0	0%
5.	Other than Permanent (H)**	298	263	88.26%	35	11.74%	0	0%
6.	Total workers (G + H)	298	263	88.26%	35	11.74%	0	0%

* Zomato does not engage 'Permanent Workers', hence, details sought for 'Permanent Workers' category are '0' throughout this report.

** 'Other than Permanent Workers' include housekeeping, security, technical staff, pantry staff, driver, creche staff and emergency medical technicians. Delivery partners are value chain partners and hence, they are not a part of Zomato's workforce.

b. Differently-abled Employees and Workers

Sr. No.	Particulars	Total (A)	Male		Female		Other		
			No. (B)	% (B/A)	No. (C)	% (C/A)	No. (D)	% (D/A)	
DIFFERENTLY-ABLED EMPLOYEES									
1.	Permanent (E)	1	0	0%	1	100%	0	0%	
2.	Other than Permanent (F)	0	0	0%	0	0%	0	0%

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sr.No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Environment Climate change, GHG emissions and energy efficiency in operations	Risk	Risk- Climate change, lack of management of GHG emissions and energy efficiency in operations pose a significant risk to business due to rising temperature, changes in precipitation patterns, extreme weather events and evolving regulatory requirements.	Our climate risk management measures- <ul style="list-style-type: none"> Migration to EV-based deliveries- Our emissions profile is dominated by emissions from transportation undertaken by delivery partners. We have signed partnership agreements with EV OEMs and service operators to enable delivery partners to transition to EVs so we can offer 100% EV-based deliveries by 2030. As of March 2023, we had an active EV delivery fleet of ~13,500 vehicles which is 3x the number compared to March 2022. Purchase of IRECs and carbon offsets- In FY23, we maintained net greenhouse gas emissions from our operations (classified as Scope 1, 2) at zero by procuring International Renewable Energy Certificates (IRECs) covering 100% of our electricity consumption (Scope 2). We also purchased verified carbon removal offsets equivalent to 100% of our Scope 1 emissions. Initiatives for delivery partners- We have taken various initiatives to help protect delivery partners, such as investing in high quality water-proof rain apparel. Additionally, we have installed Automatic Weather Stations (AWS) in select cities to better respond to adverse weather conditions. 	Negative implications- Failure to address climate-related risks or non-compliance with the applicable regulations may lead to penalties, decreased customer preference, resulting in negative financial impact.

Sr.No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2.	Social Talent attraction and human capital development	Risk	Risk- Lack of talent with required skills, high attrition and low human capital development may result in business disruptions, negative impact on reputation, and may limit the Company's ability to achieve its business goals.	<ul style="list-style-type: none"> • Hiring procedures - Zomato has a structured mechanism in place to identify suitable talent with required skills through campus hiring, participation in job fairs, internal employee referrals, periodic hiring drives and partnering with independent external organisations. • Benchmarking of employee benefits - Periodically, benchmarking of employee benefits and salary is done to ensure that benefits provided to employees are in line with industry standards. Regular training and workshops are conducted for employees to facilitate learning and development of employees. • Grievance redressal mechanism - A transparent grievance redressal mechanism is in place for managing employee grievances related to sexual harassment, whistleblower complaints, human rights, etc. • Diversity - Zomato has an Equal Opportunity, Diversity and Inclusion policy. The company offers equal Parental Leave for all parents, irrespective of gender, Period Leaves for female and transgender employees, Gender Reassignment Surgery Cover as part of its employee medical insurance plan, and Employee Resource Groups (ERGs) for parents, mothers, and members and allies of the LGBTIQ+ community. Further, in July 2023, Zomato became a signatory to the UN Women's Empowerment Principles, and a supporter of the UN Standards of Conduct for Business Tackling Discrimination against LGBTIQ+ People. 	Negative implications- Shortage of talent, high attrition, skills obsolescence may lead to business disruption and loss of intellectual capital, impact operational efficiency and productivity resulting in negative financial impact.
3.	Social Health and safety of delivery partners	Risk	Risk- Lack of adequate health and safety measures for delivery partners may result in business disruption, injuries or casualties, higher attrition, legal action, reputational damage, etc.	<ul style="list-style-type: none"> • Training- All delivery partners have to mandatorily complete a road safety training module at the time of onboarding. Further, we conduct periodic awareness programs and training on health & safety for our delivery partners in collaboration with local authorities. • SOS service- SOS services are available to provide immediate support to delivery partners in case of emergencies, including accidents, vehicle breakdown, etc. Additionally, ambulance services have also been introduced in select cities to provide immediate and free ambulance services to delivery partners. • Insurance coverage- All delivery partners active on the platform are provided with free accidental and medical insurance cover along with disability/ death benefits. • Others- Zomato has introduced a Shelter Project to provide resting points for delivery partners. Further, delivery partners have been provided high quality waterproof apparel for protection from rain. Zomato has also installed Automatic Weather Stations (AWS) to better respond to adverse weather conditions in select cities. 	Negative implications- Failure to provide a healthy and safe work environment may result in serious work related injuries, casualties, lawsuits, reputational damage, business disruption, resulting in negative financial impact.

Sr.No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4.	Governance Customer data protection, information & cyber security	Risk	Risk- Cyber security incidents or data breaches pose a major threat to the safety and privacy of confidential information of Zomato and its key stakeholders, including personally identifiable information (PII) which may lead to loss of stakeholder trust, reputational damage and legal liabilities.	<ul style="list-style-type: none"> Information security framework- The company has formulated an information security framework to protect Zomato's information from unauthorised access and external threats and has put in place a dedicated security team to monitor the same. ISO certification- Zomato is committed to adhering to global best practices for data protection and has secured ISO 27001 certification for the management of information security. Periodic assessment- The company has a review mechanism in place to evaluate the security position of the company including independent assessment, such as audits, Vulnerability Assessment and Penetration Testing (VAPT) assessments, third-party reviews, bug bounty programs, etc. 	Negative implications- Inadequate mitigation measures may lead to data breach or loss of confidential information, resulting in negative financial impact.
5.	Governance Management of key stakeholders (End-users, restaurant partners and delivery partners)	Risk	Risk- Ineffective management of our key stakeholder expectations, and inadequate redressal of grievances may lead to dissatisfaction resulting in business disruption, loss of trust, impact on reputation and long-term growth, among others.	<ul style="list-style-type: none"> Feedback mechanism- Feedback mechanism in place wherein key stakeholders can share their feedback basis which corrective actions are taken, if required. Dedicated support system- Dedicated support teams are available to provide required information, facilitate support and resolve key stakeholder queries/ grievances. Training- Periodic awareness programs are undertaken with delivery partners to make them aware of how to use the delivery partner mobile application, raise grievances, raise insurance claims, etc. 	Negative implications- Ineffective key stakeholder management may result in stakeholder dissatisfaction or reputational impact, having an overall negative impact.
6.	Governance Corporate governance	Opportunity	Opportunity- Robust governance practices may enhance reputation, minimise risks, prevent financial mismanagement, increase stakeholder confidence and promote sustainable growth.	<ul style="list-style-type: none"> Policy framework- Company has formulated a policy framework to promote ethical conduct by employees throughout the organisation Governance mechanism- The Company has formulated an Audit Committee and Risk Management Committee to provide oversight and governance. Compliance- The Company has implemented a compliance tool to ensure real time monitoring of regulations and its compliance. Whistleblower mechanism- The Company has established a whistleblower mechanism for reporting of any concerns and potential wrongdoing without any adverse consequences or fear of retaliation. 	Positive implication- Effective governance and responsible business practices ensures efficient and structured decision-making and improved risk management, leading to competitive advantage, lower risk of financial irregularities / leakages, low risk of regulatory non-compliance, etc.

5. Specific commitments, goals and targets set by the entity with defined timelines, if any.

Zomato's specific targets and goals for Principle 6 are outlined below - Our GHG Emission Reduction Commitments

- To address our Scope 3 emissions, we have committed to 100% EV-based deliveries by 2030 and we have joined the Climate Group's EV100 initiative.

Our Waste Reduction and Recycling Commitments

- We have committed to 100% plastic neutral deliveries which means we will voluntarily recycle more than 100% of all plastic utilised by restaurants in the packaging of food delivery orders placed by customers (end - users) on our platform from April 2022 onwards.
- We will deliver 100 million eco-friendly meals, i.e. without plastic packaging by 2025
- We will educate 1 million end-users and 100,000 restaurant partners on sustainable packaging, waste reduction and recycling by end of 2025

Note: The above commitments have been formulated for Zomato Limited on a standalone basis.

This question is not applicable since the answer to question (1) is yes.

SECTION C – PRINCIPLE WISE PERFORMANCE DISCLOSURE

Principle 1 – Businesses should conduct and govern themselves with integrity, and in a manner that is ethical, transparent, and accountable

Essential Indicators

1. Percentage coverage by training and awareness programmes on any of the principles during the financial year.

Segment	Total number of training and awareness programmes held	Topics/ principles covered under the training and its impact	% of persons in respective category covered by the awareness programmes
Board of Directors	1	BRSR principles	100%
Key Managerial Personnel	4	BRSR principles, Health & Safety, Human Rights, Security Awareness	100%
Employees other than BoDs and KMPs	2*	Human Rights and POSH	94.80%
Workers	Not applicable		

*In addition, we also conduct other training and awareness programmes for subsets of our employees on various topics, including health and safety, security awareness, anti-bribery and anti-corruption and prevention of insider training.

2. Details of fines/ penalties/ punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors/ KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity's website).

Monetary					
	NGRBC principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Amount (in INR)	Brief of the case	Has an appeal been preferred? (Yes/No)
Penalty/ Fine					
Settlement			None.		
Compounding fee					
Non-Monetary					
	NGRBC principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Brief of the case	Has an appeal been preferred? (Yes/No)	
Imprisonment					
Punishment			None.		

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision are preferred in cases where monetary or non-monetary action has been appealed.

Case Details	Name of the regulatory/ enforcement agencies/ judicial institutions
Not applicable	

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web- link to the policy.

Yes. We have an anti-corruption and anti-bribery policy that demonstrates our stance on bribery and corruption practices and its consequences in case of non-compliance. Our policy covers the activities which are in the ambit of bribery or corruption and extends its applicability to employees, directors, stakeholders and third-parties.

The policy covers mechanisms to report and resolve concerns related to bribery or corruption through reporting at informant@zomato.com. In addition, training on anti-corruption and anti-bribery is mandatory for all employees at the time of induction.

The anti-corruption and anti-bribery policy is available on our website: [Link to the policy](#)

5. Number of Directors/ KMPs/ employees/ workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption.

	FY 2022-23	FY 2021-22
Directors	0	0
KMPs	0	0
Employees*	0	0
Workers	0	0

*The Permanent category of employees and workers has been considered in questions where only 'employees' or 'workers' is mentioned throughout this report.

6. Details of complaints with regard to conflict of interest:

	FY 2022-23		FY 2021-22	
	Number	Remarks	Number	Remarks
Number of complaints received in relation to issues of Conflict of Interest of the Directors	0	-	0	-
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	0	-	0	-

7. Provide details of any corrective action taken or underway on issues related to fines/penalties/ action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

Not applicable- No such cases have been reported.

Principle 2 – Businesses should provide goods and services in a manner that is sustainable and safe**Essential Indicators**

1. **Percentage of R&D and capital expenditure (CAPEX) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.**

	Current Financial Year	Previous Financial Year	Details of improvements in environmental and social impacts
R&D	-	-	Not applicable
Capex	-	-	In our financial statements, CAPEX includes fit outs and equipment for our offices, computers, laptops, etc. We try to consciously choose environment-friendly technologies, including energy efficient air conditioning systems, LED lighting fixtures, sensor-based taps, energy-efficient TVs and laptops, among others.

2. **a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Yes. We are a technology platform and we do not source raw materials.

However, Zomato has a Business Partner/ Supplier Code of Conduct that sets out fundamental values and integrity levels of business conduct for business partners/ suppliers. The Business Partner/ Supplier Code of Conduct covers various environment, social and governance aspects, such as labour and human rights, anti-bribery, anti-corruption, data protection, data privacy and compliance with all applicable environmental laws and regulations.

2. **b. If yes, what percentage of inputs were sourced sustainably?**

Not applicable.

3. **Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

Waste type	Waste management procedure in place
Plastic (including packaging)	
E-waste	
Hazardous waste	Not applicable
Other waste	

4. **Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No).**

If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Not applicable.

Principle 3 – Businesses should respect and promote the well-being of all employees, including those in their value chains
Essential Indicator
1. a. Details of measures for the well-being of employees:

Category	% of employees covered by										
	Total (A)	Health insurance		Accident insurance		Maternity benefits		Paternity benefits		Day care facilities*	
		Number (B)	% (B/A)	Number (C)	% (C/A)	Number (D)	% (D/A)	Number (E)	% (E/A)	Number (F)	% (F/A)
Permanent employees											
Male	2,685	2,685	100%	2,685	100%	Not applicable	Not applicable	2,685	100%	2,510	93.48%
Female	754	754	100%	754	100%	754	100%	Not applicable	Not applicable	710	94.16%
Total**	3,440	3,440	100%	3,440	100%	754	100%	2,685	100%	3,221	93.63%
Other than Permanent employees											
Male	360	360	100%	360	100%	Not applicable	Not applicable	360	100%	265	73.61%
Female	86	86	100%	86	100%	86	100%	Not applicable	Not applicable	79	91.86%
Total	446	446	100%	446	100%	86	100%	360	100%	344	77.13%

*The above daycare coverage is less than 100% since some employees are based out of locations with less than 50 employees, working out of co-working spaces or not eligible since they are located in Dubai or Abu Dhabi. Coverage of daycare facilities has been accounted based on the below:

- In-house daycare facility is available at our Gurgaon Corporate Office.
- Partnerships with Poddar Jumbo Kids and IPSAA provide access to employees to daycare facilities (at a discounted rate) near our office premises across various locations.
- As part of our Parental Leave Policy, we also provide a list of daycare facilities to our employees.

**One employee who falls under the 'Other' gender in the permanent employee category is included in the total count above. The employee is covered by the above mentioned benefits.

b. Details of measures for the well-being of workers:

Category	% of workers covered by										
	Total (A)	Health insurance		Accident insurance		Maternity benefits		Paternity benefits		Day care facilities	
		Number (B)	% (B/A)	Number (C)	% (C/A)	Number (D)	% (D/A)	Number (E)	% (E/A)	Number (F)	% (F/A)
Permanent workers											
Male	-	-	-	-	-	-	-	-	-	-	-
Female	-	-	-	-	-	-	-	-	-	-	-
Total	-	-	-	-	-	-	-	-	-	-	-
Other than Permanent workers											
Male	263	263	100%	263	100%	Not applicable	Not applicable	-	-	-	-
Female	35	35	100%	35	100%	35	100%	Not applicable	Not applicable	-	-
Total	298	298	100%	298	100%	35	100%	-	-	-	-

2. Details of retirement benefits, for Current FY and Previous FY.

Benefits	FY 2022-23			FY 2021-22		
	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers	Deducted and deposited with the authority (Y/N/N.A.)	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers	Deducted and deposited with the authority (Y/N/N.A.)
PF*	98.44%	Not applicable	Y	97.34%	Not applicable	Y
Gratuity	100%	Not applicable	Not applicable	100%	Not applicable	Not applicable
ESI**	100%	Not applicable	Y	100%	Not applicable	Y
Others – please specify	-	-	-	-	-	-

* The above percentage represents data for eligible employees as at the end of the financial year. All eligible employees get PF benefits. However, the reported data is less than 100% since some employees have voluntarily opted out of PF contribution.

** The above percentage represents data for eligible employees at the end of the financial year. Out of the total headcount, 12 employees as at 31 March 2023 and 14 employees as at 31 March 2022 were eligible for ESI.

3. Accessibility of workplaces

Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

As a company, we are committed to meeting the requirements of the Rights of Persons with Disabilities Act of 2016, and are actively supporting the needs of individuals with disabilities. In our Gurgaon corporate office, we have implemented a number of accessibility measures, including ramps, differently-abled friendly elevators, all gender accessible toilets, and accessible parking. Additionally, we are conducting an assessment on how to make our other offices more accessible to differently-abled employees and workers.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web link to the policy.

Yes. Zomato has an Equal Opportunity, Diversity and Inclusion Policy to foster, cultivate and preserve a culture of diversity, equity and inclusion. ([Link to the policy](#))

5. Return to work and Retention rates of permanent employees and workers that took parental leave in FY23.

Gender	Permanent employees		Permanent workers	
	Return to work rate	Retention rate	Return to work rate	Retention rate
Male	96.77%	63.16%	-	-
Female	100%	58.33%	-	-
Others	-	-	-	-
Total	97.47%	61.73%	-	-

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and workers? If yes, give details of the mechanism in brief.

	Yes/ No (If Yes, then give details of the mechanism in brief)
Permanent workers	Not applicable
Other than permanent workers	Yes. Zomato has established a grievance redressal mechanism for its workforce to receive and address their concerns.
Permanent employees	Zomato has a dedicated email channel accessible to all to raise any complaints/ issues.
Other than permanent employees	Complaints can be filed by writing to the People Assist Team at peopleassist@zomato.com or the Internal Complaints Committee at speakup@zomato.com. (Link to the policy)

7. Membership of employees and workers in association(s) or Unions recognised by the listed entity.

Category	FY 2022-23			FY 2021-22		
	Total employees/ workers in the respective category (A)	No. of employees/ workers in the respective category, who are part of the association(s) or Union (B)	% (B/A)	Total employees/ workers in the respective category (C)	No. of employees/ workers in the respective category, who are part of the association(s) or Union (D)	% (D/C)
Total permanent employees	3,440	0	0%	3,451	0	0%
Male	2,685	0	0%	2,562	0	0%
Female	754	0	0%	888	0	0%
Other	1	0	0%	1	0	0%
Total permanent workers	-	-	-	-	-	-
Male	-	-	-	-	-	-
Female	-	-	-	-	-	-
Other	-	-	-	-	-	-

8. Details of training given to employees and workers.

Category	FY 2022-23					FY 2021-22				
	Total (A)	On health and safety measures		On skill upgradation		Total (D)	On health and safety measures		On skill upgradation	
		No. (B)	% (B/A)	No.(C)	% (C/A)		No. (E)	% (E/D)	No. (F)	% (F/D)
Employees										
Male	2,685	2,481	92.40%	2182	81.27%	2,562	0	0%	0	0%

Others	1	1	100%	1	1	100%
Total	3,440	3,440	100%	3,451	3,451	100%
Workers						
Male	-	-	-	-	-	-
Female	-	-	-	-	-	-
Others	-	-	-	-	-	-
Total	-	-	-	-	-	-

10. Health and safety management system

- a. **Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such a system?**

Yes. Owing to the nature of our business, we operate out of offices that do not pose high levels of health and safety risks to our business.

However, since we are committed to achieving high standards of health and safety, all the offices in the reporting boundary have implemented a health & safety management system. All office buildings in the reporting boundary are designed safe and are equipped with safety systems such as fire detection,

fire fighting system, safe means of escape, assembly point, emergency evacuation plan, etc. We have also circulated health and safety awareness posters to our workforce. Our facilities and administration team regularly check the compliance of the safety system and ensure its functionality.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

Our offices are not exposed to high levels of health and safety risks and hence, we operate in a healthy and safe working environment.

We have conducted a comprehensive hazard identification and risk assessment (HIRA) study with the help of an independent external expert to identify risks associated with work-related hazards in our premises. HIRA study has been conducted in the Gurgaon office. Our nature of business is such that it does not have any hazardous process or activity, hence there is no significant or high risk identified. For medium and low risks, we have taken adequate safety measures such as regular maintenance of fire systems, safety signages in office floors, availability of first aid box and medical room, fire emergency doors at every floor, approved electrical installations etc. to ensure safety of our employees.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y /N)

Yes. Employees and workers can report work-related hazards to a dedicated team, including administration and facilities teams. We also have an Environment, Health and Safety (EHS) Lead to monitor health and safety of employees at the workplace and also implement measures to enhance current systems and practices.

d. Do the employees/ workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Yes. Zomato provides its workforce with diverse non-occupational medical and healthcare benefits. This includes group medical insurance, accidental insurance, free medical consultations, discounted diagnostic tests, discounts on medicines, insurance coverage for gender reassignment surgery and even therapy treatment for autism along with other wellness programmes. These benefits are extended to spouse/ partner, and up to 2 dependent children of the employees as well.

11. Details of safety related incidents, in the following format.

Safety incident/ number	Category	FY 2022-23	FY 2021-22
Lost Time Injury Frequency Rate (LTIFR) (per one-million-person hour worked)	Employees	0	0
	Workers	Not applicable	Not applicable
Total recordable work-related injuries	Employees	0	0
	Workers	Not applicable	Not applicable
No. of fatalities	Employees	0	0
	Workers	Not applicable	Not applicable
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	Not applicable	Not applicable

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Zomato is committed to protecting and supporting the health, safety, and wellbeing of its employees. We have put in place policies and procedures to secure an accident-free, healthy and safe workplace. Below highlights some of the key initiatives to encourage a healthy and safe working environment-

- Fire detection and fighting systems
- Fire and evacuation drills
- First-aid kits
- Medical room in Gurgaon office
- COVID-19 measures, including availability of sanitizers, PPEs, rapid antigen testing and treatment coverage in medical insurance
- Group health insurance
- Group personal accident insurance
- Discounts on diagnostic services
- Free telehealth and medical consultation
- Dental consultations and free vision checkups
- Wellness leaves and period leaves
- Mental wellness expert counselling
- Gym facilities in Gurgaon office
- Nutrition counselling

13. Number of complaints on the following made by employees and workers.

	FY 2022-23			FY 2021-22		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working conditions	-	-	Not recorded	-	-	Not recorded
Health & safety	-	-	Not recorded	-	-	Not recorded

14. Assessments for the year

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	100%
Working conditions	For Zomato's Corporate Office in Gurgaon, we have conducted a detailed occupational health & safety assessment by an independent external organisation. In addition, we also engaged another independent external organisation to conduct a Human Rights Assessment (including health and safety related practices and systems) for Zomato Limited.

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks/ concerns arising from assessments of health & safety practices and working conditions.

HIRA study has been conducted in the Gurgaon office. Our nature of business is such that it does not have any hazardous process or activity, hence there is no significant or high risk identified. In FY23, there have been no reported safety-related incidents in the offices within the reporting boundary (this includes Gurgaon, Bangalore and Kolkata offices).

We are further strengthening our internal procedures basis the assessment conducted by the independent external organisation to prevent any potential risks, including the below-

- Procedures for safety incident management including incident monitoring, investigation and reporting
- Increasing awareness of health and safety related issues
- Establishing emergency response and preparedness measures

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

- **Employees:** Yes, All employees are covered by a group accident insurance policy that offers compensation to their family in the event of the death of employees due to an accident.
- **Workers:** Not applicable.

Principle 4 – Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

In line with the AA1000 Stakeholder Engagement Standard, we have analysed our internal and external environment to identify stakeholders including individuals, groups of individuals or organisations-

- Who are directly or indirectly dependent on our activities, products or services and associated performance, or on whom we are dependent in order to operate effectively
- To whom Zomato has, or in the future may have, legal, commercial, operational, or ethical/moral responsibilities
- Who can influence or have impact on Zomato's strategic or operational decision-making

Based on the above definition, we have identified our key stakeholders as following-

- Customers (end-users and restaurant partners)
- Employees
- Vendors
- Delivery Partners
- Shareholders
- Community

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder group	Whether identified as vulnerable & marginalised group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community meetings, Notice board, Website), Other	Frequency of engagement (Annually/ half-yearly/ quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Employees	No	<ul style="list-style-type: none"> Employee newsletters Intranet portal Employee resource groups Internal communication channel Employee townhalls Employee surveys Performance reviews Dedicated email 	Ongoing/ Continuous	<ul style="list-style-type: none"> Employee benefits Employee recognition Learning and development Health, safety and well-being Performance review and career development
Customers (end-users)	No	<ul style="list-style-type: none"> Zomato app and website Customer service support Customer satisfaction survey Social media channels Email communication 	Ongoing/ Continuous	<ul style="list-style-type: none"> Customer feedback Grievance redressal Resolution of their queries Advertising
Customers (Restaurant partners)	No	<ul style="list-style-type: none"> Zomato restaurant partner application Zomato dashboard Dedicated email Account managers Social media channels 	Ongoing/ Continuous	<ul style="list-style-type: none"> Onboarding support Resolving queries Grievance redressal Discussions on ensuring safe deliveries Enhancing user experience Capturing feedback Creating and updating menu, pricing, promotions, etc. Understanding and activating growth levers - e.g. advertising
Vendors	No	<ul style="list-style-type: none"> Face-to-face and electronic correspondence 	Ongoing/ Continuous	<ul style="list-style-type: none"> Resolving queries Assessing performance Sharing requests and requirements
Delivery Partners (DPs)	No	<ul style="list-style-type: none"> Zomato Delivery Partner App Dedicated email Ids Hotline number for SOS calls from delivery partners. Regional Zomato Team Leader (TL) 	Ongoing/ Continuous	<ul style="list-style-type: none"> Onboarding support Resolving queries Grievance redressal Safety and wellbeing Understanding their concerns to bring about changes Earnings and payout
Shareholders	No	<ul style="list-style-type: none"> Shareholder/ investor meetings Shareholder's letters and earnings calls 	Periodic basis	<ul style="list-style-type: none"> Queries on financial and operational performance of the company Transparent disclosures of material events
Community/ Society	Yes	<ul style="list-style-type: none"> Voluntary community initiatives 	Based on schedule for the said activity	<ul style="list-style-type: none"> Community development

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the board.

We regularly engage with our key stakeholders (end-users, restaurant partners and delivery partners) as outlined in our Stakeholder Engagement and Grievance Management Policy. Through the channels described in the policy, the functional teams in Zomato receive feedback from various groups of stakeholders on our initiatives and operations. This feedback is analysed and discussed with relevant leadership teams to identify action areas. Select environmental and social actions are discussed with the CSR committee of the board based on their overall importance. The CSR committee at Zomato also undertakes responsibility for sustainability related matters.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes. Stakeholder consultation was an integral part of the materiality assessment process which was carried out by Zomato with the help of an independent external organisation to identify ESG topics material to the firm as per the AA 1000 Stakeholder Engagement Standard in FY22. Additionally, we regularly engage with key stakeholders via various channels to make improvements and design innovative offerings to meet their expectations.

Two examples of how Zomato has used inputs received from stakeholders on material sustainability issues to design new initiatives and offerings-

- **Social**

On the basis of feedback received from delivery partners we launched the Shelter Project in FY23 to provide rest facilities for delivery partners across the industry. These rest points are more than just a place to take a break between deliveries, and provide access to additional facilities such as clean drinking water, phone-charging stations, access to washrooms, high-speed internet, a 24×7 helpdesk, first-aid support, etc. We believe that by providing a space for delivery partners to rest, recharge, and take a moment for themselves, we can create an environment that promotes better physical and mental health.

- **Environment**

While restaurant partners are responsible for the choice of packaging used for food delivery, in response to concerns from end-users regarding plastic pollution, Zomato voluntarily designed and launched a 100% Plastic Neutral Deliveries initiative. Under this initiative, we recycle waste plastic collected from about 28 states in a proportion that is equal to or more than the weight of plastic associated with food deliveries. Under this voluntary initiative, we recycled 20,000 MT of waste plastic in FY23.

3. Provide details of instances of engagement with, and actions are taken to, address the concerns of vulnerable/ marginalised stakeholder groups.

Two examples of how Zomato is engaging with vulnerable stakeholder groups-

- We have launched a differently-abled Delivery Partner initiative which we announced on World Disability Day (3.12.22) under which we aim to support the onboarding of 300 differently-abled delivery partners by December 2023, so they can earn supplementary income by undertaking deliveries. In addition to waiving the onboarding fees, we have sensitised fleet coaches and assigned a project manager to address their concerns and challenges. In Q4FY23, we onboarded more than 100 differently-abled delivery partners who have undertaken ~9000 deliveries during the quarter.
- Zomato has provided infrastructure on Zomato's platform to enable customers to make contribution(s) towards Feeding India at the checkout page on Zomato's platform. The contributions made by the customers are sent to Feeding India for their various initiatives including initiatives to eradicate hunger and improve malnutrition outcomes in India.

Principle 5 - Businesses should respect and promote human rights

Essential Indicators

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format.

Category	FY 2022-23			FY 2021-22		
	Total (A)	No. of employees / workers covered (B)	% (B / A)	Total (C)	No. of employees / workers covered (D)	% (D / C)
Employees*						
Permanent	3,440	3,261	94.80%	3,451	0	0%
Other than permanent	446	358	80.27%	813	0	0%
Total employees	3,886	3,619	93.13%	4,264	0	0%
Workers						
Permanent	0	0	0%	0	0	0%
Other than permanent workers	298	274	91.95%	153	0	0%
Total workers	298	274	91.95%	153	0	0%

*For employees, training on Human Rights has been conducted via posters and videos circulated via our internal channel. In addition, POSH training has been conducted at the time of induction. For other than permanent workers, Human Rights training has been conducted through in-person training via videos.

2. Details of minimum wages paid to employees and workers, in the following format*

Category	FY 2022-23					FY 2021-22				
	Total (A)	Equal to minimum wage		More than minimum wage		Total (D)	Equal to minimum wage		More than minimum wage	
		No. (B)	% (B/A)	No. (C)	% (C/A)		No. (E)	% (E/D)	No. (F)	% (F/D)

Female	35	35	100%	0	0%	17	17	100%	0	0%
Others	0	0	0	0	0%	0	0	0%	0	0%

*Data reported is as at end of the financial year.

3. Details of remuneration/salary/wages, in the following format.

FY 2022-23	Male		Female	
	Number	Median remuneration/ salary/ wages of respective category*	Number	Median remuneration/ salary/ wages of respective category
Board of Directors (BoD)**	3	INR 44,00,000***	4	INR 37,50,000
Key managerial personnel	2	NIL****	1	INR 52,41,999*****
Employees other than BoD and KMP	2,683	INR 10,00,000	753	INR 10,50,000
Workers	Not applicable			

*Median Salary to the board and key managerial personnel does not include the amount on account of employee share based payment, the provisions made for gratuity and leave encashment, as they are determined on an actuarial basis.

**Board of Directors and Key Managerial Personnel include Mr. Deepinder Goyal, Founder, MD and CEO.

***Out of the three male board members, no median value can be reported as two male board members are not drawing salary, accordingly remuneration (including sitting fees) of the only male member has been reported.

****No median value can be reported as both the male KMPs have voluntarily waived their salary and accordingly NIL has been reported.

*****No median value can be reported as there is only one female KMP and accordingly remuneration of the female KMP has been reported.

4. Do you have a focal point (individual/ committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The following are the internal mechanisms in place at Zomato to redress grievances related to human rights issues

- The Chief People Officer is responsible for the supervision of the Human Rights Policy.
- Instances related to human rights can be reported on a dedicated email ID.
- All complaints are kept confidential and investigated promptly.
- In addition, we have a grievance mechanism in place for our value chain partners to report instances related to human rights.

6. Number of complaints on the following made by employees and workers.

	FY 2022-23			FY 2021-22		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual harassment	4	0	-	2	0	-
Discrimination at workplace	0	0	-	0	0	-
Child labour	0	0	-	0	0	-
Forced labour/ Involuntary labour	0	0	-	0	0	-
Wages	0	0	-	0	0	-
Other human rights related issues	0	0	-	0	0	-

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

Our commitment to prevent discrimination and harassment at workplace is demonstrated in our documented policies on Prevention of Sexual Harassment (POSH), Human Rights and Equal Opportunity, Diversity and Inclusion.

We are committed to protecting the complainant and ensuring no retaliation of any kind against anyone reporting good faith concerns. Anyone targeting such a person will be subjected to strict disciplinary actions. This protection is extended not only to the complainant but also to anyone who assists with or cooperates as part of an investigation.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/ No)

No.

9. Assessments for the year.

	% of your plants and offices that were assessed (by the entity or statutory authorities or third parties)
Child labour	100%.
Forced/ involuntary labour	We engaged an independent external organisation to conduct a Human Rights Assessment for Zomato Limited.
Sexual harassment	
Discrimination at workplace	The assessment included the below:
Wages	<ul style="list-style-type: none"> A diagnostic review of human rights systems, operating policies and procedures for the entire organisation.
Others – please specify	<ul style="list-style-type: none"> Focused discussion with HR representative to understand existing human rights systems and practices. Online human rights risk assessment survey was conducted covering sample employees in select locations.

10. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at Question 9 above.

As per the results of the Human Rights Assessment conducted by an independent external organisation, there were no significant or high risks/ concerns of human rights related practices at Zomato. However, we are continuously strengthening our procedures to prevent any human rights violations, through training and awareness across our organisation.

Principle 6 – Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format*:

Parameter	FY 2022-23	FY 2021-22
Total electricity consumption (A)	2379.72 GJ**	1487.83 GJ
Total fuel consumption (B)	118.19 GJ	218.45 GJ
Energy consumption through other sources (C)	0	0
Total energy consumption (A+B+C)	2497.91 GJ	1706.28 GJ
Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees)	53.06 J / rupee of turnover	47.25 J / rupee of turnover
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

* Environment performance data in this report covers three offices on direct lease with more than 100 employees (Gurgaon, Kolkata and Bangalore).

** In FY23, Zomato moved its corporate headquarters to a larger facility in Gurgaon and employees returned to working from office. Hence, our electricity consumption increased.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Energy and GHG emissions have been assured by an independent external assurance provider (Ernst & Young Associates LLP) for FY22 and FY23.

2. Does the entity have any sites/ facilities identified as designated consumers (DCs) under the Performance, Achieve, and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken if any.

Not applicable.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2022-23	FY 2021-22
Water withdrawal by source (in kilolitres)*		
(i) Surface water	0	0
(ii) Groundwater	0	0
(iii) Third-party water (municipal water supplies)	10,929	9,372
(iv) Seawater / desalinated water	0	0
(v) Others	317	101
Total volume of water withdrawal (in kilolitres)(i + ii + iii + iv + v)	11,246	9,473
Total volume of water consumption (in kilolitres)	11,246	9,473
Water intensity per rupee of turnover (water consumed / turnover)	2.39 kL/crore	2.62 kL/crore
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency- No

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, we have implemented a zero liquid discharge mechanism in our Corporate Office in Gurgaon. A sewage treatment plant (STP) is installed to recycle domestic wastewater and further reused for horticulture and flushing.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Unit	Q1 2022-23	FY 2021-22
NOx	We are a technology platform and do not have significant air emissions other than those arising from the operation of diesel generator sets during power outages.		
SOx			
Particulate matter (PM)			
Persistent organic pollutants (POP)	We do not own or rent DG sets in Gurgaon and Kolkata offices. We have two DG sets in our Bangalore office and currently we do not track air emissions. As per Karnataka Pollution Control Board, we fall under the 'white category' and are not required to test emissions. Going forward, to enable comprehensive BRSR reporting we will account for air emissions and report the same in FY24.		
Volatile organic compounds (VOC)			
Hazardous air pollutants (HAP)			
Others – ozone-depleting substances (HCFC - 22 or R-22)			

Note: Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y / N) If yes, name of the external agency - No

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) and its intensity, in the following format:

Parameter	Unit	FY 2022-23	FY 2021-22
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	Gross: 7.80 tCO ₂ e Net: 0*	15.19 tCO ₂ e
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	Gross: 469.03 tCO ₂ e Net: 0**	314.52 tCO ₂ e
Total Scope 1 and Scope 2 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent	0.0000000101293 tCO ₂ e / rupee of turnover	0.0000000091307 tCO ₂ e / rupee of turnover

*The above numbers are after deducting the carbon removal offsets purchased.

**The above numbers are after deducting the International Renewable Energy Certificate (IREC) purchased.

Note: Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y / N) If yes, name of the external agency

Yes. GHG emissions have been assured by an independent external assurance provider (Ernst & Young Associates LLP) for FY22 and FY23.

7. Does the entity have any project related to reducing greenhouse gas emission? If Yes, then provide details.

Yes.

- **Migration to EV-based deliveries** - Our emissions profile is dominated by emissions from transportation undertaken by delivery partners. We are working towards 100% EV-based deliveries by 2030. We have signed partnership agreements with OEMs and service operators to help us achieve this objective. As of March 2023, we had an active EV delivery fleet of ~13,500 vehicles which is 3x the number compared to March 2022.
- **Purchase of IRECs and carbon offsets** - In FY23, we maintained net greenhouse gas emissions from our operations (classified as Scope 1, 2) at zero by procuring International Renewable Energy Certificates (IRECs) covering 100% of our electricity consumption (Scope 2). We also purchased verified carbon removal offsets equivalent to 100% of our Scope 1 emissions.

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2022-23	FY 2021-22
Total waste generated (in metric tonnes)*		
Plastic waste (A)	5.06	-
E-waste (B)	2.98	0.06
Bio-medical waste (C)	0.65	-
Construction and demolition waste (D)	0	0
Battery waste (E)	-	-
Radioactive waste (F)	-	-
Other Hazardous waste. Please specify, if any. (G)	-	-
Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector)	Wet Waste= 7.26 Paper & Cardboard= 12.40	-
Total (A+B + C + D + E + F + G + H)	28.35	0.06

* In the above table, '-' denotes that data is not recorded for the respective waste category.

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)

	FY 2022-23	FY 2021-22
Category of waste		
(i) Recycled	10.17	0.06
(ii) Re-used	0	-
(iii) Other recovery operations	0	-
Total	10.17	0.06

For each category of waste generated, total waste disposed of by nature of disposal method (in metric tonnes)

	FY 2022-23	FY 2021-22
Category of waste		
(i) Incineration	0.65	-
(ii) Landfilling	14.54	-
(iii) Other disposal operations	2.99	-
Total	18.18	-

Note: Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y / N) If yes, name of the external agency- No

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce the usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Zomato has partnered with authorised waste recyclers for recycling and safe disposal of all waste generated from its office operations, in accordance with applicable laws and regulations. We are also committed to promoting environmental consciousness within our organisation. In FY23, we organised a

'Bring Your Own Bottle' initiative at our Corporate Headquarters in Gurgaon to eliminate the use of paper cups for drinking water purposes. This led to an elimination of ~30 kgs of paper cup waste in FY23.

Additionally, we are undertaking several initiatives to reduce and recycle waste generated outside our operational boundary.

One such initiative is the 'don't send cutlery' initiative on the food delivery app, which requires end-users to explicitly 'opt-in' for cutlery, if needed. This initiative has resulted in a reduction of restaurant orders sent with cutlery by about 70%, preventing the usage of single-use materials and reducing an estimated ~700 MT of cutlery waste for FY23.

Another major initiative we have taken is '100% Plastic Neutral deliveries'. While the choice of packaging used for food deliveries rests with our restaurant partners, we are committed to mitigating the impact of this packaging on the environment through voluntary recycling. Towards this end, Zomato voluntarily recycled 20,000 MT of plastic waste in FY23 collected from 28 states, more than 2x the amount of plastic used by restaurants for packaging orders as per an independent external assessment, fully meeting the target of 100% plastic neutral deliveries in FY23.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc.) where environmental approvals/ clearances are required, please specify details in the following format:

Zomato does not have any offices in/around ecologically sensitive areas.

11. Details of Environmental Impact Assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

None.

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (prevention and control of pollution) Act, Air (prevention and control of pollution) Act, Environment Protection Act, and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes.

Leadership Indicators

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:*

Parameter	Unit	FY 2022-23	FY 2021-22
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	163656.71 tCO ₂ e	134122.97 tCO ₂ e
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent	0.0000034765703 tCO ₂ e/ rupee of turnover	0.0000037143180 tCO ₂ e/ rupee of turnover

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency-

Yes. Scope 3 emissions have been assured by an independent external assurance provider (Ernst & Young Associates LLP) for FY22 and FY23.

*Scope 3 includes emissions from operations in India and UAE.

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/ effluent discharge/waste generated, please provide details of the same as well as the outcome of such initiatives, as per the following format:

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Climate conscious deliveries initiative	<p>Our emissions profile is dominated by emissions from deliveries undertaken by delivery partners. We are working towards 100% EV-based deliveries by 2030. We have signed partnership agreements with OEMs and service operators to help us achieve this objective.</p> <p>Our logistics team also runs awareness campaigns for delivery partners to explain the benefits of switching to electric vehicles and address their doubts. We also routinely organise EV melas where various EV-bike manufacturing and rental companies can display their models to delivery partners and offer test-rides</p>	<p>~2,37,000 delivery partners have been made aware of the benefits of EVs via digital and offline communication campaigns.</p> <p>More than 50 Partnerships signed with various players in the 2W EV ecosystem including OEMs, Battery-as-a-service operators and EV rental companies.</p> <p>Current monthly active EV based delivery fleet as on March 2023 is ~13,500 which is 3x the number of EV-based partners in our fleet compared to March 2022.</p> <p>'Best ESG Performance in Sustainable Transportation' from Transformance Forums 'ESG Summit and Awards' in April 2023.</p>
2	100% plastic neutral deliveries.	<p>While the choice of packaging used for food deliveries rests with our restaurant partners, we are committed to mitigating the impact of this packaging on the environment through voluntary recycling. Towards this end, Zomato voluntarily recycled 20,000 MT of plastic waste in FY23 collected from 28 states, more than 2x the amount of plastic used by restaurants for packaging orders as per an independent external assessment, fully meeting the target of 100% plastic neutral deliveries in FY23.</p> <p>(Link: 100% plastic neutral deliveries)</p>	<p>20,000 MT of plastic waste voluntarily recycled in FY23</p> <p>Certificate of Appreciation from the Municipal Corporation of Delhi for our achievement in December 2022.</p> <p>'Best ESG Performance in Packaging and Waste Management Award' from Transformance Forums 'ESG Summit and Awards' in April 2023.</p>
3	Don't send cutlery initiative	<p>The 'don't send cutlery' initiative is designed to reduce single-use material waste. This initiative has been activated on our mobile application and requires end-users to explicitly 'opt-in' for cutlery, if needed.</p>	<p>This initiative has resulted in a reduction of restaurant orders sent with cutlery by 70%, preventing usage of single-use materials and reducing an estimated 700 MT of cutlery waste for FY23.</p>

Principle 7 – Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators

1. a. Number of affiliations with trade and industry chambers/ associations.

Zomato was affiliated/ participated in discussions with four industry bodies.

b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such a body) the entity is a member of/ affiliated to.

Sr. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Federation of Indian Chambers of Commerce and Industry (FICCI)	National
2	Technology Services Industry Association (Indiatech.org)	National
3	Confederation of Indian Industry (CII)	National
4	Internet and Mobile Association of India (IAMAI)	National

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.

Name of authority

Brief of the case

Corrective action taken

None. No adverse order received by the Company from regulatory authorities in FY23*.

**The Hon'ble Competition Commission of India has passed an order dated April 4, 2022 under Section 26(1) of Competition Act, 2002 initiating investigation on certain aspects of Zomato business. In their order, the Hon'ble Commission has mentioned that it has prima facie not found concerns with respect to Zomato's independence on levy of commissions or alleged bundling of services, while it would want to investigate aspects such as preferential listing of restaurant partners and pricing parity across platforms, etc. Zomato continues to work closely with the Hon'ble Commission to assist them with their investigation and explain to the regulator why all of Zomato practices are in compliance with competition laws and do not have any adverse effect on competition in India.*

Leadership Indicators

1. Details of public policy positions advocated by the entity.

Sr. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in the public domain? (Yes/No)	Frequency of review by board (Annually/ half yearly/ quarterly / others – please specify)	Web-link, if available
1	Provide inputs to Committee constituted to "develop framework to check fake and deceptive reviews in e-commerce".	Zomato (along with other ecosystem stakeholders) was a part of the Committee constituted by the Department of Consumer Affairs, Government of India to "develop a framework on checking fake and deceptive reviews in e-commerce".	Yes	-	https://pib.gov.in/PressReleasePage.aspx?PRID=1828897

Sr. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in the public domain? (Yes/No)	Frequency of review by board (Annually/ half yearly/ quarterly / others – please specify)	Web-link, if available
2	Provide inputs to Committee constituted for “framing rules under the Code on Social Security, 2020 relating to gig workers and platform workers”.	Zomato (along with other ecosystem stakeholders) is a part of the Committee constituted by the Ministry of Labour, Government of India to provide inputs to support in “framing of rules under the Code on Social Security, 2020 relating to gig workers and platform workers.”	Yes	-	https://pib.gov.in/PressReleaseframePage.aspx?PRID=1807652
3	Provide inputs for adoption of Electric Vehicles in Delhi.	Zomato participated in Government organised/ partnered roundtables and forums for Delhi Government’s Motor Vehicle Aggregators Policy and EV Policy.	Yes	-	https://economictimes.indiatimes.com/tech/startups/delhi-govt-drafts-rules-for-tech-aggregators/articleshow/89102856.cms?from=mdr https://www.theclimategroup.org/our-work/press/maharashtra-government-and-leading-indian-businesses-collaborate-bolder-ev-action
4	Provide inputs to Committee constituted on “Digital Competition Law”.	The Ministry of Corporate Affairs, Government of India constituted a Committee on Digital Competition Law to, inter alia, “examine the need for an ex-ante regulatory mechanism for digital markets through a separate legislation”. Upon invitation from the Committee, Zomato made a presentation as part of stakeholder interaction. This was preceded by a presentation made to the Standing Committee on Finance.	Yes	-	https://www.thehindubusinessline.com/info-tech/digital-competition-act-inter-ministerial-committee-to-hold-consultations-with-startups-big-tech-separately/article66560894.ece
5	Provide inputs on “Digital Competition Law” and “Delhi Motor Vehicle Aggregators Scheme, 2022”.	Zomato provided inputs in stakeholder consultations on the Digital Competition Law and Delhi Motor Vehicle Aggregators Scheme, 2022.	Yes	-	https://economictimes.indiatimes.com/tech/startups/delhi-govt-drafts-rules-for-tech-aggregators/articleshow/89102856.cms?from=mdr https://www.thehindubusinessline.com/info-tech/digital-competition-act-inter-ministerial-committee-to-hold-consultations-with-startups-big-tech-separately/article66560894.ece

Sr. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in the public domain? (Yes/No)	Frequency of review by board (Annually/ half yearly/ quarterly / others – please specify)	Web-link, if available
6	With the inclusion of restaurant services under the ambit of Section 9(5) of the CGST Act, seek clarification with regards to the responsibility of E-commerce Operators (ECOs).	Made written submissions to the Ministry to Finance to issue clarification on the role of ECOs (to be liable to collect and discharge GST on the category of supply covered under the provisions of Section 9(5) of CGST Act, 2017).	-	-	-

Principle 8 – Businesses should promote inclusive growth and equitable development

Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and brief details of project	SIA notification No.	Date of notification	Whether conducted by independent external agency (Yes/ No)	Results communicated in public domain (Yes/ No)	Relevant web link
Not applicable					

2. Provide information on the project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

Sr. No.	Name of project for which R&R is ongoing	State	District	No. of project affected families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In Rs.)
Not applicable						

3. Describe the mechanisms to receive and redress grievances of the community.

As outlined in our Stakeholder and Grievance Management Policy ([Link to the policy](#)), we have a grievance redressal mechanism in place for all stakeholders (including community) to raise any concern.

Should any stakeholder have any concerns, queries, or complaint, they can write to us through the below grievance reporting channels:

- grievance@zomato.com
- nodal@zomato.com

Additionally, feedback or concern can be submitted through <https://www.zomato.com/contact>.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers.

	FY 2022-23	FY 2021-22
Directly sourced from MSMEs/ small producers	Not applicable	
Sourced directly from within the district and neighbouring districts	We are a technology platform and we do not source raw materials.	

Principle 9 – Businesses should engage with and provide value to their consumers in a responsible manner**Essential Indicators****1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.**

We have two types of customers as described in Section-A, Q17(C):

- End-users of our platform
- Restaurant partners

End - users of our platform- Zomato has a system to collect complaints and feedback from end-users through multiple channels including the customer support section within the Zomato app, social media channels, email, and app ratings and reviews. Additionally, after every supported chat, feedback is sought to gauge their satisfaction with the support received. Trends derived from the analysis of the feedback and ratings are used to implement corrective measures as required.

Restaurant partners- Zomato has a system to collect complaints and feedback from restaurant partners through channels like partner app/web, emails and social media channels. For live order support, partners can reach out from channels like chats and calls to get issues addressed immediately. Resolution feedback (MSAT) is sought after each ticket from all the channels and then analysed to improve the quality of responses for better partner experience.

In case of any complaints and feedback, they can write to us through the below grievance reporting channels-

- grievance@zomato.com
- nodal@zomato.com

2. Turnover of products and/ services as a percentage of turnover from all products/ services that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	
Safe and responsible usage	Not applicable
Recycling and/ or safe disposal	

3. Number of consumer complaints in respect of the following:

	FY 2022-23		Remarks*	FY 2021-22		Remarks
	Receive during the year	Pending resolution at end of year		Received during the year	Pending resolution at end of year	
Data privacy	0	0	-	0	0	-
Advertising	0	1	-	1	1	-
Cyber security	0	0	-	0	0	-
Delivery of essential services	-	-	Not applicable	-	-	Not applicable
Restrictive trade practices	0	0	-	0	0	-
Unfair trade practices	34	45	-	15	20	-
Other	21	29	-	13	15	-

*Consumer complaints data for FY22 and FY23 includes complaints filed before various courts by our customers i.e. end-users of our platform and restaurant partners.

4. Details of instances of product recalls on account of safety issues.

	Number	Reasons for Recall
Voluntary Recalls		Not applicable
Forced Recalls		

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/ No) If available, provide a web-link to the policy.

Yes. Zomato has a comprehensive privacy and cyber security framework in line with the NIST Cyber Security framework, supported by policies and procedures.

Below are the web-links to our policies-

- Information Security Policy: [Link to the policy](#)
- Privacy Policy: [Link to the policy](#)

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on the safety of products/ services.

There are no corrective actions required to be undertaken relating to the above-mentioned issues in FY23.

Report on Corporate Governance (CGR)

1. Company's philosophy on Corporate Governance

The Company's corporate governance philosophy is based on the principles of integrity, transparency, accountability and responsible corporate conduct to enhance investor confidence and protect the interest of all its stakeholders. The Company believes that effective corporate governance plays a pivotal role in maintaining value generated for all stakeholders and ensuring compliance with all applicable regulations.

The Company's Board and its committees play a crucial role in overseeing corporate governance and how the management is focusing and executing on achieving business objectives, while serving the short-term and long-term interests of its stakeholders. The Company's Board comprises of qualified and independent directors who are mandated to ensure robust levels of governance across all tiers of the Company.

The Company's corporate governance framework is aligned with the requirements under the Act and the various regulations and guidelines issued by the Securities and Exchange Board of India. The Company's core values and principles inspire it to set the highest standards of corporate governance, which not only focuses on complying with applicable legislations but to go beyond in many areas of its functioning and ensure sustainable behaviour in all engagements. At Zomato, we continue to adopt and adhere to the best recognised corporate governance practices and procedures and continuously benchmark it with the best practices across the globe.

2. Board of Directors

The board of directors provide guidance to the management and directs, supervises, and oversees the activities of the Company. The Board ensures that the Company's corporate governance policies

encompass the corporate strategy, risk management, accountability, transparency, business responsibility, sustainability and ethical business practices. The Board consists of eminent individuals, with experience in business management, finance, law, public policy and industry. The Company is managed by the Board in coordination with the senior management of the Company. The detailed profile of the directors is available on the website of the Company at www.zomato.com.

i. Composition and their inter-se relationship

The size of the Board is commensurate with the size and business of the Company. The Board continues to maintain an optimum combination of executive, non-executive, independent and women directors as stipulated under the Act and the SEBI Listing Regulations.

As on date, the Board comprises of seven directors, which includes 1 (one) managing director and chief executive officer, 1 (one) non-executive non-independent nominee director and 5 (five) independent directors out of which 3 (three) are woman directors. None of the directors have any inter-se relationship and each one of them is independent to other.

ii. Board Meetings

The Board meets at regular intervals to discuss and establish business strategies, draft policies, review of overall business performance, financial performance and approval of quarterly/ annual financial results of the Company. The notice and detailed agenda of a Board meeting, along with the relevant notes and other material information, are sent in advance to each director. This process ensures timely and informed decisions by the Board. During the financial year under review, the Board met 8 (eight) times. iii. Registrar to an issue and share transfer agents

Link Intime India Private Limited ("RTA")
 Address: Noble Heights, 1st Floor, Plot NH 2, C-1
 Block LSC, Near Savitri Market,
 Janakpuri, New Delhi – 110058
 Phone: +91 11 49411000
 Email: delhi@linkintime.co.in
 Website: <https://linkintime.co.in/>
 Contact Person: Mr. Vishal Dixit
 SEBI Registration Number: INR000004058

iv. Share Transfer System

During the financial year under review, RTA of the Company ensures compliance with all the procedural requirements with respect to transmission, transposition of shares and formalities with respect to name deletion, sub-division, consolidation, renewal, exchange and endorsement of share certificates.

SEBI has mandated that securities of listed companies can be transferred only in dematerialised form w.e.f. April 1, 2019. Accordingly, RTA is not accepting any lodgement of transfer of shares in physical form. Shareholders holding shares in physical form are advised to avail the facility of dematerialisation as

the transfers in electronic form are much simpler and quicker, and are directly processed by NSDL/ CDSL, as the case may be, with no requirement of any separate communication to be made to the Company.

The shareholders are though not barred from holding shares in physical form. However, as per the requirement of SEBI circular no. SEBI/HO/MIRSD/ MIRSD-PoD-1/P/CIR/2023/37 dated March 16, 2023, the holders of shares in physical mode, who have not furnished PAN, nomination, contact details, bank account details and specimen signature for their corresponding folios to RTA are requested to submit the same to the RTA, otherwise the corresponding folios shall be frozen, if any of these details is not made available to RTA on or after October 01, 2023. In order to fulfill the requirement, the holders of shares in physical form may contact the RTA at kyc@linkintime.com and also refer details at or <https://www.zomato.com/investor-relations/resources>.

The shareholders holding shares in dematerialised mode are requested to register their email address, bank account details and mobile number with their depository participants.

v. Shareholding Pattern as on March 31, 2023

Sr. No.	Category	No. of shareholders	Total number of shares held	% of shareholding
(A)	Promoter & Promoter group	-	-	-
(B)	Public			
(B)(1)	Institutions	801	5,357,587,502	62.64
(B)(2)	Central Government/ State Government(s)	2	59,811	0.00
(B)(3)	Non-Institutions	1,909,254	3,006,328,100	35.14
	Total Public Shareholding (B)=(B)(1)+(B)(2) + (B)(3)	1,910,057	8,363,975,413	97.78
(C)	Non - Promoter - Non Public			
(C)(1)	Shares underlying DRs	-	-	-
(C)(2)	Shares held by Employee Trusts	1	189,534,357	2.22
	Total Non- Promoter Non - Public (C) = (C)(1) + (C)(2)	1	189,534,357	2.22
	Total (A) + (B) + (C)	1,910,058	855,350,9770	100.00

vi. Distribution of Shareholding as on March 31, 2023*

Shares held range	No. of Shareholders	No. of shares held	% of shareholding
1 – 500	1,742,429	151,421,212	1.77
501 – 1000	97,266	75,018,504	0.88
1001 – 2000	55,797	82,388,169	0.96
2001 – 3000	18,461	46,448,244	0.54
3001 – 4000	8,602	30,653,848	0.36
4001 – 5000	6,171	28,762,611	0.34
5001 – 10000	10,198	74,511,880	0.87
10001 and above	8,318	8,064,305,302	94.28
Total	1,947,242	8,553,509,770	100

*Distribution of shareholding is not consolidated on PAN basis.

vii. Dematerialisation of shares and liquidity

As on March 31, 2023, 7,988,264,270 equity shares out of 8,553,509,770 equity shares, forming 93.4% of the Company's paid-up capital are held in the dematerialised form with National Securities Depository Ltd. ("NSDL") and Central Depository Services (India) Ltd. ("CDSL") and 565,245,500 equity shares, forming 6.6% of Company's paid-up capital are held in physical form. ANNEXURE - VI

CERTIFICATE OF NON-DISQUALIFICATION OF DIRECTORS

(Pursuant to Regulation 34(3) and Schedule V Para C clause (10)(i) of the SEBI
(Listing Obligations and Disclosure Requirements) Regulations, 2015)

To
The Members
Zomato Limited
Ground Floor 12A,
94 Meghdoot, Nehru Place,
New Delhi DL 110019 IN

We have examined the relevant registers, records, forms, returns and disclosures received from the Directors of Zomato Limited and having CIN L93030DL2010PLC198141 and having Registered office Ground Floor 12A, 94 Meghdoot Nehru Place, New Delhi DL 110019 IN (hereinafter referred to as '**the Company**'), produced before us by the Company for the purpose of issuing this Certificate, in accordance with Regulation 34(3) read with Schedule V Para-C Sub clause 10(i) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In our opinion and to the best of our information and according to the verifications (including Directors Identification Number (**DIN**) status at the portal www.mca.gov.in) as considered necessary and explanations furnished to us by the Company & its officers, we hereby certify that as on Financial Year ended on March 31, 2023 none of the Directors on the Board of the Company as stated below have been debarred or disqualified from being appointed or continuing as Directors of companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs or any such other Statutory Authority:

Sr. No.	Name of the Director	DIN	Date of appointment in Company
1.	Sanjeev Bikhchandani	00065640	13/04/2018
2.	Namita Gupta	07337772	01/03/2021
3.	Kaushik Dutta	03328890	01/03/2021
4.	Deepinder Goyal	02613583	18/01/2010
5.	Sutapa Banerjee	02844650	12/04/2021
6.	Gunjan Tilak Raj Soni	07333270	19/04/2021
7.	Aparna Popat Ved	08661466	19/04/2021

Ensuring the eligibility for the appointment / continuity of every Director on the Board is the responsibility of the management of the Company. Our responsibility is to express an opinion on these based on our verification. This certificate is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE - VII**INDEPENDENT AUDITOR'S CERTIFICATE ON CORPORATE GOVERNANCE**

To,
The Members of
Zomato Limited

1. This certificate is issued in accordance with the terms of our engagement letter dated July 21, 2022.

2. We, Deloitte Haskins & Sells, Chartered Accountants, the Statutory Auditors of Zomato Limited ("the Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on March 31, 2023, as stipulated in regulations 17 to 27 as applicable and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the Listing Regulations).

Managements' Responsibility

3. The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditor's Responsibility

4. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

5. We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

6. We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on

Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

8. Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the Listing Regulations during the year ended March 31, 2023.

9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

ANNEXURE - VIII**CEO AND CFO CERTIFICATE**

To,
Board of directors
Zomato Limited ("Company")
Ground Floor 12A, 94 Meghdoot,
Nehru Place, New Delhi - 110019

Sub: Compliance Certificate by CEO & CFO under Regulation 17(8) read with schedule II of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

We, Deepinder Goyal, Managing Director and Chief Executive Officer and Akshant Goyal, Chief Financial Officer of the Company, hereby certify to the board of directors of the Company pursuant to Regulation 17(8) read with schedule II of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to the effect that:

- A. We have reviewed financial statements and the cash flow statement (herein after called as "**Statements**") for the financial year ended March 31, 2023, and to the best of our knowledge and belief:
 - (1) these Statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading.
 - (2) these Statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- B. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.
- C. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and have disclosed to the auditors and the audit committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- D. We have indicated to the auditors and the audit committee:
 - (1) that there have been no significant changes in internal control over financial reporting during the financial year 2022-23;
 - (2) there have been no significant changes in accounting policies during the financial year 2022-23 and accordingly, no disclosures in the notes to the financial statements are required to be made. ~~and that the same have been disclosed in the notes to the financial statements;~~ and
 - (3) that there are no instances of significant fraud of which we have become aware and the involvement therein, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

Independent Auditor's Report

To The Members of Zomato Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Zomato Limited ("the Parent"/ "the Company") and its subsidiaries and trusts (the Parent, its subsidiaries and its trusts together referred to as "the Group") which includes the Group's share of loss in its associate and joint venture, which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Loss), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries and trust referred to in the Other Matters section below the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows

and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraph (a) of the Other Matters section below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. Key Audit Matter No.	Auditor's Response
<p>1 Fair valuation of investment in other entities</p> <p>(Refer note 38(b) of the consolidated financial statement)</p> <p>The Group has made investments in CureFit Healthcare Private Limited, BigFoot Retail Solutions Private Limited, Samast Technologies Private Limited and Adonmo Private Limited where the aggregate carrying value of these investments as on March 31, 2023 is INR 18,887 million. These investments are measured at Fair Value through Other Comprehensive Income ('FVTOCI') as at March 31, 2023.</p> <p>We considered the valuation assumptions relating to weighted average cost of capital, terminal growth rate, revenue multiple and the methodology in estimation of fair value of these investments as a key audit matter due to the significance of the investment amount and the significant estimates and judgement involved in determination of fair value.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Evaluated the design, implementation and tested operating effectiveness of relevant internal controls relating to determination of the fair value of investment in the said entities. • Evaluated the objectivity and competence of the specialist engaged by the Group and reviewed the valuation report issued by such specialist. • With the assistance of our valuation specialists, we have assessed overall reasonableness of the methodology used and assumptions used particularly those relating to the weighted average cost of capital, terminal growth rate and revenue multiple.
<p>2. Revenue Recognition</p> <p>(Refer note 2.4, 2.3(j), 22 of the consolidated financial statement)</p> <p>The Company provides an e-commerce platform that enables merchants to sell their food items to users through the platform. The Company mainly generates revenue through commission revenue.</p> <p>The Company's revenue process is largely automated and relies significantly on its IT systems.</p> <p>We considered accuracy of revenues relating to food delivery as a key audit matter because of the significance of volumes of data processed by the IT systems.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • We obtained an understanding, evaluated the design and tested the operating effectiveness of (i) the general IT controls, automated controls and control over system generated reports relevant for revenue recognition by involving our IT specialist; (ii) controls over recording of revenue relating to food delivery business; (iii) control over determination of commission rate and (iv) control over reconciliations performed between the commission revenue recorded and amount received from payment gateway; • We tested inter se reconciliations between reports generated from relevant IT systems with general ledger; • We tested, on a sample basis, underlying contracts, identifying the key terms and attributes from the contracts and checking them against the underlying data from the system used in the transaction processes and then recalculating the revenue amount.

Sr. Key Audit Matter No.	Auditor's Response
<p>3. Business Combination</p> <p>(Refer note 32(a) of the consolidated financial statements)</p> <p>During the year, the Company has acquired Blink Commerce Private Limited ("Blinkit"/"BCPL").</p> <p>The aggregate purchase consideration was allocated to identifiable net tangible and intangible assets based upon their fair values and lead to the recognition of goodwill of INR 35,087 million.</p> <p>We considered the methodology used and assumptions relating to future revenue growth and the valuation assumptions, specifically, the assumptions relating to weighted average cost of capital and royalty rate used in estimation of value of Brand and valuation assumptions specifically, weighted average cost of capital and redundancy factor used in estimation of value of technology Platform as a key audit matter due to the significance of the amount and the significant estimates and judgements involved.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Evaluated the design, implementation and tested the operating effectiveness of relevant internal controls relating to determination of the fair value of identified intangible assets. • Evaluated the objectivity and competence of the specialist engaged by the Company and reviewed the valuation report issued by such specialist. • Evaluated the reasonableness of the business assumptions relating to future revenue growth; • With the assistance of our valuation specialists, we have assessed overall reasonableness of the methodology used and assumptions used particularly those relating to the weighted average cost of capital, royalty rate and redundancy factor. • Assessed the adequacy of the disclosures made in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Board report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available, compare with the financial statements of the subsidiaries and trust audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries and trust is traced from their financial statements audited by the other auditors.
- When we read the Board's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive loss, consolidated cash flows and consolidated changes in equity of the Group including its associate and joint venture in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associate and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate and joint venture are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate and joint venture are also responsible for overseeing the

financial reporting process of the Group and of its associate and joint venture.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its associate and joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to

evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the financial statements of certain subsidiaries and trust, whose financial statements reflect total assets of INR 27,411 million as at March 31, 2023 and total revenue of INR 23,737 million for the year ended on that date, as considered in the Consolidated Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and trust and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and trusts, is based solely on the report of other auditors.
- b) We did not audit the financial information of certain subsidiaries and trust, whose financial

information reflect total assets of INR 1,037 million as at March 31, 2023 and total revenues of INR 312 million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss of INR 3 million for the year ended March 31, 2023, as considered in the consolidated financial statements, in respect of an associate and a joint venture, whose financial information have not been audited by us. These financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, trust, joint venture and associate is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial information are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries referred to in the Other Matters section above, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent as on March 31, 2023 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of subsidiary companies incorporated in India, audited by other auditors referred to in the above Other Matters section, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and nine subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

In our opinion and to the best of our information and according to the explanations given to us and based on the auditor's report of subsidiary companies incorporated in India, the remuneration paid by the Parent and such subsidiary companies to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and its joint venture. Refer Note 44 to the consolidated financial statements.
 - (ii) The group, its associates and joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - (iii) There were no amount which were required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies incorporated in India.
 - (iv) (a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Parent Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Parent Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - (v) The Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have not declared or paid any dividend during the year and has not proposed final dividend for the year.
 - (vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software

which has a feature of recording audit trail (edit log) facility is applicable w.e.f. April 1, 2023 to the Parent and its subsidiaries which are companies incorporated in India, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in

terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements except for the following:

Sr. No.	Name of the company	CIN	Nature of relationship	Clause Number of CARO report with qualification or adverse remark

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of Zomato Limited (hereinafter referred to as “Parent”) and its nine subsidiary companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its nine subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent

and its nine subsidiary companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the nine subsidiary companies which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its nine subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control

with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent and its nine subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the criteria for internal control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to nine subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

1 Corporate Information

Zomato Limited ("Zomato" or "the Company" or "the Parent Company") together with its subsidiaries (including trusts and branches), (collectively referred to as "the Group") and a joint venture and associate primarily operates as an internet portals which helps in connecting the Users, Restaurant Partners/ Third party merchants and the Delivery Partners and also provide platform to restaurant partners/ brands to advertise themselves to the target audience in India and abroad and supply of high quality ingredients to Restaurant Partners.

The Company is incorporated and domiciled in India under the provisions of the Companies Act applicable in India. The registered office of the Company is located at GF - 12A, 94, Meghdoot, Nehru Place, New Delhi - 110019. On April 22, 2020 the Registrar of Companies, Delhi has accorded their approval to change the name of the Company from Zomato Media Private Limited to Zomato Private Limited.

The Company has converted from Private Limited Company to Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company held on April 05, 2021 and consequently the name of the Company has changed to Zomato Limited pursuant to a fresh certificate of incorporation by the Registrar of Companies on April 09, 2021.

As on August 10, 2022, the Group has acquired the Blink Commerce Private Limited ("Blinkit") and warehousing and ancillary service business ("Warehousing Division") of Hands on Trades Private Limited ("HOTPL"), Blinkit which is a quick commerce online platform facilitating quick delivery of goods and other essentials by connecting the end users, delivery personnel and sellers and providing delivery services; and warehousing and ancillary services business ("Warehousing division") of Hands On Trades Private Limited ("HOTPL") which provides warehousing and ancillary services to the sellers.

The Group's consolidated financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorised for issue on May 19, 2023.

2 Basis of Preparation of consolidated financial statements

2.1 Basis of preparation

These consolidated financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) prescribed under Section 133 of Companies Act, 2013 (the "Act"), read with rule 3 of the companies (Indian Accounting Standards) Rules, 2015 and relevant amendments rules issued thereunder.

The consolidated financial statements have been prepared on the historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefits plan-plan assets measured at fair value;
- Contingent consideration is measured at fair value;
- Share based payments.

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements.

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries (including trusts) and its share of profit and loss of joint venture and associate for the year ended March 31, 2023 and March 31, 2022.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The consolidated financial statements are presented in Indian Rupees "INR" or "₹" and all amounts disclosed in the consolidated financial statement have been rounded off to the nearest million (as per requirement of Schedule III), unless otherwise stated.

2.2 Basis of consolidation

Subsidiaries:

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Group has:

- i) Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee),
- ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- iii) The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the years are included in the consolidated financial state from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances,

appropriate adjustments are made to that group member's statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The consolidated financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Company, i.e., year ended on March 31, 2023 and March 31, 2022.

Consolidation procedure:

- i) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- ii) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill/ reserve.
- iii) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group, profits or losses resulting from intragroup transactions that are recognised in assets (if any), such as inventory, are eliminated in full. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12, Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Consolidated Statement of profit and loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

a deficit balance. When necessary, adjustments are made to the statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- i) Derecognises the assets (including goodwill) and liabilities of the subsidiary;
- ii) Derecognises the carrying amount of any non-controlling interests;
- iii) Derecognises the cumulative translation differences recorded in equity;
- iv) Recognises the fair value of the consideration received;
- v) Recognises the fair value of any investment retained;
- vi) Recognises any surplus or deficit in profit and loss;
- vii) Reclassifies the parent's share of components previously recognised in OCI to profit and loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

2.3 Summary of significant accounting policies

a) Use of estimates

The preparation of the consolidated financial statements in conformity with the principles of Ind AS requires the management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities

and the disclosure of contingent liabilities, at the end of the reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

In particular, information about the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements are disclosed in note no 2.4.

b) Business combination and goodwill

Business combinations are accounted for using the acquisition method or pooling of interest method.

Acquisition Method

The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- i) Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12, Income Tax and Ind AS 19, Employee Benefits respectively.
- ii) Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102, Share-based Payments at the acquisition date.
- iii) Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.
- iv) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Pooling of interest method

Ind AS 103, Business Combinations, prescribes significantly different accounting for business

combinations which are not under common control and those under common control.

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interest method.

The pooling of interest method is considered to involve the following:

- i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- ii) No adjustments are made to reflect fair values or recognize any new assets or liabilities. The only adjustments that are made are to harmonies accounting policies.
- iii) The financial information in respect of prior years should be restated as if the business combination had occurred from the beginning of the preceding year in the consolidated financial statements, irrespective of the actual date of the business combination.
- iv) The identity of the reserves has been preserved and appear in the financial information of the transferee in the same form in which they appeared in the financial information of the transferor.
- v) The difference, if any, between the consideration and the amount of share capital of the acquired entity is transferred to capital reserve.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in consolidated statement of profit and loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

the scope of Ind AS 109, Financial Instruments, is measured at fair value with changes in fair value recognised in the consolidated statement of profit and loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS and shall be recognised in the consolidated financial statements. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequently its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit

may be impaired. For the business which are similar in nature for the purpose of impairment testing of goodwill, the group considers such businesses as one cash generating unit.

If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

For the purpose of impairment testing of goodwill, the group considers business forecast of similar businesses together.

Any impairment loss for goodwill is recognised in the consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent years. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting year in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete.

Those provisional amounts are adjusted through goodwill during the measurement year, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement year adjustments. The measurement year does not exceed one year from the acquisition date.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Investment in associates and joint ventures

Associate

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Joint Venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investments in its associates or joint venture are accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associates or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The consolidated statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and associate,

or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit and loss of an associate and a joint venture is shown on the face of the consolidated statement of profit and loss.

The financial statements of the associate or joint venture are prepared for the same reporting year as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate or joint venture' in the consolidated statement of profit and loss.

Upon loss of significant influence over associate or joint control over the joint venture, the Group

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in the consolidated statement of profit and loss.

c) Current versus non- current classification

The Group presents assets and liabilities in the consolidated statement of assets and liabilities based on current/ non-current classification. An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle;
- ii) Held primarily for the purpose of trading;
- iii) It is expected to be realised within twelve months after the reporting year; or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting year.

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle;
- ii) Held primarily for the purpose of trading;
- iii) It is due to be settled within twelve months after the reporting year; or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting year.

The Group classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The group has identified twelve months as its operating cycle.

d) Foreign currencies

The Group's consolidated financial statements are presented in INR, which is also the Parent Company's functional currency. For each entity, the Group determines the functional currency and items included in the statements of each entity are measured using that functional currency. Functional currency is the currency of the primary economic environment in which the entities forming part of Group operates and is normally the currency in which the entities forming part of Group primarily generates and expends cash. The Group uses the direct method of Consolidation and on disposal of foreign operations the Gain or Loss that is reclassified to consolidated statement of profit or loss reflect the amount that arises from using this method.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the exchange rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in consolidated statement of profit and loss with the exception of the following:

- i) In the consolidated financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit and loss on disposal of the net investment.

- ii) Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Group Companies

On consolidation, the assets and liabilities of foreign operations are translated into Indian Rupees at the rate of exchange prevailing at the reporting date and their consolidated financial statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in the consolidated statement of profit and loss.

Any goodwill arising in the acquisition/ business combination of a foreign operation on or after April 1, 2015 and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

e) Fair value measurement

The Group measures financial instruments such as derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability; or
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

- ii) Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- iii) Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided on the basis of nature of transaction and complexity involved. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

At each reporting date, the finance team analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the team verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. A change in fair value of assets and liabilities is also compared with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

f) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment loss, if any.

Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in consolidated statement of profit and loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation on all property plant and equipment are provided on a straight-line method based on the estimated useful life of the asset, which is as follows:

Property, plant and equipment	Useful lives as per Schedule II	Useful lives estimated by management
Air Conditioner	5 years	1-5 years
Electrical Equipment	5 years	1-5 years
Furniture & Fittings	10 years	1-5 years
Computers	3 years	1-3 years
Plant and Machinery	15 years	1 to 10 years
Motor Vehicles	8 years	5-8 years
Telephone Instruments	5 years	2 years

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Improvements to leasehold buildings not owned by the Group are amortized over the lease year or estimated useful life of such improvements, whichever is lower.

The management has estimated the useful lives and residual values of all property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on the assets purchased during the year is provided on pro-rata basis from the date of purchase of the assets. Individual assets costing less than INR 5,000 are fully depreciated in the year of purchase.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is derecognised.

g) Goodwill and intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than the carrying amount.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in consolidated statement of profit and loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets (other than those acquired in business combination) with finite lives are amortised on a straight-line basis over the estimated useful economic life being 1-3 years. All intangible assets (other than goodwill) are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation year and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation year or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the consolidated statement of profit and loss when the asset is derecognised.

Intangible assets acquired in business combination, include brand, consumer contracts and relationship, technology platform, content review, trademarks

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

and non-compete which are amortised on a straight-line basis over their estimated useful life which is as follows:

Nature of assets	Life
Brand	2-5 years
Customer contracts and relationship	1-10 years
Distribution network	5 years
Technology platform	5 years
Content/ reviews	5 years
Trademarks	5 years
Restaurant listing platform	6 years
Non-Compete	3-5 years
Domain	3 years

The amortisation year and method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation year is changed accordingly.

h) Leases

The Group assesses at contract inception whether a contract is, or contains, a lease i.e, if the contract conveys the right to control the use of an identified asset for a year of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right of use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before

the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The company has lease contracts for office premises having a lease term ranging from 1 to 9 years.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section(s) Impairment of non-financial assets.

ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the year in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short term leases and lease of low value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

i) Inventories

Traded goods are valued at lower of cost and net realisable value. Cost is determined on first in first out basis. Inventory cost includes purchase price and other directly attributable costs (such as taxes other than those subsequently recovered from the tax authorities), freight inward and other related incidental expenses incurred in bringing the inventory to its present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale.

j) Revenue recognition

The Group generates revenue from online food delivery transactions, online delivery of goods, warehousing services, advertisements, subscriptions, sale of traded goods and other platform services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated towards that performance obligation. The transaction price of goods sold and services rendered is net of any taxes collected from customers, which is remitted to

government authorities and variable consideration on account of various discounts and schemes offered by the Group. The transaction price is an amount of consideration to which the entity expects to be entitled in exchange for transferring promised goods or services. Consideration includes goods or services contributed by the customer, as non-cash consideration, over which Group has control.

Where performance obligation is satisfied over time, Group recognizes revenue over the contract period. Where performance obligation is satisfied at a point in time, Group recognizes revenue when customer obtains control of promised goods and services in the contract.

Revenue is recognized net of any taxes collected from customers, which are remitted to governmental authorities.

Revenue from Platform services and transactions

The Group operates as an internet portals connecting the Users, Restaurant Partners/ third party merchants and the Delivery Partners. The Group has separate contractual arrangement with the User, Restaurant Partners/ third party merchants and the Delivery Partners respectively which specify the rights and obligations of each parties. A user initiates the transaction which requires acceptance from the Restaurant partner/ third party merchants and Delivery Partner. The acceptance of the transaction, combined with the contractual agreement creates enforceable rights and obligations for each parties.

Identification of customer

The Group considers a party to be a customer if a) it is providing any services to the party and b) is receiving any consideration from the party. Based on the contractual arrangement, the Restaurant Partners/third party merchants are considered as customers.

In case of end user, the Group has entered in two type of arrangement :

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

- i) The users are considered customers in limited circumstances when a specific service fee is charged to the user; and
- ii) The users are considered as customers where Group, is responsible for delivery of goods to the end users.

Principal vs Agent Consideration

The Group considers itself as a principal in an arrangement when it controls the goods or service provided.

For majority of its transactions, the Group has concluded that it does not control the good or service provided by the restaurant and accordingly the Group presents the commission from its restaurant partner/ third party merchants as revenue.

In respect of transaction with delivery partners, the Group has entered two type of arrangements:

- i) Where, the Group has netted off the delivery charges received from the users with the delivery charges paid to the delivery partner and recorded net delivery charges as expense.
- ii) Where, the Group has concluded that it control the delivery service provided by the delivery partner, the Group recognized the delivery fees received from the end user as revenue.

Incentives

The Group provides various types of incentives to the users to promote the transactions on its platform.

In most of the cases Group is not responsible for services to the user or does not receive consideration from the user. In such cases, the Group does not consider the user as a customer and hence the incentives paid to users are recorded as expenses. Further, the Group does not consider user as a customer of the restaurant partner/ third party

merchants for the services provided by the Group, as the Group is not providing the goods and services of Restaurant partner/ third party merchants. In case where Group has considered the users as a customer, the incentives paid to users are netted off in revenue against the amount charged from the users.

Revenue recognition

Revenue is recognised on completion of delivery or on users visit to the restaurant. Revenue is recognized net of any taxes collected from customers, which are remitted to governmental authorities.

Revenue recognition for other revenue streams is as follows:

Advertisement revenue

Advertisement revenue is derived principally from the sale of online advertisements which is usually run over a contracted year of time. The revenue from advertisements is thus recognised over this contract year as the performance obligation is met over the contract year. There are some contracts where in addition to the contract year, the Group assures certain "clicks" (which are generated each time viewers on our platform clicks through the advertiser's advertisement on the platform) to the advertisers. In these cases, the revenue is recognised when both the conditions of time year and number of clicks assured are met.

Subscription revenue

Revenues from subscription contracts are recognized over the subscription year on systematic basis in accordance with terms of agreement entered into with customer.

Sign-up revenue

The Group receives a sign-up amount from its restaurant partners and delivery partners. These are recognised on receipt or over a year of time in accordance with terms of agreement entered into with such relevant partner.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Warehousing services

Revenue from rendering of warehousing services is recognised when control over the services transfers to the customer i.e., when the customer has the ability to control the use of the transferred services provided and generally derive their remaining benefits.

Delivery services

The Group has entered in two types of arrangement:

- i) Where Group is merely a technology platform provider for delivery partners to provide their delivery services to the Restaurant partners/third party merchants/consumers and not providing or taking responsibility of the said services, the group has recorded net delivery charges as expenses. For the service provided by the Group to the delivery partners, the Group may charge a platform fee from the delivery partners.
- ii) Where Group is responsible for delivery of goods to the end users, group has recognized the delivery fees received from the end user as revenue, as group considers itself as a principal in arrangement with delivery partners.

Sale of traded goods

Revenue is recognized to depict the transfer of control of promised goods to merchants upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods. Consideration includes goods contributed by the customer, as non-cash consideration, over which Group has control.

The amount of consideration disclosed as revenue is net of variable considerations like incentives or other items offered to the customers.

Interest

Interest income is recognized using the effective interest method. Interest income is included under

the head "other income" in the consolidated statement of profit and loss.

Contract balances

The Policy for Contract balances i.e. contract assets, trade receivables and contract liabilities are as follows:

i) Contract assets:

A contract asset is the right to receive consideration in exchange for services already transferred to the customer (which consist of unbilled revenue). By transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is unconditional.

ii) Trade receivables:

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e.; only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

iii) Contract liabilities:

A contract liability is the obligation to deliver services to a customer for which the Group has received consideration or part thereof (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group deliver services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

k) Retirement and other employee benefits

Retirement benefit in the form of provident fund and social security is a defined contribution scheme. The group has no obligation, other than the contribution payable to the provident fund/social security. The group recognizes contribution payable to the provident fund scheme/ social security scheme as

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

In case of other foreign subsidiary companies and foreign branches, contributions are made as per the respective country laws and regulations. The same is charged to consolidated statement of profit and loss. There is no obligation beyond the Group's contribution.

The group operates a defined benefit gratuity plan in India and United Arab Emirates.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the consolidated statement of assets and liabilities with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to consolidated statement of profit and loss in subsequent years.

Past service costs are recognised in the consolidated profit and loss on the earlier of:

- i) The date of the plan amendment or curtailment; and

- ii) The date that the Group recognises related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability. The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ii) Net interest expense.

Compensated Absences

The liabilities for leaves which are not expected to be settled wholly within 12 months after the end of the year in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting year by actuaries using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting year that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income/loss.

I) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside consolidated profit and loss is recognised

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

outside consolidated profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management yearly evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Advance taxes and provisions for current income taxes are presented in the consolidated statement of assets and liabilities after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred taxes

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.
- ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry

forward of unused tax credits and unused tax losses can be utilised, except:

- i) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.
- ii) In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside consolidated statement of profit and loss is recognised outside consolidated statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

m) Share based payments

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and / or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the consolidated statement of profit and loss for a year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions

are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and /or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and / or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

n) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Group's chief operating decision maker (CODM) is the Chief Executive Officer and Managing Director.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The Group has identified business segments as reportable segments. The business segments comprise:

- i) India food ordering and delivery
- ii) Hyperpure supplies (B2B business)
- iii) Quick commerce business
- iv) All other segments (residual)

India food ordering and delivery is the online platform through which the Group facilitate food ordering and delivery of the food items by connecting the end users, restaurant partners and delivery personnel.

Hyperpure is our farm-to-fork supplies offering for restaurants in India and sale of items to businesses for onward sales.

Quick commerce business is the quick commerce online platform facilitating quick delivery of goods and other essentials by connecting the end users, delivery personnel and sellers and providing delivery services. Quick commerce also provides the warehousing services to the sellers.

The Group has combined and disclosed balancing number in all other segments which are not reportable.

Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to any reporting segment have been allocated to respective segments based on the number orders, number of employees or gross market value as reviewed by CODM.

o) Earnings per share

Basic earnings per share are calculated by dividing the net profit and loss for the year attributable to equity shareholders of the Parent Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares, compulsorily convertible cumulative preference

shares and compulsorily convertible preference shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit and loss for the year attributable to equity shareholders of the Parent Company and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

p) Treasury shares

The group has created an Employee Benefit Trust (EBT). The group uses EBT as a vehicle for distributing shares to employees under the employee stock option schemes. The group treats EBT as its extension and shares held by EBT are treated as treasury shares.

Own equity instruments that are held by the trust are recognised at cost and deducted from equity. No gain or loss is recognised in consolidated statement of profit and loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in other equity.

q) Provisions and contingent liabilities

i) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the consolidated statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

increase in the provision due to the passage of time is recognised as a finance cost.

ii) Contingent liabilities

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or is a present obligation that arises from past event but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised.

r) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through consolidated statement of profit and loss are recognised immediately in consolidated statement of profit and loss.

Financial assets

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through consolidated statement of profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However trade receivable that do not contain a significant financing component are measured at transaction price. Transaction costs of financial assets carried at fair value through profit or loss expensed off in the statement of profit & loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades)

are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Classification and Subsequent measurement

Financial assets that meet the following conditions are subsequently measured at amortised cost less impairment loss (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group subsequently measures certain investments in mutual funds in scope of Ind AS 109 at fair value, with net changes in fair value recognised in the consolidated statement of profit and loss. Also, the Group has made an irrevocable election to present subsequent changes in the fair value of certain investment in equity and preference instruments not held for trading in other comprehensive income.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Cash and cash equivalents, other bank balances, loans and other financial assets are classified for measurement at amortised cost.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The effective interest method is a method of calculating the amortised cost of an instrument and of allocating interest income over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter year, to the net carrying amount on initial recognition.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received net of direct issue cost.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated financial statements of assets and liabilities) when:

- i) The rights to receive cash flows from the asset have expired; or
- ii) The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the group has transferred substantially all the risks and rewards

of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- i) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance;
- ii) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- i) All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/ expense in the consolidated statement of profit and loss. This amount is reflected under the head 'other expenses' in the consolidated statement of profit and loss. The consolidated statement of assets and liabilities presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the consolidated financial statement of assets and liabilities. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and liability component of convertible instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortised cost (Loans and borrowings)

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading or financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the consolidated statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference in the respective carrying amounts is recognised in the consolidated statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

s) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

budgets and forecast calculations generally cover a year of five years. For longer years, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond years covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the consolidated statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the consolidated statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually as at December 31 and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount,

an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future years.

t) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial year of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the year in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

u) Cash and cash equivalents

Cash and cash equivalent in the consolidated statement of assets and liabilities comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts (if any) as they are considered an integral part of the Group's cash management.

v) Hyperinflation accounting

Several factors are considered when evaluating whether an economy is hyperinflationary, including the inflation, and the change in customer price index.

The impact on financial statements of subsidiaries / branch operating in hyperinflationary economies is considered for the changes in the general purchasing power of the local currency, using official indices at the balance sheet date, before translation into Indian Rupees (INR) and, as a result, are stated in the terms of the measuring unit at the balance sheet date.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The index used to apply hyperinflation accounting is the Consumer Price Index published by the relevant authorities. The hyperinflationary economies in the Group operates are listed in Note 50.

w) Cash Flow Statement

Cash flows are reported using the indirect method, whereby loss for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the group are segregated.

x) Events occurring after the balance sheet date

Based on the nature of the event, the group identifies the events occurring between the balance sheet date and the date on which the consolidated financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the group may provide a disclosure in the consolidated financial statements considering the nature of the transaction.

2.4 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the financial year, are described below:

- i) The Group based its assumptions and estimates on parameters available when the consolidated financial statement were prepared.
- ii) Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Share-based payments

Employees of the Group receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions). In accordance with the Ind AS 102, Share Based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Further details about Share-based payments are given in note 36.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality table. The mortality table tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in note 35.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques and inputs to be used. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Lease

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group may adopt the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

Compulsorily Convertible Cumulative Preference Shares (CCCPS)

The Group has classified the CCCPS instruments as an equity since it is a non-derivative instrument and at present have no contractual obligation for the Group to deliver a variable number of its equity instruments. The issuance of new shares which may trigger the anti-dilution protection, is within the control of the Group and also the Group has no contractual obligation for the same, hence, the anti-dilution provision does not trigger liability classification.

Impairment of Goodwill

Goodwill recognised on business combination is tested for impairment on annual basis or whenever there is an indication that the recoverable amount of the cash generating unit (CGU) is less than the carrying amount. The calculation of value in use of a CGU involves use of significant assumptions including future economic and market conditions.

Significant Accounting Policies to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Business combinations

As disclosed in Note 2.3 (b), Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. In cases, where the Group holds less than half of the voting rights of an investee, significant judgement is required by management to determine whether the Group has control over the investee, which is established if and only if the Group has:

- i) Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- ii) Exposure, or rights, to variable returns from its involvement with the investee; and
- iii) The ability to use its power over the investee to affect its returns.

Incentives

As disclosed in Note 2.3 (j), the Group provides incentives to its transacting users in various forms

including credits and direct payment discounts to promote traffic on its platform. All incentives given to the users where the group is responsible for delivery are recorded as a reduction of revenue to the extent of the revenue earned from that user on a transaction by transaction basis. The amount of incentive in excess of the revenue earned from the transacting users is recorded as advertisement and sales promotion expense. In other cases, where group is not responsible for delivery, management is required to determine whether the incentives are in substance a payment on behalf of the restaurant merchants and should therefore be recorded as a reduction of revenue or advertisement and sales promotion expenses. Some of the factors considered in management's evaluation of such incentives being payments on behalf of restaurant merchants include whether the incentives are given at the Group's discretion, contractual agreements with the restaurant merchants, business strategy and objectives and design of the incentive program(s), etc.

Impairment of CGU

The Group evaluates for impairment if cash generating units (CGUs) have identified impairment triggers. Impairment is recognised, when the carrying amount of CGUs including goodwill, exceeds the estimated recoverable amount of CGU. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the cash generating unit (CGU), which benefit from the synergies of the acquisition. CGUs which have goodwill allocated to them are tested for impairment at least annually.

The Group's material CGUs are:

1. India food ordering and delivery
2. Hyperpure
3. Blink Commerce Private Limited ("BCPL")

The recoverable value of India food ordering and delivery CGU is determined based on the market value of the Company.

The recoverable value of Hyperpure CGU and BCPL CGU is estimated based on the discounted cash flows method. The significant unobservable inputs used in the estimation of recoverable value together with a quantitative sensitivity analysis as at March 31, 2023 and March 31, 2022 are as shown below:

Sensitivity analysis for the year ended March 31, 2023 is shown below:

(INR million)

Significant unobservable inputs	% change in significant unobservable input	Change in recoverable value
Weighted average cost of capital ("WACC") (Ranging from 25% to 28%)	(+) 5	10,394
Terminal Growth Rate (Ranging from 4% to 5%)	(-) 5	(8,787)

Sensitivity analysis for the year ended March 31, 2022 is shown below:

(INR million)

Significant unobservable inputs	Sensitivity level in %	Change in recoverable value
Weighted average cost of capital ("WACC") (Ranging from 17% to 22%)	(+) 1	(471)
	(-) 1	556
Terminal growth rate (3%)	(+) 1	193
	(-) 1	(170)

The estimated recoverable amount of CGU exceeded its carrying amount and accordingly, no impairment was recognised.

15 (c) Nature and purpose of reserves

Capital reserve

The Group recognises profit or loss on purchase, sale, issue or cancellation of the Group's own equity instruments to capital reserve.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

Other comprehensive income

Other components of equity include currency translation, remeasurements of net defined liability/ asset, equity and debt instruments fair valued through other comprehensive income, net of taxes.

Share based payment reserve

The share options based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

Retained earnings

Retained earnings are the profit/(loss) that the Group has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings is a free reserve available to the Group and eligible for distribution to shareholders, in case where it is having positive balance representing net earnings till date.

Treasury Shares

Own equity instruments that held by Trust are recognised at cost and deducted from equity. No gain or loss is recognised in consolidated statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in other equity.

Contract balances

The following table provides information about receivables, contracts assets, and contract liabilities from customers:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Trade receivables (unconditional right to consideration)*	3,788	1,187
Contract assets (refer note 1 below)	781	412
Contract liabilities (refer note 2 below)	511	695

* The amounts is net of contract assets INR 781 million (March 31, 2022: INR 412 million).

Notes:

1. The contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date. The contract assets are transferred to the receivables when the rights become unconditional.
2. Contract liabilities relates to payments received in advance of performance and unearned revenue against which amount has been received from customer but services are yet to be rendered on the reporting date either in full or in parts. Contract liabilities are recognised evenly over the period of service, being performance obligation of the Group.
3. Contract liabilities consist of unearned revenue and advances, which is recorded when the Group has received consideration in advance of transferring the performance obligations under the contract to the customer.

a) Changes in unearned revenue during the year ended were as follows:

Particulars	(INR million)	
	For the year ended March 31, 2023	For the year ended March 31, 2022
Opening balance	514	594
Add: Unearned Revenue	349	354

31 Earnings per equity share

Basic Earnings Per Share (EPS) and Diluted Earnings Per Share (EPS) amounts are calculated by dividing the loss for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

The following reflects the income and equity share data used in the basic and diluted EPS computations.

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022
Loss attributable to equity holders of the Company (INR million)	(9,713)	(12,087)
Weighted average number of equity shares in calculating basic and diluted EPS	8,101,158,888	7,227,673,482
Face value of equity shares (INR)	1	1
Basic and diluted earnings per share (INR)	(1.20)	(1.67)

Employee stock options are not considered for calculation of EPS since they are anti-dilutive in nature.

32 (a) Business combination

Acquisition during the year ended March 31, 2023

Acquisition of Blink Commerce Private Limited (formerly known as Grofers India Private Limited) ("BCPL")

The Board of Directors of the Company on June 24, 2022 had approved acquisition of up to 33,018 (thirty three thousand and eighteen) equity shares of BCPL for a total purchase consideration of INR 44,475 million at a price of INR 1,346,986.01 per equity share by issuance and allotment of up to 628,530,012 (six hundred twenty eight million five hundred thirty thousand and twelve) fully paid-up equity shares of the Company having face value of INR 1/- (Indian Rupee One) each at a price of INR 70.76 per equity share which was the price determined in accordance with chapter V of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("SEBI ICDR Regulations"), for a consideration other than cash (for discharge of entire purchase consideration) from the shareholders of BCPL. BCPL is a quick commerce online platform facilitating quick delivery of goods and other essentials by connecting the end users, delivery personnel and sellers and providing delivery services. The Company has acquired BCPL for expansion in the quick commerce business.

On August 10, 2022, Zomato Limited completed the above acquisition by issuing 628,530,012 fully paid-up equity shares of Zomato Limited having face value of INR 1/- (Indian Rupee One) for 91.04% ownership interest. The same was accounted using the share price of Zomato Limited as on the acquisition date of INR 55.45 per equity share which amounted to INR 34,852 million. Total consideration of INR 38,281 million includes INR 34,852 million for which shares were issued as mentioned above and INR 3,429 million of fair value of existing ownership interest of 8.96% in BCPL as on date of acquisition.

Assets acquired and liabilities assumed

The fair values of the identifiable assets and liabilities of BCPL as at the date of acquisition were:

	(INR million)
	Balances recognised on acquisition
Assets	
Property, plant and equipment	1,100
Capital work in progress	78
Right-of-use assets	1,667
Other financial assets	488

Less: identifiable net assets at fair value and fair value of intangible assets	(6,342)
Goodwill arising on acquisition	35,073

[#]Useful lives are estimated to 1 year for customer relationships and 5 years for rest of the intangible assets.

The excess of the purchase consideration paid over the fair value of assets acquired has been attributed to goodwill. The primary items that generated this goodwill are the value of the estimated synergies and entering into quick commerce business neither of which qualify as an intangible asset. Goodwill is not tax-deductible.

34 Interest in Joint Venture Company ("JVC")

The Group had a 49% interest in Zomato Media WLL, a joint venture involved in the general marketing services. With effect from October 25, 2022, the Group has liquidated its joint venture between Qatar Aspect WLL and Zomato Limited.

The Group's interest in Zomato Media WLL is accounted for using the equity method in the consolidated financial information. Summarised financial information of the joint venture, based on its consolidated financial information, and reconciliation with the carrying amount of the investment in consolidated financial information are set out below:

Summarised balance sheet as at:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Non-current assets	-	1
Current liabilities	-	(0)
Equity	-	0
Proportion of the Group's ownership	-	49%
Group's share in equity	-	0
Carrying amount of investment as at March 31, 2023 and March 31, 2022	-	-

Summarised Statement of profit and loss:

Particulars	(INR million)	
	For the year ended March 31, 2023	For the year ended March 31, 2022
Other income	0	-
Other expenses	1	0
Net profit / (loss)	(0)	(0)
Proportion of the Group's ownership	49%	49%
Group's share of profit/ (loss) for the year	(0)	(0)

The Group had no contingent liabilities or capital commitments relating to its interest in Zomato Media WLL as at March 31, 2022.

The carrying value of investment in the joint venture is Nil as the share of accumulated losses is higher than the investment in joint venture, hence Group's share of profit/ (loss) is not reported in consolidated financial statements.

Notes to the Consolidated Financial Statements

A quantitative sensitivity analysis for significant assumption is as shown below:

(INR million)

Particulars	Sensitivity Level	As at March 31, 2023	As at March 31, 2022
Discount rate	1% increase	(32)	(23)
	1% decrease	35	26
Future salary increase	1% increase	26	21
	1% decrease	(26)	(20)
Attrition rates	10% increase	(19)	(24)
	10% decrease	21	28

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of year.

The average remaining future service at the end of the reporting year is 11.92 - 29.81 years (March 31, 2022: 27.58 - 30.47 years).

The weighted average duration of defined benefit obligation, at the end of year is 3.62 - 17.21 years (March 31, 2022: 6.36 - 17.74 years).

(INR million)

Maturity analysis	March 31, 2023	March 31, 2022
Less than one year	76	55
Year 1-2	92	66
Year 2-5	229	195
Over 5 year	541	378

B. Defined contribution plan

During the year, the Group has recognised the following amounts in the consolidated statement of profit and loss:

(INR million)

Particulars	March 31, 2023	March 31, 2022
Employee contribution to employee state insurance	5	2
Employee contribution towards provident fund and other funds	146	104

C. Compensated absence

The amount of the provision INR 598 million (March 31, 2022: INR 388 million).

During the previous year ended March 31, 2022 the Group has changed the leave policies for Indian entities as per which unavailed leaves (as per company's policy) can be carried forward.

General Employee Share-option Plan (GESP):

The Foodie Bay Employee Stock Option Plan 2014 ("ESOP 2014") has been approved by the shareholders of the Company on June 27, 2014 (last amendment was done by the Board of directors on February 10, 2022) for granting aggregate 27,089 Employees stock options ("ESOPs/Option(s)") of the Company. The Company further increased number of Options by 5,364 under the ESOP 2014 at the extraordinary general meeting of shareholders held on September 07, 2015, and 9,313 Options under the ESOP scheme at the extraordinary general meeting of shareholders held on March 04, 2016. The ESOP 2014 covers grant of Options to the specified employees covered under ESOP 2014.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Further, bonus issuance in the ratio 1:6699 to equity shareholders has been approved by the shareholders at their meeting held on April 05, 2021. Accordingly, the number of shares that can be issued under the ESOP 2014 has been increased from 41,766 to 279,832,200.

The Zomato Employee Stock Option Plan 2018 ("ESOP 2018") has been approved by the shareholders of the Company on October 22, 2018 (last amendment was done by the Board of directors on February 10, 2022) for granting aggregate 30,150 Employees stock options ("ESOPs/Option(s)") which were reduced to 18,135 Options vide Extraordinary General Meeting held on September 04, 2020. The ESOP 2018 covers grant of Options to the specified employees covered under ESOP 2018.

Further, bonus issuance in the ratio 1:6699 to equity shareholders has been approved by the shareholders at their meeting held on April 05, 2021. Accordingly, the number of shares that can be issued under the ESOP 2018 has been increased from 18,135 to 121,504,500.

Zomato Employee Stock Option Plan 2021 ("ESOP 2021") has been approved by the shareholders of the Company on April 05, 2021 (last amendment was done by the Board of directors on February 10, 2022) for grant aggregating 502,500,000 Employees stock option ("ESOPs/Option(s)") of the Company. The ESOP 2021 covers grant of Options to the specified employees covered under ESOP 2021.

Zomato Employee Stock Option Plan 2022 ("ESOP 2022") has been approved by the shareholders of the Company through postal ballot on July 25, 2022, for grant aggregating 33,655,902 Employees stock option ("ESOPs/Option(s)") of the Company. The ESOP 2022 covers grant of Options to the specified employees covered under ESOP 2022.

Movements during the year:

The following table provides the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year:

Particulars	March 31, 2023		March 31, 2022	
	Number	WAEP (INR)	Number	WAEP (INR)
ESOP 2014				
Outstanding at 1 April	28,457	14,293	37,959	11,751
Granted during the year	2,195	1	2,539	1
Forfeited during the year	-	-	-	-
Exercised during the year	5,889	13,286	7,588	18,015
Expired during the year	3,013	84	4,453	1,573
Outstanding at the end of the year	21,750	11,185	28,457	14,293
Exercisable at the end of the year	14,678	27,885	14,911	27,277

Particulars	March 31, 2023		March 31, 2022	
	Number	WAEP (INR)	Number	WAEP (INR)

Forfeited during the year	-	-	-	-
Exercised during the year	40,203,082	1	-	-
Expired during the year	502,845	-	-	-
Outstanding at the end of the year	330,170,124	1	368,525,258	1
Exercisable at the end of the year	194,317,670	1	-	-

Particulars	March 31, 2023		March 31, 2022	
	Number	WAEP (INR)	Number	WAEP (INR)
ESOP 2022				
Outstanding at 1 April	-	-	-	-
Granted during the year	24,935,907	1	-	-
Forfeited during the year	-	-	-	-
Exercised during the year	-	-	-	-
Expired during the year	3,786,966	1	-	-
Outstanding at the end of the year	21,148,941	1	-	-
Exercisable at the end of the year	-	-	-	-

Total expense arising from share based payment transaction for the year is INR 5,058 million (March 31, 2022: INR 8,779 million) has been charged to consolidated statement of profit and loss.

The weighted average remaining contractual life for the share options outstanding as at March 31, 2023 was 7.27 years (March 31, 2022 : 7.59 years).

The weighted average fair value of options granted during the year was INR 54 (March 31, 2022 : INR 42).

The range of exercise prices for options outstanding at the end of the year was INR 1 to INR 250,000 (March 31, 2022 : INR 1 to INR 2,50,000).

The following tables list the inputs to the models used for the GESP plans for the year ended March 31, 2023 and March 31, 2022 (model used: Black Scholes valuation model):

Particulars	March 31, 2023	March 31, 2022
	GESP	GESP
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	53.67%-55.71%	27.12%-51.36%
Risk-free interest rate (%)	6.28%-6.77%	0.45%-2.65%
Expected life of share options	6-9 years	5.5-6.25 years

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

There are no market performance conditions existing as at March 31, 2023 and March 31, 2022.

Notes to the Consolidated Financial Statements

37 Right-of-use asset and leases

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year: (INR million)

Particulars	Amount
As at April 01, 2021	605
Additions	436
Deletions	(165)
Depreciation expense	(234)
As at March 31, 2022	642
Asset acquired on acquisition	1,667
Additions	3,371
Deletions	(483)
Depreciation expense	(925)
As at March 31, 2023	4,272

Set out below are the carrying amounts of lease liabilities and the movements during the year:

(INR million)

Particulars	Amount
As at April 01, 2021	712
Additions	396
Deletions	(235)
Accretion of interest	95
Payments (includes INR 31 million rent waiver) *	(265)
As at March 31, 2022	703
Liability acquired on acquisition	1,723
Additions	3,198
Deletions	(525)
Accretion of interest	402
Payments	(839)
As at March 31, 2023	4,662

The following is the break-up of current and non-current lease liabilities:

(INR million)

Particulars	As at March 31, 2023	As at March 31, 2022
Current lease liabilities	1,154	193
Non-current lease liabilities	3,508	510
Closing balance	4,662	703

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The following are the amounts recognised in statement of profit and loss:

Particulars	(INR million)	
	For the year ended March 31, 2023	For the year ended March 31, 2022
Depreciation expense of right-of-use assets	925	234
Interest on lease liabilities	402	95
Gain on termination of lease contracts	(66)	(7)
Rent waiver *	-	(31)
Total	1,261	291

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Less than one year	1,597	256
One to five years	4,079	576
More than five years	207	34
Closing balance	5,883	866

The Group does not face a liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The weighted average incremental borrowing rate applied to lease liabilities is 11%.**

**For Blink Commerce Private Limited (formerly known as Grofers India Private Limited) the weighted average borrowing rate to lease liabilities is 15%.

Rental expense recorded for short-term leases are INR 277 million (March 31, 2022: INR 63 million) and for low value assets are INR 141 million (March 31, 2022: INR 33 million).

The aggregate depreciation on right-of-use assets has been included under depreciation and amortisation expense in the consolidated statement of profit and loss.

* The Group has applied practical expedient in Indian Accounting Standard (Ind AS 116) notified vide Companies (Indian Accounting Standards) Amendment Rules, 2020 by Ministry of Corporate Affairs ('MCA') on July 24, 2020 to all rent concessions received as a direct consequence of COVID-19 pandemic. Accordingly, the Group recognised an amount of INR Nil million and INR 31 million as other income (refer note 23) during the year ended March 31, 2023 and March 31, 2022 respectively.

Other financial liabilities (refer note 18)	3,144	-	-	3,144	3,144
Total	15,008	-	-	15,008	15,008

The carrying value and fair value of financial instruments by categories as at March 31, 2022 were as follows:

Particulars	(INR million)				
	Amortised cost	Fair value through profit or loss	Fair value through other comprehensive income	Total carrying value	Total fair value
Assets:					
Cash and cash equivalents (refer note 8)	3,923	-	-	3,923	3,923
Other bank balances (refer note 9)	11,832	-	-	11,832	11,832
Investments (current) (refer note 6)					
- Mutual funds	-	16,317	-	16,317	16,317
Investment (non-current) (refer note 5) (other than in subsidiary)					
- Equity instruments	-	-	26,168	26,168	26,168
- Government securities	4,689	-	-	4,689	4,689

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

(INR million)

Particulars	Amortised cost	Fair value through profit or loss	Fair value through other comprehensive income	Total carrying value	Total fair value
Trade receivables (refer note 7)	1,599	-	-	1,599	1,599
Loans (refer note 10)	3,750	-	-	3,750	3,750
Other financial assets (refer note 11)	88,865	-	-	88,865	88,865
Total	114,658	16,317	26,168	157,143	157,143
Liabilities:					
Trade payables (refer note 17)	4,288	-	-	4,288	4,288
Borrowings (refer note 16)	-	-	-	-	-
Lease liabilities (refer note 37)	703	-	-	703	703
Other financial liabilities (refer note 18)	287	-	-	287	287
Total	5,278	-	-	5,278	5,278

The following methods / assumptions were used to estimate the fair values:

- The carrying value of cash and cash equivalents, other bank balances, trade receivables, loans, other current financial assets, short term borrowings, trade payables and other current financial liabilities approximate their fair value mainly due to the short-term maturities of these instruments.
- The fair value of non-current other financial assets, long term borrowings and non-current other financial liabilities is estimated by discounting future cash flows using current rates applicable to instruments with similar terms, currency, credit risk and remaining maturities.
- Lease liabilities are recognised based on the present value of the remaining lease payments are approximate to fair value.
- Fair value of quoted mutual funds is based on Net assets value ("NAV") as at the reporting date.
- The investments in Government securities and Debentures or bonds are valued by referring to market inputs including quotes, trades, poll, primary issuances for securities and /or underlying securities issued by the same or similar issuer for similar maturities and movement in benchmark security, etc.
- The fair values of the unquoted investments in Equity instruments have been estimated using one or more of the valuation techniques such as Discounted cash flow method ("DCF"), Comparable companies multiples method ("CCM"), Comparable companies transactions multiples method ("CTM") and Net asset value ("NAV") method.

(b) Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2023:

Particulars	As at March 31, 2023	(INR million) Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments				
- Mutual funds	35,373	35,373	-	-
- Debentures or bonds	502	-	502	-
- Equity instruments	21,624	-	-	21,624

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2022:

Particulars	As at March 31, 2022	(INR million) Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments				
- Mutual funds	16,317	16,317	-	-
- Equity instruments	26,168	-	-	26,168

There were no transfers between Level 1 and Level 2 fair value measurements during the year ended March 31, 2023 and March 31, 2022.

Significant unobservable inputs used in Level 3 fair value along with its sensitivity:

For the year ended March 31, 2023

Financial assets	Valuation technique	Significant unobservable inputs	Sensitivity to the input to fair value
Investment in Equity instruments	Discounted cash flow method ("DCF"), Comparable Companies Multiples method ("CCM"), Comparable Companies Transactions Multiples Method ("CTM")	Weighted average cost of capital ("WACC"), Terminal growth rate, Revenue multiple	Refer note below *

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

* Sensitivity analysis for the year ended March 31, 2023 is shown below:

Financial assets	Significant unobservable inputs	(INR million)	
		% change in significant unobservable inputs	Fair value change
Investment in Equity instruments	Weighted average cost of capital ("WACC") (Ranging from 15% to 60%)	(+) 5	893
	Terminal Growth Rate (5%)	(-) 5	(836)
	Revenue multiple (Ranging from 1.2x to 6.6x)		

For determination of fair value of investments held in Hands on Trades Private Limited, Net asset value ("NAV") method is considered.

For the year ended March 31, 2022

Financial assets	Valuation technique	Significant unobservable inputs	Sensitivity to the input to fair value
Investment in Equity instruments	Discounted cash flow method ("DCF")	Weighted average cost of capital ("WACC"), Terminal growth rate	Refer note below #

Sensitivity analysis for the year ended March 31, 2022 is shown below:

Financial assets	Significant unobservable inputs	(INR million)	
		Sensitivity level in %	Fair value change
Investment in Equity instruments	Weighted average cost of capital ("WACC") (Ranging from 18% to 26%)	(+) 1	(1,690)
		(-) 1	1,949
	Terminal Growth Rate (Ranging from 3% to 5%)	(+) 1	708
		(-) 1	(630)

Reconciliation of level 3 fair value measurements of financial assets is as follows:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Balance at the beginning of the year	26,168	-
Additions during the year	-	26,072
Deletions during the year	(5,184)	-
Transfer to retained earnings - change in fair value of BCPL investment on acquisition date	1,753	-
Gain / (loss) recognized in other comprehensive income during the year	(1,113)	96
Balance at the end of the year	21,624	26,168

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

(c) Financial risk management

Financial risk factors

The Group's activities exposes it to a variety of financial risks namely market risk, credit risk and liquidity risk. The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

Risk management is carried out by senior management for cash and cash equivalent, trade receivable, investments, deposits with banks, foreign currency risk exposure and liquidity risk.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. The Group ensures optimisation of cash through fund planning and robust cash management practices.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's investments are predominantly held in government securities, debenture or bonds, bank deposits and mutual funds.

Investment in bank deposits and government securities are measured at amortised cost and are fixed interest rate bearing instruments and hence not subject to interest rate volatility. The Group also invests in mutual fund schemes of leading fund houses, such investments are susceptible to market interest risks which may impact the return and value of such investments. However, given the relatively short tenure of underlying portfolio of the mutual fund schemes in which the Group has invested, such risk is not significant. Investments in debenture or bonds are subject to interest rate risk which are fair valued through other comprehensive income to recognise market volatility.

Sensitivity analysis

The following table demonstrate the sensitivity to a reasonably possible change in interest rates:

Financial asset	% change in input	(INR million)	
		Change in fair value during the year ended March 31, 2023	Change in fair value during the year ended March 31, 2022
Debenture or bonds	1	12	-

A reduction in interest rates would have an equal and opposite effect on the Group's financial statements.

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities, including Middle East (when revenue or expense is denominated in a foreign currency).

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The following table analyses foreign currency risk from financial instruments as at March 31, 2023:

Particulars	(INR million)		
	AED	Other currencies	Total
Cash and cash equivalents	500	261	761
Other bank balances	984	-	984
Trade receivables	92	-	92
Loans	4	-	4
Other financial assets	129	-	129
Lease liabilities	28	-	28
Trade payables	118	30	148
Other financial liabilities	5	-	5

Sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in AED exchange rates:

(INR million)	
Increase in foreign currency exchange rate	Change in value
1%	16

A reduction in interest rates would have an equal and opposite effect on the Group's financial statements.

The following table analyses foreign currency risk from financial instruments as at March 31, 2022:

Particulars	(INR million)		
	AED	Other currencies	Total
Cash and cash equivalents	1,669	343	2,012
Other bank balances	1	1	2
Trade receivables	632	16	648
Other financial assets	3	134	137
Trade payables	121	146	267
Other financial liabilities	400	43	443

Sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in AED exchange rates:

(INR million)	
Increase in foreign currency exchange rate	Change in value
1.21%	22

A reduction in interest rates would have an equal and opposite effect on the Group's financial statements.

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to INR 4,569 million (March 31, 2022: INR 1,599 million). Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and Middle East. Credit risk has always been

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors such as the Group's historical experience for customers and adjusted for forward-looking information.

The Group has established an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables and 12 months expected credit loss for other receivables. An impairment analysis is performed at each reporting date on an individual basis for major parties. In addition, a large number of minor receivables are combined into homogenous categories and assessed for impairment collectively.

Outstanding customer receivables are regularly and closely monitored. Basis historical trend, the Group provides for any outstanding beyond 180 days. The trade receivables on the respective reporting dates are net off the allowance which is sufficient to cover the entire lifetime loss of sales recognised including those that are currently less than 180 days outstanding. The Group further assesses impairment of major parties and provide for any outstanding before 180 days if they are credit impaired.

The Group has made investments in government securities which carries sovereign rating and debenture or bonds which are rated AAA; which do not have a default history.

The Group has established an allowance for impairment that represents its expected credit losses in respect of investments in debt instruments. The management uses a 12 months expected credit loss approach after taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time. The Group has established an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity requirements.

The Group's principal sources of liquidity are cash and cash equivalents. The Group manages liquidity risk by maintaining adequate cash reserves, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. Accordingly, no liquidity risk is perceived.

The table below provides details regarding the contractual maturities of financial liabilities as at March 31, 2023:

Particulars	(INR million)			Total
	Less than 1 year	1-5 years	More than 5 years	
Trade payables	6,798	-	-	6,798
Lease liabilities (undiscounted value)	1,597	4,079	207	5,883
Borrowings	346	58	-	404
Other financial liabilities	3,096	48	-	3,144

Notes to the Consolidated Financial Statements

41 Segment information:

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker ("CODM"), in deciding how to allocate resources and assessing performance. The Group's chief operating decision maker is the Managing Director and Chief Executive Officer.

The business segments comprises of:

1. India food ordering and delivery
2. Hyperpure supplies (B2B business)
3. Quick commerce business
4. All other segments (residual)

India food ordering and delivery is the online platform through which the Company facilitate food ordering and delivery of the food items by connecting the end users, restaurant partners and delivery personnel.

Hyperpure is our farm-to-fork supplies offering for restaurants in India and sale of items to businesses for onward sales.

During the year, the Group has acquired Blink Commerce Private Limited ("Blinkit") which is a quick commerce online platform facilitating quick delivery of goods and other essentials by connecting the end users, delivery personnel and sellers and providing delivery services; and warehousing and ancillary services business ("Warehousing division") of Hands On Trades Private Limited ("HOTPL") which provides warehousing and ancillary services to the sellers. These are collectively classified as "quick commerce" business.

The Group has combined and disclosed balancing number in all other segments which are not reportable. Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to any reporting segment have been allocated to respective segments based on the number of orders, number of employees or gross market value as reviewed by CODM.

During the year, CODM has reviewed the segment information after allocation of unallocable expenses to the segments, due to which the Group has restated the segment information for prior year as well.

Summarised segment information for the year ended March 31, 2023 and March 31, 2022 are as follows:

Particulars	(INR million)	
	March 31, 2023	March 31, 2022
Revenue from operations (external customers)		
India food ordering and delivery	45,333	34,146
Hyperpure supplies (B2B business)	15,061	5,376
"Quick commerce" business	8,058	-
All other segments (Residual)	2,342	2,402
Total	70,794	41,924
Revenue from operations (inter-segment)		
India food ordering and delivery	38	-

43 Capital and other commitments

- (a) The Group has commitments for purchase/sale orders which are issued after considering requirements per operating cycle for purchase/sale of goods and services, employee benefits. The Group does not have any long term commitment or material non-cancellable contractual commitments/contracts which might have a material impact on the financial statements.
- (b) The Group has estimated amount of contract remaining to be executed on capital account not provided for, net of advances as at March 31, 2023 is INR 203 million (March 31, 2022: INR 3 million).
- (c) The Group has made long term strategic investments in certain subsidiary companies, which are in their initial/developing stage of operation and would generate growth and returns over a period of time. These subsidiaries/associates have incurred significant expenses for building the brand and market share which have added to the losses of these entities. The parent has committed to provide support to each of its subsidiaries in the event they are unable to meet their individual liabilities.

44 Contingent Liability not provided for:

- Claims against the Group not acknowledged as debts*
 - Disputed Excise / Service tax Demands INR 921 million (March 31, 2022: INR 921 million) - a show cause cum demand notice received from office of Directorate General of GST Intelligence, Mumbai Zonal Unit by the Company in respect of period from October 2014 to June 2017 demanding payment of service tax on sales by foreign branches and subsidiaries.
 - The Group has certain pending litigations pertaining to consumer cases and other legal cases amounting to INR 87 million (March 31, 2022: INR 51 million).

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

2. During the previous year ended March 31, 2022, the Company was served with a copy of a writ petition filed by the Indian Federation of APP-Based Transport Workers (IFAT) and two others, which is in the nature of a public interest litigation before the Hon'ble Supreme Court of India. The writ petition has been filed against 5 ministries of the Union of India (i.e., Ministry of Labour and Employment, Ministry of commerce and Industry, Ministry of Consumer Affairs food and public distribution, Ministry of Road Transport and Highways, Ministry of Electronic and Information Technology) and aggregators such as ANI Technologies Pvt Ltd (Ola), Uber India Systems Pvt. Ltd. (Uber) and Bundl Technologies Pvt. Ltd. (Swiggy) and Zomato Limited have been made a party to the writ petition. The petitioners have sought several alternative reliefs, including a declaration to recognise app based/ gig workers as 'workers' under various labour/social legislations; directions to the Government of India for promulgating schemes extending social security benefits to gig/ app based workers which schemes are yet to be formulated. At this stage, there is no specific obligation that can be ascribed to the Company pending the Hon'ble Court's final decision in the Writ Petition.
3. During the previous year ended March 31, 2022, the Company received an order under Section 26(1) of the Competition Act, 2002 whereunder Hon'ble CCI has initiated an investigation on certain aspects of its business. While the Hon'ble CCI has mentioned that prima facie it has not found concerns with respect to Zomato's independence on levy of commission or alleged bundling of services, Hon'ble CCI would want to investigate certain aspects such as preferential listing of restaurant partners and pricing parity across platforms etc. The Company continues to work closely with the Hon'ble CCI to assist them with their investigation and explain to the regulator why all its practices are in compliance with competition laws and do not have any adverse effect on the competition in India.

*The Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Group's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Group's results of operations or financial condition. Disclosed values are exclusive of interest and penalty.

- 45 During the previous year ended March 31, 2022, the Group suspended its operations in Zomato Foods Private Limited ("ZFPL") and Zomato Ireland Limited (Lebanon branch). The Group recognised loss of INR 166 million for the year ended March 31, 2022. As at March 31, 2022, the Group had closed its operations in foreign entities except in UAE. As at March 31, 2023 Zomato Ireland Limited (Lebanon branch) is under liquidation and ZFPL will be liquidated/ dissolved/ sold in the foreseeable future.

1. Funding organic and inorganic growth initiatives	67,500	67,500	-	
2. General corporate purposes	19,780	19,780	-	
Net Proceeds	87,280	87,280	-	

50 During the previous year ended March 31, 2022, the financial statements for Lebanon branch were adjusted to recognize the inflationary effects since April 01, 2021. Lebanon became a hyperinflationary economy as, among some other economic factors, inflation in Lebanon exceeded 100% according to the several economic indexes that exist in the country. For being considered hyperinflationary, the financial statements were adjusted using inflation factors to measure non-monetary assets, such as deemed equity and other assets including revenue and expenses when such assets are consumed or depreciated.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

As per Para 42(b) of Ind AS 21 "The Effects of Changes in Foreign Exchange Rates", when amounts are translated into the currency of a non-hyperinflationary economy, comparative amounts in consolidated financial statements shall be those that were presented as current year amounts in the relevant prior year financial statements. Therefore, the management considered the impact of hyperinflationary economy in financial year ended March 31, 2022.

The Group had applied Ind AS 29 "Financial Reporting in Hyperinflationary Economies" for accounting of financial statements of the Lebanon branch that operate in hyperinflationary economic environment using the 'consumer price index' published by the Central Administration of Statistics of Lebanon, which is considered as an appropriate general price index. The financial statements are based on the historical cost approach.

During the previous year ended March 31, 2022, Lebanon Central Bank launched new foreign exchange system, i.e., 'Sayrafa' platform, on which specific foreign exchange operations, particularly with respect to US dollars, were meant to be conducted in Lebanon. Lebanon Central Bank allowed an exchange rate of LBP 12,000/ USD on Sayrafa platform for participating banks from May 21-25, 2021 for specified purposes. The management believes that use of exchange rate of LBP 12,000/ USD (as an alternative to official exchange rate of LBP 1,507.5/ USD) is appropriate for translation of financial statements.

Level of the price index at the end of the previous reporting year:

Particulars	Inflation index
As at March 31, 2021	331
As at March 31, 2022	1,028

As at March 31, 2023 Zomato Ireland Limited (Lebanon branch) is under liquidation.

53(a) No funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of the subsidiaries to or in any other person(s) or entity(s), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of the subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) No funds (which are material either individually or in the aggregate) have been received by the Parent or any of the subsidiaries from any person(s) or entity(s), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of the subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

54 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the year the Code becomes effective.

55 During the previous year ended March 31, 2022, the Group (Zomato Limited and its subsidiaries) acquired the remaining 35.44% stake in Jogo Technologies Private Limited from the remaining shareholders and sold full 100% stake in Jogo Technologies Private Limited to Curefit Services Private Limited and Curefit Healthcare Private Limited for a total consideration of INR 3,750 million.

56 Recent pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

(a) Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

(b) Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

(c) Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

Independent Auditor's Report

To The Members of Zomato Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Zomato Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of the other auditor on financial statements of Foodie Bay Employees ESOP Trust ("trust") referred to in the Other Matters section below, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their reports in other Matters Section below is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. Key Audit Matter No.	Auditor's Response
<p>1 Impairment of investment in a subsidiary</p> <p>(Refer note 41 of the standalone financial statement)</p> <p>Investments in subsidiaries are accounted for at cost less impairment in the Company's standalone financial statements;</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> Evaluated the design, implementation and tested the operating effectiveness of relevant internal controls relating to impairment assessment of investment in subsidiary. Evaluated the reasonableness of the business assumptions relating to future revenue growth;

Sr. No.	Key Audit Matter	Auditor's Response
	<p>If impairment indicators exist, the recoverable amounts of the investments in subsidiaries are estimated in order to determine the extent of the impairment loss, if any. Any such impairment loss is recognised in the Statement of Profit and Loss;</p> <p>During the current year, based on identified impairment indicators, management has carried out impairment assessment by comparing the carrying value of these investments to their recoverable amount to determine whether an impairment was required to be recognized.</p> <p>We considered the assumptions relating to future revenue growth and the valuation assumptions, specifically, the assumptions relating to weighted average cost of capital and terminal growth rate, used in estimation of recoverable value of the investment in Zomato Hyperpure Private Limited (with carrying value of INR 9,640 million as on March 31, 2023) as a key audit matter due to the significance of the investment amount and the significant estimates and judgement involved in estimation of these assumptions.</p>	<ul style="list-style-type: none"> • Evaluated the objectivity and competency of the specialist engaged by the Company and reviewed the valuation report issued by such specialist; • We have used our valuation specialists to assess overall reasonableness of the assumptions used particularly those relating to the weighted average cost of capital and terminal growth rate; • Performed sensitivity analysis on the key assumptions such as weighted average cost of capital and terminal growth rate.
2.	<p>Fair valuation of investment in other entities</p> <p>(Refer note 33(b) of the standalone financial statement)</p> <p>The Company has made investments in CureFit Healthcare Private Limited, BigFoot Retail Solutions Private Limited, Samast Technologies Private Limited and Adonmo Private Limited where the aggregate carrying value of these investments as on March 31, 2023 is INR 18,887 Million. These investments are measured at Fair Value through Other Comprehensive Income ('FVTOCI') as at March 31, 2023.</p> <p>We considered the valuation assumptions relating to weighted average cost of capital, terminal growth rate, revenue multiple and the methodology in estimation of fair value of these investments as a key audit matter due to the significance of the investment amount and the significant estimates and judgement involved in determination of fair value.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Evaluated the design, implementation and tested operating effectiveness of relevant internal controls relating to determination of the fair value of investment in the said entities. • Evaluated the objectivity and competence of the specialist engaged by the Company and reviewed the valuation report issued by such specialist. • With the assistance of our valuation specialists, we have assessed overall reasonableness of the methodology used and assumptions used particularly those relating to the weighted average cost of capital, terminal growth rate and revenue multiple.

Sr. Key Audit Matter No.	Auditor's Response
<p>3. Revenue Recognition</p> <p>(Refer note 2.3, 2.2 (x), 20, of the standalone financial statements)</p> <p>The Company provides an e-commerce platform that enables merchants to sell their food items to users through the platform. The Company mainly generates revenue through commission revenue.</p> <p>The Company's revenue process is largely automated and relies significantly on its IT systems.</p> <p>We considered accuracy of revenues relating to food delivery as a key audit matter because of the complexity of the IT systems and significance of volumes of data processed by the IT systems.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> We obtained an understanding, evaluated the design and tested the operating effectiveness of (i) the general IT controls, automated controls and control over system generated reports relevant for revenue recognition by involving our IT specialist; (ii) controls over recording of revenue relating to food delivery business; (iii) control over determination of commission rate and (iv) control over reconciliations performed between the commission revenue recorded and amount received from payment gateway; We tested inter se reconciliations between reports generated from relevant IT systems with general ledger; We tested, on a sample basis, underlying contracts, identifying the key terms and attributes from the contracts and checking them against the underlying data from the system used in the transaction processes and then recalculating the revenue amount.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, but does not include the Consolidated financial statements, standalone financial statements and our auditor's report thereon. The Board Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Board's Report, if we conclude that there is a material misstatement therein, we

are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and

completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company and the trust to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of such entities included in the standalone financial statements of which we are the independent auditors. For the other entities included in the standalone financial statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial Statements of one trust included in the standalone financial statements of the company whose financial statements reflect total assets of INR 152 million as at March 31, 2023, total revenues of INR Nil for the year ended on that date as considered in the Standalone Financial Statements. These financial statements of trust have been audited by other auditor, whose reports have been furnished to us by the Management, and our opinion in so far as it relates to the amounts and disclosures included in respect of the trust and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the trust, is based on the report of such other auditor.

Our opinion on the standalone financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its

directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements- Refer Note 39 to the standalone financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has no amount required to be transferred, to the Investor Education and Protection Fund by the Company during the year March 31, 2023.

iv. (a) The Management has represented, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, to the best of their knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by

Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company w.e.f. April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of Zomato Limited (“the Company”) as of March 31, 2023, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date which includes internal financial controls with reference to standalone financial statements of the Company.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting

(the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external

purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control

with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment, and relevant details of right-of-use assets.
- (b) The Company has maintained proper records showing full particulars of intangible assets.
- (c) The Company has a program of verification of property, plant and equipment, and right-to-use assets, as per which IT assets such as (computers and telephone instrument) are physically verified once in 2 years and all other assets including right of use assets are physically verified once in 3 years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such Property, plant and equipment (including Right of Use assets) were due for physical verification during the year. And since no physical verification of property, plant and equipment (including Right of use assets) carried out during the year the question of reporting on material discrepancies noted on verification does not arise.
- (d) The Company does not have any immovable properties including right of use assets and hence reporting under clause (i)(d) of the Order is not applicable.
- (e) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- (f) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.
- (iii) The Company has not provided any guarantee or security, and granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has made investment in and granted secured/unsecured loans to companies during the year, in respect of which:

- (a) The Company has provided loans during the year and details of which are given below

Particulars	Loans (INR in million)
A. Aggregate amount granted / provided during the year:	
- Subsidiaries	2,580
- Others*	7,500
B. Balance outstanding as at balance sheet date in respect of above cases:	
- Subsidiaries*	9,580
- Others	NIL

*The Company has given loans to Blink Commerce Private Limited (Blinkit) before June 30, 2022. As on August 10, 2022 the Company has acquired Blinkit, hence shown under subsidiary as at the Balance Sheet date. (Refer note 32 (a) in the Consolidated Financial Statements).

- (b) The investments made and conditions of all above mentioned loans provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments or receipts of principal amounts and interest have been regular as per stipulations.
- (d) In respect of loans granted by the Company, there is no amount overdue for more than 90 days at the balance sheet date.
- (e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any

loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii) (f) is not applicable.

- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Companies Act, 2013 in respect of grant of loans and making investments. The Company has not granted any loans, made investments or provide guarantees under Section 185 of the Companies Act 2013.

- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence reporting under clause (v) of the Order is not applicable.

- (vi) Having regard to the nature of the Company's business / activities, reporting under clause (vi) of the Order is not applicable.

- (vii) In respect of statutory dues:

- (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Income-tax, Employees' State Insurance Act, 1948, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Service Tax, Sales Tax, duty of Excise, duty of Customs, Value Added Tax are not applicable to the Company.

There were no material undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance Act, 1948, Income-tax, cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of disputes are given below:

Name of Statute	Nature of Dues	Amount (INR in million)	Period to which the Amount Relates	Forum where dispute is pending
Finance act 1994	Service tax	920.99	October 2014 to June 2017	Directorate General of GST Intelligence

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessment under the Income Tax Act, 1956 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix) (a) of the Order is not applicable to the Company.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilized term loans at the beginning of the year and hence, reporting under clause (ix) (c) of the Order is not applicable.
- (d) As informed to us, the company has not raised any money as short-term fund. Hence, reporting under clause (ix) (d) of the Order is not applicable.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) The Company has not raised any loans during the year and hence reporting on clause (ix) (f) of the Order is not applicable.
- (x) (a) In our opinion, money raised by way of initial public offer by the Company towards the end of the previous year which was unutilised as on April 01, 2022 have been utilized for the purposes for which they were raised during the year. During the year, the Company has not raised money by way of initial public offer or further public offer (including debt instruments).
- (b) During the year, the Company has made private placement of shares for acquisition of Blinkit. For such allotment of shares, the Company has complied with the requirements of Section 42 of the Companies Act, 2013. The Company has received the shares of Blinkit against such private placement of shares. Since no money has been received against the private placement of share during the year the question of reporting on utilization of fund does not arise. In regards to the private placement of shares made till March 31, 2021, we report that some part of the unutilised funds at the beginning of the year, prima facie have been utilised during the year for the purposes for which they were raised by the Company. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.
- (xi) (a) To the best of our knowledge, no fraud by the company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

- (c) We have taken into consideration the whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period from April 2022 to September 2022 as per plan of the Company and the draft of the internal audit reports where issued after the balance sheet date covering the period from April 2022 to January 2023 for the period under audit.
- (xv) In our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
- With respect to the Indian entities, the Group does not have any CIC as part of the Group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred any cash losses in the financial year covered by our audit but had incurred cash losses amounting to INR 715 million in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The company has incurred losses during the three immediately preceding financial years and hence, it is not required to spend any money under sub-section (5) of section 135 of the Act. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company for the year.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

1 Corporate Information

Zomato Limited is domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the company is located at GF – 12A, 94, Meghdoot, Nehru Place, New Delhi – 110019.

On April 22, 2020 the Registrar of Companies, Delhi has accorded their approval to change the name of the Company from Zomato Media Private Limited to Zomato Private Limited.

The Company has converted from Private Limited Company to Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company held on April 05, 2021 and consequently the name of the Company has changed to Zomato Limited pursuant to a fresh certificate of incorporation by the Registrar of Companies on April 09, 2021.

The Company (including trust and branches), which primarily operates as an internet portal which helps in connecting the Users, Restaurant Partners and the Delivery Partners and also provide platform to restaurant partners to advertise themselves to the target audience in India and abroad and supply of high quality ingredients to Restaurant Partners.

The standalone financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorised for issue on May 19, 2023.

2 Basis of preparation of standalone financial statements and significant accounting policies

2.1 Basis of preparation

These standalone financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) prescribed under Section 133 of Companies Act, 2013 (the "Act"), read with rule 3 of the

companies (Indian Accounting Standards) Rules, 2015 and relevant amendments rules issued thereunder.

The standalone financial statements have been prepared on the historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefits plan – plan assets measured at fair value;
- Contingent consideration is measured at fair value;
- Share based payments.

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements.

The standalone financial statements are presented in Indian Rupees or "₹" and all amounts disclosed in the standalone financial statements have been rounded off to the nearest million (as per requirement of Schedule III), unless otherwise stated.

2.2 Summary of significant accounting policies

i. Use of estimates

The preparation of standalone financial statements in conformity with principles of Ind AS requires the management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years.

In particular, information about the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements are disclosed in note no 2.3.

ii. Business combinations and goodwill

Business combinations are accounted for using the acquisition method or pooling of interest method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in

accordance with Ind AS 12, Income Tax and Ind AS 19, Employee Benefits respectively.

- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Company entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102, Share-based Payments at the acquisition date.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109, Financial Instruments, is

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

measured at fair value with changes in fair value recognised in the statement of profit or loss account. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. For the business which are similar in nature for the purpose of impairment testing of

goodwill, the Company considers such businesses as one cash generating unit.

If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

For the purpose of impairment testing of Goodwill in relation to Uber Eats Business acquisition, the Company has considered the business of Uber Eats acquisition and Zomato business as one Cash generating unit as nature of both business is same.

Any impairment loss for goodwill is recognised in the standalone financial statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent years. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting year in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement year, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement year adjustments. The measurement year does not exceed one year from the acquisition date.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

iii. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting year; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting year.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting year; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting year.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

iv. Foreign currencies

The Company's standalone financial statements are presented in Indian Rupees. For each foreign branch

the Company determines the functional currency and items included in the standalone financial statements of each entity are measured using that functional currency.

Functional currency is the currency of the primary economic environment in which the entities forming part of Company operates and is normally the currency in which the entities forming part of Company primarily generates and expends cash.

Transactions and balances

Transactions in foreign currencies are initially recorded in the functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss with the exception of the following:

- In the standalone financial statements that include the foreign operation and the reporting entity (e.g., financial statements when the foreign operation is a branch), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit or loss on disposal of investment.
- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Foreign branches

On consolidation, the assets and liabilities of foreign operations are translated into Indian Rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the company uses an average rate to translate income and expense items. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

v. Fair value measurement

The Company measures financial instruments (recorded at fair value through P&L or OCI) at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability; or
- b. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its

highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- a. Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- b. Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- c. Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided on the basis of nature of transaction and complexity involved. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

At each reporting date, the finance team analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the team verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. A change in fair value of assets and liabilities is also compared with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

vi. Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment loss, if any.

Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation on all property plant and equipment are provided on a straight line method based on the

estimated useful life of the asset, which is as follows:

Property, plant and equipment	Useful lives as per Schedule II	Useful lives estimated by management
Air Conditioner	5 years	3 years
Electrical Equipment	5 years	3 years
Furniture & Fittings	10 years	3 years
Computers	3 years	2 years
Motor Vehicles	8 years	8 years
Telephone Instruments	5 years	2 years

Based on the expected useful lives of these assets, the Company has considered below mentioned useful lives for different classes of assets:

- The useful life of electrical equipment, furniture and fittings, computers, air conditioners, telephone instruments and motor vehicle are estimated as 3,3,2,3, 2 and 8 years respectively. These lives are lower than those indicated in schedule II to Companies Act 2013.
- Improvements to leasehold buildings not owned by the Company are amortized over the lease year or estimated useful life of such improvements, whichever is lower.

The management has estimated the useful lives and residual values of all property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on the assets purchased during the year is provided on pro-rata basis from the date of purchase of the assets. Individual assets costing less than INR 5,000 are fully depreciated in the year of purchase.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

vii. Intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than the carrying amount.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets (other than those acquired in business combination) with finite lives are amortised on a straight line basis over the estimated useful economic life being 1-3 years. All Intangible assets (other than goodwill) are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation year and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the

end of each reporting year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation year or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets acquired in business combination, include brand, technology platform, trademarks and non-compete which are amortised on a straight line basis over their estimated useful life which is as follows:

Nature of Assets	Life
Brand	2 -3 years
Technology platform	5 years
Trademarks	5 years
Non-Compete	3 years

The amortisation year and method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation year is changed accordingly.

viii. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. i.e., if the contract conveys the right to control the use of an identified asset for a year of time in exchange for consideration.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use assets:

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The Company has lease contracts for office premises having a lease term ranging from 1-9 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (xvii) Impairment of non-financial assets.

b) Lease liabilities:

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected

to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the year in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

c) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

ix. Inventories

Traded goods are valued at lower of cost and net realisable value. Cost is determined on first in first out basis. Inventory cost includes purchase price and other directly attributable costs (such as taxes other than those subsequently recovered from the

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

tax authorities), freight inward and other related incidental expenses incurred in bringing the inventory to its present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale.

x. Revenue recognition

The Company generates revenue from online food delivery transactions, advertisements, subscriptions, sale of traded goods and other platform services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated towards that performance obligation. The transaction price of goods sold and services rendered is net of any taxes collected from customers, which is remitted to government authorities and variable consideration on account of various discounts and schemes offered by the Company. The transaction price is an amount of consideration to which the entity expects to be entitled in exchange for transferring promised goods or services. Consideration includes goods or services contributed by the customer, as non-cash consideration, over which Company has control. Where performance obligation is satisfied over time, Company recognizes revenue over the contract period. Where performance obligation is satisfied at a point in time, Company recognizes revenue when customer obtains control of promised goods and services in the contract.

Revenue is recognized net of any taxes collected from customers, which are remitted to governmental authorities.

Revenue from Platform services and transactions

The Company operates as an internet portal connecting the Users, Restaurant Partners and the Delivery Partners. The Company has separate contractual arrangement with the User, Restaurant

Partners and the Delivery Partners respectively which specify the rights and obligations of each parties. A user initiates the transaction which requires acceptance from the Restaurant Partner and Delivery Partner. The acceptance of the transaction, combined with the contractual agreement creates enforceable rights and obligations for each parties.

Identification of customer

The Company considers a party to be a customer if a) it is providing any services to the party and b) is receiving any consideration from the party. Based on the contractual arrangement, the Restaurant Partners are considered as customers. The users are considered customers in limited circumstances when a specific service fee is charged to the user.

Principal vs Agent Consideration

The Company considers itself as a principal in an arrangement when it controls the goods or service provided. For majority of its transactions, the Company has concluded that it does not control the good or service provided by the restaurant or delivery partner and accordingly the Company presents the commission from its restaurant partner as revenue and net delivery charges paid to the delivery partner as expense.

Incentives

The Company provides various types of incentives to the users to promote the transactions on its platform.

In most of the cases Company is not responsible for services to the user or does not receive consideration from the user. In such cases, the Company does not consider the user as a customer and hence the incentives paid to users are recorded as expenses. Further, the Company does not consider user as a customer of the restaurant partner for the services provided by the Company, as the Company is not providing the goods and services of Restaurant partner. In case where Company has considered the users as a customer, the incentives paid to users are

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

netted off in revenue against the amount charged from the users.

Revenue recognition

Revenue is recognised on completion of delivery or on users visit to the restaurant. Revenue is recognized net of any taxes collected from customers, which are remitted to governmental authorities.

Revenue recognition for other revenue streams is as follows:

Advertisement revenue

Advertisement revenue is derived principally from the sale of online advertisements which is usually run over a contracted year of time. The revenue from advertisements is thus recognised over this contract year as the performance obligation is met over the contract year. There are some contracts where in addition to the contract year, the Company assures certain "clicks" (which are generated each time viewers on our platform clicks through the advertiser's advertisement on the platform) to the advertisers. In these cases, the revenue is recognised when both the conditions of time year and number of clicks assured are met.

Subscription revenue

Revenues from subscription contracts are recognized over the subscription year on systematic basis in accordance with terms of agreement entered into with customer.

Sign-up revenue

The Company receives a sign-up amount from its restaurant partners and delivery partners. These are recognised on receipt or over a year of time in accordance with terms of agreement entered into with such relevant partner.

Delivery facilitation services

The Company is merely a technology platform provider for delivery partners to provide their delivery services to the Restaurant partners/consumers and not providing or taking responsibility of the said

services. For the service provided by the Company to the delivery partners, the Company may charge a platform fee from the delivery partners.

Sale of traded goods

Revenue is recognized to depict the transfer of control of promised goods to merchants upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods. Consideration includes goods contributed by the customer, as non-cash consideration, over which entity has control.

The amount of consideration disclosed as revenue is net of variable considerations like incentives or other items offered to the customers.

Interest

Interest income is recognized using the effective interest method. Interest income is included under the head "other income" in the statement of profit and loss.

Contract balances

The Policy for Contract balances i.e. contract assets, trade receivables and contract liabilities is as follows:

• Contract assets

A contract asset is the right to consideration in exchange for services transferred to the customer (which consist of unbilled revenue). If the Company performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is unconditional.

• Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

• Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

xi. Retirement and other employee benefits

Retirement benefit in the form of provident fund and social security is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund/social security. The Company recognizes contribution payable to the provident fund scheme/ social security scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

In case of other foreign branches, contributions are made as per the respective country laws and regulations. The same is charged to statement of profit and loss on accrual basis. There is no obligation beyond the Company's contribution.

The Company operates a defined benefit gratuity plan in India and United Arab Emirates.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent years.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment; and
- The date that the Company recognises related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense.

Compensated Absences

The liabilities for leaves which are not expected to be settled wholly within 12 months after the end of the year in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting year by actuaries using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting year that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

in actuarial assumptions are recognised in other comprehensive income/loss.

xii. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management yearly evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Advance taxes and provisions for current income taxes are presented in the balance sheet after offsetting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred taxes

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- a. When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination

and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- b. In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- a. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- b. In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

xiii. Share based payment

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

xiv. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares, compulsorily convertible cumulative preference shares and compulsorily convertible preference share outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xv. Provisions and Contingent liabilities

a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b) Contingent Liabilities

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or is a present obligation that arises from past event but is not recognised because either it is not probable that an

outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognised.

xvi. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through statement of profit and loss are recognised immediately in statement of profit and loss.

Financial assets

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset. However trade receivable that do not contain a significant financing component are measured at transaction price. Transaction costs of financial assets carried at fair value through profit or loss expensed off in the statement of profit & loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Classification and Subsequent measurement

Financial assets that meet the following conditions are subsequently measured at amortised cost less impairment loss (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt investments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company subsequently measures certain investments in mutual funds in scope of Ind AS 109 at fair value, with net changes in fair value recognised in the consolidated statement of profit and loss. Also, the Company has made an irrevocable election to present subsequent changes in the fair value of certain investment in equity and preference instruments not held for trading in other comprehensive income.

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Cash and cash equivalents, other bank balances, loans and other financial assets are classified for measurement at amortised cost.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The effective interest method is a method of

calculating the amortised cost of an instrument and of allocating interest income over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter year, to the net carrying amount on initial recognition.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

The Company subsequently measures certain equity investments in scope of Ind AS 109 at fair value, with net changes in fair value recognised in the statement of profit and loss. Also, the Group has made an irrevocable election to present subsequent changes in the fair value of certain equity investments not held for trading in other comprehensive income.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's summary statements of assets and liabilities) when:

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement' and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b)

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance.
- b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- a. All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- b. Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The statement of assets and liabilities presentation for various financial instruments is described below:

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

- Financial assets measured as at amortised cost, contractual revenue receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the statements of assets and liabilities. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and liability component of convertible instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at amortised cost (Loans and borrowings)**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are

derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

- Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading or financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

xvii. Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation

multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a year of five years. For longer years, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond years covered by the most recent budgets/forecasts, the company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Goodwill is tested for impairment annually as at December 31 and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future years.

xviii. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial year of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the year in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xix. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts (if any) as they are considered an integral part of the company's cash management.

xx. Cash Flow Statement

Cash flows are reported using the indirect method, whereby loss for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows

from operating, investing and financing activities of the Company are segregated.

xxi. Treasury shares

The Company has created an Employee Benefit Trust (EBT). The Company uses EBT as a vehicle for distributing shares to employees under the employee stock option schemes. The Company treats EBT as its extension and shares held by EBT are treated as treasury shares.

Own equity instruments that are held by the trust are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in the other equity.

xxii. Events occurring after the balance sheet date

Based on the nature of the event, the company identifies the events occurring between the balance sheet date and the date on which the standalone financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the company may provide a disclosure in the standalone financial statements considering the nature of the transaction.

2.3 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Judgements

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the financial year, are described below:

- a. The Company based its assumptions and estimates on parameters available when the standalone financial statement were prepared.
- b. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Share-based payments

Employees of the Company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions). In accordance with the Ind AS 102, Share Based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Further details about Share-based payments are given in note 31.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality table. The mortality table tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in note 30.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques and inputs to be used. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Lease

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company may adopt the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

Compulsorily Convertible Cumulative Preference Shares (CCCPS)

The Company has classified the CCCPS instruments as an equity since it is a non-derivative instrument and at present have no contractual obligation for the Company to deliver a variable number of its equity instruments. The issuance of new shares which may trigger the anti-dilution protection, is within the control of the Company and also the Company has no contractual obligation for the same, hence, the anti-dilution provision does not trigger liability classification.

Impairment of Goodwill

Goodwill recognised on business combination is tested for impairment on annual basis or whenever there is an indication that the recoverable amount of the cash generating unit (CGU) is less than the carrying amount. The calculation of value in use of a CGU involves use of significant assumptions including future economic and market conditions.

Business combinations

As disclosed in Note 2.2 (ii), Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. In cases, where the Company holds less than half of the voting rights of an investee, significant judgement is required by management to determine whether the Company has control over the investee, which is established if and only if the Company has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

Incentives

As disclosed in Note 2.2 (ix), the Company provides incentives to its transacting users in various forms including credits and direct payment discounts to promote traffic on its platform. All incentives given to the users where the Company is responsible for delivery are recorded as a reduction of revenue to the extent of the revenue earned from that user on a transaction by transaction basis. The amount of incentive in excess of the revenue earned from the transacting users is recorded as advertisement and

Significant Accounting Policies to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

sales promotion expense. In other cases, where Company is not responsible for delivery, management is required to determine whether the incentives are in substance a payment on behalf of the restaurant merchants and should therefore be recorded as a reduction of revenue or advertisement and sales promotion expenses. Some of the factors considered in management's evaluation of such incentives being payments on behalf of restaurant merchants include whether the incentives are given at the Company's discretion, contractual agreements with the restaurant merchants, business strategy and objectives and design of the incentive program(s), etc.

Impairment of Investment in subsidiaries and joint venture

The Company assesses the carrying amounts of investment in subsidiaries and joint venture to determine whether there is any indication that those investments have suffered an impairment loss. Where the carrying amount of investments exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. An impairment loss (if any) is recognised in statement of profit and loss.

Impairment assessment

The Company evaluates for impairment if cash generating units (CGUs) have identified impairment triggers. Impairment is recognised, when the carrying amount of CGUs including goodwill, exceeds the estimated recoverable amount of CGU. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the cash generating unit (CGU), which benefit from the synergies of the acquisition. CGUs which have goodwill allocated to them are tested for impairment at least annually. The recoverable value of India food ordering and delivery CGU, being the only material CGU for Company, is determined based on the market value of the Company. The estimated recoverable amount of CGU exceeded its carrying amount and accordingly, no impairment was recognised.

b) Terms/rights attached to equity shares

The Company has only one class of equity shares having a par value of INR 1 per share. Each holder of equity is entitled to one vote per share. Dividends (including proposed dividends), if any, are declared and paid or proposed in Indian rupees. The dividend proposed, if any by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

15 (c) Nature and purpose of reserves

Capital reserve

The Company recognises profit or loss on purchase, sale, issue or cancellation of the Company's own equity instruments to capital reserve.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

Share based payment reserve

The share options based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

Retained earnings

Retained earnings represents the losses that the Company has incurred till date less any transfer to general reserve, less any dividend, or other distributions paid to share holders Retained earnings is a free reserve available to the Company and eligible for distribution to shareholders, in case where it is having positive balance representing net earnings till date.

Treasury Shares

Own equity instruments that held by Trust are recognised at cost and deducted from equity. No gain or loss is recognised in consolidated statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in other equity.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Business transfer adjustment reserve

The Company has accounted for the business transfer of Carthero Technologies Private Limited ("CTPL") to the Company under 'pooling of interest' method. Consequently, investment of the company in CTPL, share capital of CTPL has been cancelled. The difference between the net assets acquired and the value of shares and investment so cancelled has been recognized in Business Transfer Adjustment Reserve. From utilisation perspective, this is akin to debit balance in retained earnings.

Items of Other comprehensive income

Other components of equity include currency translation, remeasurements of net defined liability/ asset, equity and debt instruments fair valued through other comprehensive income, net of taxes.

A quantitative sensitivity analysis for significant assumption is as shown below:

Particulars	Sensitivity analysis	(INR million)	
		As at March 31, 2023	As at March 31, 2022
Discount rate	1% increase	(16)	(17)
	1% decrease	17	19
Future salary increase	1% increase	14	16
	1% decrease	(14)	(15)
Attrition rates	10% increase	(15)	(20)
	10% decrease	17	23

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting date.

The average remaining future service at the end of the reporting year is 27.49 - 29.15 years (March 31, 2022: 28.20 - 29.86 years).

The weighted average duration of defined benefit obligation, at the end of the reporting year is 5.93 - 6.36 years (March 31, 2022: 6.25 - 6.43 years).

Maturity analysis	(INR million)	
	March 31, 2023	March 31, 2022
Less than one year	60	46
Year 1-2	71	58
Year 2-5	172	171
Over 5 year	244	248

B. Defined contribution plan

During the year ended, the Company has recognised the following amounts in the statement of profit and loss:

Particulars	(INR million)	
	March 31, 2023	March 31, 2022
Employee contribution to Employee State Insurance	0	0
Employee contribution towards provident fund and other funds	89	79

C. Compensated absence

The amount of the provision INR 395 million (March 31, 2022: INR 320 million)

During the previous year ended March 31, 2022, the Company changed the leave policies for Indian entities as per which unavailed leaves (as per company's policy) can be carried forward.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

A quantitative sensitivity analysis for significant assumption are as shown below:

Particulars	Sensitivity Analysis	(INR million)	
		As at March 31, 2023	As at March 31, 2022
Discount rate	1% increase	(12)	(11)
	1% decrease	13	12
Future salary increase	1% increase	13	11
	1% decrease	(12)	(11)
Attrition rates	10% increase	(7)	(8)
	10% decrease	9	10

The principal assumptions used in determining gratuity obligations and compensated absences obligations for the Company's plan is shown below:

Particulars	As at March 31, 2023		As at March 31, 2022	
	India	UAE	India	UAE
Discount rate	7.1%- 7.2%	3.6%	5.9%- 6.5%	2.4%

Mortality rates inclusive of provision for disability	IAL2012-14Ult	NLTUK 2015-17	IAL2012-14Ult	NLTUK 2015-17
Leave availment over the next year	25%	5%	25%	5%
Employee turnover (age)				
Up to 30 Years	30%	30%	30%	30%
Above 30 Years	25%	25%	25%	25%

31 Share-based payments

General Employee Share-option Plan (GESP):

The Foodie Bay Employee Stock Option Plan 2014 ("ESOP 2014") has been approved by the shareholders of the Company on June 27, 2014 (last amendment was done by the Board of directors on February 10, 2022) for granting aggregate 27,089 Employees stock options ("ESOPs/Option(s)") of the Company. The Company further increased number of Options by 5,364 under the ESOP 2014 at the extraordinary general meeting of shareholders held on September 07, 2015, and 9,313 Options under the ESOP scheme at the extraordinary general meeting of shareholders held on March 04, 2016. The ESOP 2014 covers grant of Options to the specified employees covered under ESOP 2014. Further, bonus issuance in the ratio 1:6699 to equity shareholders has been approved by the shareholders at their meeting held on April 05, 2021. Accordingly, the number of shares that can be issued under the ESOP 2014 has been increased from 41,766 to 279,832,200.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The Zomato Employee Stock Option Plan 2018 ("**ESOP 2018**") has been approved by the shareholders of the Company on October 22, 2018 (last amendment was done by the Board of directors on February 10, 2022) for granting aggregate 30,150 Employees stock options ("ESOPs/Option(s)") which were reduced to 18,135 Options vide Extraordinary General Meeting held on September 04, 2020. The ESOP 2018 covers grant of Options to the specified employees covered under ESOP 2018. Further, bonus issuance in the ratio 1:6699 to equity shareholders has been approved by the shareholders at their meeting held on April 05, 2021. Accordingly, the number of shares that can be issued under the ESOP 2018 has been increased from 18,135 to 121,504,500.

Zomato Employee Stock Option Plan 2021 ("**ESOP 2021**") has been approved by the shareholders of the Company on April 05, 2021 (last amendment was done by the Board of directors on February 10, 2022) for grant aggregating 502,500,000 Employees stock option ("ESOPs/Option(s)") of the Company. The ESOP 2021 covers grant of Options to the specified employees covered under ESOP 2021.

Zomato Employee Stock Option Plan 2022 ("**ESOP 2022**") has been approved by the shareholders of the Company through postal ballot on July 25, 2022, for grant aggregating 33,655,902 Employees stock option ("ESOPs/Option(s)") of the Company. The ESOP 2022 covers grant of Options to the specified employees covered under ESOP 2022.

Movements during the year:

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year:

Particulars	March 31, 2023		March 31, 2022	
	Number	WAEP (INR)	Number	WAEP (INR)
ESOP 2014				
Outstanding at 1 April	28,457	14,293	37,959	11,751
Granted during the year	2,195	1	2,539	1
Forfeited during the year	-	-	-	-
Exercised during the year	5,889	13,286	7,588	18,015
Expired during the year	3,013	84	4,453	1,573
Outstanding at the end of the year	21,750	11,185	28,457	14,293
Exercisable at the end of the year	14,678	27,885	14,911	27,277

Exercisable at the end of the year	194,317,670	1	-	-

Particulars	March 31, 2023		March 31, 2022	
	Number	WAEP (INR)	Number	WAEP (INR)
ESOP 2022				
Outstanding at 1 April	-	-	-	-
Granted during the year	24,935,907	1	-	-
Forfeited during the year	-	-	-	-
Exercised during the year	-	-	-	-
Expired during the year	3,786,966	1	-	-
Outstanding at the end of the year	21,148,941	1	-	-
Exercisable at the end of the year	-	-	-	-

Total expense arising from share based payment transaction for the year is INR 4,554 million (March 31, 2022: INR 8,468 million) has been charged to standalone statement of profit and loss.

The weighted average remaining contractual life for the share options outstanding as at March 31, 2023 was 7.27 years (March 31, 2022 : 7.59 years).

The weighted average fair value of options granted during the year was INR 54 (March 31, 2022 : INR 42).

The range of exercise prices for options outstanding at the end of the year was INR 1 to INR 250,000 (March 31, 2022 : INR 1 to 2,50,000).

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The following tables list the inputs to the models used for the GESP plans for the year ended March 31, 2023 and March 31, 2022 (model used: Black Scholes valuation model)

Particulars	March 31, 2023	March 31, 2022
	GESP	GESP
Dividend yield (%)	0.00%	0.00%
Expected volatility (%)	53.67%-55.71%	27.12%-51.36%
Risk-free interest rate (%)	6.28%-6.77%	0.45%-2.65%
Expected life of share options	6-9 years	5.5-6.25 years

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

There are no market performance conditions existing as at March 31, 2023 and March 31, 2022.

32 Right-of-use asset and leases

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year:

	(INR million)
Particulars	Amount
As at April 01, 2021	398
Additions	19
Deletions	(34)
Depreciation expense	(126)
As at March 31, 2022	257
Additions	1,503
Deletions	(121)
Depreciation expense	(300)
As at March 31, 2023	1,339

Set out below are the carrying amounts of lease liabilities recognised and the movements during the year:

	(INR million)
Particulars	Amount
As at April 01, 2021	462
Additions	1
Deletions	(41)
Accretion of interest	39
Payments	(156)
As at March 31, 2022	305
Additions	1,404
Deletions	(146)
Accretion of interest	141
Payments	(129)
As at March 31, 2023	1,575

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The following is the break-up of current and non-current lease liabilities:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Current lease liabilities	314	123
Non-current lease liabilities	1,261	182
Closing balance	1,575	305

The following are the amounts recognised in the statement of profit and loss:

Particulars	(INR million)	
	For the year ended March 31, 2023	For the year ended March 31, 2022
Depreciation expense of right-of-use assets	300	126
Interest on lease liabilities	141	39
Gain on termination of lease contracts	(31)	(7)
Total	410	158

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Less than one year	461	148
One to five years	1,484	185
More than five years	-	34
Closing balance	1,945	367

The Company does not face a liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Rental expense recorded for short-term leases are INR 107 million (March 31, 2022: INR 16 million) and for low value assets are INR 6 million (March 31, 2022: INR 4 million).

The aggregate depreciation on right-of-use assets has been included under depreciation and amortisation expense in the standalone statement of profit and loss.

The weighted average incremental borrowing rate applied to lease liabilities is 11%.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

33 Fair value of financial instruments assets and liabilities

(a) Financial instrument by category

The carrying value and fair value of financial instruments by categories as at March 31, 2023 are as follows:

Particulars	(INR million)				
	Amortised cost	Fair value through profit or loss	Fair value through other comprehensive income	Total carrying value	Total fair value
Assets:					
Cash and cash equivalents (refer note 8)	1,228	-	-	1,228	1,228
Other bank balances (refer note 9)	2,755	-	-	2,755	2,755
Investments (current) (refer note 6)					
- Mutual funds	-	28,848	-	28,848	28,848
- Government Securities	9,477	-	-	9,477	9,375
Investment (non-current) (refer note 5) (other than in subsidiary)					
- Equity instruments	-	-	21,624	21,624	21,624
- Government securities	670	-	-	670	655
- Debentures or bonds	-	-	502	502	502
Trade receivables (refer note 7)	622	-	-	622	622
Loans (refer note 10)	9,580	-	-	9,580	9,580
Other financial assets (refer note 11)	62,622	-	-	62,622	62,622
Total	86,954	28,848	22,126	137,928	137,811
Liabilities:					
Trade payables (refer note 16)	3,660	-	-	3,660	3,660
Lease liabilities (refer note 32)	1,575	-	-	1,575	1,575
Other financial liabilities (refer note 18)	2,889	-	-	2,889	2,889
Total	8,124	-	-	8,124	8,124

The carrying value and fair value of financial instruments by categories as at March 31, 2022 were as follows:

Particulars	(INR million)				
	Amortised cost	Fair value through profit or loss	Fair value through other comprehensive income	Total carrying value	Total fair value
Assets:					
Cash and cash equivalents (refer note 8)	2,941	-	-	2,941	2,941
Other bank balances (refer note 9)	11,706	-	-	11,706	11,706
Investments (current) (refer note 6)					
- Mutual funds	-	16,008	-	16,008	16,008
Investment (non-current) (refer note 5) (other than in subsidiary)					
- Equity instruments	-	-	26,168	26,168	26,168
- Government securities	4,689	-	-	4,689	4,689

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Particulars	(INR million)				
	Amortised cost	Fair value through profit or loss	Fair value through other comprehensive income	Total carrying value	Total fair value
Trade receivables (refer note 7)	1,669	-	-	1,669	1,669
Loans (refer note 10)	3,750	-	-	3,750	3,750
Other financial assets (refer note 11)	88,789	-	-	88,789	88,789
Total	113,544	16,008	26,168	155,720	155,720
Liabilities:					
Trade payables (refer note 16)	3,937	-	-	3,937	3,937
Lease liabilities (refer note 32)	305	-	-	305	305
Other financial liabilities (refer note 18)	404	-	-	404	404
Total	4,646	-	-	4,646	4,646

The following methods/assumptions were used to estimate the fair values:

- The carrying value of cash and cash equivalents, other bank balances, trade receivables, loans, other current financial assets, trade payables and other current financial liabilities approximate their fair value mainly due to the short-term maturities of these instruments.
- The fair value of non-current other financial assets and loans are estimated by discounting future cash flows using current rates applicable to instruments with similar terms, currency, credit risk and remaining maturities.
- Lease liabilities are recognised based on the present value of the remaining lease payments are approximate to fair value.
- Fair value of quoted mutual funds is based on Net assets value ("NAV") as at the reporting date.
- The investments in Government securities and Debentures or bonds are valued by referring to market inputs including quotes, trades, poll, primary issuances for securities and /or underlying securities issued by the same or similar issuer for similar maturities and movement in benchmark security, etc.
- The fair values of the unquoted investments in Equity instruments have been estimated using one or more of the valuation techniques such as Discounted cash flow method ("DCF"), Comparable companies multiples method ("CCM"), Comparable companies transactions multiples method ("CTM") and Net asset value ("NAV") method.

(b) Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2023:

(INR million)

Particulars	As at March 31, 2023	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
Assets				
Investments				
- Mutual funds	28,848	28,848	-	-
- Debentures or bonds	502	-	502	-
- Equity instruments	21,624	-	-	21,624

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2022:

(INR million)

Particulars	As at March 31, 2022	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
Assets				
Investments				
- Mutual funds	16,008	16,008	-	-
- Equity instruments	26,168	-	-	26,168

There were no transfers between Level 1 and Level 2 fair value measurements during the year ended March 31, 2023 and March 31, 2022.

Significant unobservable inputs used in Level 3 fair value along with its sensitivity:

For the year ended March 31, 2023

Financial assets	Valuation technique	Significant unobservable inputs	Sensitivity of input to fair value
Investment in Equity instruments	Discounted cash flow method ("DCF"), Comparable Companies Multiples method ("CCM"), Comparable Companies Transactions Multiples Method ("CTM")	Weighted average cost of capital ("WACC"), Terminal growth rate, Revenue multiple	Refer note below*

* Sensitivity analysis for the year ended March 31, 2023 is shown below:

(INR million)

Financial assets	Significant unobservable inputs	% change Significant unobservable inputs	Fair value change
Investment in Equity instruments	Weighted average cost of capital ("WACC") (Ranging from 15% to 60%)	(+) 5	893
	Terminal Growth Rate (5%)	(-) 5	(836)
	Revenue multiple (Ranging from 1.2x to 6.6x)		

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

For determination of fair value of investments held in Hands on Trades Private Limited, Net asset value ("NAV") method is considered.

For the year ended March 31, 2022

Financial assets	Valuation technique	Significant unobservable inputs	(INR million)
			Sensitivity of input to fair value
Investment in Equity instruments	Discounted cash flow method ("DCF")	Weighted average cost of capital ("WACC"), Terminal growth rate	Refer note below [#]

[#]Sensitivity analysis for the year ended March 31, 2022 is shown below:

Financial assets	Significant unobservable inputs	% change Significant unobservable inputs	(INR million)
			Fair value change
Investment in Equity instruments	Weighted average cost of capital ("WACC")	(+) 1	(1,690)
	(Ranging from 18% to 26%)	(-) 1	1,949
	Terminal Growth Rate	(+) 1	708
	(Ranging from 3% to 5%)	(-) 1	(630)

Reconciliation of level 3 fair value measurements of financial assets is as follows:

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
Balance at the beginning of the year	26,168	-
Additions during the year	-	26,072
Deletions during the year	(5,184)	-
Transfer to retained earnings - change in fair value of BCPL investment on acquisition date	1,753	-
Gain / (loss) recognized in other comprehensive income during the year	(1,113)	96
Balance at the end of the year	21,624	26,168

(c) Financial risk management

Financial risk factors

The Company's activities exposes it to a variety of financial risks namely market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

Risk management is carried out by senior management for cash and cash equivalent, trade receivable, investments, deposits with banks, foreign currency risk exposure and liquidity risk.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. The Company ensures optimisation of cash through fund planning and robust cash management practices.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's investments are predominantly held in government securities, debenture or bonds, bank deposits and mutual funds.

Investment in bank deposits and government securities are measured at amortised cost and are fixed interest rate bearing instruments and hence not subject to interest rate volatility. The Company also invests in mutual fund schemes of leading fund houses, such investments are susceptible to market interest risks which may impact the return and value of such investments. However, given the relatively short tenure of underlying portfolio of the mutual fund schemes in which the Company has invested, such risk is not significant. Investments in debenture or bonds are subject to interest rate risk which are fair valued through other comprehensive income to recognise market volatility.

Sensitivity analysis

The following table demonstrate the sensitivity to a reasonably possible change in interest rates:

Financial asset	% change in input	(INR million)	
		Change in fair value during the year ended March 31, 2023	Change in fair value during the year ended March 31, 2022
Debenture or bonds	1	12	-

A reduction in interest rates would have an equal and opposite effect on the company's financial statements.

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities, including Middle East (when revenue or expense is denominated in a foreign currency).

The following table analyses foreign currency risk from financial instruments as at March 31, 2023:

Particulars	(INR million)		
	AED	Other currencies	Total
Cash and cash equivalents	399	6	405
Other bank balances	492	-	492
Trade receivables	65	-	65
Other financial assets	127	-	127
Lease liabilities	16	-	16
Trade payables	115	-	115
Other financial liabilities	5	-	5

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in AED exchange rates:

	(INR million)
Increase in foreign currency exchange rate	Change in value
1%	9

A reduction in interest rates would have an equal and opposite effect on the company's financial statements.

The following table analyses foreign currency risk from financial instruments as at March 31, 2022:

	(INR million)		
Particulars	AED	Other currencies	Total
Cash and cash equivalents	1,374	6	1,380
Other bank balances	1	-	1
Trade receivables	337	-	337
Other financial assets	2	-	2
Trade payables	117	-	117
Other financial liabilities	348	-	348

Sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in AED exchange rates:

	(INR million)
Increase in foreign currency exchange rate	Change in value
1.21%	15

A reduction in interest rates would have an equal and opposite effect on the company's financial statements.

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to INR 622 million (March 31, 2022: INR 1,669 million). Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India and Middle East. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors such as the Company's historical experience for customers and adjusted for forward-looking information.

The Company has established an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables and 12 months expected credit loss for other receivables. An impairment analysis is performed at each reporting date on an individual basis for major parties. In addition, a large number of minor receivables are combined into homogenous categories and assessed for impairment collectively.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Outstanding customer receivables are regularly and closely monitored. Basis historical trend, the Company provides for any outstanding beyond 180 days. The trade receivables on the respective reporting dates are net off the allowance which is sufficient to cover the entire lifetime loss of sales recognised including those that are currently less than 180 days outstanding.

The Company has made investments in government securities which carries sovereign rating and debenture or bonds which are rated AAA; which do not have a default history.

The Company has established an allowance for impairment that represents its expected credit losses in respect of investments in debt instruments. The management uses a 12 months expected credit loss approach after taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time. The company has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity requirements. The Company's principal sources of liquidity are cash and cash equivalents. The Company manages liquidity risk by maintaining adequate cash reserves, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. Accordingly, no liquidity risk is perceived.

The table below provides details regarding the contractual maturities of financial liabilities as at March 31, 2023:

Particulars	(INR million)			
	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	3,660	-	-	3,660
Lease liabilities (undiscounted value)	461	1,484	-	1,945
Other financial liabilities	2,889	-	-	2,889

The table below provides details regarding the contractual maturities of financial liabilities as at March 31, 2022:

Particulars	(INR million)			
	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	3,937	-	-	3,937
Lease liabilities (undiscounted value)	148	185	34	367
Other financial liabilities	404	-	-	404

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity shareholders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value. As at March 31, 2023 and March 31, 2022 the Company has no debt, therefore, there are no externally imposed capital requirements.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Particulars	(INR million)	
	As at March 31, 2023	As at March 31, 2022
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
C) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED, Act 2006	4	4
The amount of interest accrued and remaining unpaid at the end of each accounting year	4	4
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act, 2006	-	-
Dues to micro and small enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management.		

38 Capital and other commitments

- The Company has commitments for purchase/sale orders which are issued after considering requirements per operating cycle for purchase/sale of goods and services, employee benefits. The Company does not have any long term commitment or material non-cancellable contractual commitments/contracts which might have a material impact on the financial statements.
- The Company has estimated amount of contract remaining to be executed on capital account not provided for, net of advances as at March 31, 2023 is INR 14 million (March 31, 2022: Nil).
- The Company has made long term strategic investments in certain subsidiary companies, which are in their initial/developing stage of operation and would generate growth and returns over a period of time. These subsidiaries have incurred significant expenses for building the brand, market share and operations which have added to the losses of these entities. The parent has committed to provide support to each of its subsidiaries in the event they are unable to meet their individual liabilities. Owing to the losses incurred by Zomato Hyperpure Private Limited ("ZHPL"), Blink Commerce Private Limited (formerly known as Grofers India Private Limited) ("BCPL") and Zomato Entertainment Private Limited ("ZEPL") (accumulated losses as of March 31, 2023 being INR 4,891 million and INR 245 million for ZHPL and ZEPL respectively and losses of INR 7,537 million for BCPL during the period August 10, 2022 to March 31, 2023) ("subsidiary companies"), the Company carried out an impairment assessment basis fair value of the entity determined by a valuer using discounted future cashflows approach as on December 31, 2022 for ZHPL and BCPL and as on February 28, 2023 for ZEPL. Based on the review of the performance and future plan of the subsidiaries, the Company concluded that no impairment is required as at March 31, 2023. The same was noted by the Audit Committee and the Board.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

39 Contingent Liability not provided for:

1. Claims against the Company not acknowledged as debts*
 - a. Disputed Excise / Service tax Demands INR 921 million (March 31, 2022: INR 921 million) – a show cause cum demand notice received from office of Directorate General of GST Intelligence, Mumbai Zonal Unit by the Company in respect of period from October 2014 to June 2017 demanding payment of service tax on sales by foreign branches and subsidiaries.
 - b. The Company has certain pending litigations pertains to consumer cases and other legal cases amounting to INR 41 million (March 31, 2022: INR 42 million).
2. During the previous year ended March 31, 2022, the Company was served with a copy of a writ petition filed by the Indian Federation of APP-Based Transport Workers (IFAT) and two others, which is in the nature of a public interest litigation before the Hon'ble Supreme Court of India. The writ petition has been filed against 5 ministries of the Union of India (i.e., Ministry of Labour and Employment, Ministry of commerce and Industry, Ministry of Consumer Affairs food and public distribution, Ministry of Road Transport and Highways, Ministry of Electronic and Information Technology) and aggregators such as ANI Technologies Pvt Ltd (Ola), Uber India Systems Pvt. Ltd. (Uber) and Bundl Technologies Pvt. Ltd. (Swiggy) and Zomato Limited have been made a party to the writ petition. The petitioners have sought several alternative reliefs, including a declaration to recognise app based/gig workers as 'workers' under various labour/social legislations; directions to the Government of India for promulgating schemes extending social security benefits to gig/ app based workers which schemes are yet to be formulated. At this stage, there is no specific obligation that can be ascribed to the Company pending the Hon'ble Court's final decision in the Writ Petition.
3. During the previous year ended March 31, 2022, the Company received an order under Section 26(1) of the Competition Act, 2002 whereunder Hon'ble CCI has initiated an investigation on certain aspects of its business. While the Hon'ble CCI has mentioned that prima facie it has not found concerns with respect to Zomato's independence on levy of commission or alleged bundling of services, Hon'ble CCI would want to investigate certain aspects such as preferential listing of restaurant partners and pricing parity across platforms etc. The Company continues to work closely with the Hon'ble CCI to assist them with their investigation and explain to the regulator why all its practices are in compliance with competition laws and do not have any adverse effect on the competition in India.

*The Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition. Disclosed values are exclusive of interest and penalty.

- 40(a) The Board of Directors of the Company on June 24, 2022 had approved acquisition of up to 33,018 (thirty three thousand and eighteen) equity shares of Blink Commerce Private Limited (formerly known as Grofers India Private Limited) ("BCPL") for a total purchase consideration of INR 44,475 million at a price of INR 1,346,986.01 per equity share by issuance and allotment of up to 628,530,012 (six hundred twenty eight million five hundred thirty thousand and twelve) fully paid-up equity shares of the Company having face value of INR 1/- (Indian Rupee One) each at a price of INR 70.76 per equity share which was the price determined in accordance with chapter V of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements)

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

Regulations, 2018 ("SEBI ICDR Regulations"), for a consideration other than cash (for discharge of entire purchase consideration) from the shareholders of BCPL. Blinkit is a quick commerce online platform facilitating quick delivery of goods and other essentials by connecting the end users, delivery personnel and sellers and providing delivery services. The Company has acquired Blinkit for expansion in the quick commerce business.

On August 10, 2022, Zomato Limited completed the above acquisition by issuing 628,530,012 fully paid-up equity shares of Zomato Limited having face value of INR 1/- (Indian Rupee One). The same was accounted using the share price of Zomato Limited as on the acquisition date of INR 55.45 per equity share which amounted to INR 34,852 million.

Total investment of INR 38,281 million includes INR 34,852 million for which shares were issued as mentioned above and INR 3,429 million of fair value of existing ownership interest of 8.96% in BCPL as on date of acquisition.

Additionally, as on August 10, 2022, Zomato Hyperpure Private Limited (formerly known as Zomato Internet Private Limited), material subsidiary of the Company has acquired the warehousing and ancillary services business ("Warehousing division") of Hands on Trades Private Limited ("HOTPL", fellow subsidiary of BCPL), for an aggregate consideration of INR 607 million paid in cash. The Company has acquired warehousing division for expansion in the quick commerce business. The purchase consideration of INR 607 million includes cash consideration.

- (b) During the previous year ended March 31, 2022, the Company's management has suspended its operations in Zomato Foods Private Limited ("ZFPL") and Zomato Ireland Limited (Lebanon branch). As at March 31, 2023 Zomato Ireland Limited (Lebanon branch) is under liquidation and ZFPL will be liquidated/dissolved/ sold in the foreseeable future.

41 During the year ended March 31, 2023 and March 31, 2022, the Company conducted impairment tests of its investments in subsidiaries. The recoverable value of the investments in subsidiaries are estimated using Discounted cash flow method ("DCF"). The significant unobservable inputs used in the estimation of recoverable value together with a quantitative sensitivity analysis as at March 31, 2023 and March 31, 2022 are as shown below:

Sensitivity analysis for the year ended March 31, 2023 is shown below:

Significant unobservable inputs	(INR million)	
	% change in input	Change in recoverable value
Weighted average cost of capital ("WACC") (Ranging from 14% to 28%)	(+) 5	10,433
Terminal growth rate (Ranging from 4% to 5%)	(-) 5	(8,819)

Notes to the Standalone Financial Statements

47 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

48(a) No funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(s), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) No funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(s), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

49 During the previous year ended March 31, 2022, the Company acquired the remaining 35.44% stake in Jogo Technologies Private Limited from the remaining shareholders and sold full 100% stake in Jogo Technologies Private Limited to Curefit Services Private Limited and Curefit Healthcare Private Limited for a total consideration of INR 3,750 million.

50 Recent pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

a) Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

b) Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

CIN : L93030DL2010PLC198141

c) Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.
